Fiera Milano Spa

Il nuovo centro espositivo di Fiera Milano rappresenta in assoluto il meglio dell'offerta fieristica internazionale.

I padiglioni sono 8, di cui 6 su un piano e 2 su due piani. Tutti i padiglioni si distinguono per le dimensioni e la flessibilità di utilizzo. Ognuno di essi misura infatti circa 37mila metri quadrati, è autonomo in quanto dotato di proprie reception, punti di ristorazione, sale convegno, aree per uffici e può essere suddiviso in due aree espositive (quattro nei padiglioni biplanari), utilizzabili sia contemporaneamente sia separatamente. Per questo agli otto padiglioni corrispondono 20 saloni. I padiglioni sono privi di colonne e ingombri strutturali.

GUIDA MONDIALE DELLE FIERE

La guida leader nel mondo delle fiere ed esposizioni

La GMF Guida Mondiale delle Fiere

da oltre 30 anni aiuta gli imprenditori a pianificare con successo la propria partecipazione alle fiere di tutti i settori (più di 100 categorie merceologiche) in tutto il mondo.

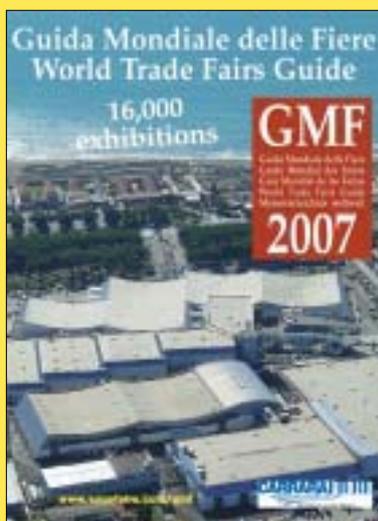

La GMF è la prima pubblicazione per numero di **fiere censite, oltre 16.000**, e per ricchezza di dati pubblicati.

Grazie alle abbreviazioni utilizzate (es. **F 1/1** = frequenza annuale) e alla tecnica d'impaginazione la GMF pubblica più informazioni di qualsiasi altra guida in un minor numero di pagine (circa 700 pag. - 1 kg) contenendo così i costi di stampa e il prezzo di vendita.

La rivista **PRISMA** - fiere, congressi, turismo, benessere, enogastronomia, due volte l'anno pubblica l'insero SFI - Sistema Fiere-Congressi Italia contenente anche il calendario delle fiere che si svolgono in Italia.

Grazie al portale **www.expofairs.com**, l'informazione fieristica, sempre aggiornata (cambi date, cancellazioni, nuove fiere), è disponibile online con oltre 25.000 fiere censite (sono riportate anche le fiere locali e quelle cancellate).

Acquistando la GMF, in omaggio user ID e password per l'**accesso abbonato** a **www.expofairs.com**

La Guida Mondiale delle Fiere

è divisa in 5 parti.

La Parte I illustra **Il mondo delle fiere** con analisi, opinioni e programmi dei protagonisti dello scenario fieristico europeo e mondiale.

La Parte II riporta **I nomi delle fiere in ordine alfabetico**.

Molto utile per quelle itineranti, consente, entrando col nome o la sigla della fiera, di rilevarne il numero progressivo e di rintracciarla subito nella Parte IV, per le informazioni più complete.

WORLD TRADE FAIRS GUIDE

The leading directory in the world of exhibitions

The GMF World Trade Fairs Guide

has been helping business men for more than 30 years in planning successfully their participation in exhibitions of all sectors (more than 100 commercial categories) worldwide.

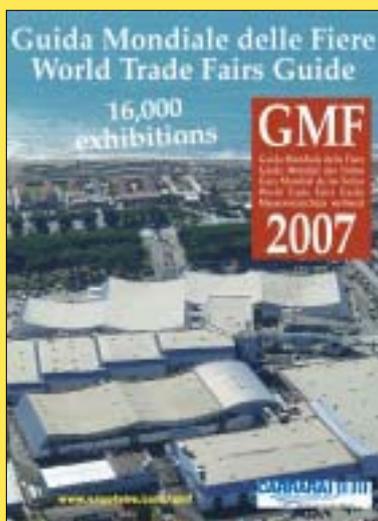

The GMF is the first publication for the number of **trade shows recorded, over 16,000**, and the quantity of available data.

Thanks to the abbreviations (e.g. **F 1/1** = annual frequency) and to the page layout, GMF publishes more information than any other directory in a smaller number of pages (about 700 pages - 1 kg), thus reducing printing cost and selling price.

A useful complement to the directory is the magazine **PRISMA - exhibitions, congresses, tourism, wellness, gourmet**, which publishes the insert SFI - Exhibition-Congress System Italy twice a year.

Through the portal **www.expofairs.com**, information about exhibitions, always up-to-date (data changes, cancellations, new fairs), is available online with more than 25,000 exhibitions recorded (you can also find local and cancelled events).

Buying the GMF and/or PRISMA you receive user ID and password for the **access subscriber** to **www.expofairs.com** free of charge.

The **GMF - World Trade Fairs Guide** is divided into 5 parts.

Part I illustrates **The world of exhibitions** with analysis, opinions and plans of protagonists in the European and global trade fairs market.

Part II records **Exhibitions in alphabetical order**.

Very useful for itinerant events, it enables you to trace the progressive number of the exhibition and find it in Part IV for a more complete description.

Part III contains **Exhibitions by commercial categories** (more than one hundred), with indications of country, town, dates, name of the event and its progressive number for Part IV.

Part IV records **Exhibitions by geographical/chronological order**.

Here you find the most detailed information about each event, showing the exhibition venue, commercial field, statistics and web site. It also contains the names, contact persons, phone numbers, fax numbers and email of organizers, worldwide agents and representatives in Italy.

Part V contains indexes of companies offering services in the exhibition/congress sector: **Exhibition and congress venues, Service providers**.
