Sinónimos y antónimos. Diccionario de la lengua española

Zanichelli-Vox, Milano 2006, pp. 650
euro 20,00

Un dizionario monoliguo dei sinonimi e contrari nella lingua spagnola, utile a studenti e traduttori per comprendere le sfumature tra i diversi termini o le differenze tra usi e registri linguistici o stilistici.

Contiene oltre 100.000 voci e include americanismi e dialettalismi di carattere generale ma anche voci tecnologiche passate nella lingua comune.

Giuseppe Pittàno
Sinonimi e contrari terza edizione
Dizionario fraseologico delle parole equivalenti, analoghe e contrarie
Zanichelli, Bologna 2006, pp. 1088
euro 54,00 con cd-rom

Uno strumento pensato per coloro che scrivono ma anche per tutti coloro che vogliono padroneggiare la lingua e servirsene con proprietà.

Questa terza edizione è frutto di una attenta rilettura e revisione da parte di Marina Stoppelli che ha aggiornato il dizionario, ne ha perfezionato la struttura e integrato nuove voci recentemente entrate nell'uso. Sono anche presenti circa 900 schede con le sfumature di significato.

Il cd-rom per Windows contiene l'intero testo del dizionario e consente la ricerca per singoli campi e per combinazioni di parole.

Fernando Picchi
Economics & Business
Dizionario enciclopedico economico e commerciale

Zanichelli, Bologna 2006, pp. 1600
euro 73,50 con cd-rom

Questa quarta edizione accoglie le modifiche linguistiche relative al campo economico e finanziario. Si caratterizza per l'approfondita revisione e il completo aggiornamento con l'aggiunta di termini quali *auction market*, *basic needs philosophy*, *smurfing*.

Non si rinuncia a quel rigore delle definizioni e della trattazione che aveva determinato il successo delle prime tre edizioni (pubblicate nel 1986, nel 1990 e nel 2001) presso studenti, docenti, ricercatori, operatori economici e commerciali. Le voci risultano però chiare anche ai profani di discipline o teorie economiche e costituiscono quindi un prezioso aiuto alla comprensione dei termini inglesi e americani che ormai sono sempre più utilizzati dalla televisione e dai quotidiani.

La GMF, più ricca che mai, pesa meno di un kg grazie al rotooffset

The GMF, richest than ever, weighs less than one kg thanks to roto offset

di/by Giovanni Paparo

Una delle caratteristiche del mondo delle fiere, che contribuisce a mantenerne sempre vivo l'appeal, è data dalla sua capacità di adeguarsi continuamente alle domande dei mercati.

Le fiere non più al passo coi tempi perdono progressivamente terreno a vantaggio delle concorrenti più agguerrite, financo a scomparire, mentre nuove proposte tentano la loro strada.

Un discorso simile vale per i media con i quali le fiere, strumento principe di comunicazione e marketing, comunicano sé stesse. Perché è indubbio che anche le fiere hanno la necessità di promuoversi: verso i potenziali espositori e quindi verso i potenziali visitatori.

Ben consapevoli di quanto sopra, abbiamo sempre curato di mantenere la GMF al passo coi tempi.

Quanto ai contenuti ci pare anzi che stavamo già un passo avanti: col recente sviluppo della parte redazionale all'inizio del volume, volta a illustrare il mondo delle fiere e le sue tendenze, in aggiunta ai calendari più completi e aggiornati che esistano (oltre 16.000 fiere censite).

Ora, grazie anche al rotooffset, per quanto riguarda la maneggevolezza, abbiamo raggiunto un nuovo traguardo molto importante: siamo riusciti a portare il peso della Guida sotto al kg.

Con ciò speriamo di non vedere più i visi perplessi di molti estimatori della GMF, che al nostro stand in una fiera internazionale, si chiedevano come fare a portare con sé sull'aereo il volume.

Un formato leggermente più piccolo, 210 x 285 mm (contro i 215 x 300 mm precedenti); una carta patinata da 57 g/m² per la parte redazionale iniziale e carta bibbia da 40 g/m² per i calendari; un ulteriore compattamento dei testi, che ha consentito di ridurre a poco più di 700 il numero delle pagine, ed eccoci sotto al kg.

Grazie al peso ridotto, l'editrice Pianeta ha potuto uniformare in tutto il mondo il prezzo di vendita della GMF, incluse le spese di spedizione (corriere espresso in Italia e registered mail all'estero).

A feature of the trade fair world, that contributes to maintain its appeal ever-strong, consists in its ability to continuously adapt itself to market demands.

The fairs no more abreast with the times progressively lose ground to the advantage of more experienced rivals. They even disappear, while new events find their way.

A similar reasoning applies to media by which exhibitions, the main communication and

marketing tool, promote themselves. Because undoubtedly also fairs have to promote themselves to their potential exhibitors and than to their potential visitors.

Aware of this, we have always taken care to keep GMF abreast with the times.

Actually, as for the contents, we think we were a step further, thanks to the recent development of the editorial part at the beginning of the volume, devoted to the trade fair world and to its tendencies, which was added to the most comprehensive and up-to-date existing calendars (more than 16.000 trade fairs recorded).

Now, thanks also to roto offset, we have achieved a new very important target in connection to the handiness: we managed to bring the GMF's weight under 1 kg.

So we hope we will not see anymore the perplexed expressions of many of GMF appreciators, who, at our stand during an international fair, wondered how to carry the volume on the plane.

A little smaller size, 210 x 285 mm (against the previous 215 x 300 mm); glossy paper of 57 g/m² for the editorial part and bible paper of 40 g/m² for the calendars; a further compressing of tests, that allowed a reduction to few more of 700 pages, and that's how we went under one kg.

Thanks to the reduced weight, Pianeta publishing company was able to set a worldwide standard price of the GMF, including delivery (express courier in Italy and registered mail out of Italy).

DAL 1920 UTILE PER TUTTI

Come si consulta la GMF-Guida Mondiale delle Fiere

Ancora più facile e rapida da consultare la GMF presenta le informazioni più complete nella Parte IV, ove le fiere sono ordinate per stati e città, e quindi per data e nome.

La chiave delle abbreviazioni (in italiano, francese, spagnolo, inglese e tedesco) si trova nell'inserito in cartoncino (aletta) all'inizio della Parte IV, a lato della pagina 192.

Nel caso una manifestazione sia stata rintracciata in una delle due altre classificazioni - *Le fiere in ordine alfabetico (Parte II)*, *Le fiere per categorie merceologiche (Parte III)* - si può risalire rapidamente alla sua descrizione più completa nella Parte IV grazie alla numerazione progressiva.

La Parte I illustra il mondo delle fiere e contiene una parte redazionale che descrive le realtà principali del mercato fieristico italiano e internazionale.

La Parte II riporta i nomi delle fiere in ordine alfabetico. Molto utile per quelle itineranti, consente, entrando col nome o sigla della fiera, di rilevarne il numero identificativo e di rintracciarla rapidamente nella Parte IV, per le informazioni più complete.

La Parte III contiene le fiere ordinate per categorie merceologiche, con l'indicazione di: stato, città, data, nome della manifestazione e numero per il ritrovamento nella Parte IV, per le informazioni più complete.

La Parte IV contiene le fiere ordinate per stati e città, e quindi per data e nome. Qui si trova la descrizione più completa di ciascuna manifestazione. Degli organizzatori, agenti mondiali e rappresentanti in Italia sono forniti nome, numeri di telefono, fax, email e persona di riferimento.

La Parte V riporta repertori di sedi espositive e congressuali e imprese di servizi.

In case you found an exhibition in one of the other two parts - *Exhibitions in alphabetical order (Part II)*, *Exhibitions by commercial categories (Part III)* - you can find a more detailed description in Part IV thanks to the progressive numbering.

Part I illustrates the world of exhibitions. It contains a group of articles showing the most important cases of the Italian and international exhibition market.

Part II records exhibition titles in alphabetical order. Very useful for itinerant events, it enables you to retrace the exhibition id number and find it in Part IV for a more complete description.

Part III records exhibitions arranged by commercial categories, with the nomenclature of country, town, date, name of the event and its number for Part IV.

Part IV records exhibitions by country and town, then by dates and names. Here you can find the most detailed information about each event. Name, telephone number, fax number, email and contact persons of the organizers, worldwide agents and representatives in Italy are also available.

Part V contains indexes of exhibition and congress venues and exhibition service suppliers.

Como consultar la GMF-Guía Mundial de las Ferias

Todavía mas fácil y rápida para consultar, la GMF presenta la información más completa en la Parte IV, donde las ferias están clasificadas por países y por ciudades, también por fechas y nombres.

El índice de las abreviaturas (en italiano, francés, español, inglés y alemán) está situado en la cartulina adjunta (alita) al principio de la Parte IV, a lado de la página 192.

Cuando se encuentra una feria en una de las otras dos clasificaciones - *Las ferias por orden alfabético (Parte II)*, *Las ferias por categorías de mercado (Parte III)* - la numeración progresiva permite buscar rápidamente la descripción más detallada en la Parte IV.

La Parte I describe el mundo de las ferias, contiene una serie de artículos que describen las realidades italianas e internacionales más importantes.

La Parte II agrupa los nombres de las ferias en orden alfabético. Muy útil para las ferias itinerantes, buscando por el nombre o por la sigla de la mani-festación, permite encontrar su número de referencia y buscar rápidamente la misma en la Parte IV para la descripción más detallada.

La Parte III agrupa las ferias ordenadas por categorías de mercado, con indicación del país, ciudad, fechas, nombre y número de referencia de la feria para la descripción más detallada en la Parte IV.

La Parte IV agrupa las ferias ordenadas por países y ciudades (también por fechas y nombres). Aquí se encuentra la información más detallada de cada evento. STORIA DI COPERTINA. UN POLO ESPOSITIVO IN POSIZIONE STRATEGICA

CarraraFiere avanti tutta

Nel 2006 sono entrate in funzione nuove strutture e nel 2007 un fitto calendario coi grandi saloni del marmo, della nautica e del turismo

Per CarraraFiere il 2006 è stato un anno particolarmente importante: sono cresciute le manifestazioni (da 12 a 16), i visitatori (+5%) e il fatturato (+2%).

L'ampliamento delle attività è stato accompagnato dal debutto di un padiglione espositivo da 10 mila m², modernissimo, che potenza e completa la struttura, dandole una dimensione adeguata anche ai grandi congressi. La Fiera si conferma vetrina e

motore delle attività economiche dell'area vasta della costa Toscana e annuncia un fitto calendario per l'anno appena iniziato, che prevede manifestazioni ormai consolidate come Marmotec, Seatec, Balnearia, 4x4Fest, TOUR.it, Tirreno CT e Tuttocasa, accompagnate da nuovi eventi dedicati all'auto, all'elettronica, all'antiquariato.

Grazie al nuovo padiglione, (oggi sono quattro quelli operativi), la superficie coperta della

Fiera si estende per 34 mila m² mentre l'area utile complessiva sfiora i 100 mila.

Date le dimensioni e le caratteristiche delle fiere ospitate (quasi tutte altamente specializzate), è soddisfacente il consuntivo dei visitatori: 420 mila, 20 mila in più del 2005 (considerato anche il complesso degli espositori si arriva a 500 mila persone), una folla considerevole, con una forte presenza di operatori provenienti da altre città e regioni, con una forte ricaduta sul territorio.

Le fiere nel 2007

Nel 2007 ci sono in calendario 16 fiere, con la serie aperta il 7 gennaio dall'Esposizione Nazionale Canina, per proseguire con Tour.it (13-31) e Seatec (1-3 febbraio). Sempre in febbraio (9-11) Toscana Sposi fa da contrappunto al salone dell'antiquariato tecnologico e delle applicazioni futuribili Expo Elettronica (10-11), mentre Balnearia, attrezzature per il turismo all'aria aperta (25 febbraio-1 marzo), si svolge in contemporanea con Tirreno CT (offerta turistica nel centro Italia).

Con Expo Elettronica debutta Antiquamente (21 aprile-5 maggio), dedicata ai manufatti d'epoca, modernariato e broccante. Seguono TuttoCasa (21 aprile-1 maggio), la 28ª edizione di Marmotec (30 maggio-2 giugno), September Fest (25 agosto-8 settembre), e i fuoristrada di 4x4Fest (5-7 ottobre). Poi a

novembre (14-16) Dire & Fare sull'innovazione nell'amministrazione pubblica, ed È Fitness (23-25). Chiude a dicembre (12-14) Scuola, Lavoro, Impresa.

Questo quadro dimostra che settori di rilievo dell'economia toscana (marmo, nautica, turismo) trovano a Carrara una adeguata vetrina specializzata, anche grazie all'ammodernamento e ampliamento del complesso fieristico e con la disponibilità di servizi calibrati sulle esigenze di espositori, congressisti e organizzatori esterni, un *plus* che è uno dei punti di forza di CarraraFiere.

Il presidente Giancarlo Tonini: un successo che viene da lontano

La struttura sulle rive del Tirreno si è ormai affermata come un modello operativo passando, in poco più di cinque anni, dalla gestione di una sola grande manifestazione internazionale (CarraraMarmotec) all'organizzazione diretta di otto eventi fra i quali alcuni hanno cadenza biennale, mentre altri otto sono gestiti da privati, in un complesso fieristico continuamente rinnovato e ampliato.

“La nostra crescita è nelle cifre – dice il presidente Giancarlo Tonini (nella foto) – perché nel 2006 abbiamo ospitato 16 manifestazioni a carattere nazionale e internazionale, incrementando il numero degli espositori e dei visitatori, generando un indotto di oltre 50 milioni di euro. Siamo specializzati in eventi di nicchia: fiere altamente specializzate, alcune collegate alle attività del nostro territorio, che generano una forte ricaduta per le caratteristiche di espositori e visitatori.

È stata una sfida che abbiamo giocato con grande impegno offrendo disponibilità e un territorio già noto, ma con offerte da scoprire e valorizzare.”

Carrara, fiere e congressi

Strutture moderne e infinite possibilità di escursioni per ogni tipo di turista.

Il quartiere dispone di un centro congressuale ampliato e ammodernato, con sei sale da 30 a 700 posti, per una capienza di 1200 persone, che possono essere portate fino a 5000, dando così un valido supporto all'attività congressuale.

Nel corso dell'anno saranno costruite quattro nuove sale per convegni, con un totale di 400 posti. Il congressuale è un'attività in rapido sviluppo grazie anche al potenziale di ricettività alberghiera vasto e di alto livello della Versilia e della costa

a p u a n a
(25.000
p o s t i
l e t t o), reso
più appeti-
bile dal

fascino del mare e delle cave di marmo. Per questo sono sempre più numerosi gli organizzatori che scelgono Carrara come *location* per meeting e congressi nazionali e internazionali e mostre-convegno con la partecipazione di migliaia di visitatori.

Le città d'arte della Toscana, i borghi dei pescatori delle Cinque terre, i castelli della Lunigiana, raggiungibili in pochi minuti d'autostrada, sono un richiamo irresistibile per espositori e visitatori che vogliono coniugare business e divertimento.

Agiugno 2006 CarraraFiere ha inaugurato un nuovo padiglione da 10 mila metri quadrati, che in Italia è una delle più estese superfici coperte completamente libere da piloni. Sono stati fatti investimenti importanti per una struttura di medie dimensioni come Carrara.

Paris Mazzanti

Direttore Mazzanti, che cosa vi ha spinto verso un passo così impegnativo e quali risultati vi aspettate da questo investimento?

È l'intero complesso a diventare appetibile anche per organizzatori che realizzano eventi internazionali. Oggi possiamo competere anche nel settore congressuale. Abbiamo quattro padiglioni per un totale di 34 mila metri quadri, con altri 30 mila circa utilizzabili all'esterno. Il miglior riconoscimento è quello di essere considerati un motore dell'economia regionale, che è sempre più orientata verso i servizi e il terziario i quali integrano il tradizionale punto di forza rappresentato dal marmo, che ha in Carrara un distretto produttivo storico.

Nel settore delle fiere la competizione è molto forte e sono indispensabili gli investimenti. Quali saranno le prossime mosse?

Il settore delle fiere, che è in una fase di trasformazione e di grandi scelte strategiche, vede una competizione molto forte fra poli fieristici e, più in generale, fra diverse aree geografiche. È stato inaugurato un nuovo padiglione da 10 mila metri quadrati,

CARRARAFIERE. I PIANI DI SVILUPPO DEL QUARTIERE FIERISTICO TOSCANO

Carrara: internazionalizzazione e sviluppo del congressuale

Il direttore di CarraraFiere Paris Mazzanti: efficienti, competitivi e impegnati a migliorare le strutture

che in Italia è una delle più estese superfici coperte completamente libera da pilastri. Era necessario per poter ospitare in contemporanea più manifestazioni. Il riscontro è stato immediato e abbiamo potuto ospitare alcune nuove manifestazioni.

È stato un investimento da 18 milioni, realizzato grazie al contributo della Regione Toscana e all'impegno dei comuni di Carrara e Massa e delle province di Lucca e Massa Carrara e della Cassa di Risparmio di Carrara. Ma stiamo per avviare un nuovo progetto che ci porterà a realizzare, nel corso dell'anno, quattro nove sale per convegni e a rendere ancora più moderna la

struttura con un nuovo ingresso. Tutto questo ci consente di essere competitivi anche nel congressuale di altissimo livello perché possiamo ospitare meeting con 5000 partecipanti.

CarraraFiere in cifre

Aree coperte e climatizzate per 34 mila m² su quattro padiglioni, superficie complessiva 95.000 m²; sale convegni per totali 1200 posti, con possibilità di ospitare convegni e convention fino a 5000 partecipanti e parcheggi per oltre 3000 posti auto.

Due ristoranti, sette punti ristoro. Tutte le sale sono predisposte per regia audio-video-luci, con cabine per la traduzione simultanea, videoproiezioni, connessioni web Adsl. L'intera area è dotata di copertura Wi-Fi (connessione all'internet senza fili).

CarraraCongressi tra grandi eventi e integrazione coi servizi turistici

Forte collaborazione con la Versilia e sinergie per accogliere turismo di qualità e grandi eventi. Utilizzare in pieno il complesso di Marina di Carrara e accogliere

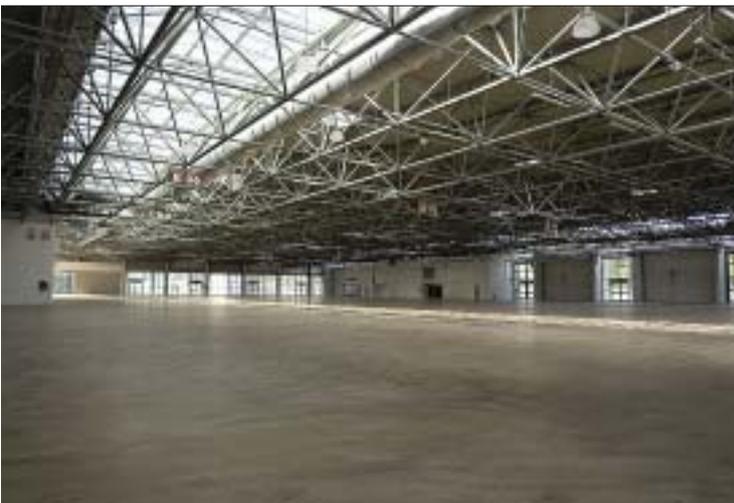

espositori e visitatori di fiere e congressi nell'imponente struttura ricettiva (oltre 25.000 posti letto) della costa apuana e della Versilia.

Questa la strategia che accomuna le province di Lucca e Massa Carrara, intenzionate a

mettere in rete tutte le loro grandi potenzialità per realizzare una pianificazione di uso delle strutture e valorizzazione delle risorse.

La Toscana in generale, ma anche la costa tirrenica, godono di un'immagine molto forte in Italia e all'estero soprattutto in relazione alle bellezze paesaggistiche e alla possibilità di trascorrere le vacanze estive.

La potenzialità di far operare nell'ambito di un unico sistema fiere, congressi e settore turistico-alberghiero impone una strategia di promozione e comunicazione integrata per offrire a *Pco* e *meeting planner* tutte le informazioni necessarie a mettere il territorio fra le possibili *location* di nuove iniziative. Un processo già avviato con la partecipazione a fiere specializzate, per offrire le potenzialità Apuane e quelle della Versilia.

La crescita di CarraraCongressi

Per fare fronte alle nuove sfide e alle richieste di servizi moderni è stata creata Carrara-

Congressi, che ha avuto una rapida crescita portando sempre nuove presenze. La sua attività si è subito concretizzata accogliendo iniziative prestigiose che hanno spaziato dalla medicina alla politica, dalle convention aziendali a quelle degli enti pubblici. Tra i più importanti il Seminario Nazionale Aico

(Associazione Italiana Infermieri di Camera Operatoria) Regione Toscana; il

Congresso nazionale Esra (*European Society of Regional Anaesthesia*), quello del Centenario del Rotary International e il XVI Congresso nazionale della Fim-Cisl.

Un contributo importante alla conoscenza delle bellezze del territorio da parte di un tipo di visitatore di altissima qualità.

GERMANIA. IL PRINCIPALE MERCATO FIERISTICO MONDIALE

Auma: le fiere tedesche di nuovo in salute

Leipziger Messe

Secondo il recente rapporto dell'Auma, l'Associazione delle fiere tedesche, le fiere professionali internazionali sono nuovamente in crescita in Germania.

Ogni anno, espositori e visitatori spendono circa 10 miliardi di euro per la loro partecipazione alle fiere in Germania (rispettivamente 6,5 e 3,5 milioni). Ciò si traduce in un risultato complessivo per l'economia nazionale di 23 miliardi di euro e in 250.000 posti di lavoro.

L'investimento medio annuo dei centri espositivi è di circa 500 milioni di euro.

I 24 centri espositivi con almeno una fiera di carattere nazionale o internazionale censiti dall'Auma, al 1° gennaio 2006 disponevano di 2.675.000 m² coperti. La crescita della capacità è stimata a una media annua dello 0,8%.

La Germania è il primo paese al mondo nella conduzione di fiere internazionali: nel 2004 gli eventi internazionali e nazionali hanno raggiunto il numero record di 154, con circa il 53% di espositori esteri. Nel 2001 i visitatori sono arrivati intorno ai 10,7 milioni mentre il numero degli espositori si è avvicinato ai 170.000.

Le 141 fiere internazionali e nazionali censite dall'Auma nel 2005 hanno fatto registrare 9,6 milioni di visitatori, 158.000 espositori e 6,2 milioni di m² venduti.

Le 152 fiere a carattere regionale, invece, nello stesso anno hanno registrato 6,8 milioni di

visitatori, 50.000 espositori e 1,5 milioni di m² venduti.

In totale nel 2005 l'Auma ha censito 293 eventi, 16,4 milioni di visitatori, 208.000 espositori e 7,7 milioni di m² venduti.

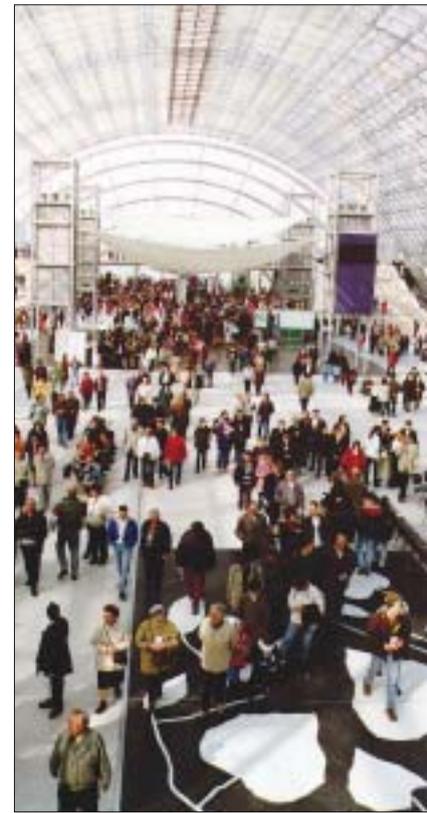

Il fatturato complessivo degli organizzatori di fiere tedeschi ha raggiunto i 2,35 miliardi di euro nel 2005 (erano 2,50 nel 2001).

Con le loro fiere all'estero, gli organizzatori di fiere tedeschi realizzano oltre un decimo del proprio fatturato totale.

Nel 2004 gli addetti delle aziende di allestimenti associate alla Famab sono stati in media 8304, mentre il fatturato ha raggiunto i 1625 milioni di euro, con 5,127 milioni di m² allestiti, per un totale di quasi 52.798 stand.

GERMANY. THE MAIN GLOBAL PLAYER IN EXHIBITION INDUSTRY MARKET

Auma: German trade fairs again in good health

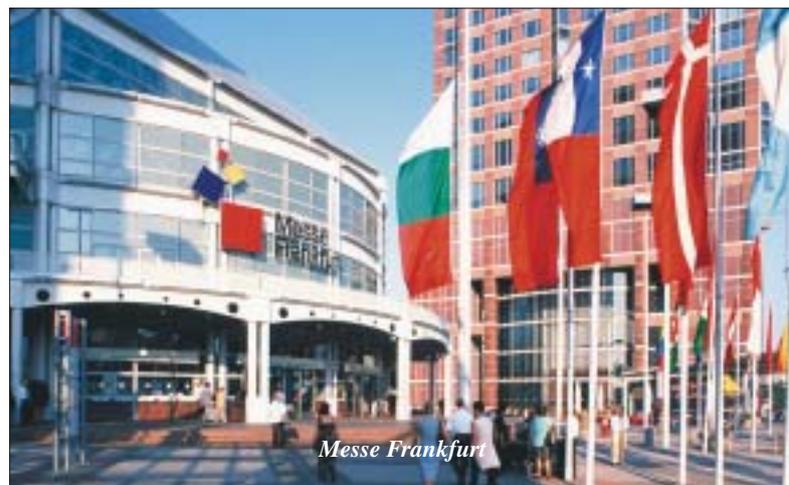

According to the last Auma (Association of the German Trade Fair Industry) review, the international trade fairs in Germany are back on the growth path once again.

Every year exhibitors and visitors spend around 10 billion euros to take part to German trade fairs (respectively 6.5 and 3.5 billion). The total production effect for the national economy amounts to about 23 billion euros and into 250,000 jobs.

The average annual investment of the exhibition centres is around 500 million euros.

The hall capacity, of the 24 German exhibition centres at which at least one trade fair was held which Auma classified as a national or international event, amounted to 2,675,000 m² on 1st January 2006. A 0.8% average annual growth of hall capacity is estimated.

In the conduct of international trade fairs, Germany is No. 1 worldwide. 154 national and international events were conducted in 2004, with about 53% of foreign exhibitors. The number of visitors in 2001 was

Messe Frankfurt

around 10.7 million, while the number of exhibitors went up to 170,000.

Auma registered 9.6 million visitors, 158,000 exhibitors and 6.2 million m² of booked area during the 141 national and international trade fairs held in 2005.

In the same year regional fairs reached 6.8 million visitors, 50,000 exhibitors and 1.5 million m² of booked area.

In 2005 Auma totally registered 293 events, 16.4 million

visitors, 208,000 exhibitors and 7.7 million m² of booked area.

The turnover of the trade fair organizers based in Germany reached 2.35 billion euros in 2005 (2.50 in 2001). The events organized abroad contributed a tenth to the total turnover.

In 2004 people working in stand building industries, associated with Famab, were about 8,304, while the turnover reached 1,625 million euros, with 5,127 million m² of net area, for a total of nearly 52,798 stands.

Per allestire uno spazio non bastano i lampi di genio.
 Per allestire uno spazio, prima di tutto bisogna tenere presenti
 le persone che lo abiteranno, le loro esigenze.
 Bisogna immaginare e realizzare un ambiente da vivere

 E allora bisogna che l'allestitore sappia
 circondarsi di tecnici e operai validi, di progettisti creativi,
 di tecnologie avanzate, scegliere i materiali migliori,
 comprendere a fondo le esigenze del Cliente, dare forma alle sue idee...
 È questa l'essenza del nostro lavoro, la garanzia della sua riuscita.

IL PUNTO DI VISTA. IL RUOLO DELLE FIERE SECONDO L'IAEE

Il futuro delle fiere

In un mondo sempre più sommerso da informazioni, fiere ed eventi sono ancora lo strumento migliore per entrare in contatto diretto con le fonti d'informazione più qualificate

di Steven Hacker, Presidente IAEE

Steven Hacker

Già IAEM, fondata nel 1928, l'IAEE (Associazione Internazionale per Fiere ed Eventi), è la più grande associazione dell'industria di fiere ed eventi. Ne sono membri organizzatori di più di 20.000 eventi in tutto il mondo, espositori e fornitori di servizi.

Si è calcolato che il consumatore medio di una nazione industrializzata può ricevere ogni giorno più di 5000 messaggi pubblicitari in una sempre maggiore varietà di formati. Conseguenza di ciò è che molte organizzazioni di marketing stanno rivalutando le loro priorità e le scelte dei loro canali comunicativi.

Dalle fiere all'event marketing

In questo contesto, l'event marketing sta emergendo come ingrediente chiave nella ricetta degli organizzatori di successo. Gli organizzatori di fiere, infatti, stanno cominciando a capire che l'esposizione è sì una parte importante dell'event marketing, ma non l'unica. Per questo è prevedibile che in futuro molti organizzatori fieristici evolveranno in organizzatori di eventi, in grado di offrire ai loro espositori una gamma completa di attività d'interazione col cliente.

Un recente studio commissionato dall'MPI Foundation e condotto dalla George P Johnson Company supporta la mia convinzione che il futuro dell'event marketing è luminoso. Più del 90% di 600 direttori marketing di importanti aziende ritiene che

l'event marketing sia in crescita o almeno stabile e che fornisca il ROI più alto in ogni parte del mondo. Quasi il 43% dice che aumenterà il proprio budget per l'event marketing, che già costituisce mediamente il 20% del budget totale per il marketing.

Alla domanda "Quale tipo di eventi produce il maggior ROI alla vostra azienda?", la maggior parte degli interpellati ha indicato le fiere, seguite a distanza da conferenze, seminari, road show e sponsorizzazioni. Ciò che più si attendono dalla partecipazione agli eventi è: aumentare la preferenza del marchio, potenziare le relazioni coi clienti, incrementare la consapevolezza del marchio, far crescere la conoscenza del prodotto.

Nulla può garantire questi obiettivi meglio di fiere ed eventi. Altri mezzi b2b o sono unidimensionali, come la carta stampata, o non offrono quel legame immediato e stretto fra compratori e venditori (si pensi alla radio, alla televisione o all'internet).

Eventi personali come strategia di marketing

La prova della forza unica delle fiere emerge anche nel recente studio commissionato dall'American Business Media ►

THE POINT OF VIEW. THE ROLE OF EXHIBITIONS ACCORDING TO IAEE

The future of exhibitions

In a world where we are awash in information, exhibitions and events can still bring buyers into direct contact with highly reliable sources of product information

by Steven Hacker, IAEE President

would be increasing their event marketing budgets that already represent 20% of their total marketing budgets. When this key audience was asked what events provide their companies with the best ROI the unqualified winner is tradeshows followed distantly by conferences, seminars, road shows and sponsorships.

Formerly known as IAEM, founded in 1928, the International Association of Exhibitions and Events (IAEE) is the largest association of the exhibition and event industry in the world. Its members are organizers of more than 20,000 exhibitions and buyer-seller events in the world, exhibitors and exhibition suppliers.

It is estimated that today the typical consumer in an industrialized nation may receive more than 5000 advertising messages every day in an increasing variety of formats. A consequence of this is that many marketing organizations are re-evaluating their priorities and communications channels of choice.

From exhibitors to event marketing

In this context, event marketing is emerging as a key ingredient in the recipe of successful organizations. Exhibition organizers are beginning to understand that the exhibition is an important part of the broadening universe of event marketing but not the only part. In the future many exhibition organizers will evolve to event-marketing organizers, offering a full menu of customer interactions to their traditional exhibitors.

A recent research study commissioned by the MPI Foundation and conducted by The George P Johnson Company supports the belief that the future of event marketing is bright. Over 90% of 600 marketing executives at major companies believes that the importance of event marketing is growing or is stable. Almost 43% of them said they

What they expect to achieve from participating in events is mainly: increased brand preference, enhancing relations with customers, increased brand awareness, increased product knowledge. Nothing can deliver these objectives as effectively as exhibitions and events. Other b2b media are either one-dimensional such as print advertising or like radio, television, and the internet, they do not offer the instant and intimate connection between buyers and sellers.

In-person events as marketing strategy

The evidence of the unique power of exhibitions is reflected also in a recently released study commissioned by American Business Media (ABM), the association of business media companies, and conducted by Forrester Research. The queried corporate marketing executives of businesses large and small across all sectors considers in-person events as the number one marketing tactic to effectively build brand image (60.9%) and to delivery qualified leads (62.6%). ►

GERMANIA. IL BILANCIO 2006 DELLA FIERA DI FRANCOFORTE

Messe Frankfurt supera i 400 milioni di euro

di Lorenzo Villa

Il Gruppo Messe Frankfurt ha organizzato nel 2006 117 fiere in tutto il mondo, esattamente lo stesso numero del 2005. Gli espositori sono stati 65.000, che significa quasi 5000 in più dell'anno passato e il numero più alto di espositori mai raggiunto dal Gruppo. I visitatori sono stati invece 2,8 milioni, ossia 600.000 in meno del 2005, anno in cui il numero era superiore grazie all'attrazione esercitata dal salone dell'auto. L'area netta

totale affittata è stata nel 2006 di 1,99 milioni di m².

Nel 2006, a Francoforte hanno avuto luogo 40 fiere (2005: 41), con 41.500 aziende espositrici (2005: 38.600) e un milione e mezzo di visitatori (2005: 2.39 milioni). Le 20 manifestazioni organizzate da Messe Frankfurt hanno ospitato 25.200 espositori (2005: 23.000) e oltre 860.000 visitatori (2005: 832.000). Gli espositori esteri sono aumentati del

69%, mentre i visitatori esteri sono balzati dal 7% al 40%.

Un contributo importante alla massima utilizzazione del quartiere è stata fornita dalle 20 manifestazioni ospitate, inclusi i grandi classici come la fiera del libro e l'Achema, così come importanti fiere internazionali quali Euromold, Turntec e Imex.

Ha affermato Michael von Zitzewitz, presidente del consiglio di amministrazione:

“Siamo il primo organizzatore fieristico in Germania a superare il tetto dei 400 milioni di euro, consolidando così anche la nostra posizione come seconda azienda fieristica al mondo”.

Per il 2007 l'obiettivo è affinare e potenziare il ventaglio di fiere internazionali a Francoforte, rafforzando allo stesso tempo la presenza sui mercati esteri con nuovi eventi.

(segue da pag. 23)

e condotta da Forrester Research. I direttori marketing interpellati (provenienti da aziende medie e grandi di diversi settori) considerano gli eventi personali come la strategia di marketing numero uno per sviluppare efficacemente l'immagine dei marchi (60,9%) e per stabilire contatti qualificati (62,6%).

Sull'importanza della partecipazione a fiere e congressi si sofferma anche un altro studio dell'ABM, secondo cui 3/4 dei quadri interpellati sostiene di aver partecipato a una fiera nell'ultimo anno e 3/4 di aver partecipato a un congresso o a un seminario. Questo è particolarmente vero per i quadri di alto livello, i quali partecipano in media a 3 fiere l'anno, mentre quelli di medio livello a 2 fiere l'anno.

Gli scettici verso questi dati e verso la mia convinzione del futuro luminoso per le esposizioni e gli eventi ove s'incontrano di persona compratori e venditori potrà contestare che le circostanze possono cambiare radicalmente e molto velocemente. Per quanto ciò sia vero, tuttavia, è inconfutabile l'evidenza che l'esigenza di un contatto personale tra azienda e cliente rimane forte oggi come in passato. E non c'è ragione di credere che qualsiasi circostanza esterna possa in futuro cambiare questa disposizione.

(following from p. 23)

According to another ABM study, attendance at trade shows and conferences is important as 3/4 of executives report attending a trade show in the past year and 3/4 report attending a conference or seminar. This is particularly true among senior level executives, attending close to 3 trade shows per year, while mid-level executives report attending 2 events per year.

Skeptics of this data and of my conclusion that the future of exhibitions and in-person buyer-seller events remains bright are apt to suggest that circumstances can change radically and rapidly. This truth notwithstanding, the evidence remains clear that throughout the history the need for personal, face-to-face interaction remains as strong today as it has ever been. There is no reason to believe that any circumstances in the future will change this.

GERMANY. THE 2006 FIGURES OF THE FRANKFURT'S FAIR

Messe Frankfurt breaks the 400 million euro mark

by Lorenzo Villa

The Messe Frankfurt Group organised 117 trade fairs and exhibitions worldwide in 2006, exactly the same as in 2005. 65,000 exhibitors were counted, nearly 5000 more than in 2005. This represents the highest number of exhibitors in the history of the Group. At 2.8 million, the number of visitors was 600,000 fewer than during the previous year, whose figures were influenced by the large number of visitors to the IAA show. The total net exhibition area rented was some 1.99 million m².

In 2006, 40 trade fairs and exhibitions took place in Frankfurt (2005: 41), with 41,500 exhibiting companies (2005: 38,600) and 1.5 million

visitors (2005: 2.39 million). Messe Frankfurt's 20 own events saw more than 25,200 exhibitors (2005: 23,000) and over 860,000 visitors (2005: 832,000). Exhibitors from outside Germany increased to 69%, while the foreign visitors climbed by 7% to 40%.

An important contribution to the full utilisation of the exhibition grounds is made by the 20 guest events, including great classics such as the Book Fair and Achema, as well as successful international shows like Euromold, Turntec and Imex.

As Michael von Zitzewitz, Chairman of the Board of Management, emphasised: "We are the first German trade fair organiser to break the 400 million euro barrier, and have thus further consolidated our position as the second largest trade fair company in the world".

In 2007 the company will be working to sharpen and expand the profiles of its international flagship fairs in Frankfurt, at the same time, strengthening its position abroad with new events.

GERMANIA. NEUE MESSE STUTTGART AL VIA

Dal 2007 Stoccarda ha un nuovo quartiere

Blechexpo, la principale fiera europea per la lavorazione della lamiera, sarà la manifestazione cui toccherà il compito di inaugurare il nuovo quartiere fieristico di Stoccarda, nei pressi dell'aeroporto della capitale del Baden Württemberg. L'evento si svolgerà dal 13 al 16 giugno prossimi. Il quartiere inizierà ad ospitare regolarmente fiere e convegni da settembre 2007, ma il primo grande evento della stagione sarà dal 19 al 21 ottobre: si tratta di Semicon Europe, una delle fiere leader nel settore delle tecnologie per la produzione di semiconduttori e microelettronica, che si sposterà quindi dalla sua sede attuale di Monaco di Baviera.

Inoltre, dal 2008, Stoccarda ospiterà l'IKK, la più grande fiera per refrigerazione, aria condizionata e ventilazione, che

finora si svolgeva in alternanza tra Norimberga e Hannover. La decisione è stata presa a conclusione di una serrata competizione a cui diversi quartieri fieristici tedeschi sono stati invitati dagli organizzatori dell'evento.

GERMANY. NEUE MESSE STUTTGART IS READY TO OPEN

From 2007 Stuttgart has its new fairgrounds

Blechexpo, the International trade fair for sheet metal processing, will officially open the doors of the New Stuttgart Trade Fair Centre next to Stuttgart Airport. The exhibition will take place

from 13 to 16 June 2007. Regularly scheduled exhibitions will begin as of September 2007, but the grand opening event has been scheduled for the 19th – 21st of October 2007: it is Semicon Europe, one of the leading trade fairs in the field of production technology for semiconductors and microelectronics, which will move from Munich to the Baden Württemberg's capital.

Moreover, from 2008, the new Stuttgart Trade Fair Cent will host the IKK – International Trade Fair for Refrigeration, Air Conditioning, Ventilation, which has taken place until now alternating between Nuremberg and Hanover. The decision has been taken after a competition to which several German trade fair companies were invited in May 2006 by the IKK event organiser.

Paul Schall

Paul Schall: una storia lunga 45 anni

Nel 1962 Paul Schall fondò la sua azienda, la Paul Schall jun. Grafische Maschinen (macchinari per la grafica), ponendo così le basi per un'impresa che, col tempo, è divenuta il principale

organizzatore di fiere privato in Germania.

Inoltre, la nascita della P.E. Schall KG Ausstellung + Werbung (fiere e pubblicità) è stata fondamentale per la promozione e la vendita dei propri

prodotti. Il passo successivo è stato l'organizzazione di una fiera specializzata per le attrezzature grafiche, la Mogramma.

Negli anni successivi si sono poi aggiunte altre fiere internazionali dedicate a specifiche aree, ognuna leader nel proprio settore, come Fakuma (14-18/10/08), Motek (24-27/9/07) e Control (8-11/5/07).

Control

Paul Schall: a 45 years long history

In 1962 Paul Schall founded his trading company, Paul Schall jun. Grafische Maschinen (graphics equipment). This firm has since become the most successful private trade fair promoter, thus laying the cornerstone for a highly successful company history in Germany.

In addition, the founding of P.E. Schall KG Ausstellung + Werbung (exhibitions and adver-

tising) promoted the sale of the entrepreneur's products. The next step was the promotion of a technical exhibition for graphics equipment, the Mogramma.

In the following years, significant and internationally leading trade fairs within their respective sectors, came into being, such as Fakuma (14-18/10/08), Motek (24-27/9/07) and Control (8-11/5/07).

Archiviato il capitolo della costruzione e dell'avvio del nuovo quartiere, Fiera Milano torna a concentrarsi sul core business, ossia l'organizzazione di manifestazioni. Il 2007 vedrà il lancio di diversi nuovi eventi, a cominciare da tre su cui Fiera Milano si è impegnata in modo particolare: Build UP Expo, mostra professionale dell'architettura e delle costruzioni (6-10/2/07); Tuttofood, mostra dell'alimentare che avrà luogo dal 5 all'8 maggio; MilanoCheckUp, dedicata al settore sanitario, dal 6 al 9 giugno.

Il 2007 segnerà anche il debutto della Campionaria delle Qualità Italiane (15-18/11/07), che rivisita la campionaria storica, proponendo una vetrina del nuovo made in Italy e della soft economy. Inoltre, sempre quest'anno, Intel si sdoppierà, dando vita a EnerMotive (energia e sistemi per l'automazione di fabbrica) e LivinLuce (installazione elettrica ed illuminotecnica).

Michele Perini

L'impegno nel progettare e realizzare nuove mostre non esaurisce comunque le sfide di Fiera Milano. "In effetti - dice il suo presidente, Michele Perini - dobbiamo fare i conti con la globalizzazione. Non basta più organizzare ottime manifestazioni in casa propria. Dobbiamo accompagnare le aziende, e non solo italiane, in giro per il mondo e mettere lo strumento fieristico a disposizione di uno sviluppo delle imprese che oggi più che mai fa perno sull'internazionalizzazione".

Il piano d'azione

Anche per questo il nuovo management ha attuato un'ampia ricognizione della situazione, per individuare le opportunità di crescita e le strategie più idonee a coglierle. Ne è uscito un piano d'azione che l'ad Claudio Artusi riassume in tre punti: internazionalizzazione; qualità del servizio e centralità del cliente; formazione e capitale umano.

ITALIA. I NUOVI PROGETTI DEL GIGANTE MILANESE

Fiera Milano verso il futuro

Avviato il nuovo quartiere, Fiera Milano potenzia il calendario delle manifestazioni. E guarda all'internazionalizzazione come obiettivo primario. Senza dimenticare l'Expo 2015

di Bernardino Marino

Il primo intervento messo in atto è stato lo spostamento della scadenza dell'esercizio fiscale, che terminava finora il 30 giugno e che dal 2007 corrisponderà all'anno solare. Una decisione, questa, che ha lo scopo di attenuare le fluttuazioni dei ricavi annui dovute alla ciclicità del business fieristico.

"Il mondo - afferma Artusi - si trasforma a velocità vorticoso. Sono prepotentemente emersi nuovi mercati e c'è ormai una competizione globale, che richiede di ripensare strategie, comportamenti e prassi operative consolidati. Oggi disporre di moderne e funzionali strutture è indispensabile, ma bisogna anche offrire servizi e mostre all'altezza di aspettative sempre più esigenti e in rapida evoluzione".

In quest'ottica, la "centralità del cliente" è per Artusi imprescindibile, così come la "qualità del capitale umano", che deve essere costantemente coltivato e allenato al cambiamento. "La soddisfazione di visitatori, aziende espositrici, organizzatori è un elemento essenziale della competitività e per questo rafforzeremo le procedure di customer satisfaction. Le rilevazioni che facciamo regolarmente attestano elevati livelli di gradimento, ma c'è sicuramente spazio per migliorare".

Quanto alle politiche commerciali, obiettivo primario è accelerare i processi di internazionalizzazione. Si tratta di incrementare l'afflusso di visitatori e soprattutto di espositori esteri alle mostre milanesi, ma anche portare fuori Italia il brand Fiera Milano. "Abbiamo già individuato Brasile, Russia, India e Cina come destinazioni prioritarie - conclude Artusi - ma dovremo guardare anche ai Paesi del Golfo Persico,

a cominciare dagli Emirati Arabi. Avremo bisogno di alleanze con partner fieristici locali, che già stiamo cercando, ma anche con le altre fiere italiane. Fiera Milano ha una responsabilità precisa nel portare avanti, nell'interesse dell'economia italiana, questa politica di cooperazione".

Verso l'Expo 2015

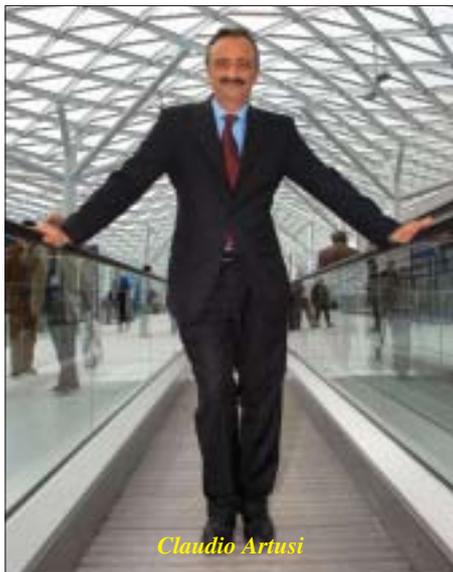

Ma non è tutto. C'è anche all'orizzonte il grande Expo 2015, che vede Fiera Milano, e tutto il sistema espositivo milanese, schierati a fianco delle istituzioni, per conquistare l'assegnazione dell'evento a Milano. È una partita apparentemente lontana, ma che si decide ora, poiché la scelta della città ospite sarà fatta entro la primavera del 2008. Ospitare l'Expo - che avrebbe luogo proprio negli spazi di Fiera Milano e nelle aree contigue - sarebbe un'occasione straordinaria non solo per la Fiera, ma anche per lo sviluppo del territorio e il rilancio dell'immagine dell'Italia nel mondo.

Fiera Milano facing future

Once the new fairground opened, Fiera Milano enhances its exhibitions calendar. Aiming at internationalization as the main goal. With also the Expo 2015 in mind

by Bernardino Marino

Claudio Artusi

Having ended the chapter on the construction and start-up of its new complex, Fiera Milano is now concentrating on its core business: events organization. The year 2007 will see the launch of several new events, including three in which Fiera Milano is particularly involved: Build UP Expo (6-10/2/07), the professional building & architectural exhibition; Tuttofood, from May 5th to 8th; and MilanoCheckUp – the Medical Science Expo, for companies and professionals in the health-care sector, from June 6th to 9th.

The year 2007 will also mark the debut of the Campionaria delle Qualità Italiane (15-18/11/07), an event that revives the historic show with a modern flair, a showcase of the new “made in Italy” and the soft economy. Plus, the famed Intel will be split into two events running in tandem with Build UP Expo: EnerMotive (energy and factory automation systems) and LivinLuce (electrical and lighting engineering installations).

But, the enormous commitment to designing and staging new events is not the only challenge of Fiera Milano. The chairman, Michele Perini, commented, “We have to face up to globalization. It’s no longer enough to organize exceptional events at home. We have to guide businesses, and not only Italian ones, around the world and provide them with an exhibition complex to develop the businesses that are, now more than ever, the key to internationalization.”

The plan of action

This is why the new management of Fiera Milano has been studying the emerging situation to identify growth opportunities and the most appropriate strategies to achieve them. The result is a plan of action that Fiera Milano Ceo Claudio Artusi has summarized with three points: internationalization; quality of the service and a customer focus; and training and human resources.

The first step was to move the end of the fiscal year, which had always been 30 June, to correspond with the calendar year commencing in 2007. This decision aims to mitigate fluctuations in annual earnings due to the seasonality of the exhibition business.

“The world is evolving at lightning speed” stated Mr Artusi. “New markets have emerged and increases in global competition demand a new approach to our strategies, actions and established operating practices. Today, having modern and functional exhibition structures is an essential prerequisite for competing in the global race we are running. But we also need to offer services and shows that measure up to the increasingly demanding and rapidly evolving expectations of business and those who use the exhibition tool.”

With this in mind, a strong customer focus is a priority for Artusi, as it is the quality of human capital, which must be groomed and readied for the change. “Visitors, exhibiting companies, organizers must see our work as useful and appreciate what we do for them. This satisfaction is an essential element to competitiveness and

FMC foyer

this is why we will reinforce our customer satisfaction procedures. Our surveys attest to high levels of customer satisfaction, but there is always room for improvement.”

In terms of commercial policies, the key objective is acceleration of internationalization processes. The goal is boost the flow of foreign visitors and companies to Milanese events and to spread the Fiera Milano name abroad. “We have already found Brazil, Russia, India and China to be key destinations,” continued Artusi, “but we should also look toward the Persian Gulf nations, starting with the UAE. We will need to ally with local trade fair partners, but also with Italian competitors. As the market leader, Fiera Milano has a specific responsibility to carry forward this policy of cooperation, in the interests of the Italian economy.”

Towards the Expo 2015

But that’s not all. Expo 2015 is on the horizon and Fiera Milano, or rather, the Milanese exhibition system as a whole, has forged alliances with institutional partners to win the bidding on the venue for Milan. The date seems far off, but the decision is being made now, as the host city will be selected by the spring of 2008. Hosting the Expo would be an extraordinary opportunity for Fiera Milano but also for development of the territory and revitalization of the image of Italy around the world.

VENETO. LE FIERE VERONESI POTENZIANO IL MADE IN ITALY

Veronafiere: acquisizioni, partnership, nuovi eventi

Il primo organizzatore italiano continua a guardare al futuro. E investe in qualità, promozione del made in Italy, partnership nazionali e internazionali

Veronafiere è il primo organizzatore diretto di manifestazioni in Italia e tra i principali in Europa; un ruolo che sarà consolidato dagli ulteriori investimenti per 68 milioni di euro previsti dal nuovo Piano industriale di sviluppo. Tale investimento si aggiunge agli oltre 80 milioni già sostenuti tra il 2004 e il 2006 per potenziare il quartiere fieristico ed i servizi.

sistema integrato per promuovere il vino nel mondo e sostenere la formazione e l'internazionalizzazione delle imprese. Strategica, inoltre, la partnership tra tra Veronafiere e Fiere di Parma, che insieme rappresentano il 60% dell'offerta fieristica nazionale del settore agroalimentare. Obiettivo è il potenziamento delle strategie di marketing, comunicazione e promozione unitaria sui mercati

E ancora, grazie alla partnership con Ipack-Ima Spa, la società leader nell'organizzazione di mostre del packaging e del processo alimentare, Eurocarne (il salone delle tecnologie per la lavorazione, conservazione, refrigerazione e distribuzione delle carni) è stata potenziata e sviluppata come "fiera di filiera", in grado di occuparsi di tutti gli aspetti della catena produttiva. Prossima edizione di Eurocarne nel maggio 2009

Veronafiere ha sviluppato, nel corso degli anni, anche altre aree d'interesse quali l'edilizia, le costruzioni, le macchine movimento terra e i trasporti. A seguito della collaborazione con Reed Exhibitions, ha organizzato, dal 24 al 26 ottobre 2006, la prima edizione di Sitl Italia, dedicata ai servizi, infrastrutture, attrezzature e mezzi per la logistica.

Per la valorizzazione del comparto lapideo, Marmomacc, la principale manifestazione nel settore della pietra naturale, e StonExpo (Las Vegas), uno dei principali eventi fieristici della pietra di tutto il Nord America, hanno sottoscritto un accordo per promuovere questo ramo produttivo in tutto il mondo.

Infine, per supportare l'internazionalizzazione delle piccole e medie imprese italiane del comparto movimento terra e costruzioni, offrendo opportunità di affari nella "nuova Europa", Veronafiere ha organizzato il Samoter Tour: una missione promozionale e commerciale che dopo la tappa in Bulgaria del 26 settembre scorso a Plovdiv, toccherà altri quattro mercati fondamentali per il made in Italy: la Polonia (17 maggio a Kielce), la Russia (giugno), la Romania (ottobre) e la Turchia (gennaio 2008).

Veronafiere presenta un calendario di oltre 30 rassegne l'anno, più della metà organizzate direttamente: Nel 2006 ha raggiunto un fatturato complessivo intorno ai 70 milioni di euro. Si calcola inoltre che l'indotto creato dall'attività fieristica sia stato di 800 milioni di euro per il territorio veronese e veneto.

Le fiere

Veronafiere è leader nel settore agricolo ed agroalimentare. Si pensi al Vinitaly (prossima edizione dal 29/03 al 02/04 2007) che, grazie all'accordo pluriennale siglato con Unione Italiana Vini e Federvini, è diventato parte di un più ampio

internazionali di Vinitaly e Cibus. La prima esperienza si è concretizzata nel novembre 2006 con Cibus e Vinitaly China.

Agrifood, lanciato nel 2005, è una nuova rassegna che ha messo al centro dell'attenzione l'impresa agricola, artigianale, industriale, collegandola al mondo della distribuzione, del commercio (all'ingrosso e al dettaglio), e della ristorazione professionale. Nel 2007 sarà dal 17/11 al 19/11.

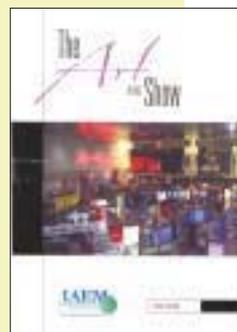

Per quanto riguarda il Siab (5-9/5/2007), Veronafiere ha acquisito il 45% della società titolare del marchio della manifestazione, divenendo così gestore e organizzatore.

BOLOGNA. NUOVE FIERE E APERTURA AI MERCATI EMERGENTI

BolognaFiere sempre più internazionale

BolognaFiere chiude il 2006 con un bilancio positivo. Nuove manifestazioni, una presenza ancora più incisiva del Gruppo sui mercati internazionali, completamento di importanti opere infrastrutturali e un bilancio societario positivo sono solo alcuni tasselli di un quadro decisamente solido.

Importanti obiettivi sono stati raggiunti anche nello sviluppo del ruolo di organizzatore fieristico del Gruppo BolognaFiere. Infatti, attraverso l'acquisizione e il controllo di società organizzatrici di importanti esposizioni e il lancio di nuovi eventi, la società ha fatto un importante salto di qualità. Oltre il 60% del fatturato annuale è oggi da attribuire alle manifestazioni dirette, rispetto al 30% nel 2004.

Nuove iniziative caratterizzano il calendario 2007 che vede, accanto ai consueti appuntamenti annuali, importanti new entry: si è tenuta a gennaio la prima edizione di **So Fresh**, la prima mostra-convegno italiana dedicata al prodotto alimentare freschissimo. L'evento ha ulteriormente consolidato il ruolo di BolognaFiere quale polo espositivo dedicato alla grande distribuzione.

In aprile è previsto il lancio di **Free Language Expo** (primo

salone-congresso dedicato alla didattica internazionale) cui seguirà (nel mese di settembre) la prima edizione di **Expogreen** (Salone internazionale delle macchine e attrezzature per il giardinaggio e le attività sportive, organizzato da Unacoma Service).

Sul fronte internazionale, invece, due nuovi importanti eventi: **Cosmoprof Shanghai** e la prima edizione di **Shcontemporary**, un nuovo evento per l'area asiatica dedicato all'arte contemporanea.

L'internazionalizzazione, l'organizzazione diretta di manifestazioni e l'attenzione al cliente sono gli obiettivi strategici della società per il 2007.

Sul fronte dell'internazionalizzazione BolognaFiere si posiziona fra i maggiori organizzatori fieristici internazionali e fra i primi ad aver esportato il proprio know-how sui mercati emergenti.

BolognaFiere detiene la leadership italiana per l'internazionalizzazione con la più alta percentuale di espositori esteri (il 29%) e il numero più elevato di manifestazioni realizzate nel mondo (circa il 70% dell'intera presenza italiana), destinato a crescere ulteriormente con le nuove iniziative dedicate alla cosmesi e all'arte contemporanea che si terranno a partire da quest'anno.

BOLOGNA. NEW FAIRS AND A BRIDGE TO EMERGING MARKETS

BolognaFiere more and more international

BolognaFiere enjoyed a very positive 2006. New trade fairs, an increasingly strong presence of the BolognaFiere Group in international markets, the completion of major infrastructure works and a positive company balance sheet are some of the aspects of a strong overall performance.

The BolognaFiere Group also achieved important objectives as a trade fair organiser. Through the acquisition and control of management companies of major exhibitions and the launch of new events, it made a quantum leap in quality. More than 60% of annual turnover is now attributable to directly organised events, compared to 30% in 2004.

Alongside the now internationally established annual events, the 2007 calendar includes

important new initiatives. January saw the launch of **So Fresh**, conference and exhibition on fresh food, which further consolidated BolognaFiere's role as an exhibition centre catering for major retail outlets.

April will see the launch of **Free Language Expo** (conference and exhibition devoted to international didactics), which will be followed in September by the first **Expogreen** (international exhibition of machines and equipment for gardening and sports activities, organised by Unacoma).

Other two important new initiatives will be: **Cosmoprof Shanghai** and **Shcontemporary**, a new event for the Asian area devoted to contemporary art.

Internationalisation, expanding its role as direct organiser of events and a strong customer focus are the BolognaFiere's strategic objectives for 2007.

The company is currently one of the major international trade fair organisers and one of the first to have exported its know-how to emerging markets. It is also the leading Italian trade fair organiser in terms of internationalisation with the highest percentage of foreign exhibitors (29%) and the largest number of events organised worldwide (about 70% of all Italian-organised trade fairs). These figures are set to increase further with the new initiatives devoted to cosmetics and contemporary art that will be launched this year.

Sommiamo relazioni. Sottraiamo ostacoli. Moltiplichiamo idee. Condividiamo esperienze.

Rimini Fiera Spa ha chiuso il 2006 con un preconsuntivo di 57,3 milioni di euro (+6,7% sul 2004, anno di comparazione utile per la presenza delle stesse manifestazioni biennali). Il MOL 2006 è aumentato del 2,4% sul 2004 e raggiunge i 21,2 milioni di euro. Il consolidato del Gruppo Rimini Fiera porta ad un valore della produzione complessivo di 87,9 milioni di euro (+28,4% sul 2004) con un MOL di 23,1 milioni (+3,2% sul 2004).

Sempre nel 2006, Rimini Fiera ha registrato 12.032 espositori (9.300 nel 2004), 1.198.756 visitatori (1.074.254 nel 2004) e 1.126.164 m² venduti (814.610 nel 2004). Dal 22 al 24 marzo 2007 si terrà invece nel nuovo quartiere fieristico di Roma la prima edizione di Globe, Travel

Lo sviluppo delle diverse sezioni espositive di Ecomondo ha poi generato la nascita di Key Energy, Mostra Convegno Internazionale per l'Energia e la Mobilità Sostenibili, il Clima e le Risorse di Sviluppo Eco-compatibile, che sarà sempre in contemporanea con Ecomondo e RI3 (7-10 novembre).

Infine, la prima di Design Show, dedicata alle soluzioni su misura per chi progetta, organizzata dal Gruppo Maggioli (ancora dal 7 al 10 novembre).

Obbiettivo internazionalità

Oltre ad una forte attività interna di relazioni con l'estero (2050 incontri d'affari nel 2006, con 570 aziende italiane e 280 buyer esteri da 46 paesi) sono

sostanziali le collaborazioni intessute a livello internazionale. Proprio a fine 2006 è stato annunciato il progetto Sia Guest Dubai (contract alberghiero) che si svolgerà dal 4 al 6 marzo 2007 al Burj al-Arab, l'imponente albergo a 7 stelle a forma di vela.

Inoltre, in partnership con la statunitense Dbc, Rimini Fiera realizza Rimini Mediterranean Seafood Exhibition, la rassegna specializzata sui prodotti del mare; con Euroamerica, organizza a San Paolo il Fithep Mercosur do Brasil, una manifestazione biennale sul dolciario artigianale (giugno 2008); grazie a Ministero dell'Ambiente, Regione Emilia Romagna e Ice, presenta Ecomondo China, (sempre a giugno 2008), una collettiva di aziende italiane del settore ambientale nell'ambito dell'Ifat China, a Shanghai. Da non dimenticare la seconda edizione di Ecomondo Mosca, dal 22 al 24 maggio 2007 nel prestigioso Radisson Sas Slavyanskaya Hotel della capitale russa.

Rimini Fiera: 50 years on the market

The Rimini Fiera Group shows the preliminary 2006 figures and presents its 2007 calendar of exhibitions. With new events in Italy and abroad

by Antonio Brunello

Rimini Fiera Spa closed 2006 with a preliminary balance of 57,300,000 euros (an increase of 6.7% on 2004, the comparable year with the same number of biennial expos). The 2006 EBITDA increased by 2.4% compared with 2004, reaching 21.2 million euros. As far as the Group is concerned, the consolidated statement shows an overall production value of 87.9 million euros (28.4% up on 2004), with an EBITDA of 23.1 million euros (a 3.2% increase on 2004).

Also in 2006, Rimini Fiera hosted 12,032 exhibitors (9,300 in 2004) and 1,198,756 visitors (1,074,254 in 2004). 1,126,164 m² of exhibit space were sold (814,610 in 2004). The relationship between exhibit space sold and number of exhibitors shows an increase in average space sold: from 87.59 m² in 2004 to 93.59 m² in 2006.

Rimini Fiera has a calendar of 31 (annual and biennial) exhibitions, 11 of which are international, the majority organized directly and some world leaders. In particular, Rimini Fiera is a key player in four business

areas, with highly specialized expos: Travel & Tourism, Technology & Environment, Entertainment & Leisure and Hotel & Food Industry.

4 new expos in 2007

The year starts with the first edition of First-Alternative, a twice-yearly expo and showcase for new trends on the fashion market and Italian-made men's and ladies' wear, being held at Rimini Expo Centre from January 12th to 14th 2007, and repeated in July: this is Rimini Fiera's debut in this sector, a standard-bearer in Italy. From 22nd to 24th March 2007 Rome's new expo centre will host the first Globe - Travel Exhibition in Rome, an international tourism expo along the lines of the trade's most important exhibitions, organized by ExpoGlobe, a newco controlled by Fiera Roma and TTG Italia, in which Rimini Fiera is a partner.

The expansion of the various expo sections of Ecomondo has led to the launch of Key Energy, international trade fair for energy and sustainable mobility, the climate and the resour-

ces for eco-compatible development, which will be held simultaneously with Ecomondo and RI3 (November 7-10). Lastly, the debut of Design Show, dedicated to custom solutions for designers, organized by Gruppo Maggioli (and being held from November 7th to 10th).

Objective: international profile

As well as a great deal of on-site foreign relations work (during 2006, 2,050 business

meetings were organized, involving 570 Italian companies and 280 foreign buyers from 46 countries), important collaborations have been set up by Rimini Fiera at international level in order to export its know-how throughout the world. At the end of 2006, it was announced that the Sia Guest Dubai (hotel contract trade) project will be held from March 4th to 6th 2007 at the Burj al-Arab, the impressive sail-shaped 7-star hotel.

In partnership with US firm Dbc, a world-level expo organizer, Rimini Fiera organizes the Mediterranean Seafood Exposition held in Rimini; with Euroamerica, it organizes in San Paolo Fithep Mercosur do Brasil, a biennial exhibition for the artisan confectionery trade (June 2008); thanks to the Ministry of the Environment, Emilia Romagna Regional Government and Ice, it presents Ecomondo China (also in June 2008), a joint exposition by Italian companies at Ifat China in Shanghai. Not to mention the second edition of Ecomondo Moscow: this will be held from May 22nd to 24th 2007 at the prestigious Radisson Sas Slavyanskaya Hotel in the Russian capital.

FILIERA. FARE SISTEMA PER FAR CRESCERE LE FIERE

Qualità e sistema: ingredienti per il successo delle fiere italiane

Dopo il primo Forum Nazionale della Filiera Fieristica, si riflette sugli elementi che ostacolano l'efficienza del sistema fieristico italiano e sulle sue possibilità di successo

di **Pierpaolo Vaj**, presidente Asal Assoallestimenti

Pierpaolo Vaj

Dopo anni di immobilismo il settore fieristico è a una svolta, segnata da cambiamenti strutturali che richiedono una riflessione su quale modello fieristico sia più opportuno adottare nel nostro paese. In questa discussione, che ruota soprattutto sulla necessità di fare sistema e di sincronizzare le attività dei diversi comparti della filiera produttiva, si inserisce Asal Assoallestimenti, in virtù del suo ruolo di rappresentanza delle aziende allestitrici di fiere e mostre.

Ne è un esempio il 1° Forum Nazionale della Filiera Fieristica, organizzato a Milano lo scorso novembre, che rientra in un più ampio progetto per lo studio e la promozione del sistema fieristico italiano.

I rischi del sistema fiere Italia

Il Forum ha avuto il merito di concentrare l'attenzione sugli elementi che ostacolano l'efficienza del sistema fieristico: uno per tutti, la realizzazione di piani di ampliamento da parte dei quartieri. In alcuni casi infatti ci si chiede se questa rincorsa al gigantismo risponda ad una logica industriale o semplicemente all'appagamento di un desiderio di protagonismo di operatori pubblici e istituzioni locali.

Il rischio a cui si va incontro è evidente: un proliferare di eventi simili e una lotta competitiva che potrebbe avvantaggiare sistemi fieristici esteri più specializzati e con più risorse. Ma evidenti sono anche le con-

seguenze: un'eccessiva concorrenza tra i poli fieristici e una non coerente strategia di ampliamento degli spazi inciderebbero in negativo sulla qualità e la forza competitiva delle manifestazioni italiane.

Puntare sulla qualità

È proprio la qualità invece la leva competitiva su cui puntare, qualità che è direttamente correlata alla capacità di sincronismo di tutta la filiera. Non solo enti e organizzatori, ma anche allestitori e fornitori di servizi devono collaborare "facendo sistema", affinché il prodotto finito sia di alto livello.

Capita spesso inoltre che le aziende utilizzino lo stesso allestitore italiano anche per manifestazioni all'estero. L'intento è quello di massimizzare l'efficacia comunicazionale, offrendo un'immagine di marchio e di prodotto omogenea. Il settore degli allestimenti sta quindi assumendo un'importanza nuova perché, da semplice veicolo promozionale del prodotto, sta diventando elemento strategico della comunicazione aziendale, capace esso stesso di creare valore aggiunto.

Il ruolo di Asal

Il Forum è stato il primo passo per aprire il dibattito sul futuro dell'industria fieristica, che dimostra di occupare una posizione sempre più di rilievo negli equilibri economici, istituzionali e politici del nostro paese. Il ruolo che Asal Assoallestimenti intende assumere è quello di catalizzatore dei diversi operatori di un settore che ha finalmente riconosciuto la positività di coordinare le proprie politiche e strategie. Questo anche in previsione della costituzione di un comitato interassociativo, comprendente tutti i comparti della filiera, che identifichi gli ambiti di collaborazione e garantisca il pieno rispetto delle regole.

IN EVIDENZA. LE CERTIFICAZIONI FIERISTICHE

Considerazioni sulla necessità della certificazione

Disporre di dati certi può aiutare lo sviluppo del sistema fieristico

di **Franco Bianchi, segretario Cfi**

Le fiere specializzate europee hanno perso il ruolo centrale che era riconosciuto loro nel mercato internazionale, a causa dello sviluppo di nuovi e rilevanti mercati che tendono a svilupparsi al loro interno l'incontro della domanda locale con l'offerta internazionale.

L'attenzione delle imprese si sta rivolgendo alle manifestazioni fieristiche su questi nuovi mercati che, accanto alle loro potenzialità, possono presentare l'occasione di eventi qualitativamente non all'altezza delle attese.

In tale contesto le fiere europee devono riconsiderare le loro strategie, ponendo in primo piano la qualità e la professionalità degli eventi che si svolgono in Europa, cercando di enfatizzare una logica di sistema che superi i localismi e sviluppi sinergie a sostegno del sistema produttivo, il quale si rivolge alle fiere specializzate per presentare il proprio know how, i risultati concreti della ricerca e dell'innovazione.

La qualità delle manifestazioni europee può essere valorizzata da un corretto sistema di certificazione che, alla luce delle più recenti direttive, si fonda principalmente sulla volontà dell'organizzatore.

Per quanto riguarda l'Italia, le Regioni (titolari della competenza esclusiva a regolare la materia fieristica), nella recente delibera della Conferenza delle Regioni del 19 luglio 2006 hanno rinviato *sine die* il processo di certificazione delle manifestazioni. Di fatto si è neutralizzato il processo regolamentare che era stato avviato fornendo direttive precise per la qualifica di quartieri e manifestazioni, e per la pubblicazione del calendario fieristico italiano. La certificazione obbligatoria validava i dati necessari al riconoscimento della qualifica e la conseguente redazione del calendario italiano.

In sede europea il Parlamento ha approvato il 15 novembre 2006 la direttiva proposta dal Consiglio Ue per la libera circolazione dei servizi, che esplicitamente menziona l'organizzazione delle fiere e i servizi di certificazione e collaudo.

A tale direttiva, così come alla sentenza della Corte di Giustizia Ue del 15 gennaio 2002, si dovrà comunque attenere il legislatore nazionale o regionale nel regolare le attività fieristiche, escludendo norme che possano in qualche modo ostacolare la libera circolazione dei servizi fieristici.

Occorre pertanto privilegiare un programma di certificazione di qualità delle manifestazioni, nel rispetto del principio della volontarietà, ma in un'ottica di

respiro europeo e internazionale, piuttosto che circoscritto a un ambito regionale e localistico.

Per conseguire questo obiettivo è necessario valorizzare il ruolo della certificazione nella competizione delle fiere europee in rapporto al mercato globale, anche attraverso un adeguato progetto di comunicazione che, oltre a enunciare il sistema, valorizzi le manifestazioni che a esso abbiano aderito.

Sul piano operativo può essere opportuno separare, con apposite procedure, la certificazione di processo che riguarda gli impianti

di rilevazione ed elaborazione dati, dalla certificazione di prodotto, ossia dei contenuti numerici delle singole manifestazioni.

Le procedure inoltre, almeno in una prima fase, devono limitarsi alla rilevazione dei dati di base e conseguentemente richiedere tariffe accettabili.

Sul piano politico è indispensabile, una volta acquisita

la conoscenza dei sistemi in essere nei paesi europei, trovare un minimo comune denominatore per armonizzarli, sotto l'egida Ufi e col controllo del costituendo comitato di coordinamento tra istituti nazionali di certificazione.

L'ANALISI. FIERE EDILI IN ITALIA

Equilibri consolidati e nuovi eventi

Bologna continua a mantenere la leadership, ma l'accresciuta concorrenza milanese minaccia un cambiamento di scenari

di Luca Bianco

O rmai da molti anni, Bologna è la capitale italiana per le fiere del settore edile: con quattro manifestazioni specializzate internazionali, il quartiere romagnolo ha dato vita a un "sistema fieristico" articolato dedicato alle costruzioni. **SaieDue**, Saloni internazionali dell'architettura, del recupero e delle tecnologie per l'edilizia (13-17/3/2007), **Cersaie**, dedicato alla ceramica per l'edilizia e all'arredobagno (2-6/10/2007), **Saie**, Salone internazionale dell'industrializzazione edilizia (24-28/10/2007), ed **Europolis**, Saloni delle tecnologie per vivere la città (nel 2008), sono appuntamenti consolidati per gli operatori del settore.

Di dimensioni più modeste le altre numerose manifestazioni dello stivale dedicate all'edilizia in genere: dal **Restructura** di Torino, con 415 espositori nel 2006 agli eventi baresi **Edil Levante abitare** (con circa 400 espositori) e **Costruire edil**

Levante (sui 500 espositori), passando per e l'**Edilmed** di Napoli (400 espositori nell'ultima edizione 2003), e l'**Edil** di Bergamo, con 300 espositori nel 2006.

Sul versante delle manifestazioni specializzate, ricordiamo il polo veronese, sede delle principali fiere italiane per la lavorazione della pietra e il movimento terra (**Marmomacc**, 4-7/10/07 e **Samoter**, 5-9/3/08). Senaf, cui è dedicato un articolo a p. 46, è un interessante esempio di organizzatore specializzato su settori, quali l'impiantistica e l'edilizia, dove **Bagno show** o **Termoidraulica** costituiscono marchi consolidati. Sempre nell'ambito dell'impiantistica, l'Italia ospita una delle principali fiere europee: la milanese **Mce - Mostra convegno expocomfort**, che nel 2006 ha accolto 3000 espositori. Interessante è anche la crescente attenzione verso il settore edile dimostrata da Fiera Bolzano, con **Baumec/Lignomec**, la nuova combinazione

THE ANALYSIS. BUILDING FAIRS IN ITALY

Well-established balance & new events

Bologna still holds the Italian leadership, but the Milan's growing competitiveness is threatening to change the scenario

by Luca Bianco

F or many years, Bologna has been the Italian capital in the field of building fairs: with four international specialistic events, the Romagna fairground gave life to a "trade fair system" devoted to the building sector. **SaieDue**, International exhibition of architecture, interior finishing, renovation and building technologies (13-17

March 2007), **Cersaie**, dedicated to ceramic tiles and bathroom furnishings (the 2-6 October 2007), **Saie**, International building exhibition (24-28 October 2007), and **Europolis**, Exhibition of technologies for urban living (in 2008), are the main meeting point for all Italian operators in the sector.

The other exhibitions in Italy focusing on the building sector in general are of smaller size: from Turin's **Restructura**, with 415 exhibitors in 2006, to the events in Bari, **Edil Levante Abitare** (with approximately 400 exhibitors) and **Costruire Edil Levante** (500 exhibitors), passing through Naples's **Edilmed** (400 exhibitors in the last edition 2003), and **Edil** in Bergamo, with 300 exhibitors in 2006.

On the side of the specialized exhibitions, Verona is the main pole for the Italian fairs dedicated to the stone processing and the earth movement (**Marmomacc**, 4-7/10/07 and **Samoter**, 5-9/3/08). Senaf, to which an article is dedicated at p. 46, is an interesting example of an organizer

di fiere specializzate che prenderà il via il 2 marzo prossimo.

Ma questo quadro generale si appresta a subire significativi cambiamenti e, probabilmente, un spostamento degli equilibri consolidati: la leadership di Bologna deve infatti confrontarsi con le politiche di espansione di Fiera Milano.

Quest'ultima cederà il ramo d'azienda della controllata Rassegne, avente per oggetto l'organizzazione della appena avviata **Build Up Expo** (di cui trattiamo a p. 44) a Federlegno-Arredo, la quale, dal canto suo, porterà la propria SaieDue da Bologna a Milano a partire dal 2008, dopo aver rotto il contratto con BolognaFiere.

E Bologna si appresta a rispondere con un nuova fiera di portata internazionale sugli stessi temi.

specializing in fields, such as plants and building: Bath show or Termoidraulica are well consolidated brands. Italy also hosts one of the main European fairs in the plant field: it is Milan's **Mce - Mostra convegno expocomfort**, hosting in 2006 about 3000 exhibitors.

We have also to pay attention to the increasing importance of the Bolzano Fair, with **Baumec/Lignomec** in particular, the new combination of two specialized fairs that will open next March 2nd.

But this general picture will undergo significant changes, and probably we will see a shift in the consolidated balance of power: the Bologna leadership in fact will have to cope with the enhanced competitiveness of Fiera Milano.

The latter will give the section of its controlled firm Rassegne, dealing with the organization of the new born **BuildUp Expo** (p. 44), to Federlegno-Arredo, which will bring its SaieDue from Bologna to Milan in 2008, after it has terminated the contract with Bologna Fiere.

And Bologna is preparing to counteract with a new international show on the same issues.

Chillventa Nürnberg è il nuovo salone internazionale dedicato alla refrigerazione, al condizionamento e alle pompe di calore che si svolgerà nella piazza fieristica di Norimberga dal 15 al 17 ottobre 2008.

Il nuovo salone sarà organizzato dalla NürnbergMesse, in cooperazione con un comitato organizzativo composto da associazioni, organizzazioni e istituti d'istruzione, e numerosi specialisti del settore. Insieme presenteranno ogni due anni a espositori e pubblico una proposta fieristica elaborata collettivamente e accompagnata da un programma collaterale armonizzato con l'esposizione.

La decisione di dar vita a questo nuovo progetto è sorta in seguito alla decisione del Vdfk, organizzatore dell'Ikk (Salone internazionale per refrigerazione, aria condizionata, ventilazione) di non riproporre più la loro manifestazione nella sede di Norimberga, in collaborazione con la NürnbergMesse.

Chillventa Nürnberg is the new international exhibition devoted to the refrigeration, air conditioning, ventilation and heat pumps industries in Germany. The exhibition will take place in 2008, from October 15th to 17th.

The exhibition committee is made of associations, organizations, training institutions, numerous experts from the industry and the experienced project team from Nürnberg-Messe. They will present a jointly developed exhibition with co-ordinated supporting and accompanying programmes for exhibitors and trade visitors every two years.

The decision to start this new project came about because after several months of intensive talks with the Vdfk, as owner of the Ikk (International trade fair for refrigeration, air-conditioning, ventilation), who decided after 26 years to no longer organize the Ikk trade fair

L'Ikk si svolgerà invece dal 2008, con cadenza biennale, nel nuovo quartiere fieristico di Stoccarda.

Il gruppo promotore

L'idea fondamentale degli organizzatori di Chillventa è che tutti gli operatori del settore, e in particolare i partner, possano collaborare attivamente alla realizza-

zione del progetto. Oltre al comitato organizzativo, tra questi partner si annovera anche un gruppo di promozione che comprende non solo rappresentanti dell'artigianato, dell'industria e del commercio, ma anche enti di formazione e aggiornamento professionale, di ricerca e sviluppo, della costruzione di impianti, nonché d'informazione e di lobby.

The sponsoring body

The basic concept of the Chillventa organizers is that all the market players and therefore essential coalition partners for an exhibition will have a say

in the event. In addition to the exhibition committee, these partners include a unique sponsoring body, combining representatives from the craft trade, industry, supply trade, training, research and development, plant engineering and information and lobbying groups.

The special nature of this body is not only the all-embracing constellation, but especially

La peculiarità di questo gruppo non sta soltanto nella costellazione 'universale', in grado di includere tutti gli aspetti operativi del settore, ma soprattutto dal legame che stabilisce tra i comparti della tecnica del freddo, dell'aria condizionata e della ventilazione fino a a quello del riscaldamento. Finora in Germania non è mai esistita una 'coalizione di forze' paragonabile. "Questo straordinario nucleo di conoscenze ed esperienze è uno degli elementi fondamentali che, parallelamente alla proposta espositiva, contribuiranno alla riuscita del nuovo salone", sostiene Walter Hufnagel, membro del consiglio direttivo della NürnbergMesse.

Il ministro dell'Interno e vice Primo ministro bavarese, Günther Beckstein, ha accettato spontaneamente di assumere il patrocinio del nuovo salone. Beckstein ha segnalato il pieno sostegno dello Stato bavarese nel contribuire al successo della manifestazione Chillventa.

the link that it creates between the segments of refrigeration, air conditioning, ventilation and heating. A comparable 'coalition of forces' has not previously existed in Germany. "This unique

brain pool of knowledge and experience is one of the essential modules, whose active involvement parallel to the product exhibition will contribute to the success of the new exhibition" says Walter Hufnagel, Member of the Management Board of NürnbergMesse.

Dr. Günther Beckstein, Interior Minister and Deputy Minister President of the Free State of Bavaria, has spontaneously agreed to act as patron of the new Chillventa exhibition. He indicated the unrestricted support of the Free State of Bavaria as a contribution towards the success of the exhibition.

EDILIZIA. COLONIA CAPITALE DELLA FINITURA

Le nuove strutture della Koelnmesse pronte per Farbe 2007

Dal 18 al 21 aprile 2007, i nuovi padiglioni 6, 7 e 8 del quartiere fieristico di Colonia ospiteranno l'edizione 2007 di Farbe - Ausbau & Fassade (Vernici - Finiture & Facciate), la principale fiera internazionale del settore delle finiture. I visitatori potranno usufruire di due entrate: l'entrata centrale tra i padiglioni 6 e 9 e la nuova entrata nord.

Quest'ultima, insieme con il completamento della Piazza e del Boulevard, la costruzione del Centro Congressi Nord e l'apertura dell'entrata sud, è uno dei recenti miglioramenti che consentono al quartiere fieristico di soddisfare standard internazionali in termini di layout, posizione, accessibilità, strutture e servizio.

Inoltre, l'accesso dei veicoli è stato reso più facile grazie alle nuove aree logistiche tra i padiglioni. I padiglioni monoplanari, liberi da colonne, con altezze di 11 o 15 metri, danno maggiore libertà agli allestitori di creare soluzioni più efficaci e assicurare stand dai concetti innovativi per gli espositori di Vernici - Finiture & Facciate. Grazie all'elevata portanza dei

pavimenti e alle grandi porte, gli espositori potranno presentare anche merci pesanti e di grandi dimensioni.

Farbe - Ausbau & Fassade farà inoltre uso del Centro Congressi Nord. Il centro è in grado di fornire mezzi e tecnologie all'avanguardia per lo svolgimento dei congressi e spazi adattabili. Può accogliere fino a 3000 persone.

BUILDING. COLOGNE, THE FINISHING'S CAPITAL

New Koelnmesse's facilities ready for Farbe 2007

From 18th to 21st April 2007, the new Halls 6, 7 and 8 at the Cologne exhibition centre will host the 2007 edition of Farbe - Ausbau & Fassade (Paint - Finishing & Facade), the main international trade fair of the finishing sector. Visitors will also enjoy the advantage of using two entrance

areas - the "middle entrance" between Halls 6 and 9, and the new Entrance North.

The latter, together with the completion of the Piazza and the Boulevard, the construction of the Congress Centre North and the new Entrance South, is one of the recent improvements that make the Cologne exhibition centre setting new international standards in terms of layout, location, accessibility, facilities and service.

Logistics areas between the one-storey halls will make it easier for vehicles to gain access. The halls' one-storey, pillar-free design, with ceiling heights of 11 or 15 metres, give stand construction planners much more freedom to create effective designs and ensure innovative stand concepts at Paint - Finishing & Facade. Thanks to the high load-bearing capacity of the hall floors and the large doors, exhibitors can present large and heavy goods.

Farbe - Ausbau & Fassade will also make use of the new Congress Centre North. The centre provides state-of-the-art media and conference technology and an adaptable space arrangement. It can accommodate up to 3,000 people.

EDILIZIA. L'INTERO SISTEMA IN FIERA A MILANO

BuildUP Expo parte da 600

Dal 6 al 10 febbraio 2007 progetti architettonici provenienti da tutto il mondo si confrontano per la prima volta in un'unica grande esposizione con i materiali, le tecnologie costruttive, le componenti delle costruzioni, i sistemi e le proposte innovative industriali e artigianali, per presentare al visitatore l'intero processo ideativo e realizzativo, dalla committenza al progetto, fino all'esecuzione.

È BuildUP Expo, il primo salone che unisce la cultura della costruzione e quella del progetto in un unico evento dedicato agli operatori del settore. Oltre 600 espositori presentano il meglio delle loro

attività nel campo dell'architettura e delle costruzioni.

Build UP Expo si svolge a fieramilano su una superficie di oltre 40.000 m² netti, occupando 5 padiglioni e le aree espositive esterne. Affiancano l'esposizione mostre di architettura organizzate dalla Unione Internazionale degli Architetti, dall'Ordine degli Architetti di Roma, da Occam, organizzazione affiliata all'Onu, dal premio Internazionale Dedalo Minosse.

Il coordinamento degli eventi di Build UP Expo è assicurato da un Comitato Scientifico Internazionale e dal Centro per l'innovazione edile. Numerose associazioni aderiscono come collabora-

tori e partner alla manifestazione. Tra queste: Uia (Unione Internazionale Architetti), Aia (American Institute of Architects), Ala (Associazione Liberi Architetti), Fondazione Politecnico di Milano, Cnr, Regione Lombardia, Comune di Milano, Camera di Commercio di Milano, Confapi.

IMPIANTISTICA. APPUNTAMENTO ALLA FIERA DI PADOVA

Termoidraulica Clima: trasformazioni e nuovi orizzonti

Dal 28 al 31 marzo 2007 la Fiera di Padova ospiterà la quindicesima edizione di Termoidraulica Clima, la mostra professionale internazionale del riscaldamento, condizionamento, climatizzazione, refrigerazione, idrosanitaria, trattamento acque, isolamento ed energia alternativa. La rassegna sarà accompagnata per la quinta volta da Bagno Show, il salone specializzato dell'arredobagno. L'appuntamento ha visto nella passata edizione oltre 55.000 pre-

senze, 644 aziende espositrici, 60.000 m² di spazio espositivo.

Organizzata da Senaf, società specializzata in fiere professionali, l'edizione 2007 sarà strutturata in cinque macro aree: Caldo, Freddo, Tecnica sanitaria e attrezzeria, Bagno Show ed EcoEnergie; quest'ultima, introdotta come novità, porterà in fiera la dovuta attenzione ai prodotti innovativi per la produzione di energia da fonti alternative e ad elevata sostenibilità ambientale.

Attenzione particolare sarà dedicata all'aspetto formativo: numerosi saranno i convegni, i corsi di formazione e le aree dimostrative che, anche grazie al contributo d'importanti associazioni del settore, tratteranno argomenti di attualità e di grande interesse, quali la sostenibilità ambientale e il risparmio energetico legato all'impiantistica.

PLANT ENGINEERING. RENDEZ-VOUS AT FIERA DI PADOVA

Termoidraulica Clima: transformation and new horizons

From March 28 to 31 Fiera di Padova will host the 15th Termoidraulica Clima, the international professional show for heating, air-conditioning, refrigeration, sanitaryware technology, water treatment, insulation and alternative energy. This show is accompanied for the fifth consecutive edition by Bagno Show, the show specialised in bathroom fitting. The event had in its last edition over 55,000 visitors, 644 exhibiting companies, 60,000 m² of exposition space.

Organised by Senaf, a company specialised in trade fairs, the 2007 edition will have five macro areas: Heating, Cooling,

Sanitaryware technology and equipment, Bagno Show and EcoEcologie; the latter introduced for the first time this year will put the spotlight on all those new products for the production of energy from alternative and eco-sustainable sources.

Particular attention will be paid to the educational aspect. Therefore there will be many events, training courses and demonstration areas that, also thanks to the contribution of important sector associations, will deal with important topical themes like environmental sustainability and energy saving with regard to the engineering sector.

IMPIANTISTICA. IL NUOVO EVENTO SENAF

Roma pronta per il secondo Site

Dopo la prima edizione di dicembre 2006, torna alla Nuova Fiera di Roma il Site, la fiera di Senaf dedicata al mondo impiantistico, dell'arredobagno e delle energie ecosostenibili, quest'anno dal 29 novembre al 1° dicembre. Il salone vede in progettisti, studi di architettura, imprese di costruzione, distributori, grossisti, società di installazione e show room, l'utenza ideale.

L'esordio del 2006 ha visto 417 aziende espositrici, 22.000 m² di superficie, 15.000 visitatori, 21 convegni e 13 enti patrocinanti/sostenitori.

"Gli investimenti nel comparto dell'edilizia a livello nazionale - dichiara Gianfranco Ferilli vice presidente di Senaf - valgono circa il 9% del pil e il

46,2% degli investimenti fissi del sistema Italia, per un fatturato stimato di 260 milioni di euro e 2,8 milioni di occupati; un mercato perciò di rilevanza strategica per il paese e per il bacino mediterraneo di cui Roma rappresenta un nodo geografico di indubbia rilevanza.

Questo ci ha portato a progettare con Fiera Roma un appuntamento fieristico che vuole essere un punto cardine per tutti gli operatori del settore".

PLANT ENGINEERING. THE NEW SENAF EVENT

Rome is ready for the 2nd Site

After the first edition of Site in December 2006, from November 29 to December 1, 2007 the New Fair of Rome will host the second edition of the new Senaf project that unites the world of electric and thermohydraulic systems with that of bathroom fittings. Designers, archi-

tectural studios, construction companies, distributors and wholesalers, installation and showrooms companies, are the ideal audience.

The 2006 edition saw 417 companies, 22,000 m² of exhibition floor space, 15,000 visitors, 21 conventions and 13 sponsoring and supporting institutions and associations.

"The investments in the building sector on a national level - says Senaf Vice-president Gianfranco Ferilli - are worth 9% of GNP and 46.2% of the fixed investments of the Italian system, for an estimated turnover of 260 million euro and 2,8 million jobs; this is therefore a market of strategic importance for our country and the Mediterranean basin, of which Rome is a very important hub. This is why we planned with Fiera Roma a new fair, which intends to be a meeting point for all operators in the sector".

SPAGNA. I RECORD DELLE RASSEGNE EDILI

Construtec, Veteco e Climatización: un riferimento per il settore edilizia-domotica-costruzioni

Le fiere madrilene attirano sempre più l'interesse degli operatori

Giunto al nono appuntamento, **Construtec** 2006 ha vissuto dal 9 al 12 ottobre 2006 la sua migliore edizione.

I 37.073 visitatori professionisti registrati, circa 5000 in più rispetto all'edizione del 2004, confermano le favorevoli aspettative che aveva destato l'appuntamento biennale, riaffermandosi come una delle migliori piattaforme d'affari in quest'ambito. La rassegna ha raggiunto cifre record di partecipazione in tutti i suoi parametri.

Construtec 2006 ha riunito infatti 1142 imprese rappresentate in 642 stand (+21% rispetto al 2004), distribuiti su 36.434 m² (+31%). Inoltre va sottolineato che l'appuntamento organizzato dall'Ifema ha contato su una notevole presenza di aziende estere, 58 espositori diretti da 22 paesi.

Per quanto riguarda i settori d'interesse, la maggioranza dei visitatori (il 63,70%) era interessato all'area generale di Construtec; l'11,24% al Salone Monografico di Prefabbricati in Cemento, già alla 2^a edizione; l'11,24% al Salone dell'Architettura per Interni Decotec (alla sua 7^a edizione, seconda consecutiva sotto l'insegna di Construtec); il 7,78% al nuovo Salone del Legno nell'Architettura, e il 5,38% a uno dei convegni di maggior interesse: il Congresso Internazionale di Architettura Construtec 2006 *Architettura Limite*.

E proprio questo congresso ha evidenziato più che mai lo stretto rapporto fra architettura e mondo della costruzione. Durante tale convegno sono stati presentati edifici singolari come un lebbrosario in India, un centro di nuoto in Cina, un

museo di scienze naturali in Giappone, un ecoboulevard a Madrid e abitazioni in Brasile.

Durante le due giornate delle relazioni si sono registrati 2520 partecipanti. Nell'insieme, la fiera e i dibattiti hanno mostrato il buon momento che attraversa la costruzione in Spagna, che sta servendo da motore per l'industria dei materiali e delle attrezzature per l'edilizia. Construtec 2008 si terrà dall'8 all'11 ottobre 2008.

buona salute in Spagna, come mostrano i 12,5 milioni di finestre fabbricate nel 2005 in questo paese, per un fatturato pari a circa 4000 milioni di euro.

L'undicesima edizione è prevista dal 7 al 10 maggio 2008.

È prevista invece per il 2007, dal 28 febbraio al 3 marzo, la dodicesima edizione di **Climatización**, uno dei principali appuntamenti professionali, in Europa, per il comparto della climatizzazione e del condizio-

settore corrispondente all'aria condizionata e alla ventilazione si snoderà lungo i padiglioni 7, 8 e 10; il riscaldamento e le acque calde sanitarie nei padiglioni 1, 2, 3, 4, e 7; la refrigerazione industriale e commerciale nei padiglioni 6 e 7.

Parallelamente si svolgerà anche **Genera** fiera internazionale dell'energia e dell'ambiente, la cui offerta comprenderà l'industria energetica nel complesso, con un particolare riguardo per l'energia solare.

Ma a Climatización tornerà anche l'appuntamento con *Foro Clima*, un insieme di conferenze e convegni per consentire al professionista di scambiare opinioni e informazioni sui temi più rilevanti.

Un ulteriore appuntamento già consolidato è la *Galería de Innovación* che, per la terza edizione consecutiva, raccoglierà una selezione delle novità tecnologiche più significative tra quelle presentate in fiera.

J. A.

Nel maggio scorso **Veteco**, salone internazionale della finestra e del vetro strutturale, ha celebrato invece la decima edizione mostrando la vivacità del proprio settore.

La manifestazione si è confermata come il principale appuntamento spagnolo del comparto, e il secondo in Europa: 552 espositori diretti (+1,5% sull'edizione 2004) e 781 rappresentati, 36.137 operatori in visita.

Buono anche il tasso di internazionalizzazione, con 68 espositori esteri da 14 paesi e 2438 visitatori da 76 stati. Anche il settore della finestra gode di

namento. Sui 110.000 m² d'esposizione, Climatización 2007 manterrà la sua abituale articolazione in tre grandi aeree: il

Batimat sbarca ad Abu Dhabi

Reed Exhibitions lancia dal 2008 negli Emirati Arabi, quattro saloni dedicati alla costruzione. Il rappresentante italiano Nuccia Invernizzi: "Una mossa per sfruttare un mercato in piena espansione, che cresce a ritmi del 20% l'anno"

di Giampaolo Squarcina

Dal 20 al 23 aprile 2008 Reed Exhibitions lancia *Building Futures Gulf by Batimat*, quattro saloni specializzati sulle prestazioni tecniche, energetiche, economiche, ambientali e di sicurezza in campo edile.

Queste manifestazioni professionali si terranno all'Adiec (*Abu Dhabi international exhibition & conference centre*) e saranno organizzate col sostegno dell'Unione internazionale architetti. *Building Futures Gulf by Batimat* comprenderà:

- **Structure Gulf:** il salone delle tecnologie strutturali e delle tecniche d'attuazione
- **Envelope Gulf:** il salone che presenta le soluzioni per facciate, serramenti e di falegnameria
- **Intelligent Building Gulf:** il salone delle soluzioni e dei sistemi di comunicazione per migliorare il comfort
- **Hvac Gulf:** il salone del comfort climatico.

Come spiega Nuccia Invernizzi, rappresentante italiano delle manifestazioni, "Il mercato edile medio-orientale è in piena espansione e ciò ha aumentato le esigenze di costruttori e committenti per quanto riguarda le prestazioni degli edifici, non solo in termini di costo di costruzione

o ristrutturazione, ma anche dal punto di vista dell'impatto ambientale. Destinati a un pubblico di operatori, i saloni proporranno non solo incontri d'affari ma anche convegni, spazi dimostrativi per ciascun salone e un'area stampa per informare i media delle innovazioni e delle soluzioni tecniche che vengono alla luce in Medio Oriente."

Un mercato in espansione

"Oggi si stima tra i 700 e i 1000 miliardi di dollari il giro d'investimenti programmati nei prossimi cinque anni nel settore edile

degli Emirati Arabi Uniti – dichiara Frédéric Theux, direttore del settore delle fiere edili della Reed Exhibitions – e il mercato s'incrementa di un 20 per cento annuo."

Aggiunge Nuccia Invernizzi: "Si è scelto di dar vita a manifestazioni che rispondano ai bisogni dei costruttori. I saloni saranno

strumenti per mettere in relazione offerta e domanda. Lo scopo è quello di sensibilizzare gli operatori sull'aspetto tecnico del lavoro edile, perché se è vero che gli immobili si sviluppano rapidamente in quest'area, l'attenzione è rivolta principalmente all'estetica, a danno della tecnica."

"Da questo punto di vista – aggiunge Frédéric Theux – si deve registrare la carenza di norme in materia di incendi, trattamenti antisismici e risparmio energetico.

Ma le autorità locali stanno riflettendo sul tema e nuove leggi in materia dovrebbero essere promulgate quanto prima."

Si tratta di un argomento quanto più urgente se si pensa alle potenzialità dell'area: Abu Dhabi, la capitale degli Emirati Arabi Uniti, è in posizione strategica al centro del Golfo; il 10 per cento della produzione mondiale di petrolio arriva dagli Emirati.

Il governo investirà sei miliardi di dollari in edilizia pubblica, con la realizzazione di 31.000 unità urbane residenziali nei prossimi cinque anni e di 17.000 nuove stanze alberghiere.

Una regione vitale, quindi, per un mercato edile che offre molte possibilità alle imprese italiane.

CINA. LA PIÙ GRANDE FIERA PER EDILIZIA E COSTRUZIONI

Shanghai si prepara per la 12^a Ibctf

Coi notevoli risultati dell'edizione 2006 (56.187 visitatori, +10% rispetto al 2005, 2293 aziende espositrici e 54.675 m² netti) l'International Building & Construction Trade Fair (Ibctf) di Shanghai si è confermata come uno degli appuntamenti più importanti nel settore edile dell'Estremo Oriente.

I numeri avvalorano il suo ruolo internazionale: più di 5000 visitatori dell'ultima edizione provenivano infatti dall'estero e ben 27 erano i paesi rappresentati dagli espositori. 52 sono state in particolare le aziende italiane presenti allo Sniec - Shanghai New International Expo Centre.

La specializzazione nei settori bagno e cucina, che formano una fiera a sé stante, Kitchen & Bath China, contraddistingue la manifestazione. Ma all'interno di Ibctf sono rappresentate numerose categorie: serramenti, automazioni, materiali e macchinari edili, ceramiche e marmi, riscaldamento e ventilazione. La sezione dedicata a porte, finestre, portoni, automazione, sicurezza è quella che più si è sviluppata nell'ultimo biennio.

Prossima edizione: 23-26/5/07.

GIAPPONE. LA FIERA DELL'EDILIZIA AL BIG SIGHT DI TOKYO

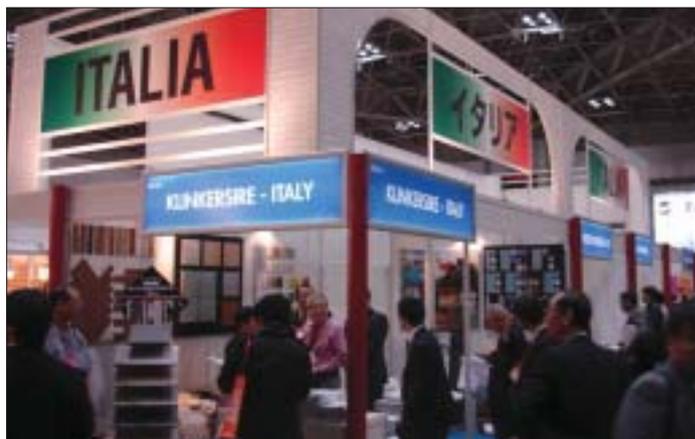

90.000 visitatori all'ultimo Japan home+building show

Il salone più importante dell'edilizia e della casa del Giappone, con una nutrita sezione internazionale, è il Japan home + building show in programma nel mese di novembre al Tokyo Big Sight, il più grande quartiere fieristico della capitale nipponica. Con un'affluenza superiore ai 90.000 visitatori negli ultimi anni e con il traguardo del trentennale ormai prossimo (l'edizione del 2007 sarà la ventinovesima), la manifestazione getta uno sguardo a 360 gradi sul mondo dell'industria edilizia.

Questi i settori espositivi previsti: forniture e parti per costruzione, macchinari e tecnologie di supporto, attrezzi e ferramenta, attrezzature per cucina, forniture per costruzioni ecologiche, attrezzature anti-barriere architettoniche, rivestimenti per pavimenti e muri, pietre e ceramiche.

L'area internazionale riveste un'importanza primaria, come dimostrano i 186 espositori diretti della passata edizione (quasi il 30% dei 688 totali).

JAPAN. BUILDING FAIR AT TOKYO BIG SIGHT

90.000 visitors at the last Japan home+building show

The most important home and building trade show in Japan, with an extensive overseas exhibitors area, is "Japan home + building show", scheduled in november at Tokyo Big Sight, the largest fairs venue of the japanese capital. With always more than 90.000 visitors in the last years and with the forthcoming goal of the thirtieth edition (in 2007 it will be the twenty-ninth), this exhibition concerns the building industry in all his elements.

These are the exhibit sectors: building supplies and parts, support machinery and technology, tools and hardware, kitchen supplies, eco-building equipment, floor and wall coverings, stones and ceramics.

The international area has not at all a secondary role, as the 186 direct exhibitors of the last edition demonstrate (almost 30% of 688 total).

Opportunità in Brasile, Argentina, Azerbaigian, ...

Partecipare a fiere edili negli stati maggiormente in crescita interessa sempre più imprese italiane

Brasile e Argentina, ma anche Azerbaigian e Kazakhstan: sono paesi caratterizzati da economie in forte crescita nei quali l'edilizia sta vivendo un momento particolarmente florido. Ecco perché la partecipazione a fiere edili in questi stati può rappresentare un'opportunità da cogliere al volo per chi intenda penetrare in questi mercati.

Abbiamo chiesto a Nuccia Invernizzi, che nel suo portafoglio di rappresentanze fieristiche vanta un gran numero di eventi sull'edilizia (cfr. tabella in basso a destra), di parlarci di qualche manifestazione in questi paesi.

“Per quanto riguarda il **Brasile** – spiega – è interessante il Feicon Batimat, giunto alla 15ª edizione è in programma a San Paolo dal 13 al 17 marzo 2007. Nel 2006 i visitatori sono stati 160mila e gli espositori 650, su 78.000 m². Soprattutto, va notato che il 95% degli espositori si è dichiarato soddisfatto e ritiene che la fiera li abbia aiutati a tenersi aggiornati sul mercato.

Restando in America Latina, si può inoltre parlare di Batimat Expovivienda, in programma a **Buenos Aires** dal 29 maggio al 2 giugno 2007. L'edizione 2006 è stata il riflesso della salute economica in cui versa il settore edile argentino. I visitatori sono stati oltre 106mila e gli espositori 380. Secondo alcuni commenta-

tori, era da un secolo che in Argentina questo comparto non andava così bene. Ferdinando Esquerro dell'Aev (*Asociación de empresarios de la vivienda y desarrollos inmobiliarios*) ha dichiarato che il nuovo anno registrerà ulteriori crescite e si attesterà sopra l'ultimo picco storico del 1998, nella misura del 15%.”

Anche in alcune aree dell'ex Unione Sovietica sono presenti paesi in forte crescita, dove l'edilizia è in sviluppo.

L'**Azerbaigian**, per esempio, nella cui capitale Baku si svolgerà BakuBuild dal 24 al 27 ottobre 2007, nel 2006 ha visto crescere quasi del 21% le concessioni per la costruzione di edilizia residenziale. “L'area è anche protagonista di forti investimenti nelle infrastrutture – afferma Nuccia Invernizzi – in quanto è

prevista la ristrutturazione delle autostrade tra Alyat e Masalli e tra Baku e Shamakha, rispettivamente 230 e 120 km. Nel complesso, la Banca per lo Sviluppo Asiatico ha erogato 52 milioni di dollari per la ricostruzione delle strade azere e la Banca Mondiale sta per allocare 500 milioni di dollari per lavori su tutte le strade di rilevanza nazionale.”

Una situazione per certi versi ancora migliore si riscontra in **Kazakhstan**, che nel 2006 ha avuto un elevato tasso di crescita (8,5%). Per sostenere le attività industriali non legate agli idrocarburi il governo ha introdotto nuove agevolazioni agli investimenti esteri nei comparti agricoli e manifatturieri.

La diversificazione degli investimenti rispetto al settore portante dell'economia nazionale (petrolio e gas) dovrebbe poter creare nuovi interessanti spazi per le medie aziende e aumentare le possibilità di presenza per gli imprenditori italiani.

Il sottosuolo kazako è ricchissimo di risorse energetiche: giacimenti di petrolio, gas naturale, carbone e uranio. A conferma del buon andamento economico, il reddito pro capite è aumentato del 12% nel corso dell'ultimo anno.

Ad Almaty, dal 4 al 7 settembre 2007, si terrà KazBuild.

FILIERA. LO STATO DELLA TESSITURA MADE IN ITALY

Il tessile italiano rilancia la moda

La filiera tessile-moda italiana trova nella tessitura un elemento essenziale di crescita. uno studio della Federazione Smi-Ati ne mette in luce potenzialità e risultati acquisiti

Con un fatturato di quasi 8,6 miliardi di euro nel 2005, il settore della tessitura costituisce una colonna portante dell'intero sistema tessile-moda Made in Italy. Sempre nel 2005, le vendite di tessuti hanno infatti contribuito per il 16,5% ai ricavi complessivi generati dalla filiera. Tuttavia, nel suo complesso la tessitura ha archiviato il 2005 con ricavi in calo (-3,9%), e è soprattutto sul fronte dell'attività produttiva che si sono riscontrati i problemi maggiori (-4,7%).

Cdp (Düsseldorf)

Nel 2006 sono invece emersi alcuni timidi segnali di una possibile inversione di tendenza. Ma solo alcune imprese – quelle meglio attrezzate in termini dimensionali, di mix produttivo e di rete commerciale – ne hanno potuto cogliere i benefici.

Crescita nelle esportazioni

Sul fronte delle esportazioni, pur se il dato complessivo è ancora negativo (-3,9% l'export totale di tessuti), non mancano importanti incrementi in alcuni Paesi e per alcuni sotto-comparti.

In ambito laniero, ad esempio, (-3,8% l'export dei primi 5 mesi 2006), la flessione dei flussi diretti verso i tradizionali mercati comunitari (Germania e Francia) viene compensata in parte dall'aumento delle vendite in alcuni paesi est-europei (Polonia, +123%, Ungheria, +47%, e Repubblica Ceca, +153%) ed asiatici. Molto dinamiche sono state in particolare le vendite verso la Cina (+12%). E se si aggiungono i flussi transitati da Hong Kong, il bacino cinese risulta il secondo sbocco commerciale estero (dietro la Germania), con una quota del 10%.

Più problematica è la situazione del comparto cotoniero (-8,5% l'export dei primi cinque mesi) a causa dell'andamento riflessivo dei flussi diretti verso Romania (-9%) e

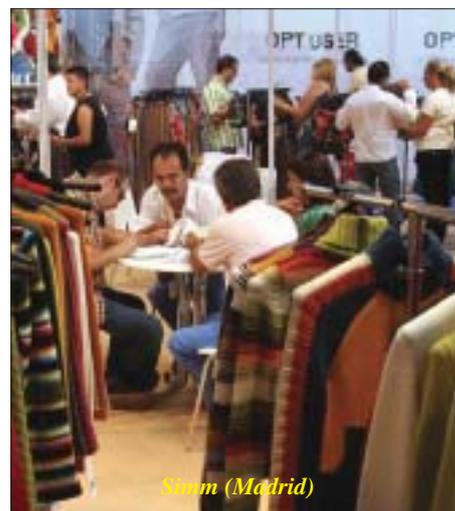

Tunisia (-20%), i primi due sbocchi commerciali per il Made in Italy. In ambito UE, forti difficoltà hanno interessato il mercato francese (-13,6%), mentre segnali di quasi assestamento arrivano da Spagna (-0,3%) e Germania (-3,7%). Note più positive sono arrivate da Bulgaria (+41%) e Cina (+24%).

Le importazioni di tessuti sono aumentate dell'8,5%, con la Cina sempre fornitore leader, per una quota superiore al 19%. Anche altri tradizionali fornitori come Turchia e Repubblica Ceca fanno segnalare incrementi consistenti. Il surplus commerciale della tessitura (quasi 1,4 miliardi nei primi cinque mesi 2006), pur in calo, continua a fornire un contributo decisivo (36,8%) all'avanzo totale del tessile-moda.

Numerose rimangono tuttavia le incognite circa l'evoluzione a breve termine. In particolare, il consolidamento dei vantaggi competitivi del Made in Italy costituisce un vincolo sempre più rilevante per l'85% circa delle imprese di tessitura che ancora si caratterizzano per dimensioni piccole e piccolissime. Più in generale, il quadro attuale mette in evidenza, dal lato della domanda, una situazione non ancora compatibile con recuperi generalizzati di attività.

Il ruolo delle fiere

L'importanza dell'esportazione nella faticosa ripresa del settore moda italiano non può prescindere dal riconoscimento delle fiere come momento centrale dell'internazionalizzazione dei circuiti di vendita. Se un

Simm (Madrid)

buon numero di aziende italiane del settore si caratterizza ancora per dimensioni medio piccole o piccolissime, la partecipazione diretta alle manifestazioni fieristiche diventa ancor più lo strumento privilegiato per raggiungere i mercati esteri.

Non a caso, dunque, l'Italia resta, almeno tra gli stati europei, ai primi posti per numero di aziende espositrici alle principali fiere internazionali del tessile-moda. Si pensi alle manifestazioni parigine come *Première Vision*, che nella sua ultima edizione di gennaio 2007 ha ospitato ben 338 aziende nostrane, (il gruppo più nutrito di espositori esteri) o ancora *Pret à Porter Paris* (di cui parliamo più diffusamente alle pp. 54-55), con circa 170 aziende italiane nell'edizione di febbraio 2007. E l'Italia è prima tra gli espositori europei al *Cpd Düsseldorf*, con 67 aziende all'edizione di febbraio 2007, mentre 27 aziende hanno rappresentato il nostro paese al *Simm* di Madrid nel settembre 2006. Altrettanti gli espositori italiani alla *Federal Trade Fair* di Mosca (vedi p. 63).

INTERVISTA. AL CENTRO DEL SISTEMA MODA INTERNAZIONALE

Parigi, capitale della creazione

Jean-Pierre Mocho, presidente di Prêt-à-Porter Paris, spiega il successo della capitale francese come piazza fieristica per il tessile-moda.

di Lorenzo Paparo

Prêt à Porter Paris è nato nel 1956 come Salon national du Prêt à Porter ed è cresciuto fino a diventare il più importante forum della moda nel mondo. Quanto deve alla città di Parigi e quanto Parigi deve a questa manifestazione?

Prêt à Porter Paris è sempre stato un salone leader tra le manifestazioni professionali parigine, soprattutto negli anni 80 e 90 quando i distributori multimarca erano molto importanti. I buyer provenienti da tutte le regioni francesi si recavano a Parigi per i loro acquisti. Negli ultimi 6 anni abbiamo lavorato molto per presentare collezioni internazionali e accogliere visitatori internazionali. Se si considera il tempo che i visitatori trascorrono a Parigi, questo salone è di importanza cruciale per la città.

Oltre il 40% dei visitatori e il 55% degli espositori provengono dall'estero. Come vedono i produttori francesi la presenza di agguerriti concorrenti esteri?

Negli ultimi anni, la concorrenza tra collezioni francesi ed estere ha stimolato una progressione considerevole della qualità. Questi progressi hanno permesso al prêt-à-porter francese di essere sempre interessante e al salone di mantenere la sua forza.

Qual è il ruolo dell'associazione Paris Capitale de la Création, di cui Lei è anche presidente?

Far convivere, nello stesso tempo e più volte all'anno i saloni di moda, accessori, arredo-oggettistica per la casa e design. Parigi è il cuore internazionale di questo fenomeno e l'unica città che è riuscita a creare questo legame.

Prêt à Porter Paris ha generato nuovi eventi nel mondo, The Train e Platform 2 a New York, Living Room e Mode in

France a Tokyo. Quali gli obiettivi e i prossimi sviluppi?

Innanzitutto continuare a sviluppare le manifestazioni fieristiche già esistenti, restare efficaci in Europa. E poi osservare con attenzione altre città come Hong Kong, Istanbul, Dubai, ...

Gestire con successo una manifestazione come Prêt à Porter Paris richiede grande competenza, capacità d'innovazione e un'organizzazione efficiente. È possibile avere qualche osservazione?

Jean-Pierre Mocho

Perché i nostri saloni siano validi, gli sforzi si concentrano sui prodotti e sui marchi e non sulla commercializzazione. Una buona selezione dell'offerta è indispensabile. Importanti sono quindi le azioni commerciali, sostenute e valorizzate dalla comunicazione. È inteso che è necessario seguire il rapporto col cliente, i servizi a visitatori ed espositori, il tutto in un'atmosfera che si rinnovi a ogni edizione.

INTERVIEW. AT THE CENTER OF THE WORLDWIDE FASHION SYSTEM

Paris, capitale de la création

Jean-Pierre Mocho, Président de Prêt-à-Porter Paris, explique l'importance de la Ville Lumière pour les salons du textile-mode

par Lorenzo Paparo

Prêt à Porter Paris est né en 1956 avec le nom du Salon national du Prêt à Porter et il a évolué en devenant le plus important forum international de la mode. Combien le salon a-t-il été important pour la ville de Paris et vice versa?

Prêt à Porter Paris a toujours été un salon leader dans les manifestations professionnelles parisiennes, surtout dans les années 80 et 90, où la distribution multimarque était très importante. Toutes les régions

montaient alors faire leurs achats à Paris. Depuis 6 ans nous avons beaucoup travaillé le développement international, c'est-à-dire la présence de collections et de visiteurs internationaux. Ce salon est donc primordial pour Paris.

Plus de 40% de visiteurs et 55% d'exposants viennent de l'étranger. Quel est à votre avis l'opinion des exposants français par rapport à l'importante présence de leurs concurrents internationaux ?

Depuis ces dernières années cette présence a mis en concurrence les collections Françaises avec les autres et a donc entraîné une progression considérable de la qualité et du style. Ces progrès ont permis au prêt-à-porter Français de rester efficace et au salon de garder sa force.

Quel est le rôle de l'association Paris Capitale de la Création?

Celui de faire vivre ensemble, en même temps et plusieurs fois par an les salons de mode, d'é-

quipement de la personne et les salons de la maison et du design. Paris est le centre international de cette reconnaissance et le seul qui ai réussi ce mariage.

Prêt à Porter Paris a encouragé les organisateurs à créer des nouveaux événements internationaux : The Train et Platform 2 à New York, Living Room et Mode in France à Tokyo. Quels sont vos prochains objectifs ?

D'abord de continuer à développer les salons existants, de rester efficaces en Europe et puis d'observer avec attention des lieux tels que Hong Kong, Istanbul, Dubaï, ...

Le succès de Prêt à Porter Paris nécessite d'une équipe très compétente, efficace et avec des idées toujours innovantes. Pourriez-vous m'expliquer comment est elle organisée et comment préparez-vous un salon ?

Pour que nos salons soient efficaces, nos efforts sont concentrés sur les produits et les marques et non pas sur le développement de la vente de m². Les actions importantes sont donc commerciales, soutenues et mises en lumière par la communication. Bien entendu il faut travailler une relation à l'année avec le client, les services à visiteurs et exposants, dans une mise en scène repensée à chaque édition.

FIERE TESSILI. GLI EVENTI FIRMATI MESSE FRANKFURT

Heimtextil cresce

Col motto Spazio alla fantasia, il 37° Heimtextil, il salone del tessile per la casa più importante al mondo, ha presentato dal 10 al 13 gennaio a Francoforte le novità per la stagione 2007/2008. La manifestazione ha registrato un +4% di visitatori stranieri rispetto all'anno precedente e 2907 espositori contro i 2.810 del 2006. Dati che consentono di guardare con relativo ottimismo verso il futuro di un settore, quello tessile, che ha avuto una crescita sensibile

nel 2006, e di cui Messe Frankfurt rappresenta la principale piattaforma fieristica con circa 30 eventi organizzati in tutto il mondo.

Sul versante asiatico, Messe Frankfurt è particolarmente attiva in India e Cina. Nel 2006 12.456 visitatori e 318 espositori da 15 paesi hanno preso parte alla 1a edizione delle Giornate indiane del tessile, che ha unito Heimtextil India (alla 7ª edizione) e Texworld India, il nuovo salone di abbigliamento e accessori. ASIA. THE HONG KONG FASHION WEEK

First in Asia and second worldwide

The Hong Kong Fashion Week is Asia's largest fashion fair and the second-largest fair of its kind in the world. In 2007 the Fall/Winter edition took place from January 15 to 18, while the Spring/Summer edition runs from July 10 to 13, always at the Hong Kong Convention and Exhibition Centre.

In January 2007 it attracted more than 1500 exhibitors from 24 countries and regions, a new record for the fair, the organizer Hong Kong Trade Development Council (Tdc) announced.

World Boutique Hong Kong, which runs concurrently with Fashion Week, targets boutique buyers, features top designer brands, as well as fashion

accessories and lifestyle products, and has drawn 249 exhibitors from 19 countries and regions this year.

"The Hong Kong fashion industry continues to flourish" said Mr Andrew Leung, chairman of the Tdc's Garment Advisory Committee, at the joint opening ceremony. "Hong Kong's total exports of clothing and accessories increased 3.4% to about US\$ 25.8 billion in the first 11 months of 2006" he said, attributing Hong Kong's success in the fashion industry to the constant evolution of its garment companies and their firm focus on cost control.

Ciff Copenhagen: più di 5000 m² per la moda europea

La Copenhagen International Fashion Fair (Ciff) attrae ogni anno, a febbraio e ad agosto, migliaia di buyer nazionali ed esteri.

Le edizioni 2007 si svolgeranno dall'8 al 11 febbraio e dal 9 al 10 agosto al Bella Center. L'edizione di febbraio beneficerà di maggiori spazi espositivi, superando così il record precedente di 40.683 m² netti.

Si prevede infatti l'occupazione di un'area di ben 43.000 m² netti, in modo da poter ospitare circa 60 espositori in più e far fronte così alle liste d'attesa in continua crescita.

Per questo motivo, poco prima della Ciff28, una tensostruttura di 5000 m² sarà montata nel parcheggio interno del Bella Center. Gli organizzatori prevedono di superare, in questo modo, il numero magico dei 1000 espositori. Il "nuovo"

padiglione C5, come verrà chiamato, sarà collegato ai padiglioni C e B da una passerella coperta di nove metri di larghezza, dotata di riscaldamento, moquette e decorazioni.

TEXTILE FAIRS. EVENTS SIGNED MESSE FRANKFURT

Heimtextil is growing

Under the motto *Room follows Fantasy*, the 37th Heimtextil, world's biggest trade fair for home and contract textiles, presented the trends for the 2007/2008 season in Frankfurt am Main from 10 to 13 January. The exhibition

registered more visitors compared to 2006 (+4% from outside Germany), and more exhibitors (2.907 against 2.810) and boosted the optimistic assessment of the economic outlook for the textile sector, which had a sensible increase in 2006. A sector

which finds in the 30 events organized worldwide by Messe Frankfurt its main platform.

On the asiatic front, Messe Frankfurt shows its vitality especially in India and China. 12.456 visitors and 318 exhibitors from 15 countries participated at the 1st Textile days India, a combination of Heimtextil India (at its 7th edition) and Texworld India, the new apparel fabrics and accessories fair. "With this move - says Mr. Detlef Braun, Managing Director and Member of the Board of Messe Frankfurt - we have unleashed the powerhouse of Indian textiles unto the global arena." Next edition will be held in Bombay from 10 to 13 October 2007 and will include the 1st edition of Techtex India.

In China Interstoff Asia is going to renovate its image

with a new name, Interstoff Asia essential (Hong Kong, 14-16/3/2007), which will concentrate on functional fabrics and eco-fabrics.

After the surprising results of the 2006 edition (17.337 visitors and 689 exhibitors), one of the leading international fairs for apparel fabrics and accessories in China, Intertextile Beijing, will expand to the China World Trade Center, so to provide the exhibitors with 30% more space.

2006 saw also the successful premier of New York's Texworld USA, with 157 exhibitors from 18 countries (next ed. 23-25/1/2007). Encouraging results for the European Tex-world Paris (20-23/2/2007) and Heimtextil Rossija (11-14/9/2007), which saw an increase in presences from Est-Europe.

Ciff Copenhagen: +5000 m² for the European fashion

The Copenhagen International Fashion Fair (Ciff) attracts thousands of buyers from home and abroad twice a year in the Bella Center.

The 2007 editions will take place on 8-11 February and on 9-10 August. The february edition will benefit of a larger

exhibiting space, thus increasing the previous record of 40,683 net square metres. It is expected that it will take up more than 43,000 net square metres

In fact, to cope with the ever increasing waiting list, shortly before CIFF28, a 5,000 square metre tent will be put up in Bella Center's internal car park. This will ensure that more than 60 more companies can be added to the list of exhibitors.

The team of the fair expect to top globally the magic number of 1,000 exhibitor. C5, which is what the new "hall" will be called, will be connected to B and C halls by a nine metre wide covered walkway, and with patio heaters, carpets and decorations.

La moda

il Mulino, Bologna 2006, pp. 200 euro 11,50

Parlare di moda in termini appropriati richiede di partire da una fondamentale distinzione: l'abbigliamento è un prodotto materiale, la moda un prodotto culturale. Insistere su questo scarto, solo apparentemente scontato, tra oggetto tangibile e dimensione simbolica non è di poco conto: significa sfatare il mito dello stilista come genio creativo, mostrare l'importanza e il funzionamento del sistema istituzionale (produttori, giornalisti, sfilate, pubblicità) che governa il mondo della moda, svelare i meccanismi che al suo interno decretano successi e insuccessi, esplicitare il valore della moda per coloro che la consumano.

Questione di significati e non solo di abiti, il sistema della moda viene qui accuratamente messo a fuoco come fenomeno sociale e culturale che, tra esibizionismo ed esclusività, si presenta tanto vistoso quanto inaccessibile ai profani.

ITALIA. IL CALENDARIO 2007 DELLE FIERE MILANESI DEL TESSILE-MODA

A Milano la moda non passa mai di moda

Confermati per il 2007 tutti i consueti appuntamenti del prêt-à-porter femminile e maschile, del pronto moda, degli accessori e del tessile

Prato Expo

La moda è un settore fondamentale per Milano, capitale italiana del fashion system internazionale, e i due quartieri di Fiera Milano sono il luogo prescelto per ospitare i principali eventi del settore tessile-abbigliamento.

La stagione 2007 apre con **Milano Unica**, dal 13 al 16 febbraio, il salone internazionale nato dalla tradizione di cinque marchi **Ideabiella**, **Ideacom**, **Moda In**, **Prato Expo**, **Shirt Avenue**. Milano unica rappresenta un'operazione di "sistema" sostenuta da Fiera Milano, che ha dato vita a un evento internazionale in grado di riportare il tessile italiano ai vertici mondiali. Si tratta di un progetto organizzato e composito che propone in due edizioni annuali (febbraio e settembre) il top di gamma della produzione tessile italiana ed europea.

L'appuntamento autunnale sarà dall'11 al 14 settembre.

Dal 17 al 25 febbraio al MIC (Milano Convention Centre) di fieramilanocity arriva **Milano Moda Donna**, che presenterà le collezioni autunno /inverno 2007/2008 delle più prestigiose firme del prêt-à-porter femminile internazionale. L'edizione autunnale sarà dal 22 al 30 settembre.

Quasi contemporaneamente a Milano Moda Donna, si terrà, sempre a fieramilanocity, **MilanoVendeModa**, innovativa vetrina dell'abbigliamento femminile, in programma dal 23 al 26 febbraio. Organizzata da Expects, la manifestazione sarà articolata in quattro sezioni dedicate a tutto ciò che fa moda: LT, Trend, Accessories e Luxury. Largo spazio verrà dato ancora una volta ai nuovi talenti grazie al progetto Guest Square, che porterà un tocco di internazionalità e multiculturalismo. Parallelamente verrà poi riproposto **46...52 Plusize**, il salone dedicato alle taglie comode che ha debuttato nel settembre 2006. Anche MilanoVendeModa e Plusize tornano in autunno, dal 21 al 24 settembre.

Chiude gli appuntamenti primaverili **Modaprima** dal 27 al 29 maggio al MIC di fieramilanocity. Modaprima è il salone delle collezioni moda e accessori dedicato alla distribuzione organizzata, al grande dettaglio, alle catene di negozi, agli importatori e ai grossisti. Edizione autunnale dal 25 al 27 novembre.

A completare il panorama non potevano mancare gli appuntamenti dedicati agli accessori per lei e per lui. Dal 15 al 18 marzo e dal 20 al 23

settembre fieramilanocity si prepara ad ospitare le manifestazioni Micam e Mipel. Protagonisti di **Micam** sono le calzature per uomo, donna e bambino, mentre a **Mipel** è possibile ammirare tutto quanto è legato alla pelletteria di qualità. In primavera è prevista inoltre **Mifur**, dal 14 al 17 marzo a fieramilanocity, il salone internazionale della pelletteria e della pelle.

Anteprima, a fieramilanocity l'1 e il 2 marzo, si propone come occasione di incontro e confronto di idee con le migliori società produttrici di pelle, sintetico, accessori e componenti per calzatura, pelletteria, abbigliamento e interni in pelle. È una presentazione in esclusiva di idee e proposte per la messa a punto dei campionari.

Ma la moda è anche **IoSposa** e **Sì Spositalia Collezioni**, eventi in cui la tradizione del matrimonio si rinnova e si riscopre. Con **IoSposa**, dall'1 al 4 febbraio a fieramilanocity, il

MilanoVendeModa

matrimonio diventa un mondo di idee, di originalità, di eleganza e buon gusto. La manifestazione, aperta al pubblico, raccoglie tutto quanto occorre in quest'occasione, con offerte uniche ed esclusive.

È invece dedicata agli operatori **Sì SposaItalia Collezioni**, dal 22 al 25 giugno 2007, che si concentra sull'abito da sposa, e raccoglie le proposte più innovative, senza dimenticare il fascino dell'abito bianco.

Ogni anno la vocazione di Fiera Milano per la moda si rafforza e cresce, interessando un mercato più ampio di stagione in stagione e suggerendo l'importanza delle manifestazioni fieristiche come crocevia di merci e di idee. Importanza che diventa valore vitale per un settore dal progresso rapido e continuo come quello del fashion internazionale.

L'APPROFONDIMENTO. DALLE FIERE PIÙ FORZA ALLA MODA

Milano vendemoda: parola d'ordine flessibilità

La grande vetrina del prêt à porter femminile, organizzata da ExpoCts, cambia data e si inserisce nel palinsesto milanese delle fiere del settore

A consuntivo dell'edizione di settembre di Milano vendemoda, sulla base di un insistente suggerimento emerso durante il salone, è stato deciso di spostare le date di esposizione delle Collezioni Donna Autunno/ Inverno 2007-2008. L'edizione invernale della manifestazione organizzata da ExpoCts si svolgerà dunque dal

23 al 26 febbraio 2007, inserendosi nel palinsesto milanese delle presentazioni del settore. Un passo importante, affrontato per seguire le esigenze di un mercato complesso che, seppure con attuali segnali di crescita, resta una sfida costante per le imprese.

Negli ultimi trent'anni il settore tessile-abbigliamento ha subito una metamorfosi: è nato, si è sviluppato, ha raggiunto il massimo splendore e poi è entrato in crisi. Solo in questo momento si comincia a intravedere qualche timido segnale di ripresa che potrà trasformarsi in un trend in crescita a patto che le aziende produttrici di vestiti mantengano, anzi migliorino, la propria creatività, patrimonio inestimabile del made in Italy.

Allo stesso tempo bisogna sostituire la gestione prettamente familiare, tipica delle

aziende medio piccole, con un management che coordini ogni aspetto produttivo. È un passo indispensabile se si considera che la domanda è ormai globalizzata e l'offerta deve adeguarsi.

Un forte aiuto all'offerta viene poi dal sistema fieristico. Scegliendo ad hoc location e date, con una operazione di vera e propria "ingegneria fieristica", si ottimizza sempre più il momento della vendita. Un dato significativo è che il 75% delle aziende considera le fiere come il mezzo migliore per promuovere la propria produzione.

L'edizione di settembre 2006 di Milano vendemoda ha occupato una superficie espositiva di 23.000 m², 229 gli espositori totali, di cui 66 esteri provenienti da 18 paesi.

IN DEPTH. EXHIBITIONS ENHANCE THE FASHION SECTOR

Milano vendemoda: the buzzword is flexibility

The big showcase of the prêt à porter for women, organized by ExpoCts, change the dates, to enter the group of fashion events scheduled in Milan

undergone massive change: born, developed, reaching its height of its splendour – and now in crisis.

Only now a few hesitant signs of an upturn are starting to be glimpsed; that could turn into an established growth trend, provided clothing manufacturers maintain – or better still improve – their own creativity, which is Made in Italy's truest and most priceless asset.

At the same time "family management", the usual way medium/small enterprises have been run, needs to be replaced with a form of management that coordinates every aspect of production. This is clearly an essential step for survival, once it is appreciated that demand is now globalized and supply has to follow.

The supply side gets a strong boost from the system of trade

fairs. Choosing the opportune lease and the right dates now has to be a fully-fledged piece of "trade fair engineering", making increasingly full use of sales opportunities. One significant figure: 75% of firms regard trade fairs as the best medium for promoting their wares.

The september 2006 edition of Milano vendemoda covered 23,000 m² of pavilion space at fieramilanocity. At the show there were 229 exhibitors in all showcasing their products, 66 of them coming from 18 foreign countries.

L.B.

At the conclusion of the September edition, after numerous suggestions made during the expo, Milano vendemoda decided to change the dates of its edition for women's fall/winter 2007-2008 collections. Therefore, the show will be held from February 23 to 26, 2007, so to be a part of the fashion events scheduled in Milan. This important step for the expo organized by ExpoCts has been taken to satisfy the needs of a complex market that, despite current signs of growth, remains a constant challenge for companies.

EXIT-exportitalia: 100% made in Italy

Giunta alla 26^a edizione, la fiera organizzata da Cna Federmoda Bologna, è lo sbocco verso i mercati internazionali per le aziende artigiane e piccole medie imprese di qualità

vera/estate (maggio 2006) ha registrato un +28% di visitatori rispetto a maggio 2005 e un +18 rispetto a novembre.

La fiera, ad ogni edizione, produce un catalogo fotografico dei prodotti degli espositori che viene distribuito a tutti i visitatori e spedito a tutti i maggiori uffici Ice del mondo. Il catalogo è pubblicato sul sito della manifestazione: www.bo.cna.it/exit.

Cna Federmoda opera fattivamente per ottenere il marchio di origine obbligatoria per le produzioni extra UE e, in coerenza con questa missione, si preoccupa da sempre di salvaguardare le caratteristiche di qualità del made in Italy: per questo Exit-exportitalia è la sola manifestazione aperta ad espositori che producono esclusivamente in Italia, coniugando tradizione e innovazione.

Cna Federmoda si avvale anche della collaborazione di Anibo, Jetro e sta attualmente svolgendo azioni di promozione verso mercati emergenti quali Russia, Cina, Medio Oriente e verso i maggiori gruppi di acquisto nazionali ed esteri.

La prossima edizione di EXIT-exportitalia è in programma per il 25 e 26 maggio 2007 al Tiapoint, pad. 32 (Centergross Bologna). La sede della fiera è costantemente collegata da una navetta alla stazione centrale di Bologna.

EXIT-exportitalia la fiera 100% made in Italy per abbigliamento, maglieria e accessori, organizzata da Cna Federmoda Bologna, sta tagliando il traguardo della sua 26^a edizione.

La manifestazione, nata all'inizio degli anni '90 per dare uno sbocco verso i mercati internazionali alle aziende artigiane e piccole medie imprese di qualità, è cresciuta fino a imporsi a livello nazionale e internazionale come punto di riferimento delle produzioni moda di livello fine e medio-fine rigorosamente made in Italy.

Se, per alcune aziende, la fiera bolognese costituisce la prima importante opportunità di approccio al mercato internazionale, per molte altre, già lanciate sui mercati esteri, è un appuntamento fisso con i buyer della grande distribuzione provenienti da estremo Oriente (Giappone in primis), Europa (Grecia, Spagna, Francia, Germania per citarne alcuni), Messico, Usa e Canada.

Il salone si svolge due volte l'anno, a fine maggio per le collezioni primavera/estate e a fine novembre, per le collezioni autunno/inverno. L'ultima edizione prima-

USA. UNO SGUARDO ALLA MODA OLTREOCEANO

Moda Manhattan pronta per Las Vegas

Moda Manhattan è una sintesi di capi pronto moda attentamente selezionati, da quelli più eleganti, agli abiti da sera, ai capi sportivi. Insieme ad Accessories TheShow, il più grande evento dedicato agli accessori, Moda Manhattan si svolge tre volte l'anno a gennaio, maggio e agosto. Le due manifestazioni attraggono, ad ogni edizione, oltre 8000 rivenditori nei padiglioni del Javits Center di New York.

Dopo essere cresciuto quasi del 200% negli ultimi due anni, Moda Manhattan è ora pronto anche per Las Vegas. Las Vegas attualmente manca di un'evento come Moda, che unisce raffinati ambienti espositivi, merchandising mirato e una disposizione dei prodotti scenografica.

Moda Las Vegas sarà lanciata nell'agosto 2007 al *Venetian Hotel Exhibit Hall*, parallelamente con AccessoriesTheShow. www.universalmarketing.com

USA. A LOOK AT THE OVERSEAS FASHION

Moda Manhattan ready for Las Vegas

Moda Manhattan provides a concise mix of carefully-juried RTW, from elegant, big-night fashion to turn-of-the-century inspired activewear. Together with Accessories TheShow, the world's largest and longest-running all-accessories event Moda Manhattan runs every year in January, May and August. The two shows attract over 8000 retailers to the Javits Center's halls each season.

After growing by almost 200% over the last two years Moda is now ready for Las Vegas too. Las Vegas currently lacks a show like Moda, with refined show room environment, tightly focused merchandizing and as tuning visual display.

Moda Las Vegas is being launched in August 2007 at the Venetian Hotel Exhibit Hall, running side by side with AccessoriesTheShow.

Uomo e tessuti a Tokyo Fiber

Tokyo Fiber è un nuovo progetto nato per supportare l'attuale salone giapponese del settore tessile, Japan Creation e per presentare i prodotti tessili nipponici in maniera innovativa. La prima edizione sarà dal 26 al 28 aprile 2007, alla Spiral Hall di Tokyo.

Il rapporto fra uomo e abbigliamento è stato a lungo percepito nella prospettiva della

"moda". Invece, Tokyo Fiber si concentra sul nuovo ambiente che nasce dalla combinazione tra i tessuti di alta tecnologia e la sensibilità umana.

Il punto culminante è la partecipazione di Sony, Honda, Panasonic, Epson ed altre note aziende, le cui filosofie e tecnologie hanno determinato lo sviluppo dell'industria giapponese.

Man & textiles at Tokyo Fiber

Tokyo Fiber is a new project designed to reinforce the existing general textile exhibition Japan Creation, and to present textile products in an innovative way. Its first edition will take place from April 26th to 28th 2007, at Tokyo's Spiral Hall.

The relationship between humans and clothing has for a long time been perceived in the

"fashion" perspective. Instead of this, Tokyo Fiber focuses on the new environment created through the combination of high-tech textiles and human sensitivity.

The project's highlight is the participation of Sony, Honda, Panasonic, Epson and other businesses with philosophies and technologies that have led the Japanese industries.

MOSCA. PIU' SPAZI PER LE FIERE DELLA MODA

La Federal Trade Fair raddoppia

La crescita, di cui ha dato prova negli ultimi anni la Federal Trade Fair - Textillegprom, il più importante gruppo di fiere russe del tessile-moda, ha condotto gli organizzatori a trasferire alcune aree dalla sede abituale, l'All-Russian Exhibition Center, al Crocus Expo.

I servizi offerti da quest'ultima sede permettono di andare incontro alle aspettative delle aziende espositrici provenienti da varie nazioni. Si tratta insomma di potenziare l'internazionalizzazione o meglio l'uropeizzazione dei servizi e dell'organizzazione delle manifestazioni.

Le prossime edizioni si terranno dunque a Mosca nei due

centri dal 27 al 30 marzo e dal 25 al 28 settembre 2007.

Servizi di navette collegheranno i due centri che si trovano a circa 30 minuti di distanza l'uno dall'altro.

La Federal Trade Fair include le seguenti manifestazioni:

- Apparel textile salon
- Children's salon
- Home textile salon
- International fashion salon
- International salon of headwear
- Lingerie and tights
- Lingerie salon
- Raw materials for textile industry
- Salon of knitwear. Garment.
- Fur
- Technical textile salon

DUBAI. LA GRANDE FIERA PER MODA E TESSUTI

Motexha pronta per marzo 2007

di Luca Bianco

Le politiche favorevoli al commercio di cui godono gli Emirati Arabi Uniti fanno di questo paese una piattaforma sempre più significativa per manifestazioni fieristiche di diversi settori. In particolare, il mercato della moda e del tessile in Medio Oriente ha da 29 anni la propria vetrina internazionale proprio a Dubai: si tratta di Motexha, il salone medio-orientale di abbigliamento, tessuti, pelletteria e accessori, la cui prossima edizione si svolgerà dal 19 al 21 marzo 2007.

Dubai, centro turistico e commerciale della regione, è un polo d'attrazione internazionale, specie in primavera, quando la bellezza della città è in piena fioritura. Non a caso, Motexha si svolge proprio a marzo, dopo essere passata da biennale ad annuale, per far meglio fronte alla crescente domanda dei consumatori. Più di 200 aziende da 32 paesi hanno preso parte all'edizione 2006.

Fra le novità 2007, la manifestazione si svolgerà con orario continuato. Una scelta che consentirà ai partecipanti di contattare più operatori ed aumentare il numero delle loro transazioni, ferma restando la durata complessiva dell'esposizione. È inoltre prevista una crescita del numero dei padiglioni nazionali.

I più prestigiosi marchi internazionali di prodotti semifiniti nel settore moda e accessori troveranno ancora una volta la loro vetrina nella sezione Pure Branded Ware. Anche la Kidzone ritornerà per l'edizione 2007 per rispondere alle esigenze del secondo mercato mon-

MIDDLE EAST. THE LARGE FASHION & TEXTILES EXHIBITION

Motexha is ready for March 2007

by Luca Bianco

The trade friendly policies UAE enjoys make the Gulf state an increasingly relevant platform for exhibitions in different sectors. In particular, the fashion and textile trade of the Middle East has had for 29 years its main showcase just in Dubai: that's Motexha, the Garments, Textiles, Leather and Fashion Accessories Trade Exhibition which is scheduled for its 2007 edition from 19th to 21st March.

Dubai, being the commercial and tourism hub of the region, attracts people from all over the

Un'ulteriore novità viene infine dalla decisione degli organizzatori di preparare un

exhibition hours without a break. This ensures that participants meet more people and negotiate more deals, while benefiting from the same number of exhibition hours.

In addition to the increasing number of country pavilions at the show, Pure Branded Wear section will continue to suffice the procurement needs of mid-high end garments and fashion accessories buyers eyeing at representing prestigious brands. The Kidzone also returns at 2007 responding to the world's second largest children's & baby wear market - the Middle East.

In an unprecedented move, the organisers have devised a travelers' facilitation plan in order to facilitate a cost-effective and assured business trip for the participants of Motexha.

ARCHITETTURA MINIMALISTA

di Franco Bertoni

La Biblioteca Editrice

Il termine Minimalismo nasce tra gli anni '50 e gli anni '60 per il fenomeno artistico americano che si ispirò a concetti di austerità formale e semplificazione dei mezzi espressivi

Scopo di questo libro è evidenziare gli apporti più originali a questa idea di semplicità che nell'architettura si è espressa con grande incisività negli ultimi due decenni del XX sec. nei confronti della progettazione sia di spazi commerciali che urbani e abitativi

Il Minimalismo è stato variamente interpretato dai più noti architetti contemporanei

Tadao Ando
Alberto Campo Baeza
AG Fronzoni - Luis Barragan
Michael Gabellini - John Pawson
Claudio Silvestrin
Peter Zumthor
Edouardo Souto de Moura
ed è frutto di una ricerca storica dall'architettura cistercense a quella orientale influenzata dalla filosofia zen da quella mediterranea tradizionale a maestri del '900 quali Adolf Loos - Mies van der Rohe Eric Gunnar Asplund dal Settecento dei Lumi a Louis Kahn
