Fiera Milano. La molla per gli affari.

FIERA MILANO SPA. NON UNA FIERA, LA FIERA.

Chi viene in Fiera Milano ha un unico pensiero: fare al meglio i propri affari. Un'affluenza di 4.5 milioni di visitatori, 30.540 espositori ogni anno, 70 manifestazioni all'anno dove comprare e vendere, conoscere e farsi conoscere. Venire qui è come essere presenti in tutto il mondo senza muoversi da Milano, con servizi curati nei minimi dettagli grazie al sistema integrato delle Società del Gruppo. Tutto prima passa per Fiera Milano. E dal 2006 per il nuovo polo più grande e innovativo del mondo.

PERCHÉ TRA UNA FIERA E FIERA MILANO C'È UNA DIFFERENZA MAIUSCOLA.

Per allestire uno spazio non bastano i lampi di genio.
Per allestire uno spazio, prima di tutto bisogna tenere presenti
le persone che lo abiteranno, le loro esigenze.
Bisogna immaginare e realizzare un ambiente da vivere
- un giorno, un anno, un secolo - confortevole, piacevole, comunicativo.
E allora bisogna che l'allestitore sappia
circondarsi di tecnici e operai validi, di progettisti creativi,
di tecnologie avanzate, scegliere i materiali migliori,
comprendere a fondo le esigenze del Cliente, dare forma alle sue idee...
È questa l'essenza del nostro lavoro, la garanzia della sua riuscita.
È questa l'idea che abbiamo in mente.

Quest'anno la GMF 04/05 verrà saltata; a dicembre uscirà direttamente la GMF 2005.

Come si consulta la GMF-Guida Mondiale delle Fiere

Ancora più facile e rapida da consultare la GMF presenta le **informazioni più complete** nella **Parte IV**, ove le fiere sono ordinate per **stati e città** (e per date di svolgimento e nome).

La **chiave delle abbreviazioni** (in italiano, francese, spagnolo, inglese e tedesco) si trova nell'inserito in cartoncino (**aletta**) all'inizio della Parte IV, **a lato della pagina 224**.

Nel caso una manifestazione sia stata rintracciata in una delle due altre classificazioni - *I nomi delle fiere in ordine alfabetico* (Parte II), *Le fiere ordinate per categorie merceologiche* (Parte III) - si può risalire rapidamente alla sua descrizione più completa nella Parte IV grazie alla numerazione progressiva.

La **Parte I** illustra **Il mondo delle fiere** e contiene consigli per visitare con profitto una manifestazione e suggerimenti per gli espositori. Sono riportate informazioni utili per l'operatore *export oriented*: indirizzi di enti e associazioni fieristiche e di organismi che promuovono gli scambi internazionali, indirizzi dei Centri estero regionali italiani e i loro programmi fieristici.

La **Parte II** riporta **I nomi delle fiere in ordine alfabetico**. Molto utile per quelle itineranti, consente, entrando col nome o sigla della fiera, di rilevarne il numero identificativo e di rintracciarla rapidamente nella Parte IV, per le informazioni più complete.

La **Parte III** contiene **Le fiere ordinate per categorie merceologiche**, con l'indicazione di: stato, città, data, nome della manifestazione e numero per il ritrovamento nella Parte IV, per le informazioni più complete.

La **Parte IV** contiene **Le fiere ordinate per stati e città** (e quindi date e nome). Qui si trova la descrizione più completa di ciascuna manifestazione. Degli organizzatori, agenti mondiali e rappresentanti in Italia sono forniti nome, persona di riferimento e numeri di telefono, fax ed email, mentre gli indirizzi completi sono forniti nella Parte V.

La **Parte V** riporta gli indirizzi di: **Sedi espositive, Organizzatori, Agenti mondiali e Rappresentanti in Italia**, nonché repertori di **Imprese che forniscono servizi per le fiere**.

Comment consulter le GMF-Guide Mondial des Foires

Encore plus facile et rapide à consulter, le GMF fournit les **informations les plus complètes** dans la **Partie IV**, où les foires sont classées par **pays et par villes** (puis selon leurs dates et noms).

L'**indice des abréviations** (en italien, français, espagnol, anglais et allemand) se trouve sur la page cartonnée (**volet**) insérée au début de la Partie IV, **à côté de la page 224**.

Si vous avez trouvé une foire qui vous intéresse dans une des deux autres parties - *Les noms des foires par ordre alphabétique* (Partie II), *Les foires classées par catégories commerciales* (Partie III) - vous pourrez trouver rapidement sa description plus détaillée dans la Partie IV grâce à son numéro.

La **Partie I** décrit **Le monde des foires** et contient des conseils qui vous aideront à rendre votre visite la plus profitable possible. Elle contient aussi des conseils pour les exposants. Il y a des informations utiles pour les exportateurs: adresses d'offices et d'associations de foires et aussi d'organismes qui favorisent les échanges internationaux, adresses des Centres régionaux italiens du commerce extérieur et leurs programmes de foires.

La **Partie II** contient **Les noms des foires par ordre alphabétique**. Particulièrement utile pour les foires itinérantes, elle vous permet, en connaissant seulement le sigle ou le nom d'une foire, d'en relever son numéro et de la retrouver vite dans la Partie IV, pour des informations plus complètes.

La **Partie III** rassemble **Les foires classées par catégories commerciales**, en indiquant le pays, la ville, les dates, le nom de la manifestation et son numéro pour la retrouver dans la Partie IV, avec des informations plus complètes.

La **Partie IV** rassemble **Les foires classées par pays et par villes**. C'est ici que se trouve la description la plus détaillée de chaque manifestation, ainsi que le nom, la personne à contacter, le numéro de téléphone, de fax et email des organisateurs, agents mondiaux et représentants en Italie.

La **Partie V** contient les adresses complètes des: **Parcs d'expositions; Organisateurs; Agents mondiaux et Représentants en Italie**, ainsi que des répertoires d'**Agences et Prestataires techniques**.

Como consultar la GMF-Guía Mundial de las Ferias

Todavía mas fácil y rápida para consultar, la GMF presenta la **información más completa** en la **Parte IV**, donde las ferias están clasificadas por países y por ciudades (también por fechas y nombres).

El **índice de las abreviaturas** (en italiano, francés, español, inglés y alemán) está situado en la cartulina adjunta (**alita**) al principio de la Parte IV, **a lado de la página 224**.

Cuando se encuentra una feria en una de las otras dos clasificaciones - *Los nombres de las ferias por orden alfabético* (Parte II), *Las ferias ordenadas por categorías de mercado* (Parte III) - la numeración progresiva permite buscar rápidamente la descripción más detallada en la Parte IV.

La **Parte I** describe **El mundo de las ferias**, contiene consejos para visitar eficientemente una manifestación y también contiene sugerencias para los expositores. Existe información útil para el operador orientado a la exportación: direcciones de entes y organizaciones de ferias y entes que promocionan el intercambio internacional; direcciones de los Centros regionales italianos para el comercio exterior y sus programas de ferias.

La **Parte II** agrupa **Los nombres de las ferias en orden alfabético**. Muy útil para las ferias itinerantes, buscando por el nombre o por la sigla de la manifestación, permite encontrar su número de referencia y buscar rápidamente la misma en la Parte IV para la descripción más detallada.

La **Parte III** agrupa **Las ferias ordenadas por categorías de mercado**, con indicación del país, ciudad, fechas, nombre y número de referencia de la feria para la descripción más detallada en la Parte IV.

La **IV Parte** agrupa **Las ferias ordenadas por países y ciudades** (también por fechas y nombres). Aquí se encuentra la información más detallada de cada evento. De los organizadores, agentes internacionales y representantes en Italia, se proporcionan los nombres, la persona de referencia, los números de teléfono, fax y email, mientras las direcciones completas están en la Parte V.

La **Parte V** agrupa las direcciones de: **Parques feriales; Organizadores; Agentes internacionales y Representantes en Italia y también Proveedores de servicios**.

How to consult the GMF-World Fairs Guide

Easy to use, the GMF presents the **most complete information** in **Part IV**, where fairs are recorded by country and by town (then by dates and names).

The **key to abbreviations** (in Italian, French, Spanish, English and German) is on the pasteboard insert (**tab**) at the beginning of Part IV, **just aside page 224**.

In case you found a fair in one of the other two parts - *Fairs titles in alphabetical order* (Part II), *Fairs arranged by commercial categories* (Part III) - you can find a more detailed description in Part IV thanks to the progressive numbering.

Part I illustrates **The world of fairs**. It contains advice so that you can have a more profitable visit to a fair as well as suggestions for exhibitors. Export oriented operators will find useful information: addresses of fair entities and associations, addresses of organisations promoting international exchanges, and addresses of the Italian foreign trade centres together with their fair programmes.

Part II records **Fair titles in alphabetical order**. Very useful for itinerant events, it enables you to retrace the fair id number and find it in Part IV for a more complete description.

Part III records **Fairs arranged by commercial categories**, with the nomenclature of country, town, dates, name of the event and its number for Part IV.

Part IV records **Fairs by country and town** (then by dates and names). Here you can find the most detailed information about each event.

Name, telephone number, fax number, email and contact persons of the organizers, worldwide agents and representatives in Italy, are also available, whilst their full addresses are listed in Part V.

Part V contains addresses of: **Exhibition venues, Organizers, Worldwide agents and Representatives in Italy**, and also some indexes of **Exhibition service suppliers**.

Wie wird der GMF- Messeweltführer benutzt

Eine noch leichtere und schnellere Handhabung des GMF ist in **Teil IV** möglich mit seinen sehr **umfassenden Informationen** über alle Messen, geordnet nach **Ländern und Städten** (dann nach Datum und Benennung).

Der **Schlüssel zum Verständnis der Abkürzungen** (in Italienisch, Französisch, Spanisch, Englisch und Deutsch) befindet sich auf der Kartontafel die am Anfang von Teil IV, **unmittelbar vor Seite 224** in den Katalog eingelegt ist.

Haben Sie in einer der folgenden Ausgaben: Messen in alphabetischer Reihenfolge (Teil II), Messen nach Handelskategorien geordnet (Teil III) eine Messe gefunden, so können Sie in Teil IV anhand der Referenznummern eine ausführliche Beschreibung nachschlagen.

Teil I beleuchtet **Die Welt der Messen** und gibt sowohl Ratschläge für einen gewinnbringenden Messebesuch als auch Anregungen für Aussteller. Exportorientierte Unternehmer finden hier nützliche Informationen über Adressen von Messeveranstaltern, Vereinigungen und Organisationen, die den internationalen Austausch fördern, ebenso wie regionale italienische Außenhandelszentren und deren Veranstaltungskalender für die Messen.

Teil II enthält **Messen in alphabetischer Reihenfolge**, und ist besonders nützlich für Wanderausstellungen. Anhand der Messereferenznummern ist es möglich, in Teil IV eine ausführliche Beschreibung nachzuschlagen.

Teil III enthält **Messen nach Handelskategorien geordnet**, unter Angabe von Land, Stadt, Datum, Messebenennung und Referenznummer zum Nachschlagen einer ausführlichen Beschreibung in Teil IV.

Teil IV gibt einen Überblick über **Messen nach Ländern und Städten geordnet** (dann nach Datum und Benennung). Jeder Messe wird hier ausführlich beschrieben. Von den Organisatoren, internationalen Agenten und Vertretern in Italien kann man Namen, Kontaktperson, Telefonnummer und Faxnummer, und email nachschlagen; die vollständige Anschrift hingegen ist in **Teil V**.

Teil V enthält Adressen der **Ausstellungszentren, Veranstalter, Weltagenten und Vertreter in Italien** und Verzeichnisse von **Dienstleistungslieferern für die Messen**.

IMEX 2004.

Because the world never stands still.

In challenging times one exhibition is expanding the horizons of meetings and incentive travel.
"IMEX set the stakes really high... we all expected great things... we got them." The word on the aisles was good from day one of our launch show, Frankfurt April 2003. Visitor, hosted buyer and exhibitor attendances exceeded all expectations.

IMEX 2004 will continue to be the progressive force driving the growth and prospects of the sector.
With an agenda to inform as well as motivate, giving you fresh perspectives on the market and enlightenment on industry issues.

And IMEX is the only global exhibition to combine a major international gathering of hosted buyers with direct access to the massive German market.

IMEX 2004. Your essential intelligence for a changing world.

Rimini Fiera, dal 1 agosto 2002 Società per Azioni (soci attuali Comune di Rimini, Provincia di Rimini e Cciaa con quote eguali; da febbraio 2004 ingresso di soci privati con quota del 19.17%), opera da oltre 50 anni sul mercato interno e su quello internazionale.

Rimini Fiera è certificata ISO9001:2000, una certificazione di qualità sull'intero processo gestionale ottenuta da Bvqi, azienda internazionale presente in oltre 100 paesi e con oltre 100 anni di storia.

Rimini Fiera fa parte di Emeca, la prestigiosa Associazione dei Grandi Quartieri Fieristici Europei con sede a Parigi. I membri, per un totale di soli 19 associati, sono proprietari e gestori dei maggiori siti espositivi per estensione, e occupano una quota maggioritaria nell'attività delle fiere svolgendo un ruolo di motori economici sia a livello nazionale che, più ampiamente, a livello europeo.

Un quartiere in espansione

Progettato dalla Gmp di Amburgo, il quartiere fieristico riminese, varato nel 2001, si estende su un'area complessiva di 460 mila m²: 127 mila di superficie utile e 82 mila di superficie espositiva, articolata su 12 padiglioni cablati, condizionati e oscurabili, sale convegni fino a 730 posti, un *business center*, una sala stampa con centro riversamento televisivo su reti nazionali, 2 ristoranti, un *free flow*, 7 punti ristorazione, 9250 posti auto dislocati sui tre ingressi e intercollegati da bus navetta, un'eliperficie con servizio di elitaxi, una stazione ferroviaria interna sulla tratta Milano-Bari con 16 fermate quotidiane di treni di linea durante le manifestazioni.

Nel 2003 è partita la prima fase d'ampliamento, che porterà la superficie espositiva lorda del quartiere dagli attuali 82 mila a 109 mila m². Il progetto è sempre della Gmp di Amburgo, in linea con lo stile architettonico già esistente. Saranno costruiti 4 nuovi padiglioni: 2 sul lato ovest, entro fine agosto 2004, e 2 su quello est, entro fine agosto 2005. Forte anche il potenziamento dei servizi, che renderà completamente autonomi i due ingressi

lateral per manifestazioni diverse ma contemporanee; e poi 12 nuove sale convegni modulabili da 70 fino a 140 posti, e d'uso flessibile anche per operatori e stampa, due nuovi *free flow* e due nuovi bar.

Posta in un territorio di grande vivacità culturale ed economica, e offerta alberghiera diversificata e vastissima, Rimini Fiera ha in calendario (tra annuali e biennali) 28 manifestazioni, 11 delle quali internazionali, e per la maggior parte organizzate direttamente, alcune di rilevanza mondiale. In particolare Rimini Fiera presidia quattro comparti economico-fieristici con manifestazioni ad alta specializzazione: Travel & Tourism, Technologies & Environment, Entertainment & Leisure e Hotel & Food Industry.

Oltre a una forte attività interna di relazioni con l'estero (nel corso del 2003 sono stati organizzati 1763 incontri d'affari coinvolgendo 466 aziende italiane e 257 buyer esteri) sono importanti le collaborazioni intessute da Rimini Fiera a livello internazionale, fino a esportare il proprio know-how in tutto il mondo attraverso la società FairSystem, insieme a Bologna Fiere.

In partenariato con Dbc, organizzatore Usa mondiale, realizza a Rimini *Mediterranean Seafood Exhibition*, rassegna specializzata sui prodotti del mare (4-8/2/2005); con Euro-america, organizza a San Paolo il *Fitthep Mercosur do Brasil*, manifestazione biennale sul dolciario artigianale (28/6-1/7 2004); grazie a Ministero dell'Ambiente, Regione Emilia Romagna e Ice, presenta Eco-mondo China, una collettiva di aziende italiane nell'ambito di Ifat China a Shanghai (29/6-2/7 2004).

Le cifre di Rimini Fiera

Nel 2003 il consolidato è pari a 51,2 milioni di euro, con un Mol pari a 14,8 milioni. Nel det-

Rimini Fiera: un 2004 con grandi progetti

taglio il 2003 ha visto 589.788 m² venduti (700.641 nel 2002), 7.713 espositori (9.163 quelli del 2002), 927.868 visitatori, (896.655 nel 2002), 23 manifestazioni ospitate. Il business plan decennale, redatto in collaborazione con Banca Opi (Gruppo San Paolo Imi), prevede il passaggio dall'attuale fatturato a 95 milioni di euro nel 2010.

Il gruppo Rimini Fiera verso la quotazione in borsa

Tramite la costituzione di società dedicate con partner qualificati Rimini Fiera si è orientata verso nuovi business nell'ottica di offrire, con l'erogazione diretta, un alto standard qualitativo dei servizi agli operatori.

Il Gruppo Rimini Fiera, oltre a Rimini Fiera Spa che organizza le manifestazioni e gestisce il quartiere, si compone di quattro società controllate e quattro partecipate: le controllate sono Ttg Italia, che opera nel settore editoriale e nel business fieristico del turismo, Convention Bureau, che eroga servizi congressuali, Fieraservizi che si occupa tra l'altro della gestione dei parcheggi del quartiere, e Abbadaccia con competenze immobiliari; le partecipate sono PromoSpazio, che cura gli allestimenti e gli spazi pubblicitari del quartiere,

Summertrade, che gestisce la ristorazione in fiera, FairSystem ed EuroAmerica che promuovono, rispettivamente con Bologna Fiere e Publitec Argentina, manifestazioni all'estero.

Oggi la realtà fieristica riminese risponde compiutamente, sia nella logistica che nell'organizzazione, alla necessità di una qualità globale delle esposizioni. E dopo la trasformazione in Spa si punta a Piazza Affari. Seguono la privatizzazione di Rimini Fiera due advisor: Banca Opi (Gruppo San Paolo Imi) e Kpmg.

A febbraio 2004 si è proceduto a un aumento di capitale del 19.17%, portandolo a 26.839.206 euro. Entro 24 mesi si procederà alla quotazione in Borsa. In questa seconda fase si proseguirà nella negoziazione di un'ulteriore parte delle azioni della società, comunque meno del 49%, sul mercato regolamentato.

Lo scenario da qui al 2008, prevede che una volta raggiunto il massimo sviluppo di Rimini Fiera in termini dimensionali attraverso i programmi ampliamenti del quartiere e il pieno consolidamento del business, si determinino per i soci pubblici i presupposti per poter liberamente esercitare la

loro facoltà di cessione di una consistente parte delle loro quote di partecipazione, tale che l'assetto proprietario risulti quello di una Spa a maggioranza privata.

Rimini Fiera has been a joint stock company since 1st August 2002. The present shareholders are Rimini Town Council, Rimini Provincial Government and Rimini Chamber of Commerce, with equal shares, and the remaining 19.17% is held by private shareholders; it has traded for over 50 years on the domestic and international market.

Rimini Fiera has ISO9001 2000 certification: quality certification for the entire management process, obtained from Bvqi, a world leader in certification with a network covering over 140 countries and over 100 years of history.

Rimini Fiera is a member of Emeca, the prestigious European Major Exhibition Centre Association with its headquartered in Paris: its members (just 19) are owners and managers of the largest exhibition sites as far as area is concerned and have a majority share of expo activity, playing the role of a business driving force at both domestic level and on a wider European scale.

An expanding fairground

Rimini Expo Centre, designed by Hamburg's Studio Gmp and opened in 2001, covers a total area of 460,000 sqm: 127,000 of useable space and 82,000 of gross expo space, with 12 fully cabled air-conditioned halls with blackout facilities, conference rooms seating up to 730, a business centre, a press room with a national Tv/radio uplink, 2 restaurants, one free-flow, 7 eateries, parking space for 9,250 cars at the three entrances

and linked with a shuttle service, a helicopter landing site with heli-taxi facilities, its own on-site railway station on the Milan-Bari line, with 16 scheduled trains stopping during the exhibitions.

In 2003, work began on the first stage of the centre's extension, which will increase the gross expo area from the present 82,000 to 109,000 sqm and net space to over 69,000. The design is again by Gmp, perfectly matching the existing architectural style. Four new halls will be built: two on the west side, ready at the end of August 2004 and two on the east side, ready by the end of August 2005.

The services will also be greatly boosted, to the extent that the two side entrances will become completely independent to enable different expos to be held simultaneously; there will be 12 new modular conference rooms able to seat from 70 to 140 people and offering flexible use for trade members and press, two new free flow restaurants and two new bars. Situated in an area which is extremely lively from a cultural and business point of view, as well as having a huge number of hotels of all categories, Rimini Fiera has a calendar of 28 (annual and biennial) exhibitions, 11 of which are international, the majority organized directly and some world leaders. In particular, Rimini Fiera is a key player in 4 economic-expo areas, enabling it to stage highly specialized thematic trade fairs: Travel & Tourism, Technologies & Environment, Entertainment & Leisure e Hotel & Food Industry.

As well as a great deal of on-site foreign relations work (during 2003, 1763 business meetings were organized, invol-

ving 466 Italian companies and 257 foreign buyers), important collaborations have been set up by Rimini Fiera at international level in order to export its know-how throughout the world via Fairsystem, along with Fiera di Bologna.

In partnership with Usa firm Dbc, a world-level expo organizer, organizes the specialized Mediterranean Seafood Exhibition held in Rimini (4-8 February 2004); with Euro-america, it organizes Fithep Mercosur do Brasil, a biennial exhibition for the artisan confectionery trade (28 June - 1 July 2004) held in San Paolo and, thanks to the Ministry of the Environment, Emilia Romagna Regional Government and Ice (Italy's Foreign Trade Institute), presents Ecomondo China, a joint exposition by Italian companies at Ifat China in Shanghai (29 June - 2 July 2004).

Rimini Fiera figures

In 2003, turnover reached 51.2 million euros, with an estimated gross operating margin of 14.8 million euros. More in detail, in 2003 589,788 sqm of exhibit space were sold (compared to 700,641 in 2002), 7,713 exhibitors (9,163 in 2002), 927,868 visitors (896,655 in 2002) and 23 expos hosted. The 10-year business plan drawn up with Banca Opi (San Paolo Imi Group) foresees an increase from the current turnover to 95 million euros by 2010.

Rimini Fiera group heading for the stock market

By founding dedicated specialist companies with qualified partners, Rimini Fiera has also addressed new business areas in order to ensure trade members top quality services, by providing them directly. As well as Rimini Fiera Spa, which organizes the exhibitions and manages the expo centre, Rimini Fiera Group comprises four controlled companies ('Ttg Italia', in the publishing and expo business sector, 'Convention Bureau', which provides conference services, 'Fieraservizi', which among other things manages the centre's car parks, and 'Abbadaccia' with real estate responsibilities), and four in which

Lorenzo Cagnoni

Rimini Fiera is in partnership ('Promo Spazio', which handles stand fitting and publicity at the expo centre, 'Summer-trade', responsible for catering and food service at the centre and 'Fairsystem' and 'Euro-America', which organize foreign trade expos, along with Fiera di Bologna and Publitec Argentina respectively).

As far as both logistics and organization are concerned, Rimini Expo Centre now fully responds to the needs for global quality in exhibitions. After its transformation into a Joint Stock Company, Rimini Fiera has set its sights on the stock exchange. Two advisors are following Rimini Fiera's privatization: Banca Opi (San Paolo Imi Group) and Kpmg.

In February 2004 an increase in capital of 19.17% occurred, which raised capital consistency to 26.839.206 euros. Stock market access is to be reached by 24 months. In this second phase, aimed at ensuring high profile stock market access, another part of the company's shares will be negotiated (in any case less than 49%) on the official market.

The long-term scenario, from now until 2008, foresees that once the maximum expansion of Rimini Fiera has been reached in terms of the dimensions of the expo centre by means of the planned extensions and complete business consolidation, conditions will be such as to allow the public shareholders to freely exercise their right to sell a consistent part of their shares, to the point that the ownership structure will be that of a joint stock company with a majority of private shareholders.

Il termine Minimalismo nasce tra gli anni '50 e gli anni '60 per il fenomeno artistico americano che si ispirò a concetti di austerità formale e semplificazione dei mezzi espressivi

Scopo di questo libro è evidenziare gli apporti più originali a questa idea di semplicità che nell'architettura si è espressa con grande incisività negli ultimi due decenni del XX sec. nei confronti della progettazione sia di spazi commerciali che urbani e abitativi

ItaliaOggi

Ogni idea prende vita dopo un complicato percorso fatto di dieci, cento, mille pensieri, di incontri, scontri e confronti. Ogni progetto è frutto di esperienza, ricerca e sperimentazione, di competenza tecnologica e di estro artistico, di concreta abilità e di poliedriche capacità. Pensare, ideare, creare, progettare, realizzare, allestire sono fasi non di strani tecnicismi o di formule convenzionali ma di entusiasmo ed eclettismo.

From Concept To Car è un progetto triennale della Camera di commercio di Torino e del Centro Estero Camere Commercio Piemontesi, sostenuto dalla Regione Piemonte, dal Fondo Europeo di sviluppo Regionale e dal Ministero della Economia e delle Finanze.

L'obiettivo è di promuovere all'estero la caratteristica unica al mondo dell'automotive piemontese, ovvero la presenza nello stesso luogo dell'intero ciclo progettuale e produttivo, dall'ideazione sino alla realizzazione di un veicolo, grazie ad una concentrazione unica di know how e capacità.

Il sistema auto del Piemonte

Il Piemonte, cuore pulsante della tecnologia europea sull'auto e la mobilità, offre un sistema completo di imprese, professionalità e competenze: styling e prototipazione engineering, attrezzature e impianti, robotica e automazione, componenti e moduli, produzione di serie e di nicchia. Le imprese del sistema Piemonte sono convincenti perché modernamente equipaggiate e orientate all'innovazione.

Il progetto ha previsto per il primo anno la selezione di circa 150 aziende, tra le oltre 800 candidate, secondo parametri rigorosi di carattere tecnico, qualitativo, logistico, quali la certificazione di prodotto/processo o ambientale, gli investimenti in R&S e/o partecipazione a progetti di ricerca nazionali o europei, la capacità di co-progettazione e produzione, il fatturato superiore al 30% nel settore automotive, i brevetti rilasciati negli ultimi 5 anni, la presenza di laboratori propri nell'azienda, la presenza di personale con conoscenza di lingue straniere, la motivazione e la volontà di diversificarsi e di perseguire l'obiettivo dell'internazionalizzazione, anche operando in sinergia con altre imprese del territorio.

Ottimi i risultati del primo anno del progetto: presenza a Torino di 5 grandi committen-

ti internazionali, realizzazione di 158 incontri individuali e 57 visite aziendali.

From Concept To Car, tramite esperti di settore dedicati, è l'anello di congiunzione fra le imprese piemontesi di eccellenza e la committenza internazionale: collabora nella organizzazione di incontri individuali fra fornitore e committente, organizza incontri specifici per gruppi omogenei di imprese nelle sedi dei compratori, interviene quando necessario per creare sinergie fra gli stessi produttori piemontesi per la fornitura di complessivi, propone inviti in Piemonte ai responsabili acquisti e fornisce loro supporto organizzativo e logistico pur non intervenendo nelle fasi di negoziazione. Informazioni sulle aziende selezionate e aggiornamenti su tutte le attività in corso sono presenti nel sito www.fromconcepttocar.com.

CHECK-LIST

TO HAVE A PROFITABLE VISIT TO AN EXHIBITION

The visit to an exhibition, if carefully arranged, offers an interesting opportunity to collect information over competitors and over the fair itself, should you in future participate as an exhibitor

1. PREVIOUS INFORMATION

The visit to a fair has to be motivated by exact and very clear objectives:

- Gain a view of actual production and competitors
- Look into one or more specific competitor products
- Find a product to commercialize or to produce on licence
- Come into contact with potential customers

According to the objective/s, it's necessary to find answers to the following questions:

a) What manifestation offers the greatest observation range?

- Exhibitors and visitors recorded in the past editions
- Specialization degree
- Collateral information services

b) Who are the functionaries more suited to make the recognition?

- Only a person is sufficient?
- Is it better to foresee the presence of more persons?

c) Which are the exhibitors of higher interest?

- Where are dislocated their stands? (get a plan of the exhibition sector)
- Who are the persons to deal with? (verify the opportunity to pre-announce the visit)

d) Which are the sectors worthwhile a visit?

- Because they are adjoining or convenient with respect to those which constitute the primary objective
- Because they cover collateral interests

e) Who are the functionaries of the organizing institution who can give useful informations?

- Contact, in advance, the Organization Secretariat.

2 ORGANIZATION SUGGESTIONS

• Ask to the organizing institution an exhibitors catalogue. In the case this would delay too much, get a catalogue of previous edition

• Check that the catalogue has a detailed map of interesting expositive sectors. Otherwise ask it to the organizing institution.

• Compile a complete questionnaire with all questions which need a reply during the visit to the fair.

• Distribute the questionnaire demands to the functionaries who will visit the fair according to competence and commit to each functionary the exact responsibility to find specific information (photos, designs, schemes, diagrams)

• Establish the dates for the visit verifying early the propitious days (many exhibitions opened to the public reserve some days for the operators)

• Plan the travel and the time schedule for the visit, preventing every possible inconvenience.

• Carefully determine the routes to follow, according to logic (stands to visit and persons to contact)

• Determine the appropriation for the operation and objectively compare it with the purposes to pursue

• Value the opportunity to insert public relations expenses, like gifts, invitations, etc.

• Provide for the hotel bookings (act in time to avoid "all exhausted", not uncommon in periods when international expositions occur)

• Find interpreters (in the case of the functionaries don't know the language)

• Check out the necessary documentation (passports, vaccinations, money formalities)

• Verify that the functionaries are equipped with the necessary instruments (camera, tape-recorder, etc.) and know how to correctly use them.

• See to buy trip tickets and to book for the return

• Arrange for cash (in foreign currency when necessary) for the charged functionaries. Inform them over the exact receipts they are requested to produce when coming back.

3. REPORT

It is always advisable doing a written report of the visit, according to an exact scheme, and to enclose the related documentation (photos, folders, schemes, diagrams, etc.)

For consultation simplicity in following times, it is well to collect every matter under separate covers.

It's necessary to file all things in an appropriate way, to find them easily in any circumstance.

CHECK-LIST

PER VISITARE CON PROFITTO UNA FIERA

Se organizzata bene, la visita ad una fiera offre un'interessante opportunità di raccogliere informazioni sulla concorrenza e sulla manifestazione stessa, in prospettiva di un'eventuale partecipazione in qualità di espositore

1. INFORMAZIONI PREVENTIVE

La visita alla manifestazione dev'essere motivata da obiettivi precisi e molto chiari:

- Ricavare una panoramica della produzione e delle marche concorrenti
- Prendere visione ed informazione di uno o più prodotti concorrenti specifici
- Trovare un prodotto da commercializzare o produrre su licenza
- Contattare potenziali clienti.

In base all'obiettivo/i, occorre trovare risposte alle seguenti domande:

a) Quale manifestazione offre maggiore campo di osservazione?

- Espositori presenti e visitatori registrati nelle passate edizioni
- Grado di specializzazione
- Servizi collaterali d'informazione

b) Quali sono i funzionari dell'azienda più adatti ad effettuare la ricognizione?

- Basta una sola persona?
- È meglio prevedere la presenza di più persone?

c) Quali sono le aziende espositrici che interessano maggiormente?

- Dove sono dislocati i loro stand? (procurarsi una pianta del settore espositivo)

• Quali sono le persone con le quali si desidera conferire? (verificare l'opportunità di preannunciare la visita)

d) Quali sono i settori espositivi della manifestazione che vale la pena visitare?

- Perché sono adiacenti o comodi rispetto a quelli che costituiscono l'obiettivo primario

- Perché rivestono interessi collaterali
- e) Chi sono i funzionari dell'Ente organizzatore che possono fornire informazioni utili?

- Prendere contatti preventivi con la segreteria dell'Ente organizzatore.

2. SUGGERIMENTI ORGANIZZATIVI

- Richiedere all'Ente organizzatore un catalogo degli espositori. Nel caso questo dovesse tardare troppo, procurarsi un catalogo dell'edizione precedente

- Controllare che il catalogo contenga una pianta dettagliata dei settori espositivi che interessano. In caso contrario richiederla all'Ente organizzatore

- Redigere un questionario completo nel quale figurino tutti i quesiti cui occorre dare una risposta nel corso della visita all'esposizione

- Scomporre i quesiti del questionario per competenze ed affidare a ciascun funzionario che effettuerà la visita la responsabilità precisa di reperire una certa quantità di notizie (foto, disegni, schemi, diagrammi)

- Stabilire le date della visita accertando prima quali sono le giornate propizie (molte manifestazioni aperte al pubblico riservano giornate per gli operatori)

- Pianificare il viaggio ed i tempi da dedicare alla visita tenendo conto di tutti i contrattempi possibili

- Determinare accuratamente gli itinerari da percorrere, secondo logica (stand da visitare e persone da contattare)

- Determinare lo stanziamento per l'operazione e raffrontarlo obiettivamente con i fini da perseguire

- Valutare l'opportunità di inserire spese di pubbliche relazioni, quali omaggi, inviti, ecc.

- Provvedere alle prenotazioni in hotel (agire in tempo al fine di evitare il "tutto esaurito", non infrequente nei periodi in cui si svolgono esposizioni a carattere internazionale)

- Trovare interpreti (nel caso vi siano funzionari che non conoscono la lingua)

- Provvedere al controllo delle documentazioni necessarie (passaporti, vaccinazioni, formalità valutarie)

- Verificare che i funzionari siano equipaggiati con gli strumenti ritenuti necessari (macchina fotografica, magnetofono, ecc.) e sappiano utilizzare correttamente gli strumenti stessi

- Provvedere all'acquisto dei biglietti di viaggio ed alle prenotazioni per il ritorno

- Provvedere per il fondo cassa (in valuta estera quando è il caso) per i funzionari incaricati. Informarli sui giustificativi di spesa corretti che dovranno dare al ritorno.

3. RELAZIONE

È sempre consigliabile fare una relazione scritta della visita, secondo uno schema preciso, con la documentazione allegata (fotografie, dipliant, schemi, diagrammi, ecc.).

Per semplicità di consultazione in tempi successivi, è bene che ogni argomento sia raccolto in plichi separati.

È necessario che ognuno di questi venga archiviato in modo opportuno, al fine di poterlo reperire in qualsiasi circostanza.

Col fine di promuovere le condizioni per il migliore sviluppo del settore fieristico, il 12 giugno 2002 si è costituita a Torino l'Associazione organizzatori di fiere, mostre, saloni, eventi e congressi, in breve Assofiere.

Viene così a completarsi il quadro rappresentativo del settore, dove già operano: l'Aefi, Associazione Esposizioni e Fiere Italiane, che riunisce Enti e società proprietari di quartieri fieristici e che ha recentemente adeguato il proprio nome e Statuto per accettare anche soci che esercitino, da almeno cinque anni, attività di progettazione, realizzazione e promozione di qualificate manifestazioni fieristiche, di convegni, di congressi, o che dispongano, a qualunque titolo, di quartieri fieristici rispondenti alla normativa nazionale e regionale (sede in Roma); e l'Asal, Associazione Nazionale Aziende Allestitrici di Fiere e Mostre, che riunisce allestitori di fiere, mostre, musei, congressi e, in qualità di consociati, aziende che svolgono attività collegate al settore (sede in Milano).

Soprattutto in Piemonte, da dove è partita l'iniziativa Assofiere, si sentiva l'esigenza di un'associazione che promuovesse il settore delle fiere, mostre, saloni, eventi e congressi, partendo dal punto di vista degli organizzatori, di quelli minori in particolare, che normalmente non riescono a far sentire la loro voce.

Per il primo triennio è stato nominato un Consiglio direttivo di sette membri: Giovanni Paparo, Alberto Guizzardi, Andrea Bigotti, Giovanni Calvi, Luciano Casadei, Edi Ferraris, Aldo Milanese, i quali hanno accettato la carica e contestualmente hanno nominato fra loro: presidente Giovanni Paparo, vice presidente Alberto Guizzardi, segretario economo Andrea Bigotti.

Soci Assofiere:

Pianeta Srl (Giovanni Paparo), A.G. Editrice Srl (Alberto Guizzardi), Sfera Srl (Andrea Bigotti), Ente Manifestazioni Comprensorio Casale Spa (Giovanni Calvi), Metropolis Srl (Luciano Casadei), INTEXGroup Srl (Edi Ferraris), Succede Srl (Aldo Milanese), The Fine Arts E.I.S. Srl (Mario Rossi), Manazza Gefra Spa (Antonio Manazza), T.T.G. Italia Spa (Paolo Audino).

TRIESTE LA FIERA AL CENTRO

- un nuovo sito multifunzionale in centro città, all'interno del Porto Vecchio
- al centro dell'attenzione, per sviluppare i rapporti commerciali fra est ed ovest
- al centro degli investimenti, che porteranno Fiera Trieste a diventare una società per azioni, a capitale misto pubblico-privato

Le prossime iniziative del 2004:

56. CAMPIONARIA INTERNAZIONALE - Salone della piccola e media impresa e dell'Artigianato	5 - 13 giugno
5° AUTO E MOTO D'EPOCA	25 - 26 settembre
BARCOLANA SAILING SHOW - Salone nautico dell'Adriatico	7 - 10 ottobre
2° TRIESTE ESPRESSO EXPO	5 - 7 novembre

Le principali iniziative del 2005:

6° BIOCASA - Costruire e Abitare Sostenendo l'Ambiente	5 - 8 maggio
57. CAMPIONARIA INTERNAZIONALE - Salone della piccola e media impresa e dell'Artigianato	4 - 12 giugno
6° AUTO E MOTO D'EPOCA	17 - 18 settembre

Fiera Trieste lavora per fare della città un punto d'incontro dell'economia del Centro - Est Europa: dal mondo della vela a quello del caffè, dalla bioedilizia all'artigianato si propone come grande mercato internazionale. Partecipare come espositori e come visitatori significa essere protagonisti del cambiamento.

LEIPZIGER MESSE

Trade fairs made to measure!

The Spirit that wins

Miscelate il rombo di una BMW o di una Porsche Cayenne con la musica geniale di Johann Sebastian Bach. Così saprete che cosa rende Lipsia così attraente per gli uomini d'affari.

E' la fusione tra il commercio, la cultura e la tradizione sportiva che attribuisce alla metropoli la corona del vincitore. Ed è la Fiera di Lipsia che trasforma questa magia in un successo di mercato.

Benvenuti al Quartiere Fieristico più affascinante e moderno del mondo.
