Disporre d'informazioni precise e aggiornate sulle fiere in tutto il mondo è condizione essenziale per il vostro successo.

Le fiere sono infatti il canale privilegiato delle imprese di qualsiasi settore e dimensione per affermarsi nei mercati di tutto il mondo.

La GMF - Guida Mondiale delle Fiere, con le due edizioni di gennaio e luglio, e la rivista PRISMA vi offrono i preziosi strumenti informativi di cui avete bisogno per pianificare con successo le vostre presenze alle fiere.

Ciascuna edizione della GMF copre in modo approfondito l'arco di 12 mesi, e contiene anche informazioni sugli anni successivi.

Questa GMF 05/06, con più di 16.000 fiere, da luglio 2005 in avanti, consolida il proprio primato mondiale, e si conferma ancora una volta come lo strumento d'informazione più funzionale, completo e autorevole sul mercato fieristico mondiale.

Avoir des informations précises et à jour sur les foires et les expositions du monde entier est fondamental pour réussir dans vos affaires.

Les foires sont en effet le moyen le plus efficace pour une société, quelle que soit sa taille ou son secteur d'activité, pour s'affirmer sur les marchés mondiaux.

Le GMF - Guide Mondial des Foires, avec son édition de janvier et de juillet, et le magazine PRISMA vous fournissent les précieux outils dont vous avez besoin pour planifier avec succès le calendrier des foires auxquelles vous souhaitez participer.

Chaque édition du GMF couvre une période de douze mois et contient aussi des informations sur les années suivantes.

Ce GMF 05/06, avec plus de 16.000 foires, de juillet 2005, et après, confirme son record mondial, et se révèle à nouveau être l'outil le plus complet, pratique et fiable au niveau mondial en matière de foires et de salons.

Información precisa y reciente sobre las ferias de todo el mundo es fundamental para tener éxito en sus negocios.

Las ferias son desde siempre el mejor medio para afirmarse en mercados internacionales.

La GMF - Guía Mundial de las FERIA, con sus dos ediciones, una en enero y otra en julio, y la revista PRISMA, les ofrecen los instrumentos de información que necesitan para planear con éxito su presencia en las ferias.

Cada edición cubre en detalle un periodo de 12 meses o más, cuando es posible.

Esta GMF 05/06, con más de 16.000 ferias de julio 2005, y más, corroboró su récord mundial, confirmándose como el instrumento informativo más completo, funcional y acreditado sobre el mercado de las ferias en todo el mundo.

Precise and updated information, concerning exhibitions throughout the world, is fundamental to assure success in your business.

Exhibitions provide an effective way for a firm of any size and sector to position itself in world-wide markets.

The GMF - International Trade Show Directory, with its January and July editions, and the PRISMA magazine, provide you with tools needed for the successful planning of your exhibitions.

Each GMF issue has in depth twelve-month coverage with additional information on the following years.

This GMF 05/06, with more than 16,000 from July 2005, and beyond, consolidates its world record, and confirms its position as the most complete and most authoritative information tool available on the exhibition market world-wide.

Genaue und ausführliche Informationen über laufende Messen weltweit ist eine grundlegende Voraussetzung für erfolgreiche Geschäfte.

Messen sind schon immer das beste Informationsmedium für internationale Märkte gewesen.

Einen Überblick verschaffen Sie sich mit dem GMF - Messeverzeichnis weltweit, der im Januar und Juli erscheint, und mit der Zeitschrift Prisma, die Ihnen dabei, helfen, Ihre Messebesuche sinnvoll zu planen.

Jede Ausgabe gibt ausführliche Angaben über einen Zeitraum von 12 Monaten oder sogar mehr wenn möglich.

Der GMF 05/06 hat wiederholt den Rekord gebrochen mit Angaben zu mehr als 16.000 Messen von Juli 2005 und weiter, und hat sich damit als ausführlichster und zuverlässigster Weltmesseführer erneut bestätigt.

N.B. Date e luoghi delle fiere possono sempre variare. Si declina pertanto ogni responsabilità per eventuali inesattezze e si invita chi è interessato a partecipare a una fiera ad accertarne, presso gli organizzatori, date e luoghi di effettuazione.

Per allestire uno spazio non bastano i lampi di genio.
Per allestire uno spazio, prima di tutto bisogna tenere presenti
le persone che lo abiteranno, le loro esigenze.
Bisogna immaginare e realizzare un ambiente da vivere
– un giorno, un anno, un secolo – confortevole, piacevole, comunicativo.
E allora bisogna che l'allestitore sappia
circondarsi di tecnici e operai validi, di progettisti creativi,
di tecnologie avanzate, scegliere i materiali migliori,
comprendere a fondo le esigenze del Cliente, dare forma alle sue idee...
È questa l'essenza del nostro lavoro, la garanzia della sua riuscita.
È questa l'idea che abbiamo in mente.

Come si consulta la GMF-Guida Mondiale delle Fiere

Ancora più facile e rapida da consultare la GMF presenta le **informazioni più complete** nella **Parte IV**, ove le fiere sono ordinate per **stati e città** (e per date di svolgimento e nome).

La **chiave delle abbreviazioni** (in italiano, francese, spagnolo, inglese e tedesco) si trova nell'inserto in cartoncino (**aletta**) all'inizio della Parte IV, **a lato della pagina 224**.

Nel caso una manifestazione sia stata rintracciata in una delle due altre classificazioni - *I nomi delle fiere in ordine alfabetico* (Parte II), *Le fiere ordinate per categorie merceologiche* (Parte III) - si può risalire rapidamente alla sua descrizione più completa nella Parte IV grazie alla numerazione progressiva.

La **Parte I** illustra **Il mondo delle fiere** e contiene una parte redazionale che descrive le realtà principali del mercato fieristico europeo. Sono riportati inoltre consigli per visitare con profitto una manifestazione e suggerimenti per gli espositori e informazioni utili per l'operatore *export oriented* su enti e associazioni fieristiche, sui Centri estero regionali italiani e i loro programmi fieristici.

La **Parte II** riporta **I nomi delle fiere in ordine alfabetico**. Molto utile per quelle itineranti, consente, entrando col nome o sigla della fiera, di rilevarne il numero identificativo e di rintracciarla rapidamente nella Parte IV, per le informazioni più complete.

La **Parte III** contiene **Le fiere ordinate per categorie merceologiche**, con l'indicazione di: stato, città, data, nome della manifestazione e numero per il ritrovamento nella Parte IV, per le informazioni più complete.

La **Parte IV** contiene **Le fiere ordinate per stati e città** (e quindi date e nome). Qui si trova la descrizione più completa di ciascuna manifestazione. Degli organizzatori, agenti mondiali e rappresentanti in Italia sono forniti nome, numeri di telefono, fax, email e persona di riferimento.

La **Parte V** riporta repertori di: **Sedi espositive e congressuali, Allestitori e Imprese di servizi**.

Comment consulter le GMF-Guide Mondial des Foires

Encore plus facile et rapide à consulter, le GMF fournit les **informations les plus complètes** dans la **Partie IV**, où les foires sont classées par **pays et par villes** (puis selon leurs dates et noms).

L'**indice des abréviations** (en italien, français, espagnol, anglais et allemand) se trouve sur la page cartonnée (**voilet**) insérée au début de la Partie IV, **à côté de la page 224**.

Si vous avez trouvé une foire qui vous intéresse dans une des deux autres parties - *Les noms des foires par ordre alphabétique* (Partie II), *Les foires classées par catégories commerciales* (Partie III) - vous pourrez trouver rapidement sa description plus détaillée dans la Partie IV grâce à son numéro.

La **Partie I** décrit **Le monde des foires** et contient une série d'articles qui illustrent les réalités les plus importantes du marché européen de foires. Elle contient aussi des conseils pour les visiteurs et les exposants, des informations utiles pour les exportateurs sur les offices et les associations de foires, sur les Centres régionaux italiens du commerce extérieur et leurs programmes de foires.

La **Partie II** contient **Les noms des foires par ordre alphabétique**. Particulièrement utile pour les foires itinérantes, elle vous permet, en connaissant seulement le sigle ou le nom d'une foire, d'en relever son numéro et de la retrouver vite dans la Partie IV, pour des informations plus complètes.

La **Partie III** rassemble **Les foires classées par catégories commerciales**, en indiquant le pays, la ville, les dates, le nom de la manifestation et son numéro pour la retrouver dans la Partie IV, avec des informations plus complètes.

La **Partie IV** rassemble **Les foires classées par pays et par villes** (et puis par dates et par noms). C'est ici que se trouve la description la plus détaillée de chaque manifestation, ainsi que le nom, le numéro de téléphone, de fax, email et la personne à contacter des organisateurs, agents mondiaux et représentants en Italie.

La **Partie V** contient les index des: **Parcs d'exposition et Centre de congrès, Réalisateurs de stands et Prestataires de services**.

Como consultar la GMF-Guía Mundial de las Ferias

Todavía más fácil y rápida para consultar, la GMF presenta la **información más completa** en la **Parte IV**, donde las ferias están clasificadas por países y por ciudades (también por fechas y nombres).

El **índice de las abreviaturas** (en italiano, francés, español, inglés y alemán) está situado en la cartulina adjunta (**alita**) al principio de la Parte IV, **a lado de la página 224**.

Cuando se encuentra una feria en una de las otras dos clasificaciones - *Los nombres de las ferias por orden alfabético* (Parte II), *Las ferias ordenadas por categorías de mercado* (Parte III) - la numeración progresiva permite buscar rápidamente la descripción más detallada en la Parte IV.

La **Parte I** describe **El mundo de las ferias**, contiene una serie de artículos que describen las realidades más importantes de Europa. Ella contiene también consejos para visitar eficientemente una manifestación y también contiene sugerencias para los expositores. Existe información útil para el operador orientado a la exportación: sobra entes y organizaciones de ferias, Centros regionales italianos para el comercio exterior y sus programas de ferias.

La **Parte II** agrupa **Los nombres de las ferias en orden alfabético**. Muy útil para las ferias itinerantes, buscando por el nombre o por la sigla de la manifestación, permite encontrar su número de referencia y buscar rápidamente la misma en la Parte IV para la descripción más detallada.

La **Parte III** agrupa **Las ferias ordenadas por categorías de mercado**, con indicación del país, ciudad, fechas, nombre y número de referencia de la feria para la descripción más detallada en la Parte IV.

La **IV Parte** agrupa **Las ferias ordenadas por países y ciudades** (también por fechas y nombres). Aquí se encuentra la información más detallada de cada evento. De los organizadores, agentes internacionales y representantes en Italia, se proporcionan los nombres, los números de teléfono, fax, email y la persona de referencia.

La **Parte V** agrupa las direcciones de: **Parques feriales; y Palacios de congresos, Diseñadores de stand y Proveedores de servicios**.

How to consult the GMF-International Trade Show Directory

Easy to use, the GMF presents **the most complete information** in **Part IV**, where exhibitors are recorded by country and by town (then by date and name).

The **key to abbreviations** (in Italian, French, Spanish, English and German) is on the pasteboard insert (**tab**) at the beginning of Part IV, **just aside page 224**.

In case you found an exhibition in one of the other two parts - *Exhibition titles in alphabetical order* (Part II), *Exhibitions arranged by commercial categories* (Part III) - you can find a more detailed description in Part IV thanks to the progressive numbering.

Part I illustrates **The world of exhibitions**. It contains a group of articles showing the most important cases of the European exhibition market. You will also find advice so to have a more profitable visit to an exhibition as well as suggestions for exhibitors. Export oriented operators will find useful information about exhibition entities and associations, the Italian foreign trade centres together and their exhibition programmes.

Part II records **Exhibition titles in alphabetical order**. Very useful for itinerant events, it enables you to retrace the exhibition id number and find it in Part IV for a more complete description.

Part III records **Exhibitions arranged by commercial categories**, with the nomenclature of country, town, date, name of the event and its number for Part IV.

Part IV records **Exhibitions by country and town** (then by dates and names). Here you can find the most detailed information about each event. Name, telephone number, fax number, email and contact persons of the organizers, worldwide agents and representatives in Italy, are also available.

Part V contains indexes of: **Exhibition and Congress venues, Standbuilders and Exhibition service suppliers**.

Wie wird der GMF- Messeweltführer benutzt

Eine noch leichtere und schnellere Handhabung des GMF ist in **Teil IV** möglich mit seinen sehr **umfassenden Informationen** über alle Messen, geordnet nach **Ländern und Städten** (dann nach Datum und Benennung).

Der **Schlüssel zum Verständnis der Abkürzungen** (auf Italienisch, Französisch, Spanisch, Englisch und Deutsch befindet sich auf der Kartontafel (**Klappe**)) die am Anfang von Teil IV, **unmittelbar vor Seite 224** eingelegt ist.

Haben Sie in einer der folgenden Ausgaben: Messen in alphabetischer Reihenfolge (Teil II), Messen nach Handelskategorien geordnet (Teil III) eine Messe gefunden, so können Sie in Teil IV anhand der Referenznummern eine ausführliche Beschreibung nachschlagen.

Teil I beleuchtet **Die Welt der Messen** und dort findet man einige Artikel, die die wichtigsten Realitäten des Europäischen Messemarktes beschreiben. Es gibt sowohl Ratschläge für einen gewinnbringenden Messebesuch als auch Anregungen für Aussteller. Exportorientierte Unternehmer finden hier nützliche Informationen über Messevereinigungen und Organisationen, ebenso wie regionale italienische Außenhandelszentren und deren Veranstaltungskalender.

Teil II enthält **Messen in alphabetischer Reihenfolge**, und ist besonders nützlich für Wanderausstellungen. Anhand der Messeferenznummern ist es möglich, in Teil IV eine ausführliche Beschreibung nachzuschlagen.

Teil III enthält **Messen nach Handelskategorien geordnet**, unter Angabe von Land, Stadt, Datum, Messebenennung und Referenznummer zum Nachschlagen einer ausführlichen Beschreibung in Teil IV.

Teil IV gibt einen Überblick über **Messen nach Ländern und Städten geordnet** (dann nach Datum und Benennung). Jede Messe wird hier ausführlich beschrieben. Von den Organisatoren, internationalen Agenten und Vertretern in Italien kann man Namen, Telefon- und Faxnummer, email und Kontaktperson nachschlagen.

Teil V enthält Adressen von **Ausstellungs- und Kongresszentren, Messebauern und Dienstleistungslieferern**.

Con *fieramilano* e *fieramilanocity* (p. 20), l'Europa dispone di un sistema espositivo-congressuale che fissa i nuovi standard qualitativi, funzionali ed estetici a livello internazionale. Questa volta è l'Italia a fornire un contributo sostanziale al successo dell'Europa nel mercato fieristico globale, dove si fa sempre più vivace la concorrenza dei Paesi asiatici; entro il 2006 si aggiungerà il nuovo complesso di Fiera di Roma, sulla direttrice Roma-Fiumicino.

I segnali di ripresa delle fiere tedesche, i campioni dell'Europa, sono confortanti e indicano due direttrici di maggiore crescita del fatturato: l'ampliamento della gamma dei servizi offerti e l'organizzazione di proprie fiere all'estero (vedi contributo Auma a p. 38).

L'Emeca (p. 40) esprime la determinazione a "difendere e rilanciare le fiere europee, e l'ineguagliabile patrimonio di professionalità accumulato in tanti decenni di successi" e a "promuovere la qualità di quartieri, servizi e saloni come la chiave del successo dell'Europa nel mercato fieristico globale. Particolare attenzione", sono le parole del neo-presidente Piergiacomo Ferrari, "dedicherò allo sviluppo di sinergie tra gli associati, nell'ottica di una strategia d'attacco comune verso le aree extra-Ue".

I saloni specializzati francesi (p. 41) diventano sempre più internazionali: "I visitatori oggi esigono un'offerta mondiale e l'internazionalizzazione dell'offerta genera quella dei visitatori." E l'internazionalizzazione è infatti il fattore principale di progressione dei saloni francesi.

La nostra carrellata sulle fiere europee prosegue con la NürnbergMesse, la più dinamica della Germania, che ha da poco inaugurato il nuovo centro congressi CNN Ost, e la Messe Frankfurt, il maggior ente fieristico tedesco e leader internazionale, che registra un primo semestre 2005 di enorme successo e annuncia investimenti di circa 300 milioni di euro nei prossimi cinque anni, per rendere il quartiere fieristico ancora più interessante e competitivo.

Segue l'illustrazione del sistema fieristico ungherese (p. 46) e del principale protagonista Hungexpo, con un'intervista al direttore János Barabá, mentre (p. 48) Sergey Alexeev, Jsc Lenexpo's General Director (St. Petersburg), spiega ai lettori

Incoraggianti segnali di ripresa delle fiere europee

Encouraging signs of recovery from European exhibitions

di/by Giovanni Paparo

della GMF le peculiarità del mercato espositivo in Russia. È poi la volta dell'attività fieristica in Ucraina, illustrata dalla Camera di Commercio e Industria di Ucraina.

Corrado Peraboni, presidente del capitolo europeo Ufi (p. 50) illustra quindi le relazioni tra l'allargamento dell'Unione Europea e il sistema fieristico. Siamo poi alla Fiera de Madrid (p. 54) e alle ragioni del suo successo illustrate dal direttore generale Ifema Fermín Lucas.

Alle nuove sfide per il sistema fieristico italiano il Comitato Fiere Industria ha dedicato un convegno dal quale sono emerse importanti raccomandazioni (p. 54). Concludono la panoramica un'intervista al nuovo presidente delle Fiere di Parma, Franco Boni, un servizio sulla fiera di Vicenza (p. 61) e un'intervista al direttore di Piacenza Expo, Raul Barbieri.

With *fieramilano* and *fieramilanocity* (p. 20) Europe has an exhibition-congress system, setting the quality, functional and aesthetic standards on an international level. Now it's the turn of Italy to provide a substantial contribution to the Europe's success in the global exhibition market, where the competition from Asian countries is getting more and more vital; moreover, within 2006 in Italy the new Rome exhibition complex will be ready, on the Rome-Fiumicino route.

The signs of recovery from the German exhibitions (the European champions) are encouraging, and point at two guidelines of the biggest turnover growth: the widening of offered services and the organization of one own's exhibitions abroad (see Auma article at p. 38).

Emeca (p. 40) shows its determination to "defend and relaunch European exhibi-

tion centres and the unique wealth of professionalism acquired in many decades of success" and to "promote the quality of exhibition centres, services and trade fairs as the key to the success of Europe in the global exhibition market". Special attention will be paid, says the new elected president

Piergiacomo Ferrari, "to the development of affinities between members in the context of a shared strategy of attack against the non-EU areas."

The French specialized trade fairs (p. 41) are getting more and more international: "today's visitors expect world-class supply, and the internationalization of supply

gives rise to the supply of visitors", internationalization is the major factor in the progress of the French exhibitions.

Our survey of the European exhibitions goes on with NürnbergMesse, the most dynamic one in Germany, which inaugurated a short time ago the new CNN Ost congress centre, and Messe Frankfurt, the greatest German exhibition venue and international leader, recording a very successful first 2005 semester, and announcing a 300 million euros investment in the next five years, so to make the exhibition venue an even more interesting and competitive one.

The presentation of the Hungarian exhibition system (p. 46) and of its main actor Hungexpo will follow, with an interview to the director János Barabá, while (p. 48) Sergey Alexeev, Jsc Lenexpo's general director (St. Petersburg) explains to our readers the characteristics of the Russian exhibition market. Then it's Ukraine's turn, whose exhibition activity is described by the Ukrainian Chamber of Commerce and Industry.

Corrado Peraboni, president of the Ufi European Chapter (p. 50) illustrates the relations between the UE enlargement and the exhibition system. Then we find the Fiera de Madrid (p. 54) and the reasons of its success, described by the Ifema general director Fermín Lucas.

To the new challenges for the Italian exhibition system the Comitato Fiere Industria devoted a congress, from which important recommendations emerged (p. 54). The survey concludes with an interview to the new president of Fiere di Parma, Franco Boni, an article about the fair of Vicenza (p. 61) and an interview to the Piacenza Expo's director, Raul Barbieri.

FIERA MILANO

Fiera Milano volta pagina e cambia il mercato espositivo internazionale. Da settembre il suo nuovo grande e modernissimo quartiere – inaugurato il 31 marzo scorso dal presidente del Consiglio Silvio Berlusconi con una solenne cerimonia gremita di autorità e pubblico – sarà pienamente operativo.

Sono già in programma negli ultimi mesi del 2005: Salone del ciclo, Mipel e Micam (mostre internazionali della calzatura e della pelletteria, che sono contemporanee), Host (salone dell'ospitalità professionale) contemporaneo a Expo Trade e Salone del motociclo. La prima manifestazione che occuperà per intero il nuovo quartiere sarà Macef, nel gennaio 2006. Poi arriveranno tutte le altre mostre milanesi di maggiori dimensioni e di particolare complessità logistica, che vi verranno via via trasferite.

Il decollo del nuovo quartiere, denominato *fieramilano*, non significherà l'abbandono del quartiere espositivo storico, ribattezzato *fieramilanocity*. Di quest'ultimo resteranno infatti in funzione il Centro Congressi (che sarà presto ampliato con 16 nuove sale) e i padiglioni più moderni. Questi spazi continueranno a ospitare le manifestazioni di minori dimensioni o che, per le loro caratteristiche, devono aver luogo in città, come le mostre della moda.

Fiera Milano viene così a disporre di due moderni quartieri collegati l'uno all'altro dalla metropolitana e in grado di soddisfare in modo ottimale le diverse esigenze degli eventi fieristici e dei settori economici rappresentati. Non solo, dunque, una fiera ma un vero e proprio "sistema espositivo", unico al mondo e ai vertici assoluti del mercato internazionale.

In poco più di due anni di lavoro – un vero e proprio record considerando la portata e complessità dell'intervento – e grazie a un investimento di 750 milioni di euro interamente autofinanziato da Fondazione Fiera Milano,

È nato fieramilano, il quartiere espositivo che cambia le regole del gioco

The new exhibition centre which changes the rules of the game: fieramilano

l'innovativo progetto firmato dall'architetto Massimiliano Fuksas è divenuto un complesso espositivo d'avanguardia, che sposa dimensioni da primato con un'eccezionale flessibilità di utilizzo, dotazioni tecnologiche con il benessere dei visitatori, la totale fruibilità degli spazi con il piacere estetico.

Coi suoi 345mila metri quadrati espositivi lordi coperti (a cui vanno aggiunti i 115mila metri quadrati del quartiere cittadino che resteranno in attività e i 60mila metri quadrati all'aperto), otto giganteschi padiglioni praticamente senza colonne, 74 sale riunione di cui 10 in un centro convention, 84 punti di ristorazione, 10 mila parcheggi più 10 mila in progetto, la stazione della metropolitana (e dal 2008 anche delle ferrovie) all'interno del quartiere, la nuova Fiera Milano detta gli standard mondiali del comparto espositivo.

“È davvero con orgoglio – orgoglio di imprenditori fieristici, ma prima ancora di italiani – che accendiamo oggi i motori di questa formidabile macchina espositiva” afferma il presidente di Fiera Milano spa, Michele Perini. “In soli trenta mesi segnati da un impegno davvero totale, su un'immensa area industriale dismessa che era stata occupata per decenni da una raffineria, Fiera Milano ha realizzato un quartiere espositivo di assoluta avanguardia, che detta i nuovi standard qualitativi, funzionali ed estetici del settore a livello internazionale. Un'opera grandiosa destinata a restare negli annali dell'architettura per l'idea originalissima sottesa al progetto e le ardite soluzioni tecniche adottate. Ma è anche un complesso che garantisce agli operatori che lo useranno per lavoro la massima funzionalità e i migliori servizi possibili.

Questa è la nuova Fiera Milano: per noi un eccezionale strumento concorrenziale; per l'economia italiana un prezioso supporto al rilancio della competitività e dello sviluppo.”

“L'avvio del nostro nuovo quartiere è il segno d'una svolta davvero epocale e il coronamento di un processo di profondo rinnovamento” aggiunge l'amministratore delegato di Fiera Milano Spa Piergiacomo Ferrari. “Un processo iniziato nel 2000, quando venne approvato il nuovo statuto dell'Ente Fiera Milano e fu creata Fiera Milano Spa; proseguito col collocamento della Spa in Borsa e la nascita del gruppo Fiera Milano; e approdato ora al centro espositivo più moderno, funzionale e bello che esista. La nuova Fiera Milano è tutto questo. E ancora di più. Il grande *plus* rappresentato dalle eccezionali strutture di cui ora disponiamo viene infatti ulteriormente valorizzato dai servizi d'eccellenza che siamo in grado di offrire ai nostri clienti grazie alle 15 società che fanno capo a Fiera Milano Spa. Ma il nuovo quartiere è solo una tappa – sia pure di fondamentale importanza – di un cammino che non può permettersi soste.

Realizzate le strutture, dobbiamo ora lavorare per metterle

a frutto al meglio. In quest'ottica stiamo portando avanti un'azione a tutto campo, diretta a riorganizzare e potenziare manifestazioni che già abbiamo in portafoglio, aggredire comparti in cui non siamo ancora presenti, portare a Milano mostre importanti che necessitano, per crescere, di spazi, servizi e visibilità internazionale che solo Fiera Milano può loro garantire.

Con riferimento alle iniziative più recenti, mi limiterò a ricordare il ripensamento delle fiere Ict, che stiamo portando avanti con Promotor International nell'ottica di un rilancio di Smau; l'acquisizione della rassegna leader del trasporto industriale-logistico Transpotec; il lancio tra ottobre e novembre 2006, da parte della nostra controllata Expocts, di quattro nuovi saloni. Tre saranno ospitati a fieramilanocity (WellnessExpo, Incentive, Congress & Investment e La Piazza dei Mercanti) mentre il quarto avrà luogo a fieramilano (Shop Project)."

Fiera Milano has turned over a new leaf, so to speak. And while doing so, it has totally changed the rules of the game in the international trade fair market.

From September on, the new, ultra-modern exhibition complex – opened on 31st March by the President of the Council, Silvio Berlusconi, during a solemn ceremony packed with authori-

ties and members of the general public – will be fully operative.

During the last few months of 2005, the following events will be held there: the International Bicycle Exhibition, Mipel and Micam (international exhibitions of footwear and leathersgoods, held at the same time), Host (international exhibition of the hospitality industry) together with Expo Trade and the International Motorcycle Exhibition. The first event to fully occupy the new exhibition centre will be the January 2006 edition of Macef. Then all the other large-scale events featuring particularly complex logistic requirements will gradually be transferred.

The opening of the new complex – called fieramilano – does not mean that the historical exhibition complex, now known as fieramilanocity, will be abandoned. Here, the Congress Centre (which will be soon enlarged with 16 new rooms) and its most modern halls will remain operative. The complex will continue to host smaller exhibitions or events whose characteristics make it important for them to take place in the city, such as fashion shows.

Thus, Fiera Milano has two modern exhibition centres, linked each other by an underground line, that can fully satisfy the various requirements of trade fairs and of various business sectors represented. It is not just an exhibition centre, therefore, but a real "exhibition system", which is unique in the world and at the very top of the international market.

In a little more than two years of work – a veritable record, if considering the scale and complexity of the project – and thanks to a 750 million euros investment, totally self-financed by Fondazione Fiera Milano, the innovative project by the

architect Massimiliano Fuksas has become an avant-garde exhibition complex which combines record-breaking dimensions, exceptional flexibility and excellent technological facilities with comfort, total exploitation of space and attractive architecture.

With its gross covered exhibition area of 345,000 square metres (plus the 115,000 square metres city complex, which will remain operative, and the external 60,000 square metres), eight gigantic halls practically free of pillars, 74 meeting rooms, 10 of which in the congress centre, 84 refreshment points, 10,000 parking spaces plus 10,000 planned, a metro station (and in 2008 a railway station, too) inside the complex, the new Fiera Milano dictates the international standards of the exhibition sector.

"It is with great pride – the pride of exhibition entrepreneurs and the pride of being Italian – that we have launched this formidable exhibition machine", declares the President of Fiera Milano Spa, Michele Perini. "In just thirty months of all-out, non-stop work, on the site of an immense disused industrial site occupied by a refinery for decades and then cleaned up, Fiera Milano has built a totally avant-garde exhibition complex which sets new qualitative, functional and aesthetic standards for the sector at an international level. This work will enter the history books of architecture for the original idea under the project and the daring technical solutions adopted. But the complex also ensures that operators will be able to enjoy an outstanding functionality and the best services. This is the new Fiera Milano: for us, it is an exceptional competitive tool; for the Italian economy, it is an impor-

tant means of rekindling competitiveness and development.

"The launch of our new exhibition complex is a truly epoch-making event, which crowns a far-reaching process of renewal" adds the Managing Director of Fiera Milano Spa, Piergiacomo Ferrari. "The process began in 2000, when the new Ente Fiera Milano articles of association were approved and Fiera Milano Spa was created; it continued with the company being quoted on the Stock Exchange and has led now to the creation of the most modern, functional and beautiful exhibition centre in the world. The new Fiera Milano complex is all this. And much, much more. The great added value of this new, exceptional complex derives from the excellent services that we are able to offer to our customers by the 15 Fiera Milano spa subsidiaries.

But the new exhibition centre is just one step – admittedly a fundamentally important one – in an unstoppable development process. Now we have built the structures, we must work to fully exploit them. In this context, we are already working at 360° in order to reorganise and develop the events that are already in our portfolio, penetrate areas where we are not yet present and attract important exhibitions that required the space, services and international visibility that only Fiera Milano can offer them. As regards the most recent initiatives, I will limit myself to mentioning the ICT trade fairs, that we are reorganising together with Promotor International, with a view to relaunching Smau; the acquisition of a key exhibition in the industrial transport and logistics sector, Transpotec; the launch by our subsidiary, Expocts, of four new trade fairs between October and November 2006. Three of these will be held at fieramilanocity (WellnessExpo, Incentive, Congress & Investment and La Piazza dei Mercanti) while the fourth will take place at fieramilano (Shop Project)".

scheda

Il nuovo centro espositivo di Fiera Milano rappresenta, al momento, il meglio dell'offerta fieristica internazionale.

Padiglioni: sono otto, praticamente privi di colonne e ingombri strutturali. Sei sono su un piano e due su due piani. Quattro padiglioni monoplanari hanno un'altezza interna di 12 metri; i due rimanenti, posti in corrispondenza della porta Est e Ovest, un'altezza di circa 16 metri. I due padiglioni biplanari sono di 12 metri al piano terra e 10 al primo piano. Ogni padiglione è autonomo, in quanto dotato di proprie reception, punti di ristorazione, sale convegno, aree per uffici e può essere suddiviso in due aree espositive (quattro nei padiglioni biplanari), utilizzabili sia contemporaneamente sia separatamente.

Reception: ci sono 13 reception informatizzate. Dieci servono i padiglioni (due per ogni padiglione biplanare e una per ogni monoplanare); le tre restanti si trovano in corrispondenza della Porta Est, della Porta Ovest e della Porta Sud del quartiere.

Tunnel di collegamento: i padiglioni sono collegati da un tunnel in quota che consente ai visitatori di spostarsi dall'uno

Michele Perini, presidente di Fiera Milano Spa, sotto la vela della porta Est del nuovo centro espositivo di Fiera Milano

all'altro al coperto e in ambiente climatizzato.

Dotazioni tecnologiche: i servizi di elettricità, acqua, telefonia/dati e aria compressa sono distribuiti nei padiglioni in modo capillare, grazie a una fitta rete infrastrutturale sotto il pavimento. La sorveglianza a distanza è assicurata da 18 telecamere per padiglione. Ogni stand può contare su un bocchettone ottico (sono state predisposte 30 mila prese a fibra ottica, ciascuna da 100 megabit) e su una linea telefonica. In tutto il quartiere è inoltre possibile fruire di servizi wireless, con punti di accesso Wi-Fi separati dai servizi Umts.

La Vela e il viale centrale: la Vela, spettacolare copertura in vetro e acciaio del viale centrale che collega le due Porte Est e Ovest, si estende per 1,3 km e per 47 mila metri quadrati.

Il viale, lungo il quale sono collocate strutture di servizio, ristoranti e show room, raccorda tra loro i padiglioni e si sviluppa su due livelli: un livello inferiore, riservato agli operatori già registrati diretti ai padiglioni, e un livello superiore accessibile, oltre che agli operatori, al pubblico generico.

Parcheggi e alberghi: i posti auto sono 10.000 (di cui 3000 in due strutture multipiano). In prossimità dei padiglioni 3000 posti auto sono a disposizione degli espositori. 10.000 parcheggi ulteriori saranno realizzati in un secondo tempo, per un totale, a regime, di 20 mila posti auto al servizio del Sistema Fiera Milano. Due alberghi da tre e quattro stelle saranno costruiti in prossimità del Centro servizi.

Elicottero: il tetto di uno dei due parcheggi multipiano è attrezzato a eliporto.

Ristorazione: il quartiere dispone di 20 ristoranti di diversi tipi (self service, free flow, servizio al tavolo), sette aree banqueting, 57 bar (gastronomici e fast food).

Centro servizi: in corrispondenza della Porta Sud, che è anche l'ingresso d'onore, la Vela s'impenna in un pinnacolo di oltre 40 metri, formando una grande cupola che raccoglie al proprio interno il Centro Congressi e il Centro servizi. Al Centro servizi espositori e visitatori trovano una grande e attrezzata sala stampa, guardaroba, ufficio postale, banca, ufficio vigilanza, segreteria linguistica, centro

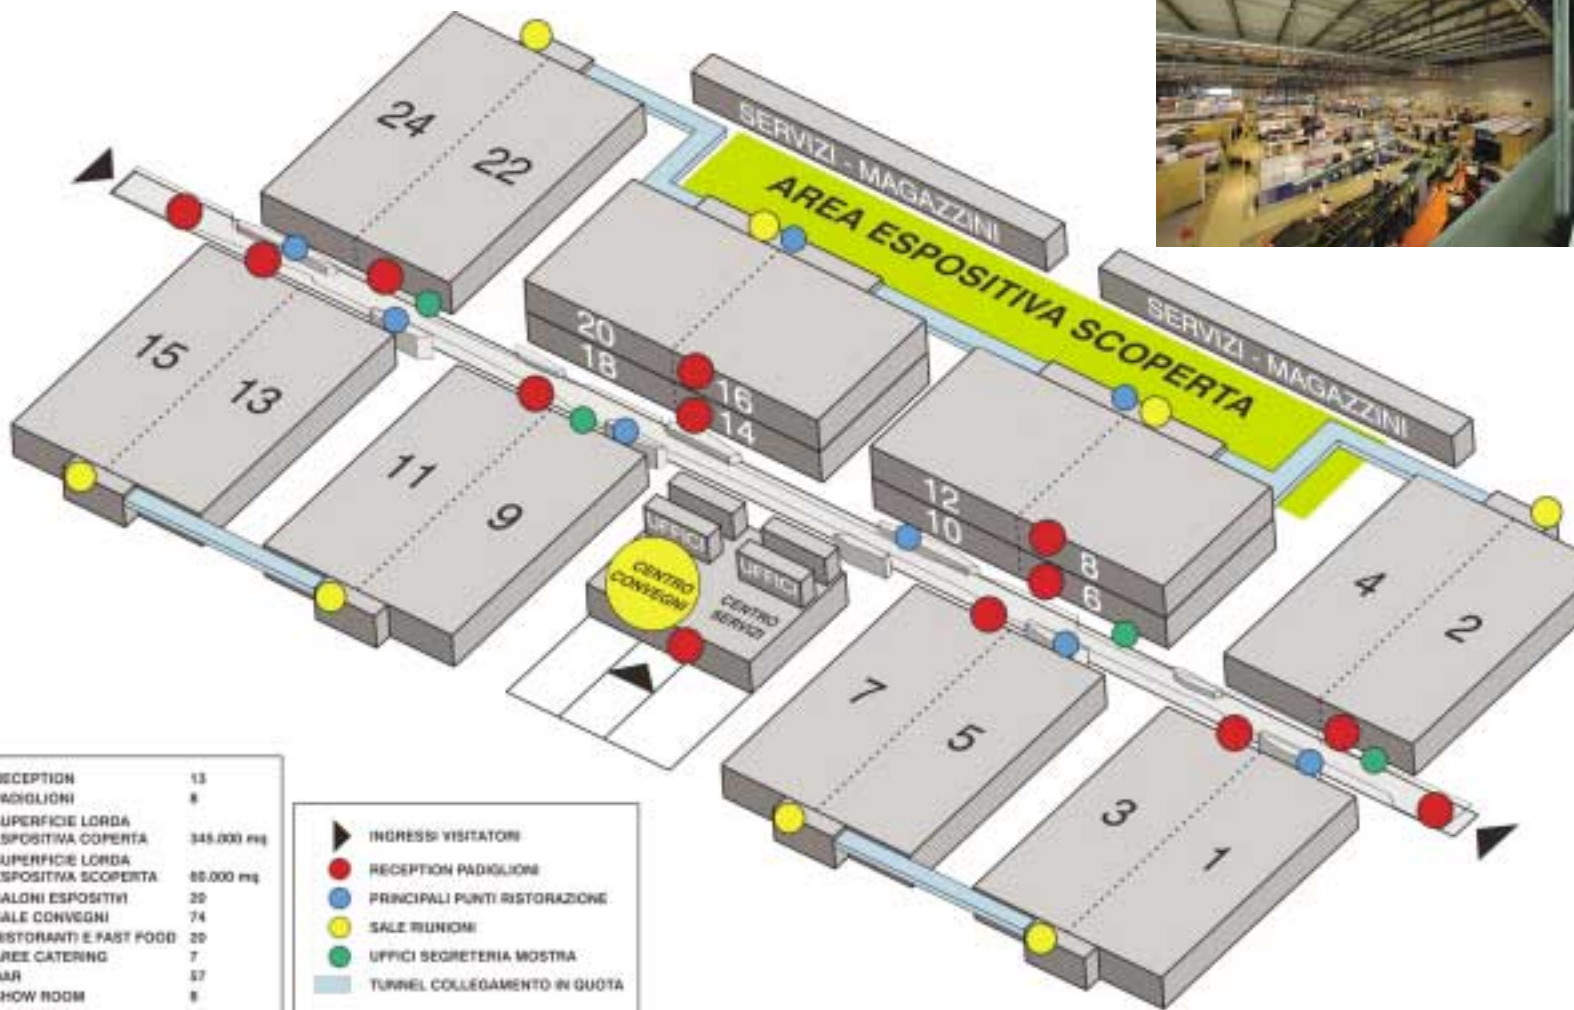

fotocopie/fax, agenzia viaggi, farmacia, attività commerciali.

Centro convegni e sale riunione: nella stessa area del Centro servizi è dislocato il Centro Convegni, con nove sale modulari da 81 a 728 posti e un auditorium per 739 persone. Ci sono poi altre 64 sale riunione distribuite nel quartiere: 30 sono nei sei padiglioni monoplanari, 26 nei due biplanari, otto lungo il viale centrale.

Uffici di mostra: Gli uffici delle segreterie di mostra sono ospitati in quattro edifici di vetro e acciaio disposti lungo il viale centrale.

Show room: Lungo il viale centrale sono collocati otto show room.

The new Fiera Milano exhibition complex is truly the very best that the international exhibition sector can offer at the moment.

Halls: there are eight of them, practically without pillars or other structural interferences. Six have one storey and two have two storeys. Four one-storey halls have an internal height of 12 metres while the remaining two, located next to the East and West gates, are approximately 16 metres high. In both two-storey halls, the ground floor is 12 metres high, while the first floor is 10. The halls are independent as each one has its own reception facilities, refreshment

points, conference rooms, office areas and each one can be divided into two exhibition areas (four in the two-storey halls), which can be used either together or separately.

Reception: there are 13 computerized reception areas: 10 serve the halls (two for each two-storey hall and one for each one-storey hall) while the other three are located at the East, West and South gates of the complex.

Tunnel links: the halls are connected by same-level tunnels to allow visitors to move from one to another in a covered, air-conditioned environment.

Technological facilities: the electricity, water, phone/data and compressed air services are thoroughly distributed throughout the halls thanks to a dense network of infrastructures located under the floors. Remote supervision is provided by 18 video cameras located in each hall. Each stand is fitted with 100 megabit optic fibre sockets (there are about thirty thousand of these) and a phone line. Wireless services are available throughout the complex with Wi-Fi access points separated from Umts services.

The Vault and the central avenue: the "Vault", a spectacular structure in glass and steel covering the central avenue linking the East and West Gates is 1.3 kilometres long and covers an area of 47,000 square metres.

The avenue, along which service structures, restaurants and showrooms are located, links the halls and lies on two levels: the lower level is reserved for registered visitors directed towards the halls, while the upper level can be used by registered visitors and the general public alike.

Parking and hotels: there are 10,000 parking spaces (3,000 of which in two multi-storey car parks). 3,000 parking spaces near the halls are reserved for exhibitors. A further 10,000 parking spaces will become available at a later date, thus bringing the total number of parking spaces for the Fiera Milano System to 20,000. Two hotels, a three-star and a four-star, will be built near the Service Centre.

Helicopter: the roof of one of the two multi-storey car parks will be used as a heliport.

Catering: the complex has 20 restaurants of different types

(self-service, free-flow, waiter service), 7 banqueting areas and 57 bars (slow and fast food).

Service Centre: at the South Gate, which is also the Entrance of Honour, the Vault shoots up to a pinnacle of over 40 metres, forming a great dome covering the Congress Centre and the Service Centre. At the Service Centre, exhibitors and visitors have access to a large and fully equipped press room, cloakroom, post office, bank, security office, language service, copy/fax centre, travel agent, chemist and several shops.

Congress Centre and meeting rooms: near the Service Centre, the Congress Centre contains nine modular rooms holding from 81 to 728 seats and an auditorium for 739 people. There are also other 64 meeting rooms distributed all over the complex: 30 are in the six single-storey halls, 26 in the two two-storey halls and eight along the central avenue.

Exhibition Offices: the exhibition offices are housed in four steel and glass buildings located along the central avenue.

Showrooms: eight showrooms run along the central avenue.

Il sistema fieristico lombardo rappresenta una punta di eccellenza del dinamismo imprenditoriale della Regione e, al contempo, un soggetto significativo del sistema socio-economico, capace di generare un valore che rappresenta lo 0,5 per cento del Pil della Lombardia.

Utilizzo la parola dinamismo imprenditoriale, perché il ruolo fondamentale delle fiere è quello di promuovere l'economia in special modo oggi, in cui i sistemi territoriali sono chiamati a dimostrare tutto il loro impegno e la loro capacità di costruire una strategia di sviluppo stabile, in grado di reggere la concorrenza.

In questo scenario sempre più complesso e competitivo, il sistema espositivo lombardo dimostra una consolidata eccellenza, ponendosi tra i primi al mondo. Si tratta di un sistema all'avanguardia, caratterizzato da spazi espositivi nuovi o rinnovati, da modalità avanzate di gestione, da forti relazioni con il tessuto produttivo locale per il quale è, al tempo stesso, vetrina e punto di contatto con esperienze estere.

Vorrei citare, a questo proposito, alcune cifre che, meglio di altre, rendono ragione del primato della Lombardia nel settore fieristico. Attualmente la nostra regione conta otto quartieri fieristici internazionali, cinque nazionali e nove regionali, oltre a una serie di spazi espositivi non permanenti. In merito all'offerta di manifestazioni fieristiche è la prima regione in Europa sia per ampiezza di gamma sia per tipologia: in Lombardia, infatti, si realizzano quasi 1000 fiere di cui circa 700 riconosciute dalla Regione e 200 di rilevanza non solo locale. Oltre 60 sono, inoltre, le manifestazioni internazionali con un richiamo di espositori e visitatori stranieri di notevole entità.

Il Nuovo Polo di Fiera Milano è oggi uno dei quartieri fieristici più grandi e più belli del mondo e le sue dimensioni, la sua cifra architettonica e la sua potenzialità ne fanno un marchio di sicura attrazione globale.

Formigoni col presidente del consiglio Berlusconi e il card. Tettamanzi alla posa della prima pietra del nuovo polo di Fiera Milano (2002)

L'importanza del sistema fieristico lombardo per lo sviluppo economico

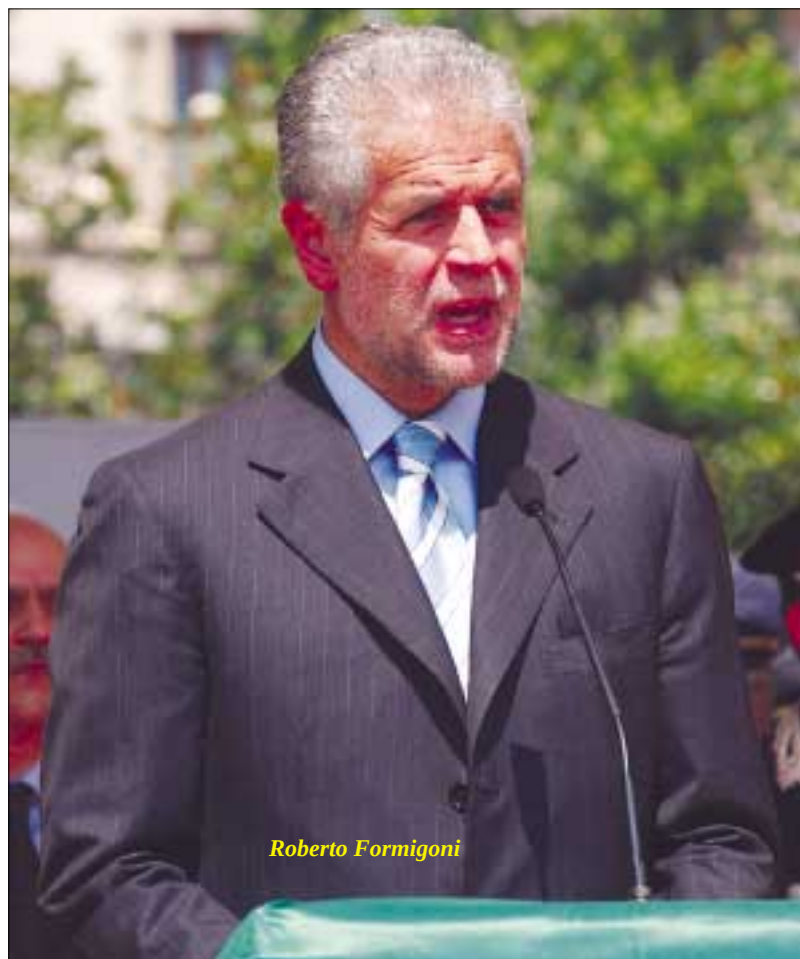

Roberto Formigoni, presidente della Regione Lombardia, illustra ai lettori della GMF il ruolo delle fiere lombarde

Il Governo regionale intende valorizzare pienamente le potenzialità del sistema fieristico nel suo ruolo europeo e mondiale, quale snodo di reti locali e reti globali. Nelle nostre intense relazioni con regioni e paesi dei cinque continenti esso è stato perciò al centro della promozione del modello sociale e produttivo della Lombardia.

Lavoriamo per portare la Lombardia nel mondo e per portare il mondo in Lombardia.

E le fiere sono uno strumento chiave per realizzare questo intento, come volano di valorizzazione di specifiche vocazioni produttive e culturali e come attrazione di flussi turistici ed economici, ma anche di idee e di esperienze.

Avis, il compagno ideale per i vostri viaggi nel mondo

Avis, the ideal companion for your travels in the world

Se si viaggia spesso per fiere, congressi o anche per svago, è bene scegliere un autonoleggio capillare sul territorio

*When you travel very often for exhibitions, meetings
or on holidays, it is a good idea to choose a car rental with a capillary territorial presence*

Avis Italia è del gruppo Avis Europe Plc, una delle compagnie di autonoleggio leader in Europa, Africa, Medio Oriente e Asia, che serve sette milioni di clienti l'anno attraverso una rete di oltre 3000 uffici in 112 paesi.

Avis Italia ha una presenza capillare su tutto il territorio nazionale attraverso 235 uffici dislocati nelle principali città, stazioni ferroviarie, aeroporti e località turistiche, con una ampia flotta costantemente rinnovata. La puntualità, l'elevato standard qualitativo del servizio, la particolare attenzione alle esigenze del cliente e la capacità di offrire soluzioni flessibili rendono Avis la compagnia di noleggio più apprezzata sia per i viaggi d'affari che per i viaggi di piacere.

Avis dedica ai propri clienti soluzioni che si adeguano alle diverse necessità, offerte e servizi dedicati per rendere più agevole, veloce e conveniente il proprio noleggio.

Un esempio è il *Preferred Service*, l'offerta dedicata a chi viaggia spesso, disponibile in oltre 900 uffici nel mondo: consente di azzerare le code e velocizzare maggiormente la pratica di noleggio.

Alla semplice sottoscrizione di un contratto generale di noleggio, ai clienti che ne faranno richiesta sarà assegnata una carta *Avis Preferred*. Il codice *Wizard* che vi compare è personale, consente di accedere da tutti gli uffici Avis del mondo, in tempo reale, al profilo di noleggio del cliente e ai suoi dati e di predisporre tutto per il noleggio: dal contratto alla consegna dell'automobile.

Avis Preferred Service e il sistema palmare *Merlino*, il servizio di riconsegna delle vetture che effettua tutte le operazioni di chiusura e stampa direttamente la

ricevuta per il cliente in soli 90 secondi, sono un innovativo sistema di Avis che risponde alla precisa esigenza del cliente di prestare attenzione al proprio tempo.

In questa direzione Avis ha implementato anche il proprio sito www.avisautonoleggio.it e la modalità di prenotazione online, effettuabile in soli 90 secondi. Sul sito Avis sono disponibili tariffe vantaggiose sia per l'Italia che per l'estero, i servizi aggiuntivi e la possibilità di avere informazioni dettagliate su tutti gli uffici Avis in Italia e nel mondo. Inoltre, sempre sul sito Avis, sono disponibili le tariffe prepagabili che consentono un ulteriore risparmio rispetto alle già vantaggiose tariffe online. Prenotando e prepagando, con almeno 48 ore di anticipo, via web è possibile godere di benefit e tariffe agevolate garantite dal marchio Avis.

Avis si caratterizza inoltre per la realizzazione di soluzioni ad hoc, che rispondono alle esigenze non solo del singolo, ma anche delle aziende, proponendo tariffe particolari e servizi dedicati.

Le aziende infatti possono usufruire di un *Microsite* creato ad hoc, che riporta tutti i termini dei singoli accordi realizzati in modo personalizzato. Grazie al *Microsite*, il cliente può

effettuare le prenotazioni direttamente dalla propria rete intranet aziendale e avere la certezza che la prenotazione venga effettuata secondo i termini dell'accordo.

Avis Italia is a partner of Avis Europe Plc Group and serves seven million customers per year through a network of over 3,000 offices in more than 112 countries.

Avis Italia has a widespread domestic network of 235 offices located in all the major cities, railway stations, airports and holiday resorts with a constantly renovated fleet.

Punctuality, high standard of service, customers' satisfaction and the ability to offer flexible solutions make Avis the rent a car company of choice for both business and leisure travels. Avis finds solutions for all customers through ad-hoc services and programs designed to make car rental service easy, fast and inexpensive.

For example, the program *Expressed Preferred* is available in over 900 offices worldwide and is designed for frequent travellers that speed up the rental procedures. Once signed a *General Rental Contract*, customers can request an *Avis Preferred card*. The personal "wizard" code allows real-time access to a customer's renting

profile so that all Avis offices worldwide can prepare what is needed: from the rental contract to the car delivery site.

The *Avis Preferred Service*, together with the *Merlino Palm System* through which closing and receipt printout transactions are performed in only 90 seconds, are two innovations developed by Avis in line with the need expressed by most customers to optimize their time.

Part of the same policy is also www.avisautonoleggio.it, the Avis website, as well as its on-line 90 second booking transaction. Best rates both in Italy and abroad, add-on services and detailed information on all Avis offices worldwide can easily be accessed through the website as well as pre-payable rates that make rentals even more attractive than the already cheap on-line rates. Special benefits and rates are available if rentals are booked on-line at least 48 hours in advance.

Avis has also a number of tailor-made, ad-hoc solutions, services and rates for both private and business customers.

Business customers can benefit from an ad-hoc *Microsite* especially developed to list all terms and conditions of all customized rentals. Business customers can make bookings directly through their corporate intranet and be sure that terms and conditions are complied with.

Le fiere specializzate internazionali in Germania sono state ampiamente capaci di stabilizzare la loro situazione durante lo scorso anno, e con circa 167.000 espositori hanno quasi toccato il livello del 2001. 2.2 milioni di visitatori sono stati registrati nei 154 eventi, la cifra più alta di sempre (il precedente record era quello del 2001, 2.1 milioni).

Espositori in aumento

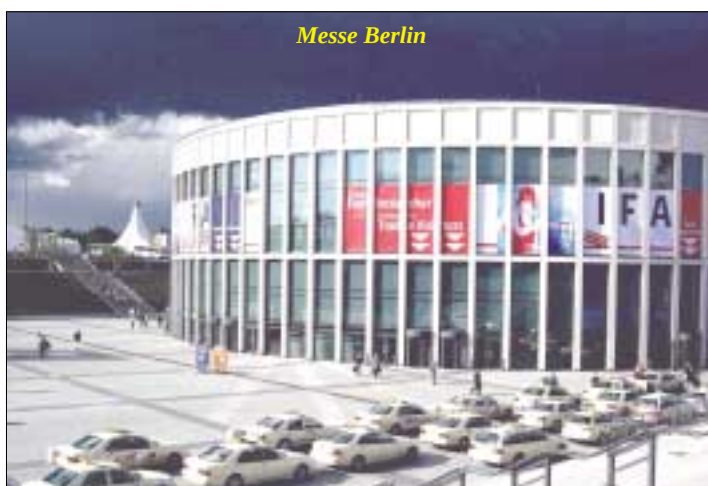

La ripresa del settore fieristico in Germania è continuata nei primi quattro mesi del 2005. Il numero di espositori è stato in media più alto del 2% rispetto agli eventi precedenti; il numero di visitatori è in genere rimasto costante. L'Auma prevede che tale risultato possa mantenersi lungo tutto il 2005: il settore fieristico registrerebbe così una tendenza positiva, per la prima volta dal 2001.

La tendenza si era già manifestata nel 2004. Il numero di espositori alle 154 fiere internazionali era stato inferiore, rispetto al 2003, solo dello 0.7%, mentre nel 2003 c'era stato un calo d'espositori di oltre il 2%.

Mentre il numero di espositori tedeschi è calato ancora del 4%, gli espositori esteri continuano a sostenere l'industria

fieristica tedesca. Il loro numero è aumentato del 2.5%, a un ritmo più elevato rispetto allo scorso anno (+1.8%). La loro quota percentuale è cresciuta fino al nuovo record del 52.8%.

Come era da aspettarsi, il numero di partecipazioni dalle nazioni entrate da poco nella Ue non è cresciuto in maniera significativa come un tempo.

La perdita di visitatori è rallentata sensibilmente: nel 2004 si è registrato un calo solo

dell'1.4%. La modesta ripresa economica dell'anno scorso ha apparentemente aumentato nell'industria e tra i consumatori il bisogno di informazione prima di decidere acquisti.

Le fiere come strumento di export

I costi totali per gli espositori tedeschi sono relativamente bassi, se confrontati con quelli per le aziende in altri paesi, perché essi possono già partire

col loro marketing di esportazione alle fiere internazionali in Germania.

Conseguentemente, circa i due terzi degli espositori esportatori guardano alle fiere in Germania come a un mezzo importante per rafforzare i loro affari all'estero.

Inoltre, numerose Pmi partecipano a fiere estere, anche fuori Europa. Delle 56.000 imprese tedesche attive nelle fiere interne, il 17% è presente anche in fiere estere, quasi 10.000 aziende. Per le imprese che hanno un fatturato inferiore ai 50 milioni di euro, il dato è comunque alto (12%).

In Germania esiste ancora un potenziale in termini di nuovi espositori, anche tra i fondatori di nuove imprese. Una recente inchiesta Tns Emnid commissionata da Auma rivela che circa 10.000 imprese che non hanno mai esposto finora stanno seriamente considerando di partecipare a fiere nei prossimi due anni.

Convertire tale potenziale in espositori reali è una delle sfide decisive per gli organizzatori di fiere e per Auma. Sebbene i costi sulle imprese rimangano alti e la competizione con altri strumenti di marketing sia crescente, ci sono ancora abbastanza argomenti in favore della partecipazione alle fiere. Per esempio, circa i due terzi dei visitatori alle fiere tedesche hanno poteri decisionali. Inoltre, l'internazionalità dei visitatori è aumentata: il 25-30%, in media, viene dall'estero.

Il giro d'affari degli organizzatori di fiere tedeschi è cresciuto ancora significativamente nel 2004: ha raggiunto i 2.5 miliardi di euro, a fronte dei 2.3 dell'anno precedente. D'altra parte, la causa di tutto ciò è stata il volume, considerevolmente più alto, di spazi venduti rispetto al 2003, grazie alla rotazione degli eventi.

Inoltre gli organizzatori stanno costantemente ampliando la gamma dei servizi offerti, nella direzione della prenotazione di viaggio e soggiorno, come pure in quella della realizzazione di stand, e dei servizi di marketing e pubbliche relazioni.

Messe Frankfurt

Per lo sviluppo economico dell'industria fieristica il metro diventa così, sempre più, l'intero pacchetto di partecipazione che l'espositore acquista, e non solo lo spazio venduto.

Inoltre, gli organizzatori tedeschi hanno ancora aumentato i loro affari all'estero. Anche nel futuro, la crescita del fatturato arriverà dai servizi e dall'estero. I presupposti in tal senso sono buoni.

Più di 170 fiere di organizzatori tedeschi all'estero

La gestione di proprie fiere all'estero è diventata un'importante area d'affari per quasi tutti i grandi e medi organizzatori. Nel 2005, i membri Auma intendono gestire 172 fiere specializzate, in ogni continente. Nel 2003 il dato era solo di 125, in altri termini: un aumento del 40% in due anni. La tendenza è in aumento.

Il principale obiettivo degli organizzatori tedeschi è la Cina, con 46 fiere nel 2005, seguita da Russia ed Emirati Arabi Uniti.

The international trade fairs in Germany have largely been able to stabilize their situation in 2004 and with around 167,000 exhibitors again almost matched the result of the year 2001. 2.2 million foreign visitors were registered at the 154 events; more than ever before. The previous maximum figure was the 2.1 million recorded in 2001.

The recovery of the international trade fairs in Germany has continued in the first quarter of 2005. The numbers of exhibitors were on average 2% higher than

at the respective previous events, the numbers of visitors generally remained constant. Auma expects that this result can also be maintained over the whole year 2005. The international trade fairs would thus again record a positive trend for the first time since 2001.

Exhibitors on the rise

This trend had already began to emerge in 2004. The number of exhibitors at the 154 international trade fairs was only 0.7% below the figures for the previous events, in 2003 there had been a decline in exhibitors of more than 2%.

While the number of German exhibitors once again declined by 4%, the foreign exhibitors continued to support the German trade fair business. Their number increased by 2.5% and thus at a stronger rate than in the previous year (+1.8%). Their share of all exhibitors increased slightly once again to a new record figure of 52.8%.

Almost as was to be expected, the number of participations from the new Eu countries has not increased significantly once again. Most companies from Eastern Central Europe had already considerably increased their activities at German trade fairs several years ago. Irrespective of this, however, thanks to their above-average growth, the new Eu countries will continue to be a permanent source of growth for the German trade fair industry.

The decline in the numbers of visitors has slowed down considerably. In 2004 numbers

only declined by 1.4%. The slight economic recovery last year has apparently increased the need for information prior to the purchasing decisions of industry and consumers.

Trade fairs as a central export instrument

The total trade fair costs of German exhibitors are relatively low in comparison with companies in other countries because they can already start with their export marketing at international trade fairs in Germany.

Accordingly, about two-thirds of the exporting exhibitors regarded trade fairs in Germany as very important or important for strengthening their foreign business.

In addition, numerous small and medium-sized companies also participate at foreign trade fairs, even outside Europe. Of the 56,000 German companies which are active at domestic trade fairs, 17% are also represented at trade fairs overseas, in other words, around 10,000 companies. For companies with sales of less than 50 million euro, the figure is still as high as 12%.

Within Germany, potential in terms of new exhibitors still exists, even above and beyond the founders of new businesses. A recent survey by Tns Emnid on behalf of Auma has revealed that about 10,000 companies which have not exhibited up to now are seriously considering participation at a trade fair within the next two years.

Converting this potential into real exhibitors is one of the decisive challenges for the trade fair organizers and Auma. Although the cost pressure on companies remains high, and competition from other marketing instruments is increasing, there are still enough arguments in favour of the benefits of trade fair participation. For example, about two-thirds of all visitors at German trade fairs are decision-makers. Incidentally, the internationality of the trade visitors has increased: in the meantime, 25 to 30% come from abroad on average.

Hermann Kresse, Auma's Ceo

The turnover of the trade fair organizers located in Germany increased significantly once again in 2004; it reached € 2.5 billion, compared to a figure of just over € 2.3 billion in the previous year. On the one hand, the reason for this was the considerably higher volume of rented space compared to 2003, due to the rotation of events.

Furthermore, the trade fair companies are constantly extending their ranges of services, also in the direction of travel and hotel bookings, as well as services such as stand construction, marketing and PR support. The yardstick for the financial development of the trade fair industry thus increasingly becomes the entire participation package which the exhibitor buys and not only the space rented. In addition, the German organizers have again expanded their foreign business. In future too, turnover growth of the trade fair organizers will largely come from the service and foreign business. The prerequisites for it are extremely good.

More than 170 trade fairs of German organizers abroad

Thus the conduct of own foreign trade fairs has become an important area of business for almost all the large and medium-sized organizers. In 2005, the members of Auma want to conduct 172 trade fairs on all continents. By comparison: in 2003 the figure was only 125, in other words, an increase of 40% within two years. The trend continues to rise.

The main target of the German organizers is China with 46 trade fairs in 2005, followed by Russia and the United Arab Emirates.

He is Piergiacomo Ferrari, managing director of Fiera Milano. For the next three years

Michael Von Zitzewitz (a sinistra) e Piergiacomo Ferrari

Emeca, l'Associazione dei maggiori quartieri espositivi europei, avrà per il prossimo triennio un presidente italiano. Si tratta di Piergiacomo Ferrari, amministratore delegato di Fiera Milano Spa, nominato al prestigioso incarico dall'assemblea generale dell'Associazione il 26 maggio scorso. Ferrari subentra a Michael von Zitzewitz, amministratore delegato della Fiera di Francoforte.

"Sono onorato dalla fiducia che Emeca ha voluto manifestarmi" ha detto Ferrari. "La considero non solo un graditissimo riconoscimento professionale per la mia persona ma anche per il ruolo di primissimo piano conquistato nel contesto internazionale da Fiera Milano col suo nuovo, grande quartiere espositivo.

Assumo la guida di Emeca in un momento difficile, in cui il nostro settore è stretto tra il ristagno delle economie europee e l'aggressiva concorrenza dei Paesi asiatici. Per questo il mio impegno sarà ancora più determinato. Dobbiamo difendere e rilanciare le fiere europee e l'ineguagliabile patrimonio di professionalità accumulato in tanti decenni di successi, nella consapevolezza del ruolo insostituibile che rivestiamo per le imprese. In questo senso, intendo rafforzare i rap-

porti del settore con l'Ue, avviare un'analisi sistematica di temi di comune interesse in campo tecnico, finanziario e commerciale, per valorizzare i nostri punti di forza e superare le nostre debolezze; promuovere la qualità di quartieri, servizi e saloni come la chiave del successo dell'Europa nel mercato fieristico globale. Dedicherò particolare attenzione allo sviluppo di sinergie tra gli associati, nell'ottica di una strategia d'attacco comune verso le aree extra-Ue."

Piergiacomo Ferrari è stato confermato amministratore delegato di Fiera Milano Spa nell'ottobre 2003. In precedenza era stato commissario straordinario dell'allora Ente Fiera Milano, vice presidente vicario di Fiera Milano Spa e presidente e amministratore delegato di Fiera Milano International. Nelle diverse funzioni ricoperte ai vertici della società dal 1999, Ferrari ha collaborato alla ridefinizione dell'assetto di Fiera Milano, alla nascita della Spa e al suo collocamento in Borsa nel 2002.

Ferrari, nato a Lodi nel 1936, si è laureato in Giurisprudenza all'Università degli Studi di Milano, con diploma post universitario in organizzazione aziendale conseguito a Torino. Ha esordito negli anni '60 come dirigente e

amministratore nella gestione del personale, nei settori legale e finanziario e nell'area strategie di impresa, in aziende industriali e commerciali di medie dimensioni in Lombardia, Emilia, Liguria e Lazio. È stato consulente strategico e direttore generale di Federlegno-Arredo, aderente a Confindustria, e amministratore delegato della sua società per i servizi e le fiere, che organizza manifestazioni settoriali.

Ferrari è anche, dal dicembre 2001, presidente di Aefi (Associazione Esposizioni e Fiere Italiane).

Emeca, the association representing the leading European exhibition centres, will have an Italian president for the next three years. His name is Piergiacomo Ferrari, the managing director of Fiera Milano Spa, and he was appointed to this prestigious position during the association's general meeting held on 26th May. Ferrari takes over from Michael von Zitzewitz, the managing director of the Frankfurt Exhibition Centre.

"I am truly honoured by the trust that Emeca has placed in me" says Ferrari. "I consider it not only as a much-appreciated personal recognition but also as recognition of the leading role played by Fiera Milano in the international context with its large new exhibition complex.

I am taking over the helm of Emeca in a difficult moment in which our sector is caught between the stagnation of the European economies and the aggressive competition of Asian countries. For this reason, my commitment will be all the more determined. Fully aware of the vital role we

play for companies, we must defend and relaunch European exhibition centres and the unique wealth of professionalism acquired in many decades of success. In this sense, I intend to strengthen relations between the sector and the EU, implement a systematic analysis of issues of shared interest in the technical, financial and commercial field with a view to valorizing our strengths and overcoming our weaknesses. I also plan to promote the quality of exhibition centres, services and trade fairs as the key to the success of Europe in the global exhibition market. I will pay special attention to the development of affinities between members in the context of a shared strategy of attack against the non-EU areas".

Piergiacomo Ferrari was appointed managing director of Fiera Milano Spa in October, 2003. He previously acted as extraordinary commissioner of the former Ente Fiera Milano, acting vice president of Fiera Milano Spa and president and managing director of Fiera Milano International. In the various roles he has played at the top of the company since 1999, Ferrari has helped to redefine the structure of Fiera Milano, set up the joint-stock company and have it quoted on the stock exchange in 2002.

Ferrari was born in Lodi in 1936 and graduated in Law at Milan University. He obtained a post-graduate diploma in company organization in Turin. In the 60s, he made his debut as director and manager in the human resources, legal and financial, and corporate strategies areas of medium-size industrial and commercial companies in Lombardia, Emilia, Liguria and Lazio. He has also worked as strategic consultant and general manager of Federlegno-Arredo, an association belonging to Confindustria, and as managing director of his own service company which organizes sectorial trade fairs.

In December 2001, Ferrari was appointed President of Aefi (Association of Italian Exhibitions and Trade Fairs).

Da alcuni mesi provengono buone notizie dai saloni specializzati internazionali francesi. Sono stati constatati notevoli progressi, soprattutto per quanto riguarda la partecipazione internazionale: il 9,7% di visitatori stranieri in più per Interfilière Paris, 17% per Maison&Objet, 20,6% per Pollutec, 6% per il Sial, 6,8% per il Silmo, 9% per il Sima.

Per conoscere le ragioni di tali successi, *Bonjour tout le monde* (organo di Promosalons – Comitato per la Promozione dei Saloni Internazionali Francesi all'Estero) ha svolto una ricerca.

Gli organizzatori sono concordi: per ottenere risultati bisogna dotarsi di mezzi e mettere a punto vere e proprie strategie. Sottolineano che la loro collaborazione con Promosalons fa parte integrante dei loro piani d'azione.

Così, per Interfilière e Lingerie Paris, Eurovet si è prefissata quattro obiettivi principali, che sono stati pienamente raggiunti: capitalizzare sui paesi top ten (che hanno registrato un aumento del 12%), dinamizzare il Medio Oriente e i paesi scandinavi (la crescita in queste zone è stata superiore al 15%) così come la Russia (cifre raddoppiate).

Bisogna incessantemente essere a caccia delle potenzialità che si sviluppano via via. L'allargamento dell'Ue creerà nuove opportunità.

Maison&Objet ne ha già raccolto i frutti, registrando da gennaio 2005 forti progressioni del numero di visitatori dall'Europa dell'Est (Ungheria: +64%, Polonia: +137%). Il Sima (Salone della Meccanizzazione Agricola) si interessa a questi paesi, le cui agricolture e allevatori ben presto sottoposti alle stesse regole dei loro concorrenti europei, avranno bisogno di scambi e di idee. L'Asia è anch'essa in pieno sviluppo: nel 2004, il Sial ha ospitato molti nuovi espositori da questo continente.

Altro fattore di successo: l'osservazione del mercato e la presentazione di un'offerta ade-

I saloni francesi sempre più internazionali

French exhibitions more and more international

guata. Maison&Objet ha optato per un posizionamento di media/alta gamma, che garantisce ai compratori una selezione di qualità. Inoltre i visitatori oggi esigono un'offerta mondiale e l'internazionalizzazione dell'offerta genera quella dei visitatori. Con l'appoggio di Promosalons, il Sima ha ospitato per la prima volta, nel 2005, un padiglione russo di 1000 m², che ha generato l'arrivo di numerosi visitatori provenienti da quel paese.

Un salone deve anche essere un luogo dove si concludono affari e in cui vengono presentate le ultime novità. Nel corso del Silmo (Salone dell'Ottica) vengono lanciati numerosi prodotti, il che attrae molti compratori.

Infine, l'immagine di un salone è determinante. In alcuni settori, come la moda e l'arredamento, svolgersi a Parigi è un plus e gli stranieri sono spesso amanti dell'arte di vivere alla francese. Il successo della collettiva *Paris, capitale de la création*, ne è la testimonianza.

L'internazionalizzazione è il fattore principale di progressione dei saloni. Nel 2004, il numero totale di visitatori dei saloni specializzati era stabile, mentre il numero dei visitatori internazionali progrediva del 5,41%. Al contempo, il numero di espositori era stabile, mentre il numero di espositori internazionali aumentava del 3,34%. Le percentuali di aumento dei saloni leader sono ampiamente superiori alla media.

For several months, good news have been spreading about the French international professional fairs. Good progress has been registered especially with regard to international participation; there were 9.7% more foreign visitors at Interfilière Paris, 17% at Maison&Objet, 20.6% at Pollutec, 6% at Sial, 6.8% at Silmo and 9% at Sima.

Bonjour tout le monde (Promosalons houseorgan – Committee for the Promotion of French International Fairs abroad) led a survey to understand the reasons for this success.

The organizers are in general agreement that, in order to achieve good results, it is necessary to provide the means and to put veritable strategies into action. They emphasize that their collaboration with Promosalons is an integral part of their action plans. Indeed, for Interfilière and Lingerie Paris, Eurovet set four major objectives which were fully achieved: to capitalise on the top ten countries (which registered a 12% increase) and to make the Middle-East and Scandinavia dynamic (growth in these zones was over 15%) as well as Russia (where the figures have doubled).

It is necessary to be continually on the watch for developing potentials. The enlargement of the European Union will create new opportunities. Maison&Objet has already harvested the fruits of this, having registered a strong progression in Eastern European

visitors since January 2005 (Hungary +64%, Poland +137%). Sima (International Exhibition of Agricultural Equipment and Farming) is very interested in these countries whose farmers and breeders, who are soon to be subject to the same regulations as their European counterparts, will be in need of exchanges and ideas. Asia is also growing rapidly and in 2004 Sial welcomed many new exhibitors from this continent.

There is another success factor: watching the market and making adapted offerings. Maison&Objet has opted for a medium to top end of the range positioning, which ensures that buyers have a quality selection. In addition, today's visitors expect world-class supply, and the internationalisation of supply gives rise to the supply of visitors. With the support of Promosalons, Sima had a 1000 m² Russian pavilion for the first time in 2005 and this incited the arrival of countless Russian visitors.

A fair also needs to be a place in which business can be done and at which the latest innovations may be presented. Countless product launches took place during Silmo (Int. Exhibition of Optics and Spectacles), thus attracting many buyers.

Lastly, fair image is decisive. In some sectors such as fashion and decoration, holding the event in Paris is a plus and foreigners often find the French style and art of living pleasant. The success of Collective Paris, the creation capital, is an example of this.

Internationalization is the major factor in the progress of fairs. In 2004 the total number of visitors to professional fairs was stable, whereas international visitors increased by 5.41%. Likewise, the number of exhibitors remained stable although the number of international visitors rose by 3.34%. The rates of progression of the leading fairs are considerably higher than the average.

NürnbergMesse ha un nuovo centro congressi -- NürnbergMesse has a new conference center

Intervista con Bernd A. Diederichs, amministratore delegato della NürnbergMesse
Interview with Bernd A. Diederichs, managing director of NürnbergMesse

Bernd A. Diederichs

Signor Diederichs, Lei ha appena inaugurato un nuovo centro congressi. Il CCN Ost è davvero il più moderno o è soltanto il più giovane dei centri congressuali?

Certo, il CCN Ost è il centro congressi di più recente costruzione, ma non solo: grazie a un'architettura unica nel suo genere e ai sofisticati elementi tecnici che abbiamo fatto installare, è con certezza anche il più moderno. Un vantaggio che manterremo fino all'apertura del prossimo centro congressuale. In considerazione di un periodo d'utilizzo previsto di almeno tre decenni, si tratterà di aggiornare regolarmente gli impianti.

Architettonicamente parlando, invece, l'edificio realizzato è generoso negli spazi e ha un carattere che non teme il tempo. Ciò rimane.

A quale target si rivolge col nuovo edificio?

Con la sua architettura innovativa e versatile, il CCN Ost si presta in modo ideale anche alla presentazione di prodotti o aziende. In fondo l'edificio altro non è che una sorta di involucro, uno scenario al servizio del prodotto da presentare. Bmw e Adidas lo hanno dimostrato già prima dell'inaugurazione ufficiale: quando sono

entrato nel CCN Ost durante il *Global Marketing Meeting* della Adidas avevo veramente la sensazione di trovarmi in un negozio del marchio. E la situazione nel caso della Bmw era simile. Possiamo paragonarlo a un camaleonte: assume i colori del marchio che ospita.

Le prime richieste sono già arrivate?

Per quest'anno abbiamo portato a Norimberga tutta una serie di nuove fiere: la Isgatec da Stoccarda e la Crm Expo da Colonia. Nuova è anche la Fabform del britannico Mac Brooks. L'anno prossimo si aggiungerà la Meascomp, proveniente da Wiesbaden. Il CCN non sarà certo l'unica ragione di questo successo nelle acquisizioni, ma vi ha contribuito.

Il CCN Ost è parte di un piano di investimento più ambizioso del volume di 300 milioni di euro. Quali sono gli altri investimenti previsti?

250 milioni di euro sono già stati investiti negli ultimi cinque anni, quindi sempre circa la metà del nostro fatturato. Il CCN Ost è stato il più grande investimento unico. Abbiamo in programma un altro padiglione espositivo, il 4A, con una superficie di circa 8000 m² che ci consentirebbero

di raggiungere i 160.000 m² complessivi: dimensioni ottimali per le nostre manifestazioni.

Quali sono le fiere che hanno bisogno di ulteriori spazi?

In primo luogo la *Spiel-waremesse*, la fiera del giocattolo, che si vedeva costretta ad allestire tendoni per una parte degli espositori. In particolare gli espositori asiatici, che per anni se ne erano accontentati, chiedono ora con insistenza un miglioramento della situazione. Poi abbiamo il tandem fieristico composto da *fensterbau/frontale* e *Holz-Handwerk* il cui potenziale di crescita non è ancora esaurito.

Allo stesso tempo il settore lamenta un'eccedenza di spazi espositivi...

Noi siamo del parere che una superficie di nuova costruzione debba essere utilizzata almeno sei volte all'anno. In aggiunta a quelle già esistenti, naturalmente. Un presupposto che per il padiglione 4A saremmo in grado di soddisfare. A titolo di paragone: il fattore di impiego delle superfici dell'intero quartiere fieristico raggiunge ai massimi livelli quota 15, il che equivale a un 50% in più rispetto alla media tedesca.

Nel 2004 la NürnbergMesse è riuscita a crescere per superficie e fatturato, invece in fatto di espositori e visitatori ha registrato un calo. Come si spiega questa divergenza?

Nel nostro caso bisogna tener presente i turni fieristici a rotazione, gli anni pari andrebbero paragonati con gli anni pari e quelli dispari con gli anni dispari. Detto questo, posso affermare che i nostri dati sono stabili. Per quanto riguarda il sensibile aumento del nostro fatturato: con l'area congressuale, la nostra affiliata Nürnberg Global Fairs e il MesseService, il nostro reparto

servizi fieristici, negli scorsi anni abbiamo sviluppato nuovi generatori di crescita e di fatturato. Sono questi i comparti che – al di là delle attività aziendali tradizionali come le manifestazioni organizzate da noi e quelle ospitate – portano fatturati e copertura dei costi. Tant'è vero che, ormai, coi soli servizi fieristici realizziamo oltre 14 milioni di euro.

Complessivamente parlando, a Norimberga stiamo vivendo un momento di forte crescita. Negli ultimi dieci anni abbiamo quasi triplicato il fatturato. Entro il 2010 contiamo di raggiungere circa 150 milioni di euro.

E come volete riuscirci, al cospetto di mercati stagnanti?

La nostra crescita attinge sostanzialmente a quattro fonti: sviluppiamo continuamente le fiere già esistenti, concepiamo nuove fiere, acquistiamo fiere in toto e acquistiamo manifestazioni provenienti da altre piazze fieristiche.

Quali sono i modelli richiesti sui mercati internazionali?

All business is local. Un dato di fatto che constatiamo soprattutto nei mercati fieristici in forte sviluppo come la Cina, la Russia, l'India o i paesi del Golfo Arabo. Ecco perché sono convinto che le cosiddette fiere leader si trovino davanti a una scissione. Nel futuro ci sarà una fiera leader in America, una in Europa e una in Asia.

D'altronde, la maggioranza dei cosiddetti saloni pilota mondiali che si tengono in Germania in sostanza altro non sono che fiere europee: più dell'80% degli espositori e ben oltre il 90% dei visitatori di queste fiere provengono dall'Europa. Per questo motivo tutti i grandi enti fieristici tedeschi stanno lavorando a modelli di fiere studiati su misura per quei mercati. Ovviamente anche noi.

E avete successo?

La Nürnberg Global Fairs si è costruita un portafoglio di oltre 14 manifestazioni organizzate da noi e più di 20 manifestazioni per conto terzi, realizzando così un fatturato di circa 4 milioni di euro. Ciò nonostante, va detto che l'organizzazione di nuove fiere all'estero è dispendiosa e non di rado presenta difficoltà. Ma la specializzazione ci offre anche un'opportunità: il know-how e i contatti di cui disponiamo sono ottimi presupposti per piazzare i nostri marchi a livello internazionale.

Per esempio?

Oggi come oggi il miglior esempio è il BioFach, con le sue succursali nelle due Americhe, in Giappone e prossimamente anche in Cina. In questo senso il nostro modello *BioFach globally present* ha fatto centro. A Pechino si sta svolgendo la première di una succursale locale del nostro GaLaBau. Logico: la Cina vuole rinverdire le sue città prima delle Olimpiadi e dell'Expo. La più grande delle sette manifestazioni che organizziamo in Cina è il China International Pet Show. Un settore coperto a Norimberga dalla Interzoo.

Altre regioni di interesse?

Oltre alla penisola araba, dove per il momento abbiamo due fiere a rappresentarci nel Bahrein, nel futuro intendiamo far leva soprattutto sul mercato russo. Lì abbiamo appena aperto una nuova rappresentanza che non solo dovrebbe acquisire espositori e visitatori per Norimberga, ma anche progettare, in cooperazione con Nürnberg Global Fairs, delle manifestazioni in Russia. Abbiamo già maturato delle esperienze con la *fensterbau/frontale* Russia, ma questo è soltanto l'inizio.

Mr. Diederichs, you have just opened a new congress centre. Is the CCN Ost really the most modern or only the newest congress centre?

It is certainly also the newest, but its unique architecture and the technical features we have incorporated means it is definitely the most modern at present. We will keep this lead until the next congress

centre is opened. With a lifetime of 30 years or more, the technical equipment will certainly have to be updated to the latest state of the art every few years, but the spacious architecture we have realized here is timeless. This will remain.

Which target group is the new building aimed at?

The innovative and individually adaptable architecture also makes the CCN Ost outstanding for product and company presentations. The building is ultimately an enclosure at the service of the product to be presented. Bmw and Adidas have already shown how before the official opening. When I entered the CCN Ost during the Adidas Global Marketing Meeting, I really felt I was standing in a flagship store for the brand. It was similar at the Bmw presentation. The CCN Ost is comparable with a chameleon: it adapts to suit the brand.

Do you already have potential users?

We have already attracted a whole series of new exhibitions to Nürnberg for this year: Isgatec from Stuttgart and the Crm Expo from Cologne. FabForm from the British exhibition organizer Mac Brooks is also new. These will be joined by Meascomp from Wiesbaden next year. The CCN Ost is certainly not the only reason for these successful acquisitions, but it plays a part.

The CCN Ost is part of a larger investment plan costing 300 million euros. What other investments are in the pipeline?

250 million euros have already been invested in the past five years, i. e. always around half of our turnover. The CCN Ost is the largest single item of these investments. Another exhibition hall is still on the agenda, hall 4A with some 8,000 m² of display space. Our total hall display area will then be 160,000 m², an optimum size for our events.

Which exhibitions need the extra space?

Primarily the International Toy Fair, which until now has had to erect tents for some of its exhibitors. Particularly the Asians, who have accepted this for a long

time, are now persistently demanding an improvement of this situation. Then we have the *fensterbau/frontale* and *Holz-Handwerk* combination, which still has growth potential.

The exhibition industry is meanwhile complaining about excessive hall capacities...

We think a newly built space must be used at least six times a year – for additional purposes. This would be the case for 4A in the long term. By comparison, the peak turnover ratio of the whole site is 15, which is 50 per cent above the average in Germany.

You increased space and turnover in 2004, but had to mark time in terms of exhibitors and visitors. How does this fit together?

Because of different exhibition cycles, even years tend to be comparable with even years and likewise for odd years. On this basis, our key exhibition figures are stable. As far as our appreciable rise in turnover is concerned, we have developed new sources of growth and turnover in the past years with the congress segment, our international subsidiary Nürnberg Global Fairs and our Exhibition Services department. These provide turnover and contribution margins in addition to the classic business segments of our own events and guest events. For example, we meanwhile produce over 14 million euros with exhibition services alone. Overall, there is a steep rise in business in Nürnberg. We have almost trebled our turnover in the last ten years. We plan to achieve more growth to around 150 million euros by 2010.

How will you do this in stagnating markets?

Our growth comes from four sources: We continuously develop our existing exhibitions, design new exhibitions, buy exhibitions and acquire exhibitions that move to Nürnberg from other places.

What concepts are popular in international markets?

All business is local. We particularly notice this in strongly developing exhibition markets like China, Russia, India or the Arabian Gulf. I am therefore convinced that the

so-called world-leading exhibitions are about to be broken down. In future there will be one leading exhibition in America, one in Europe and one in Asia. Most of the world-leading exhibitions in Germany are in any case essentially European exhibitions: over 80 per cent of the exhibitors and well over 90 per cent of the visitors at these exhibitions come from Europe. All the large German exhibition companies are therefore working on exhibition concepts in these markets – as we are.

Successfully?

Nürnberg Global Fairs has meanwhile built up an event portfolio of over 14 own events and over 20 organization contracts, from which it produces a turnover of around 4 million euros. New exhibitions abroad are nevertheless associated with great expense and often with difficulties, too. However, the specialization also offers us an opportunity, as our know-how and contacts give us the best conditions for placing our brands on an international basis.

For example?

The best example at the moment is BioFach with its offshoots in North and South America, Japan and in future China as well. Our marketing concept "*BioFach globally present*" is absolutely right. The première of an offshoot of our GaLaBau is currently running in Peking; after all, China wants to make its cities greener before the Olympic Games and the World Exposition. The largest of our seven events we organize in China is the China International Pet Show. This theme is covered in Nürnberg by Interzoo.

Other interesting regions?

Apart from the Arab peninsula, where we are currently represented with two exhibitions in Bahrain, we mainly want to develop the Russian market in future. Here we have just opened a new agency, which will not only acquire exhibitors and visitors for Nürnberg, but also develop events in Russia together with Nürnberg Global Fairs. We have already gathered experience with *fensterbau/frontale* Russia, but this is just the beginning.

Messe Frankfurt, uno degli enti fieristici leader internazionali, organizza ogni anno oltre 100 fiere in tutto il mondo ed è un attore globale del panorama fieristico. Il suo successo è da ricondurre alla grande offerta di fiere leader per i vari settori, al suo moderno quartiere fieristico situato nel cuore d'Europa (il terzo più grande del mondo) e a una vasta rete di rappresentanze estere in oltre 150 paesi. Dal 1999 Messe Frankfurt ha una filiale in Italia.

Lo scorso anno il Gruppo Messe Frankfurt, insieme alle sue filiali tedesche ed estere, ha organizzato nel mondo 109 fiere ed esposizioni, 237 congressi, convegni e altri eventi che hanno visto la partecipazione di oltre 57.700 espositori e di circa 2,9 milioni di visitatori (2003: 112 fiere, 195 congressi e convegni con oltre 58.500 espositori e circa 3,9 milioni di visitatori).

Con 59 fiere proprie (2003: 60 fiere), di cui ben undici nuove manifestazioni, nel 2004 si sono svolte più fiere all'estero che in Germania.

Geograficamente parlando il centro delle attività estere è stata l'Asia, dove si sono svolte 33 fiere, soprattutto in Cina. Le

manifestazioni estere hanno visto la partecipazione di 15.500 aziende espositrici – pari al 16 per cento in più rispetto all'anno precedente – nonché di 750.000 visitatori, circa l'un per cento in meno rispetto al 2003. Un evento particolarmente importante è stato il X *Vertice mondiale sul*

clima organizzato dalla filiale argentina Indexport Messe Frankfurt S.A.

Nella stessa Francoforte si sono svolte 41 fiere (2003: 41 fiere), i visitatori sono stati 973.000, il 18 per cento in più rispetto al 2003. La superficie espositiva affittata è stata complessivamente di circa 1,1 milioni di m². Il livello di internazionalità degli espositori, un dato che contraddistingue le fiere leader di Francoforte, ha battuto un nuovo record salendo a quota 68 per cento (2003: 65 per cento). Raggiunge il 35 per cento (2003: 31 per cento) anche la presenza di visitatori dall'estero, arrivata al suo livello finora più alto.

Anche il primo semestre fieristico 2005 è iniziato con un enorme successo. Un maggior numero di visitatori tedeschi e aumenti a due cifre, sia in termini di espositori che di visitatori, hanno fatto crescere il grado di soddisfazione. Per i prossimi anni Messe Frankfurt prevede innanzitutto di potenziare ulteriormente l'attività internazionale, preferibilmente dove i mercati hanno una dina-

mica economica relativamente alta. Un altro obiettivo è quello di rafforzare il polo fieristico di Francoforte. Nei prossimi cinque anni verranno investiti circa 300 milioni di euro per rendere il quartiere fieristico ancora più interessante e competitivo.

As one of the world's leading trade fair companies, Messe Frankfurt organizes more than 100 fairs worldwide each year, making it a global player in the exhibition industry. This success is founded on a strong portfolio of top events, modern exhibition grounds at the heart of Europe (the third-largest in the world), and an international network of representative offices in more than 150 countries around the globe. Messe Frankfurt has maintained a subsidiary in Italy since 1999.

Together with its German and foreign subsidiaries, the Messe Frankfurt Group staged 109 fairs and exhibitions as well as 237 conferences, meetings and events worldwide in 2004, with more than 57,700 exhibitors and nearly 2.9 mil-

visitors (18 percent more than 2003). Some 1.1 million square metres were leased. The already strong share of exhibitors from outside Germany, a hallmark of Messe Frankfurt's flagship fairs, achieved a record high of 68 percent (2003: 65 percent). The proportion of foreign visitors also reached a new record of 35 percent (2003: 31 percent).

The first six months of the 2005 exhibition season have

lion visitors (2003: 112 fairs, 195 conferences/meetings with more than 58,500 exhibitors and some 3.9 million visitors).

With 59 Messe Frankfurt fairs at foreign locations (2003: 60 fairs), including eleven new events, the company organised more fairs abroad in 2004 than in Germany.

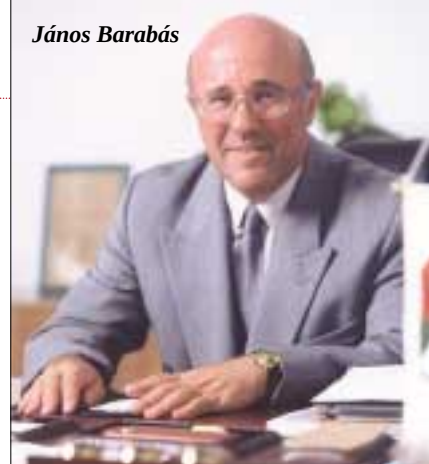

In geographical terms, the focus was on Asia with 33 fairs, primarily in China. Some 15,500 companies, 16 percent more than in 2003, and 750,000 visitors, just over one percent less than in the previous year, participated in the fairs outside Germany.

One of the major highlights was the organization of the 10th World Climate Conference by Argentine subsidiary Indexport Messe Frankfurt S.A. 41 trade fairs took place in Frankfurt in 2004 (2003: 41 fairs), attended by 973,000

witnessed an auspicious start, with more German visitors and at times double-digit growth rates in the numbers of visitors and exhibitors, ensuring a high level of satisfaction.

In the upcoming years, the trade fair organiser plans to continue to expand its international business, primarily in locations with relatively dynamic markets. The company also intends to strengthen its Frankfurt location. Some 300 million euros will be invested for this purpose in the next five years, helping to make the exhibition grounds even more attractive and competitive.

Il sistema fieristico ungherese e il suo principale protagonista: Hungexpo – *The hungarian exhibition system and its main player, Hungexpo*

a cura di Susanna Gönczy Tosato

Hungexpo copre il 70% delle vendite delle aree espositive in fiere internazionali organizzate in Ungheria; il rimanente 30% viene diviso tra altri organizzatori quali: V-Trade Exhibition di Debrecen, Program Srl di Sopron, KG HomeArt e Hoventa a Budapest.

Di tutte le manifestazioni organizzate in questo Paese, sia a livello nazionale che internazionale, il 60% delle superfici vendute riguardano fiere tenute a Budapest. Altre città fieristiche sono Debrecen, nella regione Nord Est, Pécs, nella regione del Sud Ovest e Szeged, a sud, sulle rive del Tibisco.

Budapest è quindi “la porta d’ingresso” al mercato ungherese; è naturale perciò che le fiere internazionali siano concentrate qui. In altre città, situate presso i confini con Ucraina e Romania, Serbia e Croazia, le manifestazioni rappresentano appuntamenti importanti soprattutto per il commercio “cross-border”.

I cambiamenti negli ultimi dieci anni

Tra il ‘90 e il ‘94 Hungexpo ha modificato profondamente il profilo delle sue fiere plurisetoriali, orientandosi verso manifestazioni specializzate rappresentative di singoli settori dell’economia.

Un altro sensibile cambiamento è avvenuto nel numero delle manifestazioni. Dopo una prima fase che ha visto un rapido moltiplicarsi degli eventi, nella seconda metà degli anni ‘90 il numero delle fiere è diminuito del 30%, consolidandosi infine sul livello di 150 eventi l’anno (dato del 2002). Durante tale processo alcuni organizzatori hanno cessato l’attività.

Effetti dell’ingresso nell’Ue

Il mercato ungherese delle fiere è sempre stato aperto verso l’estero, di conseguenza l’impatto dell’ingresso del Paese nell’Ue è stato quasi irrilevante. Si assiste a un lieve incremento di presenze dall’estero da parte delle Pmi, che prima forse non avevano il coraggio di varcare questo confine.

Negli ambienti degli organizzatori si percepisce la speranza di poter ottenere in futuro dall’Ue dei co-finanziamenti finalizzati alla creazione di nuovi centri fieristici nelle province, analogamente a quanto è successo in Gran Bretagna e Portogallo. L’Ungheria ospita anche la sede di Centrex Union (www.centrexstat.org); nata nel 1997 dalla collaborazione tra gli organizzatori di fiere dell’Europa Centro-Orientale, col compito di promuovere la trasparenza dei dati di questo settore introducendo l’auditing delle fiere, vi partecipano attualmente sei Paesi che rappresentano, nel settore fieristico, oltre 3,4 milioni di visitatori, 46 mila espositori e oltre 1,6 milioni di m² di area espositiva netta.

Per approfondire alcuni aspetti del settore fieristico in Ungheria, abbiamo rivolto qualche domanda a János Barabás, direttore generale di Hungexpo.

Signor Barabás, quali sono le previsioni per il mercato delle fiere in Ungheria?

Parlando di tendenze generali bisogna dire che la domanda di fiere, in veste di mezzi di marketing e comunicazione, sembra subire un calo dovuto alla diffusione di nuove tecniche di comunicazione. Sotto questo aspetto, l’Ungheria non fa eccezione; non si prevedono quindi cambiamenti positivi nel prossimo futuro. D’altra parte, cambia il ruolo istituzionale

della fiera, che perde la tradizionale funzione di presentazione di prodotti, mentre si registra una maggiore richiesta per l’interazione e la visualizzazione, collegate col divertimento. Le fiere diventano eventi sociali mantenendo tuttavia le loro funzioni di rafforzamento di brand e b2b.

Dopo l’ingresso nell’Ue, che cosa ha modificato Hungexpo nella sua strategia aziendale?

Hungexpo ha sempre considerato le manifestazioni come veicoli per lo sviluppo dell’economia, e si è adoperata per incrementare la popolarità degli eventi nel Paese e all’estero. Già prima dell’ingresso nell’Ue era leader nell’organizzazione di eventi a livello internazionale. Nella regione siamo stati i primi a introdurre l’auditing dei dati relativi alle fiere. Primi a ottenere la certificazione ISO, siamo altresì stati insigniti nel 1999 del Premio Nazionale per la Qualità e infine sei delle nostre fiere (Agro+Mashexpo, Chemexpo, Construma, Foodapest, Industria e Mach-Tech) hanno soddisfatto i severi criteri dell’Ufi.

Il nostro ruolo internazionale è dimostrato anche dalla partecipazione a prestigiose associazioni quali Ufi, Centrex, Cefa e Ahefo. Abbiamo, inoltre, contribuito alla fondazione di alcune di esse.

La rete delle nostre rappresentanze e agenzie è stata allargata proprio nell’anno dell’ingresso nell’Ue, per contribuire al successo delle manifestazioni. Siamo presenti in 24 Paesi: oltre all’Italia e alla Germania, abbiamo aperto un ufficio in Austria e in altri 19 Paesi europei. Inoltre operiamo in Cina e in India.

Dopo l’ingresso abbiamo notato un incremento dell’interesse delle imprese straniere nei confronti delle nostre fiere.

Abbiamo raggiunto record storici: con Ökotech, (mostra del settore ambiente) la partecipazione estera ha raggiunto il 30%. Con Mach-Tech (mostra di macchine utensili), è stato addirittura raggiunto il 50%. La fiera del turismo ha avuto un incremento di presenza estera del 40%, Hungarotherm del 30% e i dati di Foodapest (mostra dell’industria alimentare) sono triplicati.

Cosa cambierà nelle strategie di Hungexpo dopo la privatizzazione?

La conclusione della privatizzazione, durata 15 anni, apre un capitolo nuovo nella storia di Hungexpo. A fine aprile è stato siglato un accordo per la vendita del 77% delle azioni al Consorzio formato dalla società francese GL Events, da Hungarian Trigrànt Srl e West End Srl.

Gli investitori si sono impegnati alla realizzazione di un padiglione multifunzionale e al miglioramento delle infrastrutture esistenti.

La costruzione del nuovo padiglione multifunzionale e la riqualificazione del Centro permetteranno anche di ospitare nuove manifestazioni, eventi sportivi, culturali, congressi, conferenze e incontri aziendali.

Hungexpo Co. Ltd. Budapest plays key role in international trade fair organisation: by sales volume she has around 70% of the market. Further significant organisers are V-Trade Exhibitions in Debrecen, Program Ltd. in Sopron, KG HomeART and Hoventa in Budapest.

For organizing both international and national fairs Budapest has the highest consideration – in both sectors combined Budapest holds about 60% (positioned according to rented area). Budapest is followed by Debrecen, Pécs and Szeged.

Budapest, being the capital, has high interest of foreign companies to enter the whole Hungarian market, while the further cities situated close to the borders often attract cross-border business interests.

Changes over last 10 years

Between 1990 and 1994 Hungexpo, as the key player, has completely overhauled her exhibition profile focusing intensively on key trade sectors for organising specialised shows.

Another important change are ups and downs: in the first half of 90s, fairs started to flood the market; from the second half of 90s the market demanded consolidation. So by 2002 the number of fairs in the country came down by 30%. off the peak (it has been around 150 in 2002). A few organizers have quitted and mostly only those remained who are committed to do a real service.

Impact of having joined Eu

As the Hungarian exhibition market has been open for many years, now the immediate impact is not significant: they observed slight increase of small and medium sized foreign exhibitors to taste the market: those who have not had courage to cross the boundaries before Eu membership.

Another faint hope is if getting co-finance from Eu to establish new fair centers in the countryside – as it has happened in many Eu countries such as Great Britain and Portugal.

Hungary is the seat of the Central East European exhibition industry collaboration: with

establishing Centrex Union in 1997 she has been instrumental to introduce transparency through audit of trade fairs in Central East Europe. Now six countries belong to this system with 3.4 million visitors per year, 46,000 exhibitors and 1.6 million m² net space (www.centrexstat.org).

We asked some questions to Mr. János Barabás, Hungexpo's general manager, in order to investigate the Hungarian exhibition market.

How does Hungexpo perceive the future position and outlook of the exhibition market in Hungary in the coming years?

Speaking of general trends, the demand for exhibitions as a means of marketing communication seems to have contracted in the wake of new communication techniques and tools. Hungary is no exception, and no major positive change is expected in the near future. The role of exhibitions is undergoing changes nowadays: the traditional character of presenting wares is losing its appeal, while the demand for interaction is intensifying and a hunger for visual images coupled with a search for fun are becoming the new fundamentals of the business.

Exhibitions are becoming social events in the narrower or broader sense, whilst retaining their brand building and business functions.

Has Hungexpo changed any part of its strategy after Eu accession?

Hungexpo treated its events as a vehicle of accelerating the economy and had looked upon increasing their popularity in Hungary, in Europe and over-

seas as a task and responsibility of top priority even before accession to the Eu. Hungexpo also took the lead in adding an international dimension to its exhibitions. Our company has worked hard to ensure that its events earn the kind of recognition everywhere in the world that their professional quality deserves.

To mention a few examples only: we were the first in Hungary to introduce data auditing of our exhibitions; we were the first to certify under ISO among the firms active in organizing exhibitions in the region, and we were honored with the National Prize for Quality in 1999. Six of our exhibitions are Ufi approved: Agro+Mashepo, Chemexpo, Construma, Foodapest, Industria and Mach-Tech.

Our international role is exemplified by our membership in several prestigious associations, some of which we have participated in founding, such as Ufi, Centrex, Cefa, and the Association of Hungarian Exhibition and Fair Organizers (Ahefo).

Our network of foreign representations and agencies was enlarged in the year of Eu accession to support the success of our exhibitions. We are now active in a total of twenty-four countries, which is a major expansion from five countries a year ago. To complement our representations in Italy and Germany we have opened offices in Austria and in nineteen additional European countries, whilst we rely on agents to recruit exhibitors and visitors from China and India.

I can say that foreign firms have shown mounting interest in our exhibitions as compared to the period before Eu accession, as a result of the massive and more powerful acquisition campaign we targeted at them. If analyzed from this perspective, several of our exhibitions have broken historical records. For instance, the number of participating foreign exhibitors was up 36% at Ökotech, our trade exhibition of the environmental sector, it jumped more than 50% at Mach-Tech, the trade exhibition of machinery and manufacturing technology, it increased by 40% at our travel exhibition, it escalated by 30% at Hungarotherm, the trade exhibition of building engineering, and grew by a factor of three at Foodapest, the exhibition of the food processing sector.

Will Hungexpo change its strategy after the privatization?

Closing the process of privatization, which spanned close to 15 years, opens a new chapter in the history of Hungexpo. An agreement on purchasing a 77% package of the shares of Hunhexpo was signed in late April this year by a consortium formed by the French GL Events, the Hungarian Trigránit Co. Ltd. and West End Co. Ltd.

The investors committed themselves in the purchase agreement to construct a multi-purpose exhibition hall and to upgrade the complete infrastructure of the Fair Center.

The modernization and upgrading of the Hungexpo Budapest Fair Center sets the stage for additional improvements and the expansion of the existing structure of exhibitions. Constructing the new multi-purpose exhibition hall, as planned, will contribute to increasing the number of guest exhibitions. The facilities of the new hall will offer a set of new options to complement exhibitions with other events such as cultural and sports events, congresses, conferences and corporate meetings.

A ccording to experts, the exhibition industry in Russia turns over approximately 200-400 million US dollars a year. Annual sales of the 58 exhibition companies who are members of the Ufi amounted in 2004 to between 50-60 million US dollars, and this is likely to grow 100-110 million US dollars by 2010. In 2003, 2500 exhibitions were staged in Russia in which about 750,000 companies took part. In the same year sales of about 117.5 million US dollars were generated from business travellers attending Lenexpo in St. Petersburg.

What features distinguish the Russian exhibition business nowadays?

- the exhibition business in Russia is an independent sector of the economy;
- Russian exhibition industry is a rapidly developing sector with its own infrastructure and qualified professionals;
- an increase in number of specialized fairs and exhibitions. It helps to attract potential investors in Russia-based projects and leads to improvement in the competitiveness of Russian products;
- there is a shift from exhibitions, dealing entirely with consumer goods, towards those mainly dealing with intersectoral and external economic relations;
- the role of commercial and industrial exhibition as a reliable indicator of markets in Moscow and the regions is becoming more and more important;
- there is a considerable qualitative improvement in the service industry and public safety.

Here is some general statistics for exhibition activity in Russia in 2003: exhibition organisers: 248; exhibitions/fairs: 2447; net exhibition space: 2,819,315 m²; exhibitors: (Russian and foreign) 230,200; visitors: 21 million.

The distribution of exhibitions by regions shows that major exhibition activity is concentrated in Moscow and St. Petersburg.

The Russian exhibition market

Sergey Alexeev, Jsc Lenexpo's General Director (St. Petersburg), explains to the readers of the GMF the peculiarities of the exhibition industry in Russia

Siberian Fair (Novosibirsk)

The problems faced by the exhibition industry in Russia are:

- lack of co-ordination, large number of exhibitions;
- large number of non-professional organizers;
- unfair competition;
- customs barriers;
- underdeveloped exhibition infrastructure;
- underdeveloped infrastructure in certain cities and regions, difficulties with delivery of goods.

There are 136 exhibition/fairs of 46 organizers today in Russia marked by International Union of Exhibitions and Fairs (Iuef) and 46 exhibitions of 20 organisers Ufi approved.

What is Iuef

Our exhibition community set up the Union of Exhibitions and Fairs in 1991 (now International Union of Exhibitions and

Fairs) and I have been President of the Iuef ever since. Iuef started with ten organizations. Today Iuef unites 64 organizers and 20 companies involved in the exhibition business. They come from Russia, Belarus, Kazakhstan, Lithuania, Moldova, Ukraine and Armenia.

Members of the union staged 1405 exhibitions/fairs in 54 cities in six countries. Iuef headquarters are located in Nizhny Novgorod. Thus Iuef members are spread across the whole of Russia, from Kaliningrad and St. Petersburg in the north-west to Vladivostok in the east and Sochi in the south. Within the last 14 years, the number of exhibitions in Iuef territory has increased from 311 to 1405 and the number of exhibition companies has increased from ten to 84.

Today exhibitions are staged in 45 Russian cities, i.e. in all fed-

eral districts and in 33 regions of the Russian Federation. About 10,000 people are employed in the exhibition industry today.

In 2003, Russian members of the International Union of Exhibitions and Fairs organized the participation of Russian companies at exhibitions in 45 cities worldwide. In 2003, 14,517 foreign participants took part in various Russian exhibitions.

Other national players

One result of the 1st German Russian Trade Fair forum, held in Moscow in October 2004, is the setting up of an interdepartmental exhibition industry committee at the Ministry of Economic Development and Trade of the Russian Federation with one Iuef representative on it. Main players are:

- ministries and governmental facilities;

- regional authorities;
- the Chamber of Commerce and Industry;
- industry associations and unions.

Russian market today

In 2004, Russia strengthened its presence in the Ufi at the Ufi Congress in Bangkok and now three Russian representatives are members of the Board of Directors of the UFI European Chapter. At the meeting of Ufi International Chapter in Bangkok I personally was elected the first deputy chairman of Ufi European Chapter. I am also proud to say that the next 72nd Ufu Congress will be held from October 19-22, 2005 at the Moscow Expocentr.

Crocus Expo (Moscow)

ordination of exhibition logistics, dates and venues, the improvement of event quality, the preparation of reliable statistical data and the dissemination of best practice.

Generally applicable rules for the collation of exhibition statistics, the audits of events and the licensing of exhibition companies are being developed. Strategic planning and safety systems at exhibitions and pro-

tection against terrorism are developed.

The exhibition industry in Russia is consolidating; we call on the Eu to develop strategies and rules for co-operation, to remove existing trade barriers and investigate the Russian market, one of the world's largest and fastest developing markets, more intensively. It is possible to use Russian international and regional exhibitions

as a tool to increase commercial activities in the Russian market. Besides participation in large international exhibitions in Moscow and St. Petersburg, where up to date exhibitions infrastructure has already been put in place, it is important to increase participation at regional exhibitions throughout Russia, as its regions are developing rapidly, people's purchasing power is growing and investment is increasing.

We call for co-operation between Iuef, Ufi and Auma, other national and international associations in the spheres of marketing research, exhibition technologies, exhibitions audits and professional skills. You are welcome in Russia. Do get to know a big country with great business opportunities.

Sergey Alexeev

Sergey Alexeev is General Director of Jsc Lenexpo. He has 18 years experience in organising and staging international fairs and exhibitions in St. Petersburg. He founded the International Union of Exhibition and Fairs (Iuef) in 1991.

Today he is the President of Iuef, the exhibition industry association for the Cis and Baltic states, a member of the Board of Directors and First Deputy Chairman of the European Chapter of the Ufi.

Besides, he is a member of the Board of the Chamber of Commerce and Industry of the Russian Federation and Chairman of the Council of the St. Petersburg Chamber of Commerce and Industry.

Today important changes and improvements to the exhibition infrastructure in our country are being prepared. New exhibition grounds are under construction, new services are being offered.

Modernization of trade shows and exhibitions centres is necessary today in Russia in order to remain innovative, flexible and competitive.

The Iuef intends to point out in personal discussions that the widespread promotion of the exhibition industry serves all sectors as a locomotive of growth. Its tasks include the co-

L'attività fieristica in Ucraina

L'Ucraina guarda all'Italia come a uno dei suoi principali partner economici: molti sono gli imprenditori italiani in Ucraina e molte le importazioni nell'uno e nell'altro verso, tanto che l'Italia è al secondo posto per volume di affari

L'attività fieristica in Ucraina fa parte dello svolgimento dei processi industriali e commerciali nello Stato e promuove anzitutto i cambiamenti strutturali della sua economia, nonché il rinnovamento scientifico, tecnico e tecnologico dell'industria nazionale; allaccia e stabilisce i nuovi rapporti commerciali degli imprenditori ucraini coi loro partner stranieri.

Più di 150 fiere e mostre sono organizzate attualmente in Ucraina, tra cui di rilevante importanza sono *Autoexpo*, la *Fiera contrattuale internazionale di Kiev*, *Primus Ucraina*, *Akko International*, *Euroindex*, *Expo Donbass*, *Premier Expo*.

Secondo l'informazione del Consiglio di Attività Fieristica, nel 2004 in Ucraina si sono svolti 1019 avvenimenti fieristici con la partecipazione di più di 72.000 enti e industrie, compresi 3000 da 50 paesi del mondo. La superficie generale di esposizione è stata di oltre 3,2 milioni di m² di cui 900 mila arredati.

Gli avvenimenti fieristici in Ucraina sono per lo più fiere specializzate internazionali, le più importanti delle quali sono l'autosalone *Sea*, *Architettura & Edilizia*, *Agro*, *Finestre & Porte*, *Naftogaz*, *Entertainment Industry*, *Medicina & Sanità Pubblica*, *Informatika*, *Light*, *ElectroTech*, *ElectroMash*, *Stone Processing*, *Engine-Building & Metallurgy*, *Wood-Working Industry*, ...

Il sistema delle Camere di Commercio e di Industria di Ucraina riveste un ruolo importante nel sistema fieristico ucraino, con l'obiettivo principale di assistere gli imprenditori ucraini e stranieri nell'allacciamento e nella stabilizzazione dei rapporti d'affari, e di attirare gli investimenti stranieri in Ucraina.

Nel 2004 il sistema delle Camere di Commercio e di Industria di Ucraina ha organizzato 232 fiere ed esposizioni su tematiche varie. 13 mila enti e industrie ucraine e circa 500 ditte estere hanno partecipato a questi avvenimenti. I visitatori sono stati più di due milioni.

Gli avvenimenti fieristici organizzati dal sistema delle Camere di Commercio e di Industria di

Ucraina attirano gli specialisti delle diverse regioni ucraine e dei paesi esteri, promuovono l'entrata delle ditte straniere sul mercato ucraino e anche lo sviluppo di loro business in Ucraina.

Siamo sempre a vostra disposizione in quello che riguarda la vostra partecipazione ed esposizione nelle fiere e mostre in Ucraina:

L'allargamento dell'Unione Europea e il sistema fieristico

The European Union enlargement and the exhibition industry

Un intervento per la GMF di Corrado Peraboni, presidente del capitolo europeo Ufi
A news article for the GMF by Corrado Peraboni, chairman of the Ufi European Chapter

Nel maggio del 2004 l'Unione Europea ha conosciuto il più grande allargamento della sua storia. La superficie territoriale è aumentata del 34% e 105 milioni di nuovi consumatori hanno ora libero accesso al mercato comunitario.

Non possiamo prendere in considerazione il sistema fieristico europeo senza partire da questa considerazione di carattere generale. Le precedenti tappe di questo percorso non erano mai state così rilevanti sotto un profilo quantitativo.

In realtà, il sistema fieristico aveva anticipato coi fatti la formale adesione all'Unione di questi paesi, anche se ciò è accaduto con una sostanziale diversità per i diversi paesi dell'Europa occidentale. In particolare l'economia tedesca era già sufficientemente integrata con quella dei nuovi paesi aderenti. E lo stesso dicasi per la nostra industria. Dal 1997 al 2002 il numero di espositori alle fiere tedesche provenienti dai paesi dell'Est era cresciuto del 28% in media con punte del 41% per la Repubblica Ceca.

Ma in che situazione si trova il sistema fieristico di questi paesi?

Intanto una constatazione che può sorprendere gli osservatori occidentali: il grado di privatizzazione dei centri fieristici, con particolare riguardo alle società di gestione dei quartieri (ma non solo), ha raggiunto un livello che in alcuni casi è superiore a quello riscontrabile nelle economie tradizionalmente liberali. In paesi come l'Italia, la Francia o la stessa Germania abbiamo casi di presenza pub-

blica nell'industria fieristica, che ancora oggi sono incoerenti con un'economia di mercato.

I due esempi più lampanti di questa situazione sono Brno (controllata da Messe Düsseldorf e gestita da una società mista) e Budapest.

Specialmente qui si è verificata una delle ipotesi, piuttosto rare nel nostro settore, di globalizzazione integrale (venue management e attività organizzativa). E l'operazione di GL Events, che dopo Padova ha rilevato la non ancora privatizzata Budexpo, assume così particolare rilievo.

Mercati fieristici ad alta concentrazione

Il secondo tratto caratteristico di questi mercati è la loro forte concentrazione. Mediamente le fiere leader detengono una quota di mercato nazionale intorno al 50%. Tale quota sale ancora se riferita alle sole fiere internazionali. Tale situazione è ben visibile in Polonia (Poznan con 27 fiere/anno), Repubblica Ceca (Brno con le fiere dell'edilizia e dell'agroalimentare) e Ungheria (la già citata Budapest).

Con riguardo ai prevedibili tassi di crescita delle fiere, questi paesi hanno in comune una maggiore dinamicità rispetto all'Europa occidentale. Il Cermes-Bocconi prevede per il prossimo triennio un sostanziale ristagno del mercato fieristico nell'Europa a 15, mentre nei paesi nuovi arrivati si prevede una crescita del 5-8%.

Ciò significa che non solo il nostro mercato è passato da 40 a 50 milioni di metri quadri netti venduti per anno e da 1,1 a 1,2 milioni di espositori.

Oggi abbiamo anche un mercato che, con le forze fresche dei nuovi europei, ha sensibilmente migliorato le proprie prospettive di crescita se considerato nel suo insieme. E ciò con particolare riferimento ai settori delle infrastrutture e dei beni di consumo, visti il gap infrastrutturale di questi paesi e la capacità di spesa delle famiglie che, a oggi, non supera il 50% di quello medio occidentale.

In definitiva, questo nuovo mercato rappresenta un'importante opportunità per gli operatori europei, sia per la prevedibile crescita di espositori e visitatori che attraverseranno in un senso e nell'altro la vecchia "cortina di ferro", sia per lo sviluppo di nuove manifestazioni in mercati

con tassi di crescita mediamente più elevati. In questo contesto assume rilievo per esempio l'accordo Fieramilano/Expocenter Mosca. Ma gli esempi di Brno e Budapest ci dicono che le opportunità riguardano anche operazioni più complesse e strutturate di internazionalizzazione delle fiere europee.

È chiaro che non tutti i player occidentali vivranno questi nuovi mercati con le stesse opportunità. Per alcuni le minacce saranno superiori alle speranze di sviluppo. Se da un lato chi non ha perso tempo e ha già creato stabili relazioni commerciali avrà un indubbio vantaggio, dall'altro i *competitor* poco propensi allo sviluppo internazionale dovranno fronteggiare una nuova e più vicina competizione.

Una volta ristrutturati e ampliati, ove necessario, i quartieri dell'Europa orientale saranno un ottimo strumento per entrare sui vicini mercati russi e, nel contempo, saranno facilmente raggiungibili dal centro Europa. E in ciò gli indubbi legami culturali e linguistici ereditati dall'ex blocco socialista costituiranno un

Corrado Peraboni

enorme booster per gli scambi est/ovest. Chi insomma non si è internazionalizzato dovrà affrontare una concorrenza svolta da fiere organizzate con lunga tradizione, con innovazioni derivanti da joint venture e altri accordi internazionali e a prezzi decisamente inferiori.

Visto da Est l'allargamento è in ogni caso una straordinaria occasione di crescita per l'industria fieristica di quei paesi. Ma anche per loro ci sarà un prezzo da pagare. Essi dovranno infatti garantire agli operatori internazionali statistiche certificate circa le partecipazioni alle loro fiere, garantire piena parità di condizioni a tutti gli operatori, formare un buon management e, non meno importante, educare l'espositore a un'efficace partecipazione. Solo gli espositori che si preparano con intelligenza a sfruttare le potenzialità del nostro prodotto diventeranno nostri clienti soddisfatti e pertanto fedeli.

In May 2004 the European Union has known the greatest enlargement of its history.

The territorial surface increased of 34% and 105 million new consumers have now free access to the communitarian market. We cannot consider the European fair system if we don't start from this general statement. The previous stages of this process had never been so important from a quantitative point of view.

In fact the trade fair industry had anticipated with facts the formal entrance of these countries in the Union, even if it occurred with substantial diffe-

rences in the various western Europe countries. In particular, German economy was already sufficiently integrated with that of the new adherent countries. And the same can be said for our industry. From 1997 to 2002 the number of exhibitors in German fairs from Eastern countries grew of 28% on average, with peaks of 41% for the Czech Republic.

But which is the actual situation of the fair system in these countries?

First a statement that can surprise western observers: the degree of privatization of the fair venues, with particular regard to the companies managing the quarters but not only, has reached a level that in some cases exceeds that of traditionally liberal economies. In the fair industry in countries as Italy, France or even Germany we have examples of public presence that are nowadays incoherent with a market economy.

Two obvious examples of this situation are Brno (controlled by Messe Düsseldorf and managed by a joint venture company) and Budapest. In particular here it has taken place one of the possible, rather rare, case of our sector, that of integral globalization (venue management and organizational activity). Therefore the operation of GL Events, that after Padua took over the not yet privatized Budexpo, takes an important place.

Strongly concentrated exhibition markets

The second characteristic feature of these markets is their

strong concentration. On average the leading fairs hold about 50% of national market share. This amount will increase if related only to international fairs. Such situa-

tion is clearly evident in Poland (Poznan with 27 fairs/year), Czech Republic (Brno with fairs on building and on food and agriculture), and Hungary (already cited Budapest).

With regard to the predictable fair growth rates, these countries share a greater dynamism than Western Europe. Cermes-Bocconi foresees a substantial stagnation of the exhibition market in the "Europe of 15" for the next three years while in the newly admitted countries is expected an increase up to 5-8%.

This means that our market has proceeded from 40 to 50 million gross square meters sold per year and from 1,1 to 1,2 million exhibition.

Moreover, if considered on the whole, today it has significantly improved its own increase perspectives thanks to the fresh forces of the new Europeans. And that with particular reference to infrastructures and consumer goods sectors, given the infrastructural gap of these countries and the families spending power that today doesn't exceed 50% of western average.

This new market definitely represents one important operating opportunity for European agents both for the expectable increase of exhibitors and visitors that will cross, in a sense or another, the old "iron curtain" and for the development of new events in markets with higher growth rates on average. In this context the agreement Fierami-

lano/Expocenter Moscow holds an important place. But the examples of Brno and Budapest tell us that the opportunities pertain more complex and structured operations for the internationalization of the European fairs.

It is evident that not all western players will live these new markets with the same opportunities. For some the threats will be superior than the development hopes.

If, on one side, who has not lost time and has already created stable trade relations will have a certain advantage, on the other hand competitors little inclined to the international development will have to face a new and nearer competition.

Once restructured and widened where necessary, East Europe quarters, favoured by their central position, will be an optimal tool to enter the near Russian markets. And in that, the evident cultural and linguistic ties inherited from the former socialist block will be a great booster for east/west exchanges.

Then who hasn't internationalized itself will have to face a competition carried out from fairs organized with long traditions, with innovations deriving from joint ventures and other international agreements and at unquestionably lower prices.

From the East the enlargement is at all event an extraordinary occasion to increase the fair industry of those countries. However they will have to pay a price too.

In fact they will have to provide international operators with certified statistics about attendance to their fairs, to guarantee the same terms to all operators, to form a good management and, not less important, to train the exhibitors on effective participation.

Only exhibitors smartly prepared to take advantage of the potentialities of our products will become our faithful and thus satisfied customers.

Corrado Peraboni

L' Ifema si è consolidata come uno dei primi enti fieristici d'Europa grazie ai suoi impianti, considerati tra i più moderni, e al costante miglioramento dei servizi.

Un posizionamento ottenuto sia perché Ifema organizza, sia perché accoglie eventi di ogni tipo, aspetto che sta acquisendo particolare rilievo grazie al rafforzamento della sua area convegni, con l'incorporazione del Centro Convegni Nord. Quest'ultimo, unito al Centro Convegni Sud e all'ampia disponibilità di sale, come pure ai dieci padiglioni della Feria de Madrid, con 150.000 m², consentono la realizzazione di eventi d'ogni tipo.

Inoltre, nel 2004 Ifema ha presentato un secondo progetto di ampliamento, comprendente la costruzione di due padiglioni, il 12 e il 14, che aumenteranno la superficie lorda espositiva di 50.000 m², portando la capacità a 200.000 m², e nuove aree parcheggio, riunione e ristorazione. Tale espansione consoliderà la capacità del Centro Convegni della Feria de Madrid.

A tutta l'attività fieristica dell'Ente si accompagnano le possibilità offerte dal suo completo e moderno Centro Convegni Nord. Uno spazio di 10.000 m², che dispone di 20 sale di grande versatilità e ampia dotazione tecnologica, per accogliere ogni tipo di riunioni, a seconda delle necessità dei clienti. In questa stessa zona si trova l'Auditorio Nord, con capienza fino a 1100 persone, che, sommandosi alle quattro sale adiacenti, può accogliere 20.000 partecipanti.

Inoltre, Ifema dispone di un'ampia dotazione di sale presso la *Puerta Sur*, anch'esse caratterizzate da grande versatilità, per riunioni fino a 200 persone, e di un Auditorio Sud, dotato dei migliori mezzi audiovisivi, con capacità di 600 persone.

Meta internazionale

Il Centro Convegni ha accolto nel 2004 oltre 330 atti, fra cui spiccano la Conferenza sulla Direzione della Sicurezza Internazionale (Asis) e il XV

Congresso nazionale del Partido Popular. Inoltre, si sono svolti convegni e assemblee di aziende come Telecom Italia, Banesco, Microsoft, Caja Madrid, così come altri eventi di diversa natura, per esempio l'Incontro Civico Fondazione per la Libertà, l'ultima tappa del rally Madrid-Alcarria, la presentazione della Vuelta 2005.

Inoltre, l'Ifema ha previsto di accogliere diversi eventi internazionali di grande rilevanza, come il Cphl Worldwide che si svolgerà a novembre 2005, o il XIX Congresso Mondiale del Petrolio, che si terrà a ottobre 2008.

Molte delle riunioni e dei congressi che il Centro Convegni accoglie hanno rilevanza mondiale. A questo va aggiunto che circa il 50 per cento delle oltre 70 fiere del calendario permanente dell'Ifema hanno categoria internazionale, riconosciuta ufficialmente dalla Segreteria di Stato del Commercio e Turismo. Tutto ciò dà un'idea dell'importanza che conferiamo all'internazionalizzazione della Feria de Madrid, attualmente uno dei nostri principali obiettivi.

In questo senso, l'Ente dispone di piani d'internazionalizzazione analoghi a quelli realizzati nel

2004, periodo in cui ha potenziato la propria rete di rappresentanze all'estero, ha realizzato maggiori investimenti in azioni promozionali e pubblicitarie su mezzi di comunicazione internazionali e ha incentivato i programmi di inviti destinati ad acquirenti esteri.

Ha inoltre firmato accordi con altri enti fieristici e organismi di commercio estero, come nel caso degli Usa, col cui servizio di commercio estero ha rinnovato la convenzione, firmata nel 2002, per potenziare la presenza di esportatori americani alle fiere organizzate da Ifema.

Abbiamo inoltre elaborato lo studio di fattibilità per la progettazione, costruzione e gestione di nuovi impianti fieristici a Pechino. L'intenzione è quella di stabilire linee di collaborazione con il Ciec (China International Exhibition Center Group), col quale si esploreranno ambiti di lavoro congiunto, prevalentemente in ambito commerciale e di reciprocità di rappresentanza.

Un po' di storia

L'Ifema inizia la sua attività nel 1980, per iniziativa della Camera di Commercio e Industria di Madrid, del Comune di Madrid, dell'allora

Provincia di Madrid (oggi Comunità di Madrid) e della Caja Madrid, enti che continuano a dirigerla. Si rompeva così la struttura stabilita da un decreto del 1943, che dettava le norme per lo svolgimento di fiere campionarie ed esposizioni in Spagna, il quale fissava come sedi fieristiche principalmente Valencia, Barcellona, Saragozza e Bilbao, escludendo Madrid.

La prima nuova fiera organizzata da Ifema nel 1980 è stata Sicur. In quell'anno d'inizio attività, si svolgevano negli impianti della Feria de Madrid 15 fiere, visitate da un milione di persone, con la partecipazione di 2200 espositori, per un'occupazione totale di 93.000 m² netti. Nel 2004 si sono tenuti 75 saloni che hanno accolto oltre quattro milioni di visitatori per 21.732 imprese espositrici, con un'occupazione di 1.254.656 m², il massimo raggiunto sino a questa data dall'Ente.

Queste cifre ci fanno iniziare l'anno 2005 con più ottimismo che mai. Saranno 68 le rassegne che si terranno alla Feria de Madrid, con un'occupazione di 1.1 milioni di m² di esposizione e la partecipazione di oltre 18.000 espositori e 4 milioni di visitatori.

Ifema has consolidated its role as one of the leading trade fair institutions in Europe, thanks to constant improvements in its services and a series of facilities that are among the most modern in Europe.

This positioning has been achieved both as a result of Ifema's capacity as a fair organizer, as well as the fairground's hosting of events of all kinds, a dimension that has acquired special importance thanks to the strengthening of its Conventions Area with the incorporation of the North Conventions Centre. This Centre, combined with the South Conventions Centre and the wide availability of rooms, not to mention the 10 Halls at FERIA de Madrid, measuring some 150,000 m² in total, enable Ifema to organize all kinds of events.

Furthermore, throughout 2004 Ifema has promoted a second expansion project at its facilities, involving the construction of two new halls, Halls 12 and 14, which will increase the gross exhibition area available at the fairground by some 50,000 m²,

thus bringing the total capacity to 200,000 m². The project will also involve the creation of new parking areas, meeting rooms and catering facilities. This expansion of its infrastructures will consolidate the capacity of the Conventions Centre at FERIA de Madrid.

With regard to all the activities that take place at FERIA de Madrid, we might highlight the numerous possibilities offered by its complete and modern North Conventions Centre. This area, measuring some 10,000 m², features 20 rooms of considerable versatility, all equipped with the latest technology, which makes them ideal for the staging of all kinds of meetings, depending on our clients' needs. This same area also includes the North Auditorium, which has a capacity for 1,100 persons. If the four adjoining rooms are added to the Auditorium, this area presents a capacity for 2,000 participants.

In addition, FERIA de Madrid offers a large number of rooms at the South Gate, which are also characterized by their considerable versatility, catering for meetings of up to 200 persons, whilst the South Auditorium, which is endowed with the best audiovisual media, can host meetings of up to 600 persons.

International destination

The Conventions Centre hosted in 2004 more than 330 events, including the Conference on International Security Management (Asis) and the 15th National Congress of the Partido Popular. Furthermore, the Centre hosted numerous conventions and meetings organized by companies such as

Telecom Italia, Banesto, Microsoft, Caja Madrid, as well as events of diverse nature, such as the following: the Freedom Foundation Civic Meeting, the last stage of the Madrid-Alcarria Rally and the presentation of the Vuelta Ciclista a España 2005.

Similarly, Ifema plans to host a diverse range of international events of considerable importance, such as the following: CphI Worldwide, taking place at FERIA de Madrid in November 2005, and the 19th World Petroleum Congress, taking place at Ifema in October 2008.

Many of the meetings and congresses hosted by the Conventions Centre are of worldwide importance, as can be observed in the examples above. To these events we might add the fact that approximately 50 per cent of the more than 70 fairs on the permanent Ifema calendar have international status, as officially recognized by the Spanish State Department for Trade and Tourism. All of this gives us an idea of the importance we concede to enhancing the international status and capacity of FERIA de Madrid, this currently being one of our main objectives.

In this respect, Ifema has designed a series of internationalization plans similar to those implemented throughout the year 2004, a year in which it strengthened its network of delegations abroad, it invested more strongly in promotional measures and advertising in the international media and it promoted its foreign buyer invitation programmes.

Furthermore, Ifema signed agreements with other trade fair institutions and foreign trade bodies. Thus, Ifema renewed the agreement it signed with the Us Foreign Trade Department that was secured in the year 2002 in order to increase the presence of American exporters at the fairs organized by Ifema.

Ifema also carried out a feasibility study for the design, construction and management of a

new fairground in Beijing. After concluding the study, the aim is to establish new areas of collaboration with Ciec (China International Exhibition Center Group), through which joint work initiatives can be explored, preferably within the commercial field, featuring reciprocal representation in the respective countries.

A bit of history

Ifema started out in 1980, figment of the initiative set up by the Madrid Chamber of Commerce and Industry, the Madrid Council and the former Provincial Council – currently the Madrid Region – and Caja de Madrid, institutions which still govern it at present. Thus, its creation shattered the framework established by a decree dating from 1943 that provided for the staging of trade fairs and exhibitions in Spain and presented a panorama that excluded the City of Madrid, to establish other cities such as Valencia, Barcelona, Saragossa and Bilbao as the main locations.

Sicur was the first trade fair organized by Ifema in 1980. The year the institution started out, the facilities at FERIA de Madrid hosted 15 trade fairs, which were visited by one million people and featured the participation of 2,200 exhibitors within a net exhibition area measuring a total of 93,000 m². In the year 2004 some 75 fairs were staged, which welcomed over four million visitors. These events featured the participation of 21,732 exhibitors within an exhibition area measuring 1,254,656 m², a new Ifema record.

These figures enable us to begin the new year with greater optimism than ever. 68 fairs will take place at FERIA de Madrid throughout the year, featuring a total exhibition area of 1.1 million net m² and the participation of over 18,000 exhibitors and 4 million visitors.

Il futuro delle fiere italiane

In un convegno organizzato dal Comitato Fiere Industria le proposte per questo fondamentale strumento per lo sviluppo delle esportazioni e l'internazionalizzazione delle imprese

Si è svolto a luglio nell'Aula Magna dell'Università Bocconi di Milano il convegno *Lavorare sul futuro delle fiere italiane*, organizzato dal Comitato Fiere Industria, che rappresenta 32 organizzazioni fieristiche e sei associazioni territoriali degli industriali.

Nella sua relazione d'apertura il presidente Marzotto ha ricordato: "Il sistema fieristico italiano oggi deve affrontare nuove sfide, focalizzabili attorno a due questioni principali: la concorrenza interna e lo spostamento dei mercati; l'internazionalizzazione dell'utenza fieristica e degli organizzatori."

Sul primo problema influisce la regolamentazione del settore, ancora non sistematica, di competenza regionale, e la riduzione della domanda fieristica in Europa, correlata all'evoluzione qualitativa e quantitativa delle aree espositive disponibili.

Sul secondo problema si deve rilevare l'assenza, fino a oggi, di politiche coordinate di promozione, nonché la propensione delle imprese a privilegiare la loro presenza sui nuovi mercati e la forza organizzativa degli operatori fieristici italiani che tendono a proiettarsi autorevolmente sui mercati esteri.

Il dibattito tra i partecipanti e le proposte emerse dai vari tavoli di lavoro hanno permesso a Marzotto di formulare, al termine dei lavori, un appello ai soggetti pubblici e privati per offrire al sistema fieristico italiano un futuro di sviluppo.

Al Ministero delle Attività Produttive si chiede di dare celere applicazione all'accordo di settore per l'internazionalizzazione del 20 luglio 2004; sul piano operativo si

raccomanda flessibilità nell'accoglimento delle istanze di intervento finanziario pubblico, per assecondare l'esigenza di interventi tempestivi in un mercato in rapida evoluzione.

Alle Regioni si chiede di:

- dare attuazione alle normative regionali in materia fieristica, recependo le delibere della Conferenza dei Presidenti delle Regioni e delle Province Autonome Italiane, in materia di riconoscimento della qualifica dei Quartieri fieristici e delle manifestazioni fieristiche internazionali e nazionali, di pubblicazione e diffusione del calendario fieristico italiano, di rilevazione dei dati delle manifestazioni, dando nel contempo funzione operativa all'Osservatorio per le Fiere;

- coordinare le politiche promozionali elaborate in sede regionale e camerale, collaborando con le categorie imprenditoriali e col sistema fieristico, evitando dispersione di risorse e realizzando sinergie utili sui mercati esteri, che non comprendono la frammentazione posta in essere con iniziative tra loro scollegate;

- coordinare le politiche pubbliche e private di investimento in quartieri fieristici, in coerenza con le esigenze del mercato e sollecitando investimenti adeguati per le opere infrastrutturali.

All'Osservatorio per le Fiere si raccomanda di:

- monitorare la qualità e la congruità dei servizi indotti per l'utenza fieristica;
- governare la proliferazione delle manifestazioni fieristiche settoriali, limitando il disagio che il fenomeno crea al consumatore fieristico;
- analizzare in modo sistema-

tico l'evoluzione dei sistemi fieristici concorrenti, evidenziandone le positività e la loro compatibilità con il sistema italiano;

- validare un serio e credibile modello di certificazione delle manifestazioni fieristiche internazionali e nazionali, a beneficio del consumatore fieristico, e creando un modello di livello europeo ed internazionale.

Alle associazioni che rappresentano il sistema fieristico italiano Cfi propone di:

- favorire la collaborazione tra organizzatori di manifestazioni per la razionalizzazione del sistema e per l'adeguamento alle mutevoli esigenze del mercato, anche in una logica di possibile esportazione dei marchi fieristici italiani;

- sviluppare modelli di formazione professionale per la partecipazione alle fiere settoriali;

- avviare un processo di maturazione dell'approccio alle problematiche fieristiche, mediante una *convention* annuale, articolata in sezioni specialistiche parallele per i singoli comparti, e successivo convegno pubblico politico.

Ai quartieri fieristici Cfi propone di:

- attuare una politica tariffaria trasparente, anche se articolata, e coerente con strutture, modalità di fruizione e servizi offerti nei confronti di tutti gli organizzatori, sottraendosi a iniziative che recano danno e discredito all'intero sistema;

- migliorare continuamente i rapporti favorevoli di qualità-prezzo per i servizi agli espositori e ai visitatori;
- favorire la flessibilità dei calendari delle manifestazioni per una efficace competitività nei confronti delle manifestazioni internazionali.

Nel corso del convegno è stata presentata anche una ricerca Prometeia sul processo di riqualificazione dei quartieri fieristici italiani che si può così sintetizzare:

- per quanto riguarda il processo di riforma degli Enti che gestiscono i quartieri fieristici, può dirsi ormai completata la trasformazione in società per azioni;

- la privatizzazione degli Enti fieristici è avviata, e ha coinvolto i due maggiori quartieri italiani (Milano e Bologna), ma si sta estendendo. Tra gli Enti che hanno aperto il proprio capitale alla partecipazione dei privati, solo Milano si è quotata in borsa, mentre Bologna e Rimini intendono farlo nel 2006;

- l'offerta fieristica, nei quartieri esaminati, misurata sulla base della superficie espositiva lorda, presenta a fine 2004 un significativo incremento rispetto al 2001, pari a circa il 9%. Nel 2006 andrà a regime un ampliamento del 23,5% degli spazi, e nel 2009 vi sarà un ulteriore incremento del 7,3%.

La ricerca peraltro non ha computato gli investimenti fatti in altri quartieri né quelli frutto di programmi varati dopo il 31 dicembre 2004.

Il potenziale espositivo in un decennio è passato da un milione di m² lordi a 1,5 milioni di m².

Il sistema fieristico italiano, nel complesso, sta compiendo notevoli passi avanti, spinto dalla accentuata competizione tra i quartieri leader, instaurata a iniziativa soprattutto di Fiera Milano. Tutte le principali sedi espositive hanno avviato importanti lavori di ampliamento e ammodernamento e sono annunciati dati positivi quanto a crescita delle manifestazioni e fatturato. Anche le fiere di Bari e Genova dopo anni di sofferenza hanno ripreso a chiudere i bilanci in attivo.

In questo contesto, uno dei grandi protagonisti, Fiere di Parma, pare distinguersi per un comportamento di prudente, solida, continuità. Ne abbiamo parlato col nuovo presidente Franco Boni.

Senza annunci clamorosi Fiere di Parma procede per la sua strada. Come vede lei la situazione e quali progetti avete per il futuro?

Innanzitutto va detto che la concorrenza tra quartieri è certamente positiva e giova a tutto il sistema. Il grande potenziamento di Fiera Milano mette l'Italia in condizioni di maggiore competitività riguardo alle fiere tedesche e può rappresentare un traino per tutto il nostro sistema fieristico.

Per riempire i grandi spazi che sono stati realizzati, occorre però che non vengano fatte troppe razzie in giro per l'Italia, anziché contendere innanzitutto sul mercato europeo e mondiale. Ci sono stati esempi abbastanza significativi in merito: il caso di Eima e, prima ancora, il Motor Show su Bologna; il discorso di Miwine nei confronti di Vinitaly a Verona, le mire sul nostro Cibus, e via dicendo.

Credo di non dire nulla di nuovo se affermo che il mondo fieristico vive anche della esaltazione delle tradizioni: se il Motor Show è nato in Emilia non è un caso, perché nel mondo l'Emilia è la regione motoristica per eccellenza; se il Vinitaly si è sviluppato in Veneto è perché questa regione è una delle punte d'eccellenza della nostra tradizione vinicola.

Se Cibus è nato a Parma, anche questo non è un caso, perché Parma ha una lunga tradizione in ambito alimentare, sancita anche dalla sua scelta a sede dell'Efsa, l'autorità europea per la sicurezza alimentare.

Un'altra riflessione da fare è quella relativa ai bilanci e alla situazione economica delle varie

fiere. Indubbiamente, anche qui un'iniezione di competitività ha fatto bene e molti operatori hanno saputo reagire e invertire le tendenze; da parte nostra, non abbiamo avuto tendenze negative da invertire, perché da molti anni ormai il bilancio di Fiere di Parma è positivo.

Molti quartieri hanno acquisito la maggioranza di fiere prima organizzate da terzi nei loro spazi. Per quanto riguarda il Cibus, siete tranquilli o temete la concorrenza di Fiera Milano?

Noi condividiamo il marchio Cibus con Federalimentare, al 50%; abbiamo un contratto che ci lega per ancora sette-otto anni: sotto questo profilo dunque non vediamo minacce immediate. Se Milano dovesse

muoversi con iniziative fieristiche su questo filone, è evidente che noi non potremo dormire sugli allori ed è per questo che ci stiamo attrezzando per sviluppare e completare il nostro patrimonio, per renderlo sempre più valido per gli espositori.

Abbiamo piani di completamento e sviluppo del nostro quartiere fieristico. Per quanto ci riguarda, occorre soprattutto muoversi per il miglioramento dei servizi: più diventa sofisticata la concorrenza, più diventa sofisticata la competizione sui servizi.

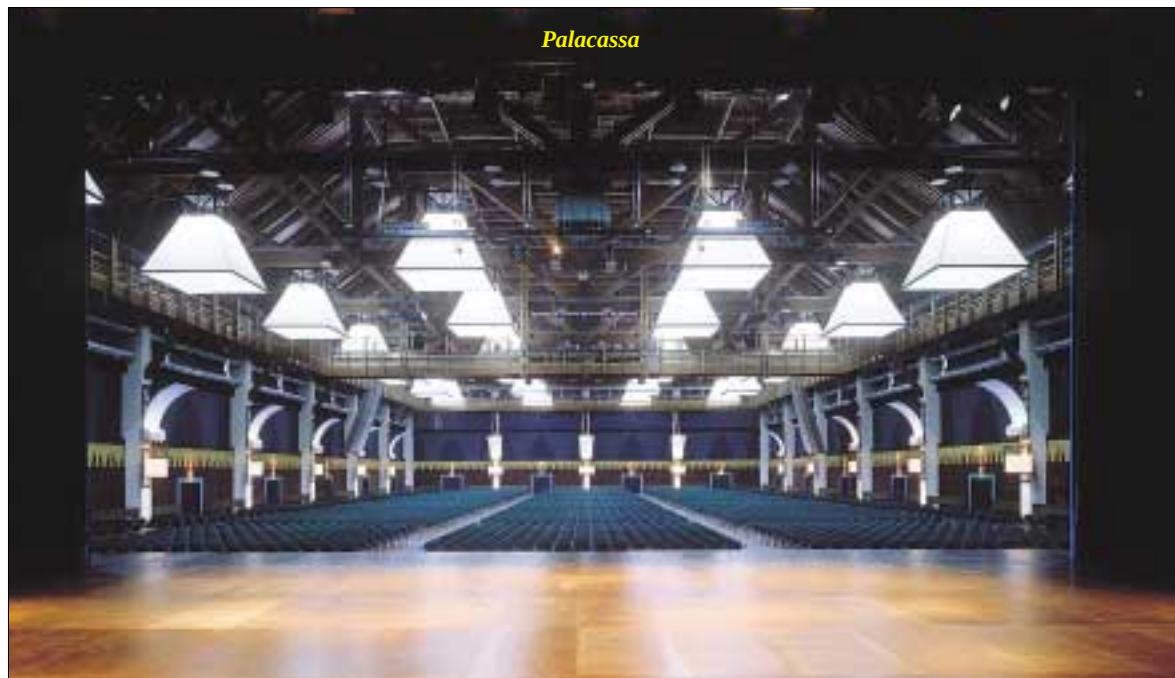

È vero che il Cibus, sarebbe diventato "troppo grande" e il quartiere fieristico attuale gli andrebbe un po' stretto; prevedete ampliamenti degli spazi?

Innanzitutto, è importante che si sia sbloccato il problema

del raccordo tra il casello autostradale di Parma centro e il quartiere fieristico: questo agevolerà ulteriormente l'accesso alla fiera. Il progetto sta per essere rifinanziato, era già stato finanziato con soldi pubblici alcuni anni fa, ma poi erano emerse priorità diverse.

Noi scontiamo il fatto di non avere avuto una destinazione originaria di quest'impianto come area fieristica. Come lei sa, il primo nucleo è costituito da capannoni industriali ex Salvarani. Negli anni sono stati fatti molti lavori di adattamento, miglioramento e ampliamento e ne faremo ancora. Ma non siamo carenti sotto questo aspetto: è un argomento usato da Fiera Milano, per insinuare che da loro ci sarebbero chissà

Palacassa

quali potenziali di sviluppo; non è così, e in ogni caso stiamo programmando, come ho detto, ulteriori aggiornamenti del quartiere.

Passiamo a un altro tema: il rapporto fiera-territorio. Si ha l'impressione che per il territorio Fiere di Parma sia una grandissima risorsa, forse non sufficientemente compresa. Altrove, come a Milano, le varie associazioni

Parma, Mercanteinfiera

di categoria, le amministrazioni locali, fanno squadra attorno alla Fiera. Non mi pare avvenga una cosa simile a Parma.

A Milano c'è in effetti una solida coscienza del ruolo trainante della fiera come propulsore economico del territorio, in questo campo dobbiamo solo imparare. Probabilmente l'ubicazione del quartiere dentro la città, con tutti i disagi che comporta per i residenti nel raggio di alcuni chilometri, ha stimolato i gestori a sviluppare un sofisticato sistema di relazioni di cui da noi non si sentiva la necessità.

La minore sintonia tra l'area di Parma e la sua fiera è forse dovuta anche al fatto che Fiere di Parma si è volutamente specializzata in fiere professionali e non per il grande pubblico; comunque c'è stata, nel passato, una maggiore difficoltà nel creare quel lavoro di squadra che altrove si fa.

Mi pare che questo atteggiamento sia oggi cambiato. Vedo una notevole attenzione del territorio, e il suo sostegno per modernizzare la fiera e renderla più bella anche dal punto di

vista dell'accoglienza dei visitatori. Negli ultimi anni inoltre sono state molto potenziate le strutture ricettive a Parma, in termini di nuovi alberghi, di nuovi ristoranti, ecc.

In effetti, Fiera Milano produce molte ricerche e produce molta documentazione sulla importante funzione della fiera, che poi diffonde con regolarità con conferenze stampa, incontri, seminari, ...

Indubbiamente dobbiamo prendere esempio da Milano, che ha una tradizione antichissima di comunicazione, di rapporto con la città e la regione tutta. Noi dobbiamo imparare a essere più attenti sotto questo aspetto: da noi l'ufficio stampa è nato solo un anno fa e già questo la dice lunga. Inoltre il fatto che Fiera Milano sia quotata in borsa le impone una certa attenzione della comunicazione, anche se poi c'è il caso di Veronafiere (non quotata in borsa) la quale è senz'altro molto attenta alla comunicazione, come Rimini Fiera del resto.

E sul versante congressuale come siete organizzati?

Siamo dotati di questa bella struttura del Palacassa, una delle poche alternative allo strapotere di Rimini nel territorio.

Il Palacassa ha ospitato manifestazioni importanti, come congressi di partito o grandi eventi di spettacolo e cultura. È una struttura dotata di ottimi servizi e molto flessibile, che può ospitare dalle 3000 alle 7000 persone e dispone di ampi parcheggi. Consente di richiamare sul territorio manifestazioni che possono contribuire a colmare quella lacuna col territorio di cui parla-

va lei prima. La fiera professionale magari non è molto sentita dal territorio, mentre una grande manifestazione lo coinvolge più facilmente.

Ospitiamo al Palacassa una dozzina di eventi all'anno, che rappresentano un'ottima integrazione dell'attività fieristica.

Quanto è importante per voi il settore congressuale, in senso lato, dal momento che la fiera è sempre più momento di incontro, di informazione e formazione, attraverso i programmi convegnistici a latere?

È uno degli aspetti sul quale intendiamo investire: molti degli ampliamenti e investimenti di cui le parlavo poco fa vanno in quella direzione; è vero che la fiera diventa sempre più momento di relazione e di aggregazione e quindi sono sempre più importanti i supporti per agevolare questi contatti e la disponibilità di aree che vadano oltre il momento espositivo e siano anche aree di ritrovo.

Oggi l'attività congressuale incide ancora poco (7-8 per cento del bilancio), ma riteniamo che sia uno dei punti su cui investire fortemente nei prossimi anni. Un notevole impulso all'attività congressuale verrà dall'Efsa: una delle sedi dell'attività congressuale dell'Efsa sarà proprio la fiera e si prevedono, a regime, circa 300 eventi all'anno tra seminari e convegni che interesseranno i professionisti della sicurezza alimentare.

Già in occasione del prossimo CibusTec (18-22/10/05) prevediamo una serie di workshop focalizzati sulla tracciabilità del prodotto, la sicurezza e quant'altro: è un ulteriore stimolo a potenziare la nostra offerta congressuale.

Voi avete tre filoni principali di fiere: antiquariali, agroalimentari e tecnologico-alimentari, meccaniche; quali sono le prospettive al riguardo?

Stiamo studiando e applicando interventi per lo sviluppo e l'ammodernamento delle nostre manifestazioni in questi settori.

Stiamo anche cercando di sviluppare, dalle costole di questi avvenimenti, alcune tendenze emergenti. Abbiamo due-tre progetti nuovi che dovrebbero partire già l'anno prossimo, secondo due indirizzi: uno per estendere l'agroalimentare a settori che oggi fanno un po' fatica a muoversi in quella direzione, l'altro per ampliare la nostra specializzazione nelle tecnologie meccaniche: viviamo al centro di un'area dove ci sono primati che vanno dalla motorizzazione alla meccanizzazione agricola, vorremmo renderli più rappresentati ed evidenti nei momenti fieristici.

E come vi muovete nel contesto europeo e a livello di coordinamento regionale?

Oggi è perdente l'atteggiamento di mantenere qualunque attività, e a maggior ragione un'attività comunicativa come la fiera, in splendido isolamento. Siamo molto attivi nello stabilire relazioni a livello regionale e interregionale, per creare alleanze utili a crescere e a non sovrapporre le iniziative.

A livello estero, col supporto dell'Ice stiamo studiando una collaborazione con l'Alma, la scuola superiore di alta cucina a Corno, qui vicino, in modo da poter portare al più alto grado l'immagine dell'agroalimentare italiano in Europa e nel mondo.

Fiera di Vicenza: il valore della competenza

Fondata nel 1948 per essere nel contempo vetrina e motore dell'economia del territorio, la Fiera di Vicenza è diventata, in oltre mezzo secolo di attività, un punto di riferimento nazionale e internazionale in settori quali l'oreficeria, l'elettronica industriale, l'automazione o il packaging.

La capacità di leggere i mercati internazionali, l'abilità di individuare nuove nicchie di mercato, la consuetudine a confrontarsi con importanti partner istituzionali esteri ha fatto della Fiera di Vicenza un *marketing partner* competente e affidabile per le aziende espositrici e un interlocutore qualificato per i visitatori professionali di tutto il mondo.

Grazie a un'analisi attenta delle esigenze del mercato, la Fiera di Vicenza consente la piena valorizzazione degli investimenti delle aziende negli eventi del proprio calendario.

Aiutare gli espositori ad acquisire visibilità con percorsi individuali comprensibili ed efficacemente comunicabili è da sempre una priorità.

Negli ultimi dieci anni, la Fiera di Vicenza ha realizzato un aumento del fatturato a un tasso medio del 12% (25 milio-

ni di euro nel 2004) ed è oggi il primo organizzatore di eventi fieristici in Italia per percentuale di operatori internazionali (36%) sul totale dei visitatori.

La Fiera di Vicenza è stata il primo Ente Fieristico Italiano a ottenere, nel 2001, la certificazione UNI EN ISO 9001.

Jewelry, innovation, lifestyle

Fiera di Vicenza è leader mondiale nell'organizzazione di eventi fieristici nel settore dell'oreficeria. VicenzaOro1, VicenzaOro2 e Orogemma, organizzate con cadenza annuale e collocate strategicamente nei mesi di gennaio, maggio e

settembre sono diventate appuntamenti imprescindibili per gli operatori del settore. Gli appuntamenti di VicenzaOro, oltre a essere al primo posto fra gli eventi dell'oreficeria internazionale per affluenza di visitatori e vastità dell'offerta merceologica, rappresentano un'insostituibile occasione di formazione, di aggiornamento professionale e di arricchimento culturale per gli operatori del settore.

Grazie a una costante attività di *brand enforcement*, la Fiera di Vicenza ha fatto di VicenzaOro un vero e proprio marchio che va oltre l'evento fieristico in sé ed è internazio-

n a l m e n t e riconosciuto come sinonimo di gioielleria made in I t a l y . VicenzaOro1, che si tiene tutti gli anni a gennaio, è il m a g g i o r e evento mondiale nel settore dell'oreficeria e il primo evento nel calendario fieristico internaziona-

le. Vicenzaoro2, a giugno, offre agli operatori del settore un'importante opportunità di riscontro sull'andamento del mercato e sulla validità delle tendenze registrate a gennaio.

Orogemma infine è il punto di riferimento del dettaglio orafa nazionale ed estero sia per la vastità dell'offerta merceologica sia per la vicinanza al periodo delle festività natalizie. Dal 2004, in contemporanea con Orogemma, si svolge l'evento *Le Forme del Gioiello*, interamente dedicato a tendenze, ricerca, innovazione e creatività. In contemporanea con Vicenzaoro1 e Vicenzaoro2 si tengono le due edizioni annuali di Oromacchine, la maggiore esposizione mondiale di macchinari, tecnologie ed attrezzature per la produzione orafa.

L'innovazione tecnologica come forza trainante della crescita dell'economia. Sulla base di questo assunto la Fiera di Vicenza ha raccolto quelle manifestazioni del proprio calendario che della ricerca, della capacità di innovare fanno il proprio punto di forza. Da Microelettronica (elettronica industriale) a Impatec (tecnologie del packaging), da Solarexpo (energie rinnovabili e alternative) a Sat Expo (telecomunicazioni satellitari) fino a COM (comunicazione d'impresa) le fiere dell'innovazione spostano in avanti il modo di intendere l'impresa in settori strategici del mercato fieristico.

L'attenzione agli stili di vita, alle passioni e agli interessi del pubblico rappresentano una parte importante dell'attività della Fiera di Vicenza. Dagli stili dell'abitare (Spaziocasa) alle vacanze *plein air* (Tempolibero), dall'alto collezionismo d'arte (Vicenza Antiquaria e Vicenza Arte) a quello numismatico (Numismatica), dall'hobbistica creativa (Abilment) all'enologia (Salone Nazionale del Vino Novello), nel programma 2006 i visitatori della Fiera non avranno che l'imbarazzo della scelta.

A close-up photograph of a metal truss joint. A central circular connector, possibly a gusset plate or a specialized fastener, is being secured by a large, dark-colored metal bracket or clamp. The bracket has a long, curved arm that wraps around the joint. The truss members are made of light-colored metal, likely aluminum, and are connected by bolts. The background shows a wooden roof structure, suggesting this is part of a larger construction project.

In the background, the historic city of Genoa is visible, including a prominent tower and a flag flying from a pole. The bridge is situated over a body of water.

Piacenza Expo: farsi strada in un mercato agguerrito

Intervista con Raul Barbieri, direttore di Piacenza Expo
di **Lorenzo Paparo**

Come riesce una realtà fieristica non di grandi dimensioni, come Piacenza Expo, a inserirsi in un panorama fieristico assai competitivo come quello attuale, dove i più grandi quartieri fieristici stanno facendo incetta di padiglioni e manifestazioni?

“Una Fiera in genere assume i propri connotati caratteristici – afferma Raul Barbieri, direttore di Piacenza Expo – grazie ai fattori economici e territoriali propri dell’area in cui si trova. Una forte produzione ed offerta locale favorisce la nascita di una manifestazione che promuova l’esportazione, ed essa risulta così composta da espositori locali e visitatori esteri e viceversa. Così è per la maggior parte dei quartieri fieristici italiani medio piccoli che, con saloni di nicchia, hanno affermato il proprio ruolo nel panorama fieristico. È così a Carrara per il marmo, a Vicenza per l’oreficeria e a Piacenza con i suoi due Saloni Internazionali, Siba e Geofluid.”

Se si pensa che intorno al 1930 a Piacenza esistevano ben 14 stabilimenti bottonieri che impiegavano circa 4000 persone, si può facilmente capire come e perché sia nato Siba, il

Salone dei bottoni. Una visibilità equivalente l’ha ottenuta anche Geofluid, il Salone sui trasporti dei fluidi sotterranei, nato a Piacenza perché gli stabilimenti petroliferi italiani più fruttuosi avevano sede a Cortemaggiore, in provincia di Piacenza. Fiere

business to business ovviamente, ma a cui piano piano si sono aggiunti altri Saloni rivolti al grande pubblico del bacino medio-padano, dotato di uno dei maggiori poteri d’acquisto in Italia, quindi molto appetito dagli espositori.

Raul Barbieri

“A questo radicamento territoriale – prosegue Barbieri – abbiamo cercato di trovare nuove nicchie di mercato per offrire nuovi approcci commerciali. Questo abbiamo fatto con una delle nostre nuove manifestazioni, Expolaser, l’unico l’evento di riferimento a livello nazionale nel campo della tecnologia laser e delle sue applicazioni industriali, e ForumRIF, una settimana di convegni e corsi di formazione rivolti al mondo dell’ambiente.”

In questo nuovo posizionamento Piacenza è favorita anche dalla sua felice posizione geografica, che “è ben collegata coi grandi centri di comunicazione e perfettamente accessibile – conclude Barbieri – Piacenza si trova proprio sulla A1, una storica cerniera di collegamento fra nord e sud della Penisola all’interno dell’asse dell’Autostrada del Sole, e sulla A21, proprio a partire dal casello di Piacenza Est fino a Brescia. Inoltre siamo sulla tratta Milano-Bologna dell’alta velocità ferroviaria e del Corridoio 5, un asse combinato di infrastrutture di trasporto e comunicazione che l’Ue si è impegnata a realizzare. Infine non trascurerei il polo logistico in via di sviluppo, che potrebbe permettere a Piacenza di assumere una posizione di leadership nell’area del nord Italia.”

Anche per questa comodità di collegamento, il nuovo Centro Congressi di Piacenza Expo è una delle strutture più richieste per incontri aziendali nazionali, meeting con forze vendita, open house: Piacenza Expo punta anche su questa leva per rafforzare la propria competitività.

CHECK-LIST

TO HAVE A PROFITABLE VISIT TO AN EXHIBITION

The visit to an exhibition, if carefully arranged, offers an interesting opportunity to collect information over competitors and over the exhibition itself, should you in future participate as an exhibitor

1. PREVIOUS INFORMATION

The visit to an exhibition has to be motivated by exact and very clear objectives:

- Gain a view of actual production and competitors
- Look into one or more specific competitor products
- Find a product to commercialize or to produce on licence
- Come into contact with potential customers

According to the objective/s, it's necessary to find answers to the following questions:

a) What manifestation offers the greatest observation range?

- Exhibitors and visitors recorded in the past editions
- Specialization degree
- Collateral information services

b) Who are the functionaries more suited to make the recognition?

- Only a person is sufficient?
- Is it better to foresee the presence of more persons?

c) Which are the exhibitors of higher interest?

- Where are dislocated their stands? (get a plan of the exhibition sector)
- Who are the persons to deal with? (verify the opportunity to pre-announce the visit)

d) Which are the sectors worthwhile a visit?

- Because they are adjoining or convenient with respect to those which constitute the primary objective
- Because they cover collateral interests

e) Who are the functionaries of the organizing institution who can give useful informations?

- Contact, in advance, the Organization Secretariat.

2 ORGANIZATION SUGGESTIONS

• Ask to the organizing institution an exhibitors catalogue. In the case this would delay too much, get a catalogue of previous edition

• Check that the catalogue has a detailed map of interesting expositive sectors. Otherwise ask it to the organizing institution.

• Compile a complete questionnaire with all questions which need a reply during the visit to the exhibition.

• Distribute the questionnaire demands to the functionaries who will visit the exhibition according to competence and commit to each functionary the exact responsibility to find specific information (photos, designs, schemes, diagrams)

• Establish the dates for the visit verifying early the propitious days (many exhibitions opened to the public reserve some days for the operators)

• Plan the travel and the time schedule for the visit, preventing every possible inconvenience.

• Carefully determine the routes to follow, according to logic (stands to visit and persons to contact)

• Determine the appropriation for the operation and objectively compare it with the purposes to pursue

• Value the opportunity to insert public relations expenses, like gifts, invitations, etc.

• Provide for the hotel bookings (act in time to avoid "all exhausted", not uncommon in periods when international expositions occur)

• Find interpreters (in the case of the functionaries don't know the language)

• Check out the necessary documentation (passports, vaccinations, money formalities)

• Verify that the functionaries are equipped with the necessary instruments (camera, tape-recorder, etc.) and know how to correctly use them.

• See to buy trip tickets and to book for the return

• Arrange for cash (in foreign currency when necessary) for the charged functionaries. Inform them over the exact receipts they are requested to produce when coming back.

3. REPORT

It is always advisable doing a written report of the visit, according to an exact scheme, and to enclose the related documentation (photos, folders, schemes, diagrams, etc.)

For consultation simplicity in following times, it is well to collect every matter under separate covers.

It's necessary to file all things in an appropriate way, to find them easily in any circumstance.

CHECK-LIST

PER VISITARE CON PROFITTO UNA FIERA

Se organizzata bene, la visita ad una fiera offre un'interessante opportunità di raccogliere informazioni sulla concorrenza e sulla manifestazione stessa, in prospettiva di un'eventuale partecipazione in qualità di espositore

1. INFORMAZIONI PREVENTIVE

La visita alla manifestazione dev'essere motivata da obiettivi precisi e molto chiari:

- Ricavare una panoramica della produzione e delle marche concorrenti
- Prendere visione ed informazione di uno o più prodotti concorrenti specifici
- Trovare un prodotto da commercializzare o produrre su licenza
- Contattare potenziali clienti.

In base all'obiettivo/i, occorre trovare risposte alle seguenti domande:

a) Quale manifestazione offre maggiore campo di osservazione?

- Espositori presenti e visitatori registrati nelle passate edizioni
 - Grado di specializzazione
 - Servizi collaterali d'informazione
- b) Quali sono i funzionari dell'azienda più adatti ad effettuare la ricognizione?

- Basta una sola persona?
- È meglio prevedere la presenza di più persone?

c) Quali sono le aziende espositrici che interessano maggiormente?

- Dove sono dislocati i loro stand? (procurarsi una pianta del settore espositivo)

- Quali sono le persone con le quali si desidera conferire? (verificare l'opportunità di preannunciare la visita)

d) Quali sono i settori espositivi della manifestazione che vale la pena visitare?

- Perché sono adiacenti o comodi rispetto a quelli che costituiscono l'obiettivo primario

- Perché rivestono interessi collaterali
- e) Chi sono i funzionari dell'Ente organizzatore che possono fornire informazioni utili?

- Prendere contatti preventivi con la segreteria dell'Ente organizzatore.

2. SUGGERIMENTI ORGANIZZATIVI

- Richiedere all'Ente organizzatore un catalogo degli espositori. Nel caso questo dovesse tardare troppo, procurarsi un catalogo dell'edizione precedente

- Controllare che il catalogo contenga una pianta dettagliata dei settori espositivi che interessano. In caso contrario richiederla all'Ente organizzatore

- Redigere un questionario completo nel quale figurino tutti i quesiti cui occorre dare una risposta nel corso della visita all'esposizione

- Scomporre i quesiti del questionario per competenze ed affidare a ciascun funzionario che effettuerà la visita la responsabilità precisa di reperire una certa quantità di notizie (foto, disegni, schemi, diagrammi)

- Stabilire le date della visita accertando prima quali sono le giornate propizie (molte manifestazioni aperte al pubblico riservano giornate per gli operatori)

- Pianificare il viaggio ed i tempi da dedicare alla visita tenendo conto di tutti i contrattempi possibili

- Determinare accuratamente gli itinerari da percorrere, secondo logica (stand da visitare e persone da contattare)

- Determinare lo stanziamento per l'operazione e raffrontarlo obiettivamente con i fini da perseguire

- Valutare l'opportunità di inserire spese di pubbliche relazioni, quali omaggi, inviti, ecc.

- Provvedere alle prenotazioni in hotel (agire in tempo al fine di evitare il "tutto esaurito", non infrequente nei periodi in cui si svolgono esposizioni a carattere internazionale)

- Trovare interpreti (nel caso vi siano funzionari che non conoscono la lingua)

- Provvedere al controllo delle documentazioni necessarie (passaporti, vaccinazioni, formalità valutarie)

- Verificare che i funzionari siano equipaggiati con gli strumenti ritenuti necessari (macchina fotografica, magnetofono, ecc.) e sappiano utilizzare correttamente gli strumenti stessi

- Provvedere all'acquisto dei biglietti di viaggio e alle prenotazioni per il ritorno

- Provvedere per il fondo cassa (in valuta estera quando è il caso) per i funzionari incaricati. Informarli sui giustificativi di spesa corretti che dovranno dare al ritorno.

3. RELAZIONE

È sempre consigliabile fare una relazione scritta della visita, secondo uno schema preciso, con la documentazione allegata (fotografie, depliant, schemi, diagrammi, ecc.).

Per semplicità di consultazione in tempi successivi, è bene che ogni argomento sia raccolto in plichi separati.

È necessario che ognuno di questi venga archiviato in modo opportuno, al fine di poterlo reperire in qualsiasi circostanza.

- b) Is it possible to rapidly obtain the exhibitors' list of the exhibition of your interest?
 - Check the possibility of getting useful information from the Organizer
 - Ask known exhibitors over former experiences
- c) Is direct sale allowed in the exhibition?
 - Are there intervention services in case of sale?
 - Are there possible problems connected with territorial "exclusivities" already granted by your firm?
 - Is it advisable the presence of your agents operating in adjoining zones?

2. ORGANIZATION ASPECTS

- a) Did you send the application form for space rental?
- b) Did you carefully read the exhibition regulation?
- c) Have you reserved the services you need?
 - Electric light/power (kW)
 - Water, telephone, gas connection
 - Cleaning service
- d) Did you create a specific directory/file for the exhibition?
 - Correspondence, copies of official documents
 - Notes, visitors visiting cards, directories
 - List of rendezvous
 - Book-keeping documentations
- e) Did you coordinate the operation with all the company's departments?
 - Administration, Advertising, Commercial, Sales, Production, Delivery
- f) Did you foresee the arrangement of a reception desk in the stand?
 - Exhibition forms (preset card for facilitating the methodical and systematic collection of the data of every visitor)
 - Writing-materials, writing-desk, computer
 - Recorder, camera

- g) Did you arrange an office for your meetings into the stand?

- Chairs and/or arm-chairs, tables
- Bar-refrigerator, drinks

- h) Do collateral manifestations exist? Value the opportunity to be present at:

- Symposia, round tables, conferences...

and pre-arrange in useful time:

- Contacts with speakers

- Reports, abstracts, press releases

- Registration in collateral events' calendar

- i) Did you gave all your promotional material to the Press Centre of the exhibition?

- Press folders containing: press releases, leaflets, catalogues, price lists, gadgets

- l) Did you arrange your stay?

- Hotel booking for the staff

- Displacements: public transports, taxi, car hire

- Restaurants, parties, cocktails...

- Stay offers

- m) Did you arrange everything with the company equipping your stand?

- Insurances

- Fire regulations

- Internal transports service, goods keeping

- Dismantling dates

- n) Did you consider possible limitations set by the Organizer about the distribution of advertising printed materials?

- o) Should the Organizer provide a "Press service", did you verify the possibility of using it?

- p) Did you insure the products you will show?

- q) Did you plan how to advertise your presence in the exhibition?

- Mailing list of names of potential visitors

- Invitation cards, if possible two for every selected name

- Advertising self-adhesives for the correspondence

- Advertising in specialized magazines and/or over "special-insert" pages of newspapers.

3. TARGET GROUP DEFINITION

- a) Which sort of public will see you?

- Insiders searching new solutions to industrial problems

- Technicians

- Decision maker ready to buy

- Officers

- Public user and/or final customer

- b) What is your purpose in exhibiting?

- Make your products known

- Launch new products

- Find agents and representatives

- Sell on the spot

- Get in touch with qualified customers

- Emphasize the firm prestige

Starting from here, you have to estimate:

- Number of visitors

- Percentage of people interested at your product

On this basis you should value:

- Staff quality in service into the stand

- Spaces needed to receive visitors

- Medium time and manners of contact

4. STAND PLANNING

Success in an exhibition can be obtained when the exhibitor speaks clearly of his own problems with the stand designer:

- Event denomination, character and purposes

- Place and opening date

- Conditions for exhibitors, limits set by rules...

- Budget

- Space needed for demonstrations, conversations, storage, personnel, services

- Selection of the products to show

- Explanation notes, graphics, photos, texts

- Company image (trade mark, distinctive colours: style in general, advertising subjects, etc.)

- Participation objectives

- Possible recycling of the building material of the stand

- Endowment and positioning of advertising material

- P.R. actions: inside the stand (bar, drawing-room, etc.)

- Dismantling and storing operations

5. CHECK ON THE UTILITY OF A FURTHER PARTICIPATION

- Objectives related to the verified presences

- Result of the themes' exhibition (how the messages have been taken)

- Ability of the Organizer to attract qualified public

- General and organizing aspects of the exhibition

- Limitations imposed by the Organizer

- Design and general decorum in relation to your company's image

- Organizer advertising for the event and its verified results

- Press conferences of specific interest to consider for the next edition

- Efficiency of the parking service

- Services efficiency in general

- Convenience and efficiency of hotel services

- Contacts obtained and their utility in the future

- Sales

- Ameliorations to bring:

- in the stand (aesthetics and functionality)

- in the products' exposure

- organizing the internal service of the stand

- in the preliminary operation of inviting potential customers

- in the manner of contacts

- in advertising material to distribute

CHECK-LIST

PER ESPORRE CON SUCCESSO A UNA FIERA

Per raggiungere gli obiettivi prefissati, per ottimizzare l'impiego del budget, per non sprecare tempo e energie è indispensabile che la partecipazione a una fiera sia preparata nei minimi dettagli

1. INDAGINE PREVENTIVA

La partecipazione alla fiera dev'essere motivata da obiettivi precisi, quali:

- Introdurre un nuovo prodotto in un mercato specifico
- Avvicinare clienti potenziali qualificati
- Valorizzare l'immagine dell'azienda
- Trovare una strada per le vendite dirette
- Effettuare ricerche di mercato
- Aprire nuovi canali distributivi

In base agli obiettivi prefissati, dovete trovare una risposta alle seguenti domande:

a) Quale fiera risulta più adatta a risolvere il vostro problema di marketing?

- Promuovere la visita di clienti potenziali
- Garantire la presenza di persone qualificate
- Agire su un'area che corrisponde alle vostre esigenze di mercato
- Disporre di servizi efficienti per agevolare i contatti.

b) È possibile avere tempestivamente l'elenco dei partecipanti alla mostra che interessa?

- Sondare la disponibilità dell'Organizzatore a fornire informazioni utili
- Interrogare espositori noti su esperienze precedenti

c) È attuabile la vendita diretta durante l'esposizione?

- Sono predisposti servizi d'intervento in caso di vendita?
- Ci sono problemi connessi con "esclusive" territoriali già concesse dalla vostra azienda?
- È opportuna la presenza dei vostri agenti operanti in zone adiacenti?

2. ASPETTI ORGANIZZATIVI

a) Avete inoltrato la domanda di assegnazione dello spazio espositivo?

b) Avete letto attentamente il regolamento dell'esposizione?

c) Avete prenotato i servizi che vi occorrono?

- Allacciamento luce, forza motrice (kW)
- Allacciamento acqua, telefono, gas
- Pulizie

d) Avete previsto un archivio specifico per la manifestazione?

- Corrispondenza, copie di documenti ufficiali
- Annotazioni, biglietti da visita dei visitatori, elenchi
- Distinta degli eventuali appuntamenti
- Documentazioni contabili

e) Avete coordinato l'operazione con tutti i reparti della Società?

- Amministrazione, Pubblicità, Commerciale, Vendite, Produzione, Spedizione

f) Avete previsto l'organizzazione del vostro ufficio "punto d'incontro" nello stand?

- Modulistica fieristica (scheda per facilitare la raccolta metodica e sistematica dei dati di ogni singolo visitatore)
- Cancelleria, scrivania, computer
- Registratore, macchina fotografica

g) Avete organizzato il vostro "salotto"?

- Sedie e/o poltrone, tavoli

- Frigo-bar, bevande

h) Esistono manifestazioni collaterali?

Valutare l'opportunità di essere presenti a:

- Simposi, tavole rotonde, convegni...

e predisporre in tempo utile:

- Contatti coi relatori
- Relazioni, estratti, comunicati
- Inserimento nel calendario delle manifestazioni collaterali

i) Avete dato all'Ufficio Stampa del Salone tutto il vostro materiale?

- Cartelle stampa contenenti: comunicati stampa, depliant, cataloghi, listini, gadget

l) Avete organizzato il vostro soggiorno?

- Prenotazione alberghi per il personale
- Spostamenti in loco: mezzi pubblici, taxi, affitto auto
- Ristoranti, eventuali ricevimenti, cocktail...
- Offerte di soggiorno

m) Avete previsto tutto con l'allestimento dello stand?

- Assicurazioni
- Regolamentazioni antincendio
- Servizio trasporti interni, manutenzione delle merci

- Data di inizio allestimento

- Data dello smontaggio

n) Avete considerato eventuali limitazioni poste dall'Organizzatore circa la distribuzione di stampati pubblicitari?

o) Avete accertato la possibilità di utilizzare l'eventuale "servizio stampa" curato dall'Organizzatore?

p) Avete provveduto all'assicurazione dei prodotti che esporrete?

q) Avete programmato come pubblicizzare la vostra presenza in fiera?

- Mailing list di potenziali visitatori
- Biglietti d'invito, se possibile due per ogni nominativo selezionato
- Autoadesivi pubblicitari per la corrispondenza
- Pubblicità su riviste specializzate e/o su pagine "speciale-salone" dei quotidiani.

3. DEFINIZIONE DEL TARGET GROUP

a) Qual è il pubblico che vi potrà vedere?

- Addetti ai lavori in cerca di soluzioni nuove a problemi industriali
- Tecnici in genere

- Decision maker pronti ad acquistare

- Funzionari di aziende in osservazione

- Pubblico utente e/o consumatore finale

b) Qual è lo scopo che intendete raggiungere con l'esposizione?

- Far conoscere i vostri prodotti
- Lanciare prodotti nuovi
- Trovare agenti e rappresentanti
- Sondare l'opinione degli "addetti ai lavori"
- Effettuare vendite sul posto
- Contattare clienti qualificati
- Elevare il prestigio dell'azienda

Partendo da qui, dovete stimare:

- Numero dei visitatori
- Percentuale degli interessati alla vostra produzione
- Dimensione degli spazi per accogliere le persone
- Tempo medio e stile del contatto

4. LA PROGETTAZIONE DELLO STAND

Il successo di una mostra si ottiene quando l'espositore parla chiaramente dei suoi problemi col progettista dello stand:

- Denominazione, carattere e scopi della manifestazione
- Località e data di inaugurazione
- Limiti imposti da regolamenti, normative...
- Stanziamento di spesa
- Utilizzo dello spazio per dimostrazioni, colloqui, magazzino, personale, servizi
- Selezione dei prodotti da esporre
- Tavole esplicative, grafici, fotografie, testi
- Immagine della Società (marchio, colori distintivi; stile in generale, temi pubblicitari...)
- Obiettivi della partecipazione
- Eventuale riutilizzo del materiale che compone lo stand
- Dotazione e collocazione degli stampati pubblicitari.
- Azioni di P.R. all'interno dello stand (bar, salotto, ecc.)
- Operazioni di smontaggio e immagazzinamento

5. CONTROLLO SULLA UTILITÀ DI UN'ULTERIORE PARTECIPAZIONE

- Obiettivi correlati con le presenze verificate
- Risultato dell'esposizione degli argomenti (come sono stati recepiti i messaggi)
- Capacità dell'Organizzatore di attrarre il pubblico qualificato
- Aspetto generale e aspetti organizzativi della fiera
- Limitazioni imposte dall'Organizzatore
- Estetica e decoro generale in rapporto con l'immagine della vostra Società
- Pubblicità dell'Organizzatore alla manifestazione, risonanza constatata
- Conferenze stampa di interesse specifico da considerare nella prossima edizione
- Efficienza del parcheggio automezzi
- Efficienza dei servizi in generale
- Comodità ed efficienza dei servizi alberghieri
- Contatti avuti e loro utilità per il futuro
- Vendite effettuate
- Miglioramenti da apportare:
 - nello stand (estetica e funzionalità)
 - nell'esposizione dei prodotti
 - nell'organizzazione del servizio nello stand
 - nell'operazione preliminare di invito dei clienti potenziali
 - nello stile dei contatti
 - nel materiale pubblicitario da distribuire.

Associazione organizzatori di fiere, mostre, saloni, eventi e congressi
assofiere@assofiere.org • www.assofiere.org

Col fine di promuovere le condizioni per il migliore sviluppo del settore fieristico, il 12 giugno 2002 si è costituita a Torino l'Associazione organizzatori di fiere, mostre, saloni, eventi e congressi, in breve Assofiere.

Viene così a completarsi il quadro rappresentativo del settore, dove già operano: l'Aefi, Associazione Esposizioni e Fiere Italiane, che riunisce Enti e società proprietari di quartieri fieristici e che ha recentemente adeguato il proprio nome e Statuto per accettare anche soci che esercitino, da almeno cinque anni, attività di progettazione, realizzazione e promozione di qualificate manifestazioni fieristiche, di convegni, di congressi, o che dispongano, a qualunque titolo, di quartieri fieristici rispondenti alla normativa nazionale e regionale (sede in Roma); e l'Asal, Associazione Nazionale Aziende Allestitrici di Fiere e Mostre, che riunisce allestitori di fiere, mostre, musei, congressi e, in qualità di consociati, aziende che svolgono attività collegate al settore (sede in Milano).

Soprattutto in Piemonte, da dove è partita l'iniziativa Assofiere, si sentiva l'esigenza di un'associazione che promuovesse il settore delle fiere, mostre, saloni, eventi e congressi, partendo dal punto di vista degli organizzatori, di quelli minori in particolare, che normalmente non riescono a far sentire la loro voce.

Soci Assofiere:

A.G. Editrice Srl (Alberto Guizzardi), Ente Manifestazioni Comprensorio Casale Spa (Marco Gatti), INTEXGroup Srl (Edi Ferraris), Manazza Gefra Spa (Antonio Manazza), Metropolis Srl (Luciano Casadei), No frills Srl (Renzo Druetto), Pianeta Srl (Giovanni Paparo), Succede Srl (Aldo Milanese), The Fine Arts E.I.S. Srl (Mario Rossi).

Presidente: Giovanni Paparo

Vice presidente: Edi Ferraris

Segretario economo: Mario Rossi

ASSOALLESTIMENTI

1975 - 2005

Trentennale di fondazione

 FEDERLEGNO-ARREDO

INTERNATIONAL FEDERATION OF
EXHIBITION AND EVENT SERVICES

IFES
Italy Event Services

Domenica 18 settembre 2005 si è concluso il periodo di apertura della mostra *Vuoto x pieno*, inaugurata al Palazzo della Triennale di Milano il 23 giugno. Una mostra ideata, promossa e allestita da Asal Assoallestimenti, l'associazione nazionale italiana degli allestitori di mostre, fiere, eventi, musei e altri spazi espositivi.

I curatori sono stati Ico Migliore, Mara Servetto e Italo Lupi. La mostra è stata visitata da circa 400 persone all'inaugurazione e in seguito da altre 2500: un grande successo, considerato che ha descritto un settore produttivo di altissima specializzazione che interessa, in Italia, solo alcune migliaia di persone.

Attualmente l'allestimento si configura sempre più come strumento elettivo di comunicazione per le imprese, in quanto interfaccia tra produzione culturale o commerciale e pubblico, e al tempo stesso costituisce un campo innovativo di sperimentazione del progetto tra architettura, design, grafica, arte ed altre discipline.

La mostra, lettura dello spazio nel suo complesso, ha costruito un racconto che si rifaceva alla storia, il quale presentava uno spaccato significativo del panorama contemporaneo italiano, raffigurato su circa 270 pannelli e rappresentato da 32 modelli, la maggior parte dei quali provenienti dal Laboratorio di Modellistica del Politecnico di Milano.

L'architettura temporanea italiana in mostra a Milano

Al Palazzo della Triennale di Milano si è conclusa la mostra *Vuoto x pieno* (23/06-19/09), curata da Asal Assoallestimenti

Le otto sale laterali della Galleria Aulenti al piano terra della Triennale presentavano, con dati e immagini, progetti contemporanei degli ultimi dieci anni, realizzati da allestitori soci Asal e selezionati scientificamente dalla rivista *Abitare*. Da questa panoramica è stata messa in luce la qualità distintiva del lavoro degli allestitori italiani, capaci di interpretare e sviluppare complessità e innovazioni progettuali, dando concreta definizione al progetto.

A sottolineare il legame inscindibile tra allestimento e comunicazione, i progetti sele-

zionati sono stati accompagnati da un segno fresco di immagine grafica. Otto stanze per otto giovani grafici italiani, chiamati a impaginare il materiale a disposizione.

A questo si sono aggiunte, sul piano critico, una serie di brevi interventi e citazioni inerenti il progetto allestitivo.

L'area centrale dell'esposizione è stata invece dedicata a una visione più generale e panoramica della produzione di allestimenti che, partendo dal racconto storico sugli esempi significativi che hanno segnato tappe evolutive nel progetto allestitivo, ha fornito uno scenario complessivo contemporaneo.

Questa sezione, caratterizzata da un maggiore valore installativo, attraverso l'impiego di proiezioni di grande formato e di immagini, ha evidenziato la trasversalità del progetto d'allestimento, il suo valore propulsivo e innovativo, le contaminazioni provenienti da altri ambiti.

Nei corridoi di passaggio, infine, l'impiego di mappe grafiche dinamiche ha contribuito ad accompagnare il pubblico lungo la narrazione del testo definito dalla mostra, restituen-

do la cronologia, la sincronia o la sinergia tra fermenti, idee, personaggi, prodotti, avvenimenti, nonché il senso del ruolo e del peso economico connessi a questi interventi.

Una mostra interessante non solo per gli addetti ai lavori, che ha potuto restituire a un pubblico più vasto la ricchezza di innovazione e di trasversalità insita nel progetto dell'allestimento temporaneo, in quanto strumento di comunicazione sempre più significativo nella cultura contemporanea.

I progetti presentati sono stati messi in relazione con una raccolta di progetti storici e con gli esempi dei grandi maestri.

Le otto stanze hanno avuto come ambiti tematici Luce, Vuoto, Costruito, Artificio, Ritmo, Testo, Oggetto, Paesaggio e hanno costituito una griglia capace di focalizzare l'attenzione sui criteri d'intervento e sugli elementi funzionali al progetto.

Le otto stanze sono state studiate da Marco Romanelli, Pierluigi Cerri, Enrico Morteo, Beppe Finessi, Paolo Ferrari, Gianni Ottolini, Andrea Branzi e Silvana Annicchiarico.

Al centro della mostra modelli storici in scala e proiezioni hanno restituito la ricchezza progettuale di uno spaccato dell'architettura temporanea italiana dal Movimento Moderno ad oggi.

La specificità del progetto temporaneo italiano non va letta esclusivamente per la qualità del pensiero progettuale, ma anche per la qualità propositiva e culturale della sua committenza e alla luce della grande sapienza esecutiva delle sue maestranze, e non è un caso che dentro la stretta relazione committenza-progettista-allestitore, l'Asal Assoallestimenti si sia fatta organizzatrice e sostenitrice di questa occasione culturale, coltivando così la qualità del progetto.

Luoghi elettivi di comunicazione e conoscenza, gli allestimenti sono spazi ad alta densità, pensati come "pieni" anche quando lasciati "vuoti".

NB Las fechas y lugares de las ferias pueden variar. Por lo tanto se declina toda responsabilidad por eventuales imprecisiones y se invita, a todo interesado a participar en una feria, asegurarse de las fechas y lugares con los organizadores de la misma.

NB Dates and places of exhibitions may always vary. Therefore any liability for imprecise information is declined. Those who are interested in taking part in an exhibition should check the dates and places by contacting the organizers.

NB Veranstaltungsdaten und -orte können sich jederzeit ändern. Leider können wir keinerlei Verantwortung für kurzfristige Modifikationen übernehmen und möchten daher die an der Teilnahme Interessierten bitten, sich über Ort und Datum der jeweiligen Veranstaltung zu erkundigen.

NB La chiave delle abbreviazioni si trova nell'inserito in cartoncino (aletta) all'inizio della Parte IV, a lato della pagina 224.

NB L'indice des abréviations se trouve sur la page cartonnée (volet) insérée au début de la Partie IV, à côté de la page 224.

NB El índice de abreviaturas se encuentra en la cartulina adjunta (alita) al principio de la IV Parte, justo adelante de la página 224.

NB The key to abbreviations is on the pasteboard insert (tab) at the beginning of Part IV, just aside page 224.

NB Die Legende für die Abkürzungen befindet sich auf der Kartonunterteilung (Klappe) am Anfang von Teil IV, links von Seite 224.

Titolo Storia della scrittura

"Dai primordi ai giorni nostri"

Formato 170x240 mm, pagg.158

Stampa 4 Colori, broccatura cucita

NOTE SULL'AUTORE

Lorenzo Guida nasce a Ortelle in provincia di Lecce.

A 14 anni, senza tralasciare gli studi, si muove nel

mondo del lavoro e si dedica anche al canto

ottenendo buoni risultati esibendosi nei vari locali.

Partecipa nel 1969 al concorso canoro Nazionale "Fuori

il personaggio" presentato da Corrado nelle selezioni e

da Pippo Baudo alla finale in Roma dove vince

ottenendo un buon successo. Si laurea in Scienze Sociali

"Assistente Sociale", in Ingegneria Civile e fonda un

Istituto per Geometri ottenendo la Parità scolastica da parte

del Ministero dell'Istruzione dell'Università e della Ricerca. È

accademico di prestigiose istituzioni ed oggi Corrispondente

Diplomatico per Malta. Inoltre riveste la carica di Direttore

Responsabile del periodico Europa Reale.

NOTE SULLA PUBBLICAZIONE

L'autore Guida Lorenzo con il presente testo, "Storia della

scrittura", non pretende di essere esaustivo in merito

all'argomento trattato, ma intende offrire al lettore un lavoro

che si propone il fine di stimolarlo con spunti operativi di

miglioramento del suo sapere per il lavoro e la ricerca. La scrittura in

linea di massima, essendo oggi ormai considerata da quasi tutti i popoli un naturale modo di espressione, non genera quasi

mai la curiosità di approfondirne le origini, comprendere gli impulsi istintivi che sin dai tempi più remoti ne hanno

determinato la nascita prima e la necessità sempre più impellente in seguito. Ai nostri giorni, in particolare, nell'era

dell'audiovisivo, del computerizzato, della più sofisticata elettronica al servizio dell'informazione e della comunicazione a

distanza e di massa (video-conferenze, MMS, SMS, ecc.), la scrittura è stata sovente relegata ai primi ed elementari

apprendimenti o messaggi di vario genere. La parte finale della trattazione prende in considerazione la scrittura dal punto di

vista scientifico, ossia correlandola con l'emotività dello scrivente la quale si concretizza nella sua gestualità. La grafologia

cerca di risalire a tale emotività in quanto la scrittura è anche una proiezione della personalità dell'individuo. Il presente

lavoro non costituisce, però, un vero e proprio trattato sulla grafologia, ma un breve riassunto degli studi di coloro che, con

precise basi scientifiche, si sono addentrati nei meandri della psiche umana, ampliandone così la conoscenza.

Di Tutto di Più

5-9 Febbraio 2006, NEC Birmingham, (UK)

www.springfair.com

I padiglioni dedicati al Volume apriranno con un giorno di anticipo

Spring Fair Birmingham torna nel 2006, più ricca che mai e con una favorevole collocazione nel calendario internazionale degli eventi di settore.

Nel mese di Febbraio 2006 il NEC avrà l'onore di ospitare uno dei maggiori eventi specializzati internazionali per il settore degli articoli da regalo e gli accessori per la casa.

Con 80.000 operatori provenienti da tutte le nazioni del mondo, la Spring Fair Birmingham è l'evento fieristico da non perdere, dove trovare le novità più sorprendenti dell'anno, i prodotti più innovativi ed introvabili.

Oltre 4.000 espositori del Regno Unito ed internazionali, inclusi i marchi più importanti e già noti del settore, nonché nuove ed indipendenti aziende, presenteranno un'incredibile e ampia gamma di articoli da regalo ed accessori per la casa.

Ognuno degli 11 diversi settori merceologici della manifestazione è una vetrina fondamentale e, per la sua estensione, potrebbe creare da solo un evento esclusivo, soprattutto per i settori degli articoli da regalo, degli articoli per la casa, i giocattoli, la cancelleria, la gioielleria, arte e cornici, gli accessori da giardino, articoli volume e stock.

Attraverso lo svolgimento di diversi seminari, le anteprime sui trend e le vetrine di selezionatissimi prodotti nuovi, la Spring Fair Birmingham è un appuntamento indispensabile per tutti coloro che desiderano essere aggiornati sulle nuove tendenze di settore e per coloro che ricercano dei prodotti unici ed esclusivi.

Per la Vostra presenza alla manifestazione potete registrarvi gratuitamente già da oggi visitando il sito www.springfair.com oppure contattate il nostro agente in Italia:

Your business, in good hands.

NAUTIC SERVICE

NAUTIC SERVICE

È un periodico trimestrale bilingue (febbraio, maggio, settembre e dicembre) dedicato al mondo della nautica da diporto.

NAUTIC SERVICE

è lo strumento di informazione dedicato al negozio specializzato nella vendita di articoli nautici, cantieri e broker nautici.

INVIATO

ai principali cantieri nautici nazionali e internazionali, è lo strumento ideale anche per dialogare con gli ingegneri e gli architetti che si occupano di progettazione e allestimento di motoscafi e imbarcazioni di piccola e media taglia.

ARGOMENTI TRATTATI:

strumenti di bordo, accessori, ferramenta, prodotti vernicianti ed estetici, generatori di corrente, eliche, elettronica, cime, catene, ancore; inoltre prove tecniche, approfondimenti sui materiali, test in mare.

NAUTIC SERVICE

sarà inoltre presente alle principali manifestazioni nautiche internazionali per garantire una maggiore visibilità e diffusione del prodotto editoriale.

TIRATURA:

5.000 copie ripartite tra: negozi di nautica e relativi accessori, cantieri nautici, agenzie di intermediazione, fiere nazionali e internazionali.

Vi prego di volermi inviare maggiori informazioni sulle modalità per sottoscrivere un abbonamento alle vostre riviste.
