Catering & ingrosso alimentare in Italia

Agra, Roma 2008, pp. 688, euro 100,00

Negli ultimi anni il settore della ristorazione ha dato prova di una notevole vitalità.

Questo annuario costituisce una mappa aggiornata del settore in Italia: nella prima parte sono riportati dati anagrafici e informazioni economico-commerciali relativi a circa 800 aziende operanti in tutti i comparti della ristorazione moderna: collettiva, commerciale, sanitaria, scolastica, ecc. La seconda parte comprende un repertorio delle più importanti imprese che svolgono nel nostro Paese attività di intermediazione all'ingrosso nel settore alimentare.

Tutti i dati sono disponibili anche su cd-rom.

Daniele Tirelli

Dentro i consumi Teorie & luoghi comuni

Agra, Roma 2007, pp. 276, euro 19,00

Tirelli ripercorre i contributi più importanti che hanno fatto la storia degli studi sui processi del consumo.

Tema portante è lo scarto apparentemente incalcolabile tra le logiche che guidano le decisioni individuali e quelle attribuibili al comportamento aggregato, il quale costituisce il principale riferimento per le politiche economiche.

Il volume ha il merito di raccogliere concetti, teorie e spunti di riflessione che debbono far parte del bagaglio intellettuale e professionale di coloro che si occupano di marketing o ricerche di mercato.

Fabio Piccoli

La comunicazione nel food & beverage

Farsi conoscere con piccoli budget

Agra, Roma 2007, pp. 138, euro 22,00

Rivolto principalmente a piccole aziende del settore agroalimentare, il volume intende fornire uno strumento per la pianificazione di azioni di comunicazione a partire da budget limitati.

L'Autore passa in rassegna alcune case history di successo di aziende che hanno saputo imporsi sul mercato grazie a un giusto mix di mezzi tradizionali e tecnologie innovative. È inoltre proposta un'analisi dettagliata dei principali mezzi di comunicazione valutati in relazione agli obiettivi da raggiungere e ai loro punti di forza e di debolezza.

Internazionalizzazione e combinazione di fiere e congressi i temi in evidenza di questo volume

Internationalization and Combination of Trade Fairs and Congresses: The Main Topics of this Issue

di/by Giovanni Paparo

Anche questa edizione della GMF, come è ormai tradizione, inizia con una ricca parte redazionale che propone una panoramica generale sul sistema fieristico-congressuale internazionale e approfondimenti verticali su singoli settori. Gli approfondimenti in questo caso riguardano i settori Automotive e Ricerca e Innovazione.

Nell'insieme, l'impressione che si ricava dalla lettura dei diversi articoli è quella di un grande dinamismo, di una ripresa generalizzata delle attività, con la Germania che sembra finalmente aver superato gli anni di stagnazione, confermando anche il suo ruolo trainante nell'internazionalizzazione. Obiettivo condiviso da tutti i principali operatori, come testimoniato anche dall'accordo della Fiera di Hannover con Fiera Milano (vedi articolo a p. 34).

Non per niente la copertina è dedicata alla Nuova Fiera di Stoccarda, esempio di eccellenza, nel cuore dell'Europa, nell'alta tecnologia e nell'innovazione.

Al binomio strategico fiere e congressi è dedicato l'articolo di apertura della Parte I, che tratta dell'Assemblea generale a Valencia dei 19 membri dell'Emeca, l'associazione che raccoglie i gestori dei più grandi centri espositivi d'Europa, che ha posto in evidenza questo tema cruciale.

A nostro avviso, almeno in Italia, è poco conosciuto il ruolo fondamentale che hanno assunto le attività congressuali e formative nell'ambito delle fiere professionali. Come pure è poco conosciuta l'importanza crescente, per i bilanci dei gestori delle sedi espositive, sempre più polivalenti, dei congressi ed eventi vari slegati dalle fiere.

Mi limiterò a queste brevi osservazioni, e chiedo scusa per il ritardo con cui esce questa GMF. Ritardo causato anche dai modesti mezzi con cui dobbiamo fare fronte a un compito immenso, e dai tempi lunghi di alcuni importanti inserzionisti da cui dipende la quadratura dei nostri conti.

A s has become tradition, the current edition of the GMF starts out with a comprehensive series of articles which provide a general overview of the international trade fair/congress network, along with in-depth features of individual industry sectors. This issue's features focus on the automotive and research & innovation sectors.

Overall, the impression one receives upon perusing the articles is one of great dynamism, of an industry-wide upturn in activity, with Germany appearing to have finally overcome its years of stagnation and confirming its leading role in internationalization. That this goal of internationalization is now shared by all of the main actors in the industry is evidenced by the accord reached by the Hannover and Milan Trade Fairs (see article on p. 34). It is no coincidence that the cover features the New Trade Fair Centre Stuttgart, an example of excellence in high technology and innovation in the heart of Europe.

Part one's lead article discusses the two-pronged trade fair/congress strategy laid out by the 19 members of Emeca, the European Major Exhibition Centres Association, at its General Assembly in Valencia.

In our view, at least in Italy, the fundamental role congresses and training activities have taken on within the trade fair world has been little noticed. Similarly overlooked is how increasingly important congresses and different types of events have become for the profits of the exhibition venues operators, with the venues themselves becoming ever more diverse and capable of attracting separate and independent exhibitions, congresses and other events.

I will limit myself to these brief notes, begging your pardon for the delay in the issuing of this edition of the GMF. Said delay is also the result of the modest means we have for such an enormous task, as well as the long wait times for certain important advertisers whom we depend upon to square our accounts.

Wie wird der GMF-Messeverzeichnis weltweit

Anchor più facile e rapida da consultare la GMF presenta le informazioni più complete nella Parte IV, ove le fiere sono ordinate per stati e città, e quindi per data e nome.

La chiave delle abbreviazioni (in italiano, francese, spagnolo, inglese e tedesco) si trova nell'inserto in cartoncino (**aletta**) all'inizio della Parte IV, a lato della pagina 192.

Nel caso una manifestazione sia stata rintracciata in una delle due altre classificazioni - *Le fiera in ordine alfabetico* (Parte II), *Le fiera per categorie merceologiche* (Parte III) - si può risalire rapidamente alla sua descrizione più completa nella Parte IV grazie alla numerazione progressiva.

La Parte I illustra il mondo delle fiere e contiene una parte redazionale che descrive le realtà principali del mercato fieristico italiano e internazionale.

La Parte II riporta i nomi delle fiere in ordine alfabetico. Molto utile per quelle itineranti, consente, entrando col nome o sigla della fiera, di rilevarne il numero identificativo e di rintracciarla rapidamente nella Parte IV, per le informazioni più complete.

La Parte IV contiene le fiere ordinate per stati e città, e quindi per data e nome. Qui si trova la descrizione più completa di ciascuna manifestazione. Degli organizzatori, agenti mondiali e rappresentanti in Italia sono forniti nome, numeri di telefono, fax, email e persona di riferimento.

La Parte V riporta repertori di sedi espositive e congressuali e imprese di servizi.

Easy to use, the GMF presents the most complete information in Part IV, where exhibitions are recorded by country and by town, and then by date and name.

The key to abbreviations (in Italian, French, Spanish, English and German) is on the pasteboard insert (tab) at the beginning of Part IV, just aside page 192.

In case you found an exhibition in one of the other two parts - *Exhibitions in alphabetical order* (Part II), *Exhibitions by commercial categories* (Part III) - you can find a more detailed description in Part IV thanks to the progressive numbering.

Part I illustrates the world of exhibitions. It contains a group of articles showing the most important cases of the Italian and international exhibition market.

Part III records exhibitions arranged by commercial categories, with the nomenclature of country, town, date, name of the event and its number for Part IV.

Part IV records exhibitions by country and town, then by dates and names. Here you

can find the most detailed information about each event.

Name, telephone number, fax number, email and contact persons of the organizers, worldwide agents and representatives in Italy are also available.

Part V contains indexes of exhibition and congress venues and exhibition service suppliers.

Todavía más fácil y rápida para consultar, la GMF presenta la información más completa en la Parte IV, donde las ferias están clasificadas por países y por ciudades, también por fechas y nombres.

El índice de las abreviaturas (en italiano, francés, español, inglés y alemán) está situado en la cartulina adjunta (alita) al principio de la Parte IV, a lado de la página 192.

Cuando se encuentra una feria en una de las otras dos clasificaciones - *Las ferias por orden alfabético* (Parte II), *Las ferias por categorías de mercado* (Parte III) - la numeración progresiva permite buscar rápidamente la descripción más detallada en la Parte IV.

La Parte I describe el mundo de las ferias, contiene una serie de artículos que describen las realidades italianas y internacionales más importantes.

La Parte II agrupa los nombres de las ferias en orden alfabético. Muy útil para las ferias itinerantes, buscando por el nombre o por la sigla de la manifiestación, permite encontrar su número de referencia y buscar rápidamente la misma en la Parte IV para la descripción más detallada.

La Parte III agrupa las ferias ordenadas por categorías de mercado, con indicación del país, ciudad, fechas, nombre y número de referencia de la feria para la descripción más detallada en la Parte IV.

La Parte IV agrupa las ferias ordenadas por países y ciudades (también por fechas y nombres). Aquí se encuentra la información más detallada de cada evento. De los organizadores, agentes internacionales y representantes en Italia, se proporcionan los nombres, los números de teléfono, fax, email y la persona de referencia.

La Parte V agrupa las direcciones de parques feriales; y palacios de congresos, y proveedores de servicios.

Encore plus facile et rapide à consulter, le GMF fournit les informations les plus complètes dans la Partie IV, où les foires sont classées par pays et par villes, puis selon leurs dates et noms.

L'indice des abréviations (en italien, français, espagnol, anglais et allemand) se trouve sur la page cartonnée (volet) insérée au début de la Partie IV, à côté de la page 192.

Si vous avez trouvé une foire qui vous intéresse dans une des deux autres parties - *Les foires par ordre alphabétique* (Partie II), *Les foires par catégories commerciales* (Partie III) - vous pourrez trouver rapidement sa description plus détaillée dans la Partie IV grâce à son numéro.

La Partie I décrit le monde des foires et contient une série d'articles qui illustrent les réalités les plus importantes du marché italien et international de foires.

La Partie II contient les noms des foires par ordre alphabétique. Particulièrement utile pour les foires itinérantes, elle vous permet, en connaissant seulement le sigle ou le nom d'une foire, d'en relever son numéro et de la retrouver vite dans la Partie IV, pour des informations plus complètes.

La Partie III rassemble les foires classées par catégories commerciales, en indiquant le pays, la ville, les dates, le nom de la manifestation et son numéro pour la retrouver dans la Partie IV, avec des informations plus complètes.

La Partie IV rassemble les foires classées par pays et par villes, et puis par dates et par noms. C'est ici que se trouve la description la plus détaillée de chaque manifestation, ainsi que le nom, le numéro de téléphone, de fax, email et la personne à contacter des organisateurs, agents mondiaux et représentants en Italie.

La Partie V contient les index des: *Parcs d'exposition et centres de congrès et prestataires de services*.

Nuova Fiera di Stoccarda: fiere nel distretto tecnologico nel cuore dell'Europa

Un ricco calendario inaugura la nuova sede espositiva e fa registrare il tutto esaurito per il 2008

di Luca Bianco

Il nome Stoccarda è sinonimo di eccellenza. Eccellenza, in particolare, nell'alta tecnologia (settore che occupa circa il 24% della popolazione) e nell'innovazione. Aziende note in tutto il mondo come Daimler, Bosch e Porsche a Stoccarda sono di casa, e in tutto il Baden-Wurttemberg hanno la loro sede molti altri *global player*, quali Festo, Kaercher, Stihl e Trumpf.

Stoccarda eccelle anche nel settore della mobilità, grazie a importanti aziende produttrici di automobili, fornitori, aziende di servizi specializzati e imprese di ricerca. Subito dopo, viene il settore dell'ingegneria: basti pensare che più del 50% del giro d'affari dell'industria tedesca delle macchine utensili è prodotto nella regione di Stoccarda.

Il nuovo quartiere

Proprio al centro di questo mercato, nell'ottobre 2007 è stato inaugurato il nuovo quartiere fieristico di Stoccarda. Quello vecchio, adiacente al parco Killesberg, è stato progressivamente dismesso e ne è stato costruito uno completamente nuovo nelle vicinanze dell'aeroporto. La superficie totale di 105.200 m² è distribuita su sette padiglioni standard di 10.000 m², un padiglione di 25.000 m² e un altro di 5000 m². Il moderno Ics International Congress Center Stuttgart dispone di 24 sale in grado di ospitare da 20 a 4900 persone, per una capienza totale di 9050 posti.

Sul piano delle tecnologie, il nuovo sistema di ventilazione permette un risparmio energetico del 30% circa ed è considerato come un

trend setter in tutta Europa. Il che è anche un segnale dell'importanza attribuita ai problemi ecologici, assieme all'imponente impianto per il trattamento delle acque. Sempre in questa direzione il nuovo quartiere può vantare un'area verde pari al 50% dell'intera superficie. È anche in progetto un impianto fotovoltaico di 30.000 m² sopra i padiglioni. Al di sopra dell'autostrada A8 è stato invece costruito un parcheggio multipiano.

Il calendario fieristico

Il calendario include un ampio numero di eventi internazionali leader sia nell'ambito dei beni d'investimento, sia in quello dei beni di consumo, eventi che attraggono fino al 60% di presenze internazionali. *R+T* (la fiera internazionale per avvolgibili, portoni e protezione solare), *Intervitis Interfructa* (l'evento internazionale leader nell'industria di vini e succhi di frutta), *Interbad* (piscine, tecnologie per piscine e bagni, saune, fisioterapia e benessere), *Amb* (dedicata al settore delle macchine utensili), *Intergastra* (per l'industria dell'ospitalità), *Vision* (il forum numero uno nella creazione d'immagini) sono alcuni esempi di fiere ospitate e organizzate direttamente da Messe Stuttgart. Il calendario comprende inoltre un numero sempre crescente di eventi ospitati, come le fiere *Motek*, *Blechexpo* e *Control*, organizzati dal gruppo Schall, *LogiMAT*, *Medtec* e *Automotive Testing*. Inoltre Stuttgart è famosa per la più grande mostra consumer in Europa su turismo e tempo libero, il *Cmt*.

Per potenziare ancor più i propri marchi a livello internazionale, Messe Stuttgart ha esteso la rete dei rappresentanti all'estero, presenti in 36 paesi, e ha introdotto eventi "satellite" a Città del Capo, Talca, Vienna, Shanghai, Mumbai e Krasnodar. Per il 2008, il primo anno operativo completo, il quartiere è già interamente prenotato, con circa 70 eventi. Durante appena due anni (2007 e 2008) poco meno di 30 nuovi settori merceologici sono entrati nel calendario fieristico. E nel 2008, per la prima volta, si prevede di superare i 100 milioni di euro di giro d'affari. ■

COVER. THE NEW FAIRGROUNDS OPENED IN A BIG WAY

Neue Messe Stuttgart: exhibitions in the technological district at the heart of Europe

A rich calendar launches the new exhibition grounds, which is fully booked through all 2008

by Luca Bianco

The name Stuttgart stands for expertise. Expertise for hightech (24% of the population works in high technology industries) and innovation. Firms of worldwide reputation such as Daimler, Bosch and Porsche are in Stuttgart at home, and its region Baden-Wuerttemberg is the seat of many other "global players" such as Festo, Kærcher, Stihl and Trumpf.

Stuttgart is also unique in the mobility sector, with auto producers, suppliers, specialized services and research establishments. Then comes the engineering sector, with more than the 50% of the turnover in the German machine tool industry being produced in the Stuttgart region.

The new fairgrounds

At the center of such a market, in October 2007 the new fairgrounds was inaugurated. The old one on the Killesberg was given up and the new one was built just near the airport and the motorway. Its 105,200 m² surface is distributed on seven 10,000 m² standard halls, a 25,000 m² great hall and a 5000 m² small hall. In addition the highly modern Ics International Congress Center Stuttgart with more than 24 halls with a capability from 20 to 4900 persons and an overall capacity of 9050 places.

From the point of view of technologies, the new ventilation system is considered as trend-setting and makes possible to save approximately 30% of energy. Much importance is also attached to ecology, with an energy-saving heating and climatic system as well as several retention basins for water treatment. Moreover, the new fair center ranks the first places in Europe, being more than 50% of its area covered with green. A 30,000 m² photovoltaic surface on the halls

and the Ics are also planned. Moreover, Messe Stuttgart has multi-storey car park over the motorway A8.

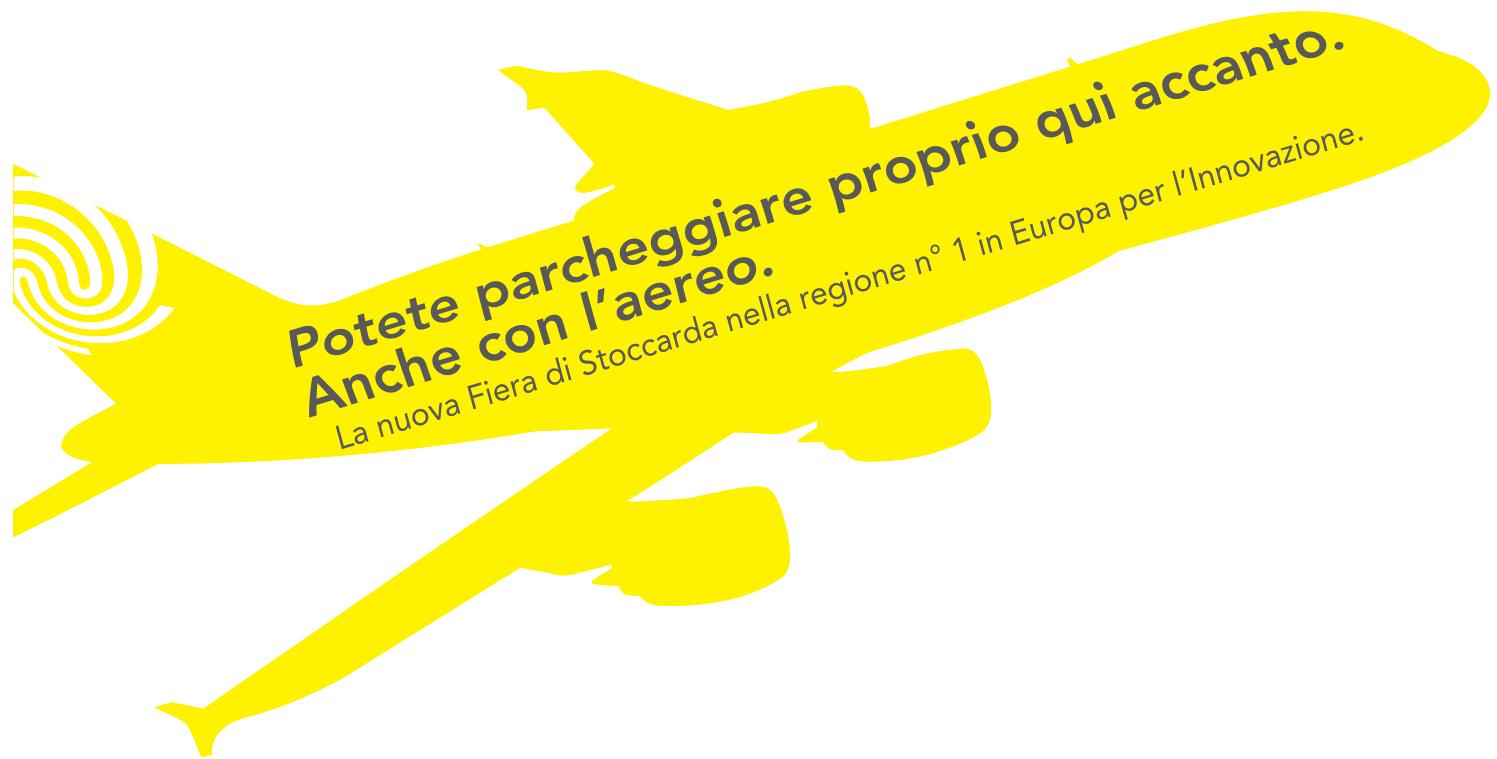

The trade fair calendar

The Messe Stuttgart trade fair portfolio includes a whole number of first-class international events both in the investment and consumer goods industries, with up to 60% of international presences. R+T (roll shop and gates), Intervitis Interfructa (the number one international event for the wine and fruit juice industry), Interbad, the machine tool manufacturing exhibition Amb, Intergastra, Vision (the world forum for machine vision) are some examples. The portfolio includes also a growing number of guest events, as for instance the manufacturing technology fairs Motek,

Blechexpo and Control, organized by P.E. Schall, LogiMAT, Medtec and Automotive Testing Expo. Moreover Stuttgart is famous for its handicraft fairs as well as for the largest public exhibition for tourism and leisure time in Europe, the Cmt.

In order to make its brands more and well-known internationally still, the Messe Stuttgart extended the net of representatives abroad to 36 countries and introduced "satellites" events in Cape Town, Talca, Vienna, Shanghai, Mumbai and Krasnodar. For 2008, the first full operational year, the fairground in Stuttgart is fully booked, with nearly 70 events. In just two years (2007 and 2008) less than 30 new topics entered the trade fair calendar. In 2008, for the first time, the 100 million euro turnover will be presumably overcome.

Molti gestori delle principali sedi espositive europee stanno concentrando sempre di più l'attenzione sulla combinazione di fiere e congressi e stanno quindi investendo milioni di euro in quantità a due o tre cifre nella realizzazione di nuovi centri congressi o nel potenziamento di quelli esistenti. È quanto emerso nell'ultima Assemblea generale dei 19 membri Emeca, l'associazione che raccoglie i gestori dei più grandi centri espositivi d'Europa, conclusasi a Valencia alla fine di marzo.

"Siamo molto orgogliosi del fatto che i soci Emeca siano tornati a incontrarsi per la seconda volta a Valencia", ha detto Carlos de Vargas, ceo di Feria Valencia, socio Emeca che ha celebrato lo scorso anno il suo novantesimo anniversario. "I nostri colleghi europei rendono così omaggio all'eccezionale sviluppo della nostra città come sede fieristico-congressuale".

I centri espositivi europei investono massicciamente nel congressuale

In Europa saloni aperti al pubblico e fiere professionali stanno vivendo un vero e proprio boom. Nel 2006 oltre 43,5 milioni di visitatori e circa 388.000 aziende espositrici hanno partecipato alle 1200 fiere svoltesi nelle strutture dei soci Emeca. Il che significa un aumento di circa il 9% sull'anno precedente quanto a visitatori e del 14% quanto a espositori. Tassi di crescita analoghi inoltre si stanno profilando nell'anno in corso. "In questo modo, l'Europa sta difendendo la propria posizione come leader di mercato nell'industria fieristica mondiale" dice Marc Granier, presidente Emeca e vice-amministratore delegato di Viparis.

In seguito a questo sviluppo, negli ultimi anni quasi tutti i membri Emeca hanno esteso notevolmente le loro aree espositive. Messe Frankfurt, ad esempio, sta costruendo il nuovo padiglione 11 di 23.000 m². A Paris Nord Villepinte l'attuale area espositiva di

210.000 m² sarà ampliata di altri 135.000 m² entro il 2021, di cui 36.000 pronti per il 2010.

Dal momento che numerosi fiere professionali hanno sviluppato notevolmente la parte congressuale, la maggior parte dei membri Emeca sta investendo massicciamente nell'ampliamento delle proprie strutture congressuali. Norimberga, ad esempio, ha già completato il nuovo centro congressi Ccn Ost nel 2006, per il quale sono stati investiti oltre 60 milioni di euro, e prevede, entro il 2010, di ottimizzare le strutture esistenti in altri due centri congressi. Valencia ha presentato il suo nuovo centro congressi proprio in occasione dell'assemblea generale Emeca, durante la quale Rimini ha dato notizia della sua nuova struttura congressuale, con una capienza di 4500 posti, che costerà 104 milioni di euro. Milano ha in progetto di estendere l'attuale centro congressi in città, in modo da raggiungere una capienza di circa 16.000 posti, mentre Viparis deve rinnovare completamente il centro congressi del Cnit La Defense entro il 2009. Francoforte aprirà un centro congressi nell'Urban Entertainment Centre entro i prossimi dieci anni, con l'obiettivo di raggiungere una capienza di 3000 posti prima del 2011. E anche il Nec di Birmingham sta espandendo le proprie strutture.

Il nuovo gruppo di lavoro sulle infrastrutture e gli studi tecnici

L'assemblea generale ha approvato la proposta di NürnbergMesse di istituire un nuovo vice-presidente, che avrà, tra gli altri,

anche il compito di coordinare il neonato gruppo di lavoro sulle infrastrutture e gli studi tecnici. "I numerosi studi tecnici che abbiamo svolto finora sono sempre stati di notevole aiuto per tutti i membri e costituiscono gli elementi aggreganti dell'associazione. È ora di prendere davvero in considerazione questa funzione ed apprezzarne pienamente il valore" dice Bernd A. Diederichs direttore generale di NürnbergMesse, e vice-presidente per la comunicazione e portavoce Emeca.

Il nuovo vicepresidente per le infrastrutture e gli studi tecnici è il direttore generale di Fiera Verona, Giovanni Mantovani. Nei prossimi mesi, il gruppo di lavoro concentrerà la propria attenzione sul tema dell'efficienza energetica nei centri espositivi. ■

EUROPE. EMECA GENERAL ASSEMBLY

Fairs and congresses: a strategic mix

Enhancing the congress facilities, focus on infrastructure and on the role of technical studies: these are Emeca's goals for the next future

di Lorenzo Paparo

Many European exhibition venues are increasingly concentrating on the combination of exhibitions and congresses and are therefore investing two- to three-figures million amounts in building new congress centres. This became clear at the last General Assembly of the 19 members of the European Major Exhibition Centres Association (Emeca), which took place in Valencia at the end of March.

"We are very proud that the leading European exhibition centres have met in Valencia for the second time. In this way, our European colleagues pay tribute to the outstanding development of Valencia as an exhibition and congress location," says Carlos de Vargas, CEO of Feria Valencia, which celebrated its 90th anniversary last year.

European exhibition sites investing massively in congress facilities

Exhibitions and trade fairs in Europe are experiencing a real boom. Over 43.5 million visitors and some 388,000 exhibiting companies took part in the 1200 exhibitions and trade fairs at the Emeca exhibition centres in 2006. This equates to a rise of some 9% over the previous year for attendance and 14% for exhibitors. Similar growth rates are also emerging for the current year 2008. "So Europe is impressively defending its position as market leader in the global exhibition industry," says Marc Granier, Emeca President and Deputy CEO of Viparis.

Due to the good economic development of the exhibition venues and the supporting branches of industry, almost all Emeca members have distinctly expanded their display areas over the past years. Messe Frankfurt is currently building its new hall 11 with 23,000 m². At Paris Nord Villepinte the existing display area of 210,000 m² is to be extended by another 135,000 m² by 2021, of which 36,000 m² are to be completed by 2010.

Because more and more trade fairs have developed large congress parts, the major-

ity of the Emeca members are investing heavily in extending their congress facilities in the coming years. Nürnberg had already completed its new Ccn Ost congress centre in 2006 at a cost of over 60 million euros and now intends to optimize the existing facilities in two other congress centres on the site by 2010. Valencia also proudly presented its new congress centre at the General Assembly. Rimini reported on its new congress building with a capacity of 4500, which will cost 104 million euros. Milan is to extend the existing congress centre on its city centre site to a capacity of some 16,000 and Viparis is to completely renovate its Cnit Paris La Défense congress centre by 2009. Frankfurt is to operate a congress centre in the neighbouring Urban Entertainment Centre in the coming decade with a planned capacity of 3,000 seats by 2011. The Nec Group in Birmingham is also resolutely expanding its site.

The new Emeca Infrastructure and Technical Studies Working Group

The General Assembly approved Nürnberg's proposal to establish a new Vice President Infrastructure and Technical Studies on the Emeca board, who is also to coordinate the newly set up working group on these issues. "The many technical studies we have conducted until now have always been of great benefit to all members and are the bonding elements of Emeca. It is high time to take this aspect into account and appreciate its value" says Bernd A. Diederichs, Vice President Communication and Emeca spokesman.

The new Emeca Vice President Infrastructure and Technical Studies is the Chief Executive Officer of Fiera Verona, Giovanni Mantovani. The new technical working group will tackle the issue of energy efficiency on exhibition sites in the coming months.

ITALIA. UNO STUDIO CERMES SULLO STATO DI SALUTE DEL SISTEMA FIERISTICO

Volano le fiere internazionali in Italia

Con una crescita netta delle manifestazioni internazionali, il sistema fieristico italiano conferma anche nel 2007 il suo trend di crescita. Moda, edilizia e agroalimentare i settori trainanti

Negli ultimi vent'anni, il sistema fieristico italiano ha dato prova di essere in costante crescita: è aumentato il numero delle manifestazioni internazionali, da 150 a 194, sono aumentate le superfici affittate (dai circa 3,3 milioni di metri quadri del 1985 ai 4,7 del 2006) e il numero totale degli espositori (da oltre 88mila a quasi 112mila). Attualmente il 78% delle manifestazioni internazionali si concentra in tre regioni: Lombardia (36%), Emilia-Romagna (26%) e Veneto (16%). Gli ultimi anni hanno visto, in particolare, una forte crescita della superficie espositiva determinata innanzitutto dalla realizzazione di nuovi grandi quartieri (Milano e Roma) o dall'ampliamento di quelli esistenti, molto più che da una proliferazione di piccoli centri fieristici.

Studio Cermes su un campione di 60 fiere internazionali nel 2007

Un recente studio (febbraio 2008) del Cermes Bocconi (Centro di Ricerche sui Mercati e sui Settori Industriali) ha fotografato lo sviluppo di cui il sistema fieristico italiano ha dato prova nel primo semestre del 2007. Ne è risultato un andamento complessivamente positivo: le prime analisi disponibili, condotte su un campione di 60 manifestazioni internazionali tenutesi sia nel 2006 che nel 2007 (rappresentative del 28% del mercato complessivo in termini di superfici affittate), rilevano infatti una crescita delle aree locate (+4,2%), degli espositori totali

(+1,7%) e di quelli diretti (+3,2%). In controtendenza il dato relativo ai visitatori totali, che segna una contrazione del 2,2%. Migliorano anche i livelli dell'internazionalizzazione, sia sul fronte degli espositori (+2,3% gli espositori esteri) che su quello dei visitatori (+5,5% le presenze estere).

Dalle analisi si rilevano inoltre trend differenziati in funzione della tipologia degli eventi. Le manifestazioni business (riservate ai soli operatori), che costituiscono il 66% del campione in termini di superfici affittate,

hanno mostrato una netta crescita di tutti i parametri considerati: +5,0% le aree locate, +2,2% gli espositori totali, +4,6% gli espositori diretti, +0,8% gli espositori esteri, +5,2% i visitatori totali e +8,3% visitatori stranieri.

Diverso è invece l'andamento rilevato per le manifestazioni miste e consumer (il restante 34% del campione) che registrano performance positive solo riguardo agli espositori: rispetto al 2006, le aree locate crescono del 2,5%, gli espositori totali e gli esteri rispettivamente dello 0,6% e del 9,4%, mentre i diretti rimangono sostanzialmente invariati. Dal lato dei visitatori, invece, il trend è stato negativo, con un calo del numero di visitatori totali pari al 5,9% e una contrazione più marcata per quelli esteri (-10,2%). Si conferma dunque la funzione commerciale di "importazione" svolta da questo tipo di eventi, caratterizzati da una sempre più elevata internazionalizzazione delle utenze espositive e da target di visitatori prevalentemente nazionali.

I trend stimati sul primo semestre 2007 sulla base del campione di manifestazioni confrontabili, non prendono in considerazione gli eventi plurennali (che tradizionalmente presentano una congiuntura sfavorevole nelle annate dispari), che in questo caso potrebbero controbilanciare i segnali di crescita registrati. Si deve infine notare che sui dati in esame (soprattutto dal lato dei visitatori e dell'internazionalizzazione delle utenze) incide probabil-

Fiere 2008

Per l'anno in corso, il calendario delle manifestazioni fieristiche italiane internazionali, elaborato dal Coordinamento Interregionale Fiere della Conferenza delle Regioni e delle Province Autonome, coordinato dalla Regione Emilia-Romagna, assieme ad Aefi (Associazione Esposizioni e Fiere Italiane), indica 197 fiere in programma.

Confermati i settori merceologici trainanti: al primo posto la moda (36,9%), una vera e propria leadership italiana a livello internazionale, seguito dalle costruzioni (23%), agroalimentare-agroindustriale (12,9%), salute-ambiente (8,8%). Le manifestazioni del settore della meccanica strumentale, macchinari e tecnologie per l'industria rappresentano il 16%.

Per quanto riguarda le città che ospitano le manifestazioni internazionali al primo posto si colloca Milano con il 27% degli eventi, Bologna (10%), Rimini (9%), Verona (7%), Bolzano (6%).

“Il Calendario 2008 attesta come l'attività fieristica internazionale in Italia cresca, e ci faccia essere il secondo grande Paese fieristico europeo, anzi, mondiale”, ha affermato Duccio Campagnoli, coordinatore per il settore fieristico della Commissione Attività Produttive della Conferenza delle Regioni e delle Province Autonome, durante la presentazione ufficiale del calendario 2008. “Per questo, come Coordinamento siamo convinti che sia necessario dare più rilievo e più sostegno all'attività fieristica italiana”.

ITALY. A CERMES STUDY ON THE TRADE-FAIR NETWORK'S STATE OF HEALTH

International trade fairs in Italy take off

With sharp growth in international events, the Italian trade-fair network also maintained its upward trend in 2007.

Fashion, construction and food processing remain the leading sectors

In the past twenty years, the Italian trade-fair network has been one of constant growth: the number of international events has grown from 150 to 194, surface space rented has grown (from approximately 3.3 million square meters in 1985 to 4.7 million in 2006), as has the total number of exhibitors (from over 88,000 to practically 112,000). Currently, 78% of international events are concentrated in three regions: Lombardy (36%), Emilia-Romagna (26%) and Veneto (16%). Recent years have seen significant growth in the exhibition surface, caused much more by the opening of large, new venues (Milan, Rome) and by the expansion of existing quarters than by a proliferation of small trade-fair centers.

Cermes study on a sample of 60 international fairs in 2007

A recent study (February 2008) by the Cermes Bocconi (Research Center for Markets and Industrial Sectors) provides a snapshot of the development evidenced by the Italian trade-fair network in the first semester of 2007. The progress is, on the whole, positive: the first available analysis, conducted on a sample of 60 international events held both in 2006 and 2007 (representative of 28% of the overall market in terms of surfa-

ce rented), reveal growth in areas rented (+4.2%), total exhibitors (+1.7%) and direct exhibitors (+3.2%). In counter-trend are the data regarding total visitors, posting a reduction of 2.2%. Levels of internalization, however, show increases both in terms of exhibitors (+2.3% in foreign exhibitors) and visitors (+5.5% in foreign presence).

The analysis also reveals different trends for different event types. Business events (reserved for trade professionals only), which constituted 66% of the sample in terms of surface rented, evinced sharp growth in all parameters under consideration: +5.0% in areas rented, +2.2% in total exhibitors, +4.6% in direct exhibitors, +0.8% in foreign exhibitors, +5.2% in total visitors and +8.3% in foreign visitors.

Things were different, however, for mixed and consumer events (the remaining 34% of the sample), which registered positive performance only as regards exhibitors: as compared to 2006, areas rented grew 2.5%, and the number of total and foreign exhibitors grew 0.6% and 9.4%, respectively, whereas the number of direct exhibitors remained substantially unchanged. On the visitor side, however, the trend was negative, with a 5.9% drop in the total number of visitors and an even sharper reduction in foreign visitors (-10.2%). What is here confirmed is the “importation” role increasingly performed by these types of events, with an ever-higher internationalization of display-space consumption targeting predominantly national visitors.

Estimated trends for the first semester of 2007, based on a sample of comparable events, do not take into account multi-year events (trends for which are usually unfavorable in off years), which in this case may counterbalance the signs of growth registered. It must be noted that the results under examination (especially as regards visitors and the

internationalization of display consumption) have probably been affected by the reduced oversight of the data on the part of international certification organizations.

Fairs in 2008

The Italian international-event trade fair calendar for the current year, made by the Coordinamento Interregionale Fiere Conferenza delle Regioni e delle Province Autonome (Inter-Regional Trade Fair Coordinating Conference for the Autonomous Regions and Provinces), coordinated by the Emilia-Romagna Region together with Aefi (the Italian Trade Fair and Exhibitions Association), shows 197 scheduled trade fairs.

The leading market sectors are here confirmed: in first place comes clothing and fashion (36.9%), further evidence of Italy's international leadership in this sector, followed by construction (23%), the food processing/agroindustrial sector (12.9%), and health-environment (8.8%). Mechanical-tool, machinery and industrial technology events count for 16%. As regards, the host cities for the international events, in first place is Milan with 27% of the events, followed by Bologna (10%), Rimini (9%), Verona (7%) and Bolzano (6%).

“The 2008 calendar is a testament to how international trade-fair activity is growing in Italy, making us the second-largest trade-fair country not only in Europe, but in the world,” notes Duccio Campagnoli, coordinator for the Trade Pair Commission of the Conference of Autonomous Regions and Provinces, at the official presentation of the 2008 calendar. “For this reason, we as Coordinators are convinced that it is necessary to place greater emphasis on and provide more support to the Italian trade-fair industry.”

GERMANIA. FIERE, LO STRUMENTO DI COMUNICAZIONE PREFERITO DALLE AZIENDE

Fiere tedesche ancora in crescita

Sono 156 le fiere internazionali che si svolgono nel 2008 in Germania, anno in cui l'Auma, l'Associazione dell'industria fieristica tedesca, prevede di egualare la crescita registrata nel 2007 quanto al numero di espositori, visitatori e spazi affittati, ovvero dal 2 al 3% in più. Il che significa circa 178.000 espositori, i quali affitteranno un'area complessiva pari a oltre 6,9 milioni di m². Un record di espositori dunque, che intende superare quello raggiunto nel 2000 anno in cui si arrivò a quota 174.000. Il numero di visitatori previsto è di circa 10,3 milioni. Auma fonda le sue stime

sulla crescente domanda di beni d'investimento e sulle previsioni per il commercio al dettaglio, che per la prima volta in molti anni sono ottimistiche. È stato anche rilevato che gli esportatori e gli importatori dall'estero continuano a preferire le fiere tedesche come porta per il mercato europeo, in quanto ritenute in grado di offrire il più alto livello di internazionalità di espositori e visitatori.

Nel 2007, le fiere internazionali in Germania hanno registrato il loro miglior risultato dopo il 2000. Gli espositori sono aumentati di circa il 3% sull'anno precedente, contro un aumento del 1,3% del 2006 sul 2005.

Secondo l'Auma MesseTrend, l'indagine annuale condotta da Tns Emnid su 500 aziende espositrici tedesche, queste ultime intendono spendere in media, per la loro partecipazione alle fiere nell'anno in corso, il 6% in più rispetto al 2006 e al 2007. Il 38% vuole investire di più nelle fiere e solo il 14% di meno. Il budget fieristico previsto per il 2008 e il 2009 è di 399.000 euro. Sempre secondo l'Auma MesseTrend, le fiere sono considerate sempre più un momento centrale nel communication mix delle aziende: ben l'82% degli interpellati le considera come l'elemento principale, seguito dalla vendita diretta (77%), dal direct mailing e dalla pubblicità sulla stampa specializzata. In lieve calo gli eventi, solo sesti, con un 39% di preferenze, contro il 42% del 2006. ■

GERMANY. ENTERPRISES PREFERENCES TRADE FAIRS FOR THEIR COMMUNICATION

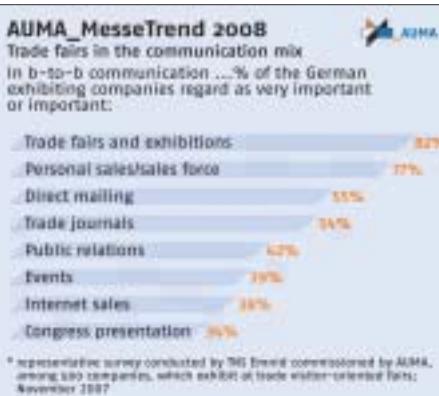

German trade fairs still growing

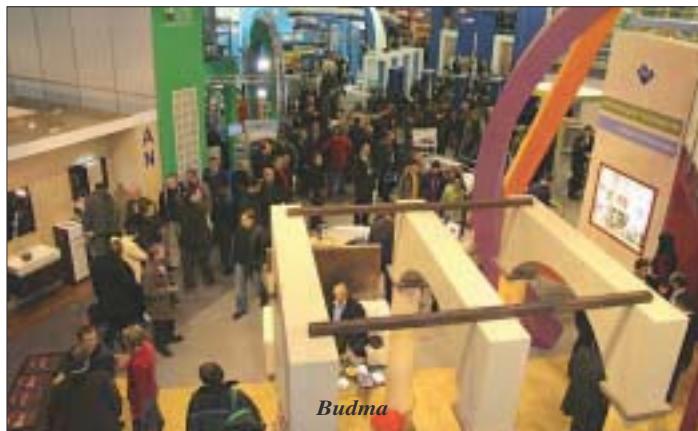

The German trade fair organisers are this year planning to conduct 156 international trade fairs in Germany. Auma, the Association of the German Trade Fair Industry, expects that the numbers of exhibitors and visitors and the rented space at these events, as already in 2007, will increase by 2 to 3%. Correspondingly it is likely that around 178,000 exhibitors will rent stand space of more than 6.9 mill. m². The previous record with 174,000 exhibitors was achieved in the year 2000. The number of visitors this year will probably reach a figure of around 10.3 mill.

Auma bases its positive estimates on the continuing robust demand for investment goods and the forecasts for the retail trade which for the first time in several years are optimistic. It is also recognisable that exporters and importers from abroad continue to bank heavily on the trade fairs in Germany when opening up the European market, because they offer the highest level of internationality of exhibitors and visitors.

In 2007, the international trade fairs in Germany were able to register their best result since the year of 2000. The number of exhibitors increased by around 3% in comparison with the previous year's events. One year earlier the increase had only been 1.3%.

According to the results of the Auma MesseTrend, the annual representative survey of 500 German exhibitors conducted by TNS Emnid, exhibitors want to spend 6% more on trade fair participations than they did in 2006 and 2007. 38% want to spend more money and only 14% less. The average trade fair budget in 2008 and 2009 will amount to 399,000 Euro. The importance of trade fairs in the communication mix of the German exhibitors has increased once again: for the 82% they are important or very important, followed by sales force, direct mailing and advertising in trade journals. Events, on the other hand, have apparently lost some of their fascination, only 39% regard them as important (previously 42%). ■

POLONIA. PIU' FIERE IN UNO DEI PRINCIPALI MERCATI EMERGENTI

Le fiere polacche piacciono

di Bernardino Marino

Gli indicatori chiave delle prestazioni del sistema fieristico polacco (spazi affittati, numero di espositori e numero di visitatori) sono cresciuti considerevolmente nel 2007. È questo il risultato di una

rinascita economica e di una rinnovata fiducia da parte dei consumatori, ma anche dell'espansione del mercato fieristico nazionale registrata dalla Pcei - Polish Chamber of Exhibition Industry, che ha rilevato un

aumento complessivo delle manifestazioni da 189 a 216.

Alle 216 mostre organizzate dai 24 membri Pcei nel 2007, è stato affittato un totale di 639.771 m². Gli eventi hanno attratto 30.621 espositori e 1.001.001 visitatori.

POLAND. MORE EXHIBITIONS IN ONE OF THE MAIN EMERGING MARKETS

Polish exhibitions prove attractive

by Bernardino Marino

The key performance indicators of the Polish exhibition industry sector - exhibition space rented, number of exhibitors and number of visitors - improved considerably in 2007, which is the result of an economic

revival and stronger consumer confidence, but also of the expansion of the exhibition market as monitored by Pcei - Polish Chamber of Exhibition Industry, with the number of exhibitions rising from 189 to 216.

A total of 639.771 m² of exhibition space was rented at 216 exhibitions organized by 24 companies (the Pcei members) in 2007. The exhibitions attracted 30.621 exhibitors and 1 001 visitors.

Rispetto al 2006, lo spazio affittato è cresciuto del 21,3%, il numero degli espositori del 13,8%, mentre quello dei visitatori è salito del 27,6%.

In testa alla classifica, in termini sia di spazi affittati, sia di numero di espositori e visitatori, ci sono nell'ordine: la fiera internazionale di Poznan, la fiera di Kielce, la fiera internazionale di Danzica, la fiera di Cracovia, la MT Polska di Varsavia e Murator-Expo.

I cinque organizzatori, che sono per lo più anche gestori di un proprio quartiere fieristico, costituiscono insieme il 79% del mercato quanto a spazi espositivi e il 72% quanto a numero di espositori totali. Inoltre ospitano l'86% degli espositori esteri.

Nel 2007, la più grande mostra in termini di spazi affittati è stata Budma, la fiera internazionale dell'edilizia di Poznan, seguita da Autostrada-Polska, la fiera internazionale per le costruzioni stradali di Kielce. ■

Compared with 2006, the space increased by 21,3%, the number of exhibitors rose by 13,8%, while the number of visitors increased by 27,6%. The increase in numbers of exhibitors, both national (14%) and foreign (13,4%) shows that exhibitions are considered important and attractive for entrepreneurs.

The following companies lead the field in terms of exhibition space rented, total number of exhibitors and of visitors: Poznan International Fair, Kielce Trade Fairs, Gdansk International Fair, Trade Fairs in Krakow and MT Polska (International Trade Fairs Poland) and Murator-Expo based in Warsaw based in Warsaw.

The five organizers have a 79% share of the market in terms of exhibition space and 72% share in terms of the total number of exhibitors. They also host 86% of foreign exhibitors.

The largest exhibition in 2007 in terms of space rented was the Budma, International Construction Fair in Poznañ. Autostrada-Polska, International Road Building Fair in Kielce ranked second. ■

GERMANIA. UN NUOVO PROGETTO TARGATO SIEMENS E FIERA DI NORIMBERGA

NürnbergMesse investe nelle nuove tecnologie

Dal febbraio 2008, l'intero quartiere fieristico di Norimberga è coperto da una rete wireless lan, che consente a espositori e visitatori di accedere all'internet da qualsiasi punto al suo interno

di Antonio Brunello

Una rete lan senza fili distribuita su tutto il quartiere fieristico e il centro congressi (Ccn) di Norimberga: questo è il risultato del progetto congiunto di NürnbergMesse e Siemens Enterprise Communications, che rende possibile a tutti i visitatori ed espositori di navigare il web coi loro notebook o i loro palmari in qualunque punto del quartiere si trovino. Il nuovo servizio è disponibile dal 7 febbraio 2008, in occasione di alcune delle più grandi manifestazioni della città bavarese, come l'*International Toy Fair*, *BioFach* ed *embedded world*.

L'alta velocità è garantita da un collegamento a banda larga simmetrico, in grado di supportare un *data rate* particolarmente alto (fino a 10 Mbit/s) in upload e in download alla stessa velocità. La rete wireless ad alta velocità è disponibile per gli espositori a partire da 285 euro per una postazione d'accesso singola per tutta la durata della fiera, dall'inizio dell'allestimento alla fine dello smantellamento.

to. È anche disponibile una connessione ad accesso multiplo.

La rete usa 400 punti d'accesso wireless HiPath (IEEE 802.11b/g, 2.4 gigahertz e IEEE 802.11a/h, 5 gigahertz, ciascuno con un massimo di 54 Mbit/s di data rate) nelle aree interne ed esterne della NürnbergMesse e due HiPath C2400 WLAN Controllers. Questi ultimi sono responsabili del controllo e della gestione della rete. HiPath

WLAN supporta i livelli più elevati di sicurezza.

Siemens e NürnbergMesse stanno inoltre progettando altri servizi innovativi per il futuro, come ad esempio un servizio d'*information streaming* per i visitatori, che permetterà a questi ultimi di ricevere messaggi o di essere informati direttamente sul loro notebook o sul palmare circa servizi ed eventi speciali all'interno della fiera.

GERMANIA. THE NEW PROJECT OF SIEMENS AND NUREMBERG FAIR

NürnbergMesse invests in new technologies

From February 2008, the whole Nuremberg's exhibition ground has full-coverage wireless lan, which makes possible for exhibitors and visitors to surf the web wherever they are

by Antonio Brunello

A full-coverage Wireless lan at a capital cost of three million euros throughout all the Nürnberg exhibition and congress centre. This is the result of a combined project of NürnbergMesse and Siemens Enterprise Communications, which makes possible to all visitors and congress par-

ticipants to surf the worldwide web with their notebooks or pdas anywhere on the site. The new service is available from 7 February 2008, in time for leading exhibitions like the International Toy Fair, BioFach and embedded world.

High speed is assured by using a symmetrical broadband

link, which provides an exceptionally high data rate (up to 10 Mbit/s) for uploading and downloading at the same high speed. The high-speed wireless network is available for exhibitors from as little as 285 euros for single-station access from the start of assembly until the end of dismantling. Multi-sta-

tion access and cross-hall networking are also possible at any time. Visitors can buy access tickets for surfing on the Internet. The network uses 400 HiPath Wireless Access Points (IEEE 802.11b/g, 2.4 GHz and IEEE 802.11a/h, 5 GHz, each with maximum 54 Mbit/s gross data rate) in the indoor and outdoor areas of NürnbergMesse and two redundant HiPath C2400 WLAN Controllers. The WLAN Controllers are responsible for the control and administration of the wireless network. HiPath WLAN supports the highest security standards, provides fast roaming, failure safety and optimum radio coverage.

Both NürnbergMesse and Siemens are planning more innovative services for the future, for example, they are thinking about an information streaming service for visitors. This would enable visitors to receive the latest messages or be informed about special services and events at the exhibition on their notebook or PDA over WLAN. ■

Fiera Berlino annuncia nuovi eventi

Con un fatturato di 145 milioni di euro, 13 in più rispetto alle previsioni, nel 2007 Messe Berlin ha superato ogni aspettativa, nonostante il calendario fieristico più "magro" di eventi rispetto all'anno precedente. "E per il 2008 – dichiara il ceo Raimund Hosch – sorpasseremo anche il fatturato 2006, il più alto mai raggiunto, con un programma eccezionale di oltre 40 esposizioni".

Quattro eventi fanno il loro debutto nel 2008: si tratta di *Freschconex*, mostra e congresso internazionali sugli alimenti freschi di convenienza, che si è svolta insieme a *Fruit Logistica* dal 7 al 9 febbraio, *Laser Optics Berlin* (17-19/3), *conhIT*, punto d'incontro per l'informatica per la medicina (8-10 aprile).

le), *Top Energy Berlin*, dal 3 al 5 giugno, dedicato in particolare alle energie rinnovabili.

La più importante mostra mondiale per l'elettronica di consumo, l'*Ifa*, si svolgerà quest'anno dal 29 agosto al 3 settembre, con un focus particolare sugli elettrodomestici.

Messe Berlin launches new events

With a 145 million euros turnover, that is 13 million more than had originally been calculated, in 2007 Messe Berlin exceeded all expectations. "And in 2008 – states Raimund Hosch, Chief Executive Officer of Messe Berlin, – we shall even sur-

pass our 2006 turnover (the highest ever), with an outstanding programme of more than 40 trade shows.

Many new events make their debut in 2008. They include *Freschconex*, *International Trade Fair and Congress for Fresh-Cut Convenience*, which took place parallel with *Fruit Logistica* from 7 to 9 February, *Laser Optics Berlin*, 17-19 March, *conhIT*, meeting place for the healthcare it sector, from 8 to 10 April, *Top Energy Berlin*, from 3 to 5 June, on topics such as renewable energy.

The world's major consumer electronics show, the *Ifa*, will take place from 29 August to 3 September, with a strong display of home appliances.

GERMANIA. CRESCE L'EFFICIENZA ENERGETICA

Messe München sempre più attenta all'ambiente

Da molti anni, Messe München ha assunto un ruolo di leader nella protezione dell'ambiente. Tutti i padiglioni del nuovo quartiere espositivo, per esempio, sono stati progettati con un occhio all'efficienza energetica, e il 17% dell'area totale, pari a 125.000 m², è coperta di verde. Sulle coperture del quartiere, inoltre, si trova uno di più grandi impianti fotovoltaici del mondo, grazie al quale Messe München produce circa 2.7 megawatt di energia l'anno. Grazie a questi diversi interventi la fiera di Monaco è in grado di risparmiare ogni anno circa 7000 tonnellate di emissioni di diossido di carbonio.

Ora, Messe München dà all'ambiente un ulteriore contributo: dal 2008 è infatti entrata in uso, per tutti i materiali stampa-

ti, la carta fsc. Questa carta è realizzata con legno proveniente da foreste "sostenibili" o comunque di derivazione non nociva per l'equilibrio forestale.

125,000 square metres of green space, which is 17 percent of the total. On top of the centre is one of the largest roof-mounted photovoltaic systems in the world. Already these various measures to protect the climate and the environment are resulting in an annual saving of approximately 7,000 tonnes of carbon dioxide emissions; with this Messe München produces around 2.7 megawatts (MW) of power per year.

Now, Messe München is adding another aspect to this contribution: since 2008 it is using fsc paper in its printed materials. Fsc paper is an environmentally friendly product made with wood coming from sustainable forests or derived in such a way to protect our forests.

GÖTEBORG. UN MODELLO DA IMITARE

Un anno da record per lo Swedish Exhibition Centre

Il 2007 è stato un anno da record per lo Swedish Exhibition Centre di Göteborg, grazie ad un flusso di cassa che ha raggiunto i 108 milioni di corone, e un profitto operativo di 90 milioni. Il giro d'affari è stato di 783 milioni di corone, il secondo più alto in assoluto, dopo quello del 2006, pari a 788 milioni.

"Questo successo è dovuto al nostro modello organizzativo unico, per cui ogni settore (mostre, congressi, eventi, ristoranti ed hotel) è strettamente interconnesso agli altri" ha commentato il presidente e ceo Lennart Mankert. "Oggi non è insolito trovare un legame stretto tra l'ambito fieristico e quello dell'ospitalità. Ma ciò che rende unico lo Swedish Exhibition Centre, in ambito europeo, è che tutto

è gestito direttamente da noi. Per questo siamo in grado non solo di garantire la qualità, ma anche di trarre tutti i possibili benefici che derivano da un coordinamento centrale". ■

**GOTHENBURGH. A MODEL TO IMITATE**

Record year for the Swedish Exhibition Centre

The Gothenburgh Swedish Exhibition Centre's profits in 2007 were the best ever. Cash flow was SEK 108 million and operating profit was SEK 90 million. Turnover, SEK 783

million, the second highest ever, came within a whisker of the record-breaking SEK 788 million rung up in 2006.

"The success chalked up in 2007 owes a lot to our unique business model, in which every sector (exhibitions, congresses, events, restaurants and hotel) participates and interacts" says Lennart Mankert, President and ceo. "Nowadays, it's not unusual to find hotels and restaurants tied in with exhibitions. But what makes the Swedish Exhibition Centre unique, from a European perspective, is that we run it all ourselves. This means that we can not only guarantee quality, but also, at the same time, gain the very tangible benefits offered by coordination." ■

SPAGNA. UNA NUOVA TAPPA NELLA CRESCITA DELLA FIERA DI MADRID

Con 90 eventi in calendario, il 2008 di Ifema è più ricco che mai

L'ente fieristico madrileno ha chiuso il 2007 con ottimi risultati e continua a investire: due nuovi padiglioni, 10 fiere in più, e un occhio all'internazionalizzazione

Con 80 fiere, 1,1 milioni di m² netti occupati, 21.160 espositori diretti e 3,8 milioni di visitatori, il 2007 di Ifema Fiera di Madrid si è concluso con risultati decisamente positivi. Il volume d'affari è aumentato del 16.4% sul 2005, ed è stato raggiunto un fatturato totale di 170,6 milioni di euro.

Il presidente della *junta rectora*, José María Álvarez del Manzano, ha dichiarato: "I buoni

risultati del 2007 preludono a una nuova fase di crescita, che prevede nuove strategie commerciali, particolarmente nel campo dell'internazionalizzazione e delle infrastrutture". Per l'anno in corso è previsto un aumento delle entrate del 23,6% rispetto al 2006 e un giro d'affari di 211,6 milioni di euro.

L'internazionalizzazione è stata uno dei punti caldi già nel 2007, quando Ifema ha

registrato il più alto tasso di partecipazioni estere della sua storia: 23% degli espositori diretti proveniva infatti da oltreconfine. Quanto alle strutture, quest'anno l'apertura dei padiglioni 12 e 14 permette di ampliare la superficie espositiva lorda di 50.000 m², raggiungendo una capienza totale di 200.000 m².

Questo ampliamento sta consentendo a Ifema di proporre nuove manifestazioni. Nel 2008 infatti ospiterà 90 mostre e congressi, ovvero 10 in più rispetto all'anno scorso. È prevista la partecipazione di oltre 20.000 espositori e 4,7 milioni di visitatori. Fra le nuove fiere, ricordiamo *Propet*, sull'industria degli animali domestici, dal 7 al 9 marzo, e *Logis&T*, la fiera su logistica e trasporti, dal 10 al 12 novembre, entrambe organizzate direttamente da Ifema.

SPAIN. A NEW STAGE OF FERIA DE MADRID'S GROWTH PATH

With 90 exhibitions in its calendar, Ifema's 2008 is richer than ever

The Madrid fair closed its 2007 with very good results and keep investing: two new halls, 10 exhibitions more, and a special attention to internationalization

With 80 fairs; 1,1 million occupied net m²; 21,160 direct exhibitors, and 3.8 million visitors, the 2007 activities of Ifema Feria de Madrid concluded very positively. the business volume increased of 16.4%, with respect to 2005, reaching a total income of 170.6 million euros.

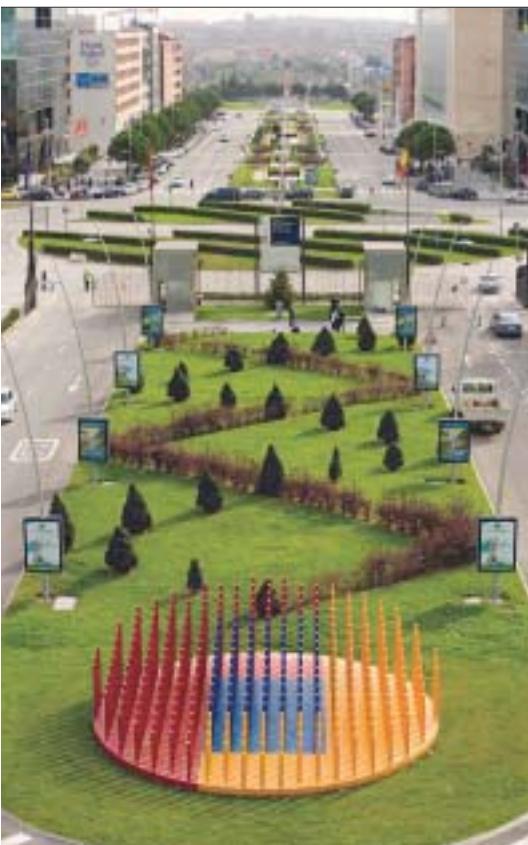

The President of Ifema's Junta Rectora, José María Álvarez del Manzano, has declared, "the good 2007 results anticipate a new stage in the Institution's growth, as well as in the development of new business strategies, especially in the field of internationalization and of infrastructures". Thus, the current year will presumably register a 23.6% increase of the income, with respect to 2006, and a 211.6 million euros turnover.

Internationalization has been one of the highlights already in 2007, when Ifema

registered the greatest rate of foreign participations of all its history: 23% of direct exhibitors came from abroad. This year, the opening of the new halls 12 and 14 will boost the gross surface of the exhibition grounds of 50.000 m², which means a total capacity of 200.000 m². This will allow Ifema to promote new exhibitions for the current year.

In fact, during 2008, the Feria de Madrid will host 90 exhibitions and congresses, that is +10 respect to 2007. A participation of more than 20,000 direct exhibitors, and 4.7 million visitors is foreseen. Among the new exhibitions, we mention *Propet*, Pet industry trade fair, from March 7 to 9, and *Logis&T*, Logistics and transports fair, from November 10 to 12, both promoted by Ifema.

REPUBBLICA CECÀ. UNA PORTA VERSO L'EUROPA ORIENTALE

Ottant'anni di fiere a Brno

Brno è la seconda città della Repubblica Ceca per importanza economica, con un lunga tradizione di crocevia europeo per l'industria e il commercio. Collocata fra Praga, Vienna e Bratislava, Brno sta sviluppando la propria reputazione come città "internazionale" in diversi settori economici, dal commercio all'informatica, alla ricerca, ai servizi per il cliente, alla logistica e alla formazione.

Il quartiere fieristico di Brno, che costituisce una parte vitale della vita cittadina, festeggia nel 2008 i suoi 80 anni. E l'anno in corso è anche il cinquantennale della *Msv*, la fiera internazionale della tecnologia, una delle più importanti tra le 40 fiere organizzate a Brno.

Il padiglione A è uno dei simboli della città ceca. Originariamente denominato Palazzo del commercio e dell'industria, è stato progettato secondo i canoni dell'architettura funzionalista degli anni 20 e costruito tra il 1927 e il 1928 in occasione della Mostra della cultura contemporanea, a commemorazione del decimo anniversario della Cecoslovacchia.

A.G.

Il 2008 rappresenta anche un altro compleanno per la Bvv Trade Fairs Brno Co. 10 anni fa, infatti, Messe Düsseldorf (con una quota del 61%) acquistava il Bvv come partner strategico. Questo ha permesso alla fiera di Brno di migliorare costantemente la qualità delle infrastrutture del centro espositivo.

Nel 2007, circa 2800 aziende internazionali e 46.000 visitatori da 91 paesi hanno utilizzato le fiere di Brno come porta d'ingresso verso il mercato ceco e dell'Europa centrale.

"Abbiamo costruito il nostro successo sui nostri punti di forza - commenta Jiří Škrla, ceo di Trade Fairs Brno Co. - ovvero: la grande tradizione, la posizione geografica strategica, le notevoli infrastrutture all'interno e fuori del centro espositivo, e manifestazioni adeguate ai bisogni del mercato, realizzate in stretta collaborazione con le associazioni industriali interessate. Tutto questo crea un ambiente perfetto per le nostre esposizioni, che possiamo definire come gli eventi al posto giusto e al momento giusto".

CZECZ REPUBLIC. A DOOR ON EASTERN EUROPE

80 years of fairs in Brno

Brno is the Czech Republic's No. 2 business city and has been historically the crossroads for commerce and industry. Conveniently located between Prague, Vienna, and Bratislava, Brno is building its reputation as a city of international commerce, software development, research and development, shared customer services, logistics, and education.

Brno Exhibition Center is a vital part of the city's life and economy. 2008 marks 80 years of its existence and the 50th edition of the International Engineering Fair MSV, one of the main exhibition among the 40 ones organized in Brno.

The pavilion A, is one of the city's landmarks and major attractions. Originally called the Palace of Trade and Industry, the pavilion designed in functionalist 1920's architecture was constructed in 1927-1928 for the purpose of the Exhibition of Contemporary Culture, commemorating the 10th anniversary of the existence of the Czechoslovak state.

The year 2008 marks another jubilee for Bvv - Trade Fairs Brno Co. 10 years ago, Messe Düsseldorf (with 61% equity share) acquired BVV as a strategic partner. This has brought Trade Fairs Brno to constantly improve the quality of the infrastructure of the exhibition center.

In 2007, about 2.800 international companies and 46.000 international visitors from 91 countries made use of the trade shows in Brno for testing and penetrating the Czech and Central European market.

"We built our success on our strengths: the far-reaching tradition, the strategic geographical location, great infrastructure in and around the exhibition center, and appropriate show concepts tailored to the industry needs in close cooperation with the industry associations concerned. These attributes create a perfect environment for our shows at the right place and at the right time," underlines Mr. Jiří Škrla, chief executive officer of Trade Fairs Brno.

Le presenze totali dal 1° luglio al 31 dicembre 2007 sono state di 3,3 milioni, compresi 2,9 milioni per le mostre. Questa attività si è accompagnata inoltre ai lavori di espansione, il cui completamento è previsto per l'inizio del 2009.

HONG KONG. GOOD PERSPECTIVES FOR THE HKCEC

A milestone in the HK Convention and Exhibition Centre expansion

The Hkcec - Hong Kong Convention and Exhibition Centre has just completed a very successful result to highlight its first half of its fiscal year (07-08). Turnover was HK\$ 432 million. The total number of events reached 696 including 56 exhibitions and 13 international conferences, several with exhibitions.

Total attendance from 1 July to 31 December 2007 was 3.3 million including 2.9 million for exhibitions. This successful activity occurred in conjunction with the construction work of the expansion due to complete in early 2009.

E il 2008 è stato inaugurato dall'annuncio del posizionamento delle prime due capriate principali del tetto, che pesano insieme più di 3000 tonnellate.

"Ho preso parte ai progetti di costruzione o espansione di numerosi sedi espositive in tutto il mondo, e tra tutte questa è una delle soluzioni più innovative e più complesse", commenta Cliff Wallace amministratore delegato dell'Hkcec. "Le nuove capriate sono la manifestazione evidente che il progetto d'espansione sta prendendo forma. Lo spazio totale affittabile sale così a 91.161 m² e apre la strada per un ulteriore sviluppo." ■

Il 2008 di Singapore Expo

Il 2008 è un anno particolarmente impegnativo per Singapore Expo, con nuove e più grandi fiere internazionali, convegni, incontri ed eventi. Tra le fiere principali: l'Iffs, la Fiera internazionale del mobile (9-12/3), Food and Hotel Asia (22-25/4), che aumenteranno entrambe la superficie occupata a 7 padiglioni, la nuova BikeAsia (10-13/4), CommunicAsia e Broadcast Asia (17-20/6).

L'anno scorso, vari progetti sono stati completati. Ricordiamo la certificazione ISO 9001 per i sistemi e i processi *seamless*; l'ampliamento della rete Wifi; la copertura mobile 3.5G per dare a organizzatori e visitatori la possibilità di accedere alla banda larga senza fili; una nursery per mamme e bambini; 33 schermi lcd fissi e 6 mobili per permettere agli organizzatori di pubblicizzare i loro eventi. ■

La paura e la speranza

Europa: la crisi globale che si avvicina e la via per superarla

Mondadori, Milano 2008, pp. 116, euro 16,00

Giulio Tremonti racconta, con un'analisi sferzante e autorevole, le dinamiche della globalizzazione, soffermandosi sul loro lato oscuro, fatto di disoccupazione, bassi salari, crisi finanziaria, rischi ambientali, tensioni internazionali.

Ma la paura di una crisi globale non deve, secondo l'Autore, condurre alla disperazione; anzi, rinviene una strada percorribile per superare le difficoltà del momento. Una strada che si fonda su sette parole d'ordine: valori, famiglia, identità, autorità, ordine, responsabilità, federalismo.

MEDIO ORIENTE. IL DWTC PORTA NUOVE FIERE NEGLI EMIRATI ARABI

Dubai, città di eventi internazionali

Grazie al successo da record del 2007 e alla crescente richiesta nel settore fiere, il Dubai World Trade Centre (Dwtc) ha in cantiere grandi progetti per l'anno in corso.

"Il 2008 vedrà il Dubai International Convention and Exhibition Centre (Dicec) e l'Airport Expo (le sedi fieristiche gestite dal Dwtc) ospitare un numero ancora più grande di fiere e congressi internazionali rispetto allo scorso anno, dando così un ulteriore impulso al turismo d'affari. I nostri stakeholder internazionali ci riconoscono sempre di più

come la piazza commerciale che consente di raggiungere il maggior numero di clienti e di partner in tutta la regione", ha detto Helal Saeed Al Marri, direttore generale del Dwtc.

Crescono gli spazi e gli eventi

I dati preliminari indicano ottime prospettive per il 2008: si prevede infatti una crescita della domanda di spazi espositivi al Dicec e all'Airport Expo, che ospitano quest'anno 111 eventi, tra mostre e congressi, contro i 106 del 2007. Con un aumento di oltre il 22% degli spazi finora

prenotati al Dicec, è prevedibile un raddoppio totale delle dimensioni medie delle esposizioni. Il settore convegnistico sta vivendo anch'esso una crescita del 50% sul 2007, con 450 eventi per ora in agenda, e consentirà di attrarre a Dubai circa 60.000 delegati.

Per l'anno in corso è inoltre previsto il lancio di due nuove esposizioni in due settori in rapida crescita, come le tecnologie finanziarie e l'alimentare. Si tratta di Mefx, che si svolgerà dall'1 al 3 giugno e Ingredients Middle East, dal 15 al 17 giugno. Sempre in giugno sarà la volta dell'Aime - Aircraft Interiors Middle East, mostra professionale dedicata al settore dell'aviazione commerciale.

MIDDLE EAST. THE DWTC BRINGS NEW EXHIBITIONS IN THE UAE

Dubai, city of international events

Helal Saeed Al Marri

*B*uilding on its record performance in 2007 and the surging demand in the events and exhibition sectors, Dubai World Trade Centre (Dwtc) is looking to great projects for 2008.

"The year 2008 will see the Dubai International Convention and Exhibition Centre (Dicec) and the Airport Expo (the exhibition venues operated by Dwtc) host an even higher number of leading trade events and international conferences, boosting business tourism for Dubai, as we are becoming increasingly recognised by our international stakeholders as the networking hub that provides the widest outreach to clients and partners across the entire region", said Helal Saeed Al Marri, Director General of Dwtc.

More spaces and more events

Preliminary trends indicate encouraging growth prospects across Dwtc busi-

*n*esses in 2008, with demand for the Dicec and Airport Expo venue space forecasted to increase to 111 events this year, up from 106 in 2007 across exhibitions and conferences. With over 22 percent growth in registered venue space across shows so far at Dicec, 2008 is likely to see a significant double-digit increase in average size of exhibitions. The high-growth meetings sector has also seen a 50 percent surge over 2007, with over 450 meetings on the books so far, and is expected to attract over 60,000 delegates to the venues this year.

The month of June will see the launch of two new exhibitions in fast-growing sectors like financial technology and food production. They are Mefx, from June 1 to 3, and Ingredients Middle East, from June 15 to 17. Always in June, it will held at Airport Expo the Aircraft Interiors Middle East (Aime), a b2b trade exhibition to service the region's commercial and business aviation fleets.

MILANO. LA BORSA DEL TURISMO DA' APPUNTAMENTO AL 2009

Bit: un osservatorio sul mondo del turismo

Con numeri da record, la 28^a Bit, la Borsa internazionale del turismo, svolta a fieramilano dal 21 al 24 febbraio 2008, conferma il suo ruolo di indiscusso punto di riferimento per il settore. La manifestazione ha superato i risultati della scorsa edizione con 155.000 presenze complessive (+3% sul 2007). Di queste, 108.500 sono state di operatori professionali, 20.500 dei quali esteri. Una Bit sempre più internazionale dunque, che ha visto la partecipazione di oltre 5000 aziende da 152 Paesi, con grandi novità quali Togo, Nicaragua, Haiti, Fiandre, Bielorussia, Butan, Mali, Repubblica Democratica del Congo e il ritorno di Giappone e Bermude.

“La crescita di Bit, costante di anno in anno – commenta Adalberto Corsi, presidente di Fiera Milano Exports – conferma la validità della formula multitarget, che coniuga in modo efficace i grandi numeri di una manifestazione con la focalizzazione verticale sui diversi segmenti di mercato che Bit sa individuare e valorizzare con grande tempestività. I numeri di quest’anno mettono in evidenza soprattutto la crescita del ruolo internazionale di Bit, un punto di grande importanza nel contesto delle sfide che interesseranno nei prossimi anni il nostro Paese e soprattutto la Lombardia, prima fra tutte la candidatura

di Milano all’Expo 2015 e la salvaguardia del ruolo di Malpensa”.

“Grazie al suo concept espositivo unico – aggiunge Corrado Peraboni, amministratore delegato di Fiera Milano Exports – Bit si conferma in grado di soddisfare le esigenze di tutti gli stakeholder del sistema turismo, dal viaggiatore agli operatori professionali agli enti turistici. Il workshop BuyItaly ha stabilito nuovi record nell’incontro tra domanda e offerta del prodotto Italia e ottimi risultati hanno

fatto registrare anche BuyClub International, rivolto al mondo dei Cral, e Certicibit, focalizzata sulle buone abitudini alimentari e le produzioni enogastronomiche di qualità”.

MILAN. THE TOURISM EXCHANGE COMES BACK IN 2009

Bit: an observatory on the tourism world

Breaking every record, the 28th Bit, the International tourism exchange, which took place at fieramilano from 21 to 24 February, continues to stand out as the standard-setting tourism fair. The event did even better than last year: 155,000 total attendance (+3% over 2007); 108,500 were professional visitors and 20,500 of them came from abroad. Bit is therefore even more international than ever. Over 5000 companies came from 152 nations, including new entries, such as Togo, Nicaragua, Haiti, Flanders, Belarus, Bhutan, Mali, Democratic Republic of Congo. Other countries returned, such as Japan and the Bermuda Islands.

“Bit’s steady growth from year to year”, commented Adalberto Corsi, chairman of Fiera Milano Exports, “proves that we were right in choosing a multi-target formula which very effectively combines the big numbers of a great event with vertical focalisation on different market segments which Bit promptly pinpoints and highlights. This year’s numbers give prominence, above all, to the growth of Bit’s international role. This is a very important aspect within the context of the challenges Italy and especially Lombardy will be facing in the next few years: Milan’s bid for Expo 2015, and safeguarding the role of Malpensa airport.

La 29^a edizione, dal 19 al 22 febbraio 2009, conferma la formula multitarget e il calendario da giovedì a domenica: 4 giorni per gli operatori e un weekend aperto anche al pubblico. ■

“Bit’s unique exhibition concept”, added Corrado Peraboni, managing director of Fiera Milano Exports, “meets the needs of all industry stakeholders, from travellers to trade professionals and tourist boards. The BuyItaly workshop, for example, established new records in bringing together Italian tourist product supply and demand. BuyClub International achieved similar results; this workshop is devoted to the world of clubs and associations. Not forgetting Certicibit, which focuses on good eating habits and high-quality food and wine products”.

The next Bit, from 19 to 22 February 2009, will again focus on a multi-target format and a calendar from Thursday to Sunday – four days for the trade and a full weekend for both the trade and the traveling public. ■

MILANO. LE PROSPETTIVE DEL PRIMO QUARTIERE FIERISTICO ITALIANO

Fiera Milano: rilancio in grande stile per la vetrina del made in Italy

Totalmente rinnovato il quartiere espositivo, il centro fieristico milanese pensa ora allo sviluppo.

Obiettivi: internazionalità e qualità dei servizi

di Maria Luisa Negro

Fiera Milano fa rotta con decisione sui mercati internazionali. Nei primi tre mesi del 2008 ha dapprima firmato un'alleanza senza precedenti con la Fiera di Hannover per la conquista dei mercati extraeuropei. In marzo ha aperto, insieme alla Promos, agenzia speciale della Camera di Commercio di Milano per l'internazionalizzazione, una base ad Abu Dhabi: si tratta del primo ufficio dei due partner nell'area strategica del Golfo.

Sviluppo internazionale

La joint venture con Hannover è un'iniziativa di vastissimo respiro. Hannover e Milano, che sono i due maggiori quartieri espositivi europei, hanno unito i loro sforzi nella società HM Global, di cui Milano ha ora il 49% e in cui Hannover ha fatto confluire le 13 mostre professionali che

organizza in Cina. È il primo passo di un ambizioso progetto di sviluppo internazionale, che riguarda, oltre alla Cina, anche India, Brasile e Russia.

“Abbiamo fatto un formidabile progresso”, sottolinea soddisfatto l'amministratore delegato di Fiera Milano Spa, Claudio Artusi. “L'obiettivo di raddoppiare i nostri espositori e visitatori esteri in un triennio è ora decisamente più vicino. Acquisiamo un'ottima base operativa in Cina, che agevolerà l'accesso delle aziende italiane al mercato cinese e consentirà agli operatori di quel Paese di meglio conoscere gli eventi b2b che organizziamo a Milano. Si schiudono davvero enormi opportunità.”

Milano e Hannover stanno in effetti già vagliando le possibilità di collaborazione in India, mentre per quanto riguarda la Cina, dove al vertice di

Hannover Fairs Shanghai Ltd siede ora un condirettore generale di Fiera Milano, gli uomini delle due parti – compresi i rappresentanti di alcune manifestazioni professionali milanesi di grande successo e interesse per il mercato cinese – sono in costante contatto. Gli incontri hanno evidenziato una forte e crescente domanda cinese nei comparti rappresentati da Host (hotellerie e attrezzature alberghiere), Macef (design e prodotti per il sistema casa), Bit (turismo), Wellness Spa & Beauty Exhibition (benessere e salute), Sì Sposaitalia (abiti da sposa e cerimonia). Si sta ora valutando, in base al calendario fieristico internazionale e alla tipologia degli eventi, le date più idonee – a partire dal 2009 – per le edizioni cinesi di queste mostre.

La forte accelerazione del progetto internazionale è una buona notizia, a cui se n'è

aggiunta un'altra a inizio aprile, che ha avuto grandissima eco: l'assegnazione a Milano dell'Expo universale del 2015, nella cui organizzazione – sia nella lunga fase di avvicinamento sia in quella di svolgimento dell'evento – Fiera Milano potrà svolgere un ruolo molto significativo, grazie al suo know how nella promozione e gestione di eventi, grandi infrastrutture espositive, servizi e governo della logistica complessa. L'Expo 2015 significherà anche una visibilità internazionale fortemente accresciuta per Milano e per le mostre milanesi.

2008 l'anno della svolta

Tutto ciò è di ottimo auspicio per un 2008 che dovrebbe essere l'anno della svolta, dopo un 2007 difficile, anche se a conti fatti decisamente migliore delle iniziali previsioni. Così il budget consolidato prevede per quest'anno ricavi superiori a 320 milioni (contro 300 attesi per il 2007), un margine operativo lordo di circa 28 milioni (contro poco più di 2) e un risultato operativo netto di circa 15 milioni (+30% rispetto al piano industriale 2007-2011).

“La fase di transizione si avvia al termine”, dice Artusi. “Le azioni di ottimizzazione e

rilancio messe in atto cominciano a produrre frutti e il ritorno alla redditività quest'anno non solo conferma quanto previsto nel piano industriale, ma si rive-la più forte delle attese”.

Nuove fiere

Anche sul fronte dell'attività espositiva non mancano novità interessanti. In febbraio ha debuttato *Made Expo*, la mostra dell'architettura ed edilizia che già alla sua prima edizione è stata un grande successo. In giugno sarà la volta di *Buy&Drive Show*, un'altra “prima” attesa con grande interesse: un evento dedicato al veicolo d'occasione garantito, che propone l'originale formula “acquista il tuo usato, svolgi in fiera tutte le pratiche relative al passaggio di proprietà e all'assicurazione e torna a casa con la tua auto”. Infine a ottobre arriverà il *Salone europeo della comunicazione istituzionale (Com-Pa)*.

Naturalmente il calendario 2008 di Fiera Milano prevede molto altro, e in particolare alcune mostre tecniche di assoluta eccellenza dedicate alla meccanica-automazione, alla fluidotecnica, all'impiantistica civile e industriale, alle tecnologie per la lavorazione del legno, alla sicurezza. ■

MANIFESTAZIONI IN PROGRAMMA NEL 2008

Fiera Bolzano, crocevia europeo

Forte di una antica tradizione fieristica, Fiera Bolzano conferma anche per quest'anno le sue fiere più conosciute e consolidate, e propone alcune importanti novità

La città di Bolzano possiede un'antica tradizione fieristica: le prime testimonianze di scambi commerciali con le altre regioni dell'arco alpino, italiane ed estere, risalgono infatti al 1070. La posizione geografica della città, e il suo ruolo di ponte tra il nord e il sud dell'Europa, hanno sempre favorito i rapporti commerciali, economici e culturali coi Paesi vicini. Di qui, il ruolo cruciale di Fiera Bolzano, da tempo luogo di scambio privilegiato per le aziende italiane e per quelle che operano nei Paesi dell'area tedesca.

Le manifestazioni sono ospitate in un complesso di 25.000 m² al coperto e 10.000 m² all'aperto, a cui si possono aggiungere, all'occorrenza, altri 5000 m² dell'adiacente Palaonda. Sul tetto dell'unico, grande padiglione si possono parcheggiare 800 autovetture; altri 500 posti macchina si trovano nel garage sotterraneo e sono riservati agli espositori.

Nel calendario di fiere e mostre bolzanine figurano manifestazioni rivolte ai settori più significativi dell'economia locale: costruzione di infrastrut-

ture stradali, turismo e gastronomia, agricoltura, melicoltura, sport e tecnologie invernali ed energia. Qui di seguito ne segnaliamo alcune.

Il 2008 ha esordito con **Klimahouse**, la 3^a fiera internazionale specializzata per l'efficienza energetica e l'edilizia sostenibile, che dal 17 al 20 gennaio ha totalizzato quasi 37.000 visitatori. 375 aziende e associazioni vi hanno esposto materiali innovativi, proposto tecniche di costruzione alternativa e suggerito pratiche soluzioni per risparmiare energia.

Dopo tre settimane, al cancelletto di partenza si è presentata **Sportitaly**, la 2^a fiera professionale per gli sport invernali e l'outdoor (10-12 febbraio). Nonostante la partecipazione di 150 aziende in rappresentanza di 250 brand, la presenza dei visitatori non è stata all'altezza delle aspettative.

Un bilancio più che soddisfacente è stato quello di **Viatec**, la 4^a fiera specializzata internazionale per le infrastrutture stradali nelle zone di montagna (20-22 febbraio), ospitata nuovamente

nel quartiere fieristico bolzanino, dopo l'edizione 2007 allestita ad Innsbruck. Con più di 140 espositori e 2700 visitatori professionali, di cui circa 700 partecipanti al congresso, l'evento si conferma una delle rassegne internazionali più importanti del settore.

In aprile Fiera Bolzano sale sul palco con la coppia d'assi **Alpitec**, 6^a fiera internazionale specializzata per la tecnologia alpina ed invernale, e **Prowin-ter**, Fiera specializzata del noleggio e dei servizi per gli sport invernali (dal 9 all'11 aprile). Più di 300 espositori si dividono una superficie di 25.000 m² dedicata alle tendenze e alle innovazioni tecnologiche nel settore degli sport invernali.

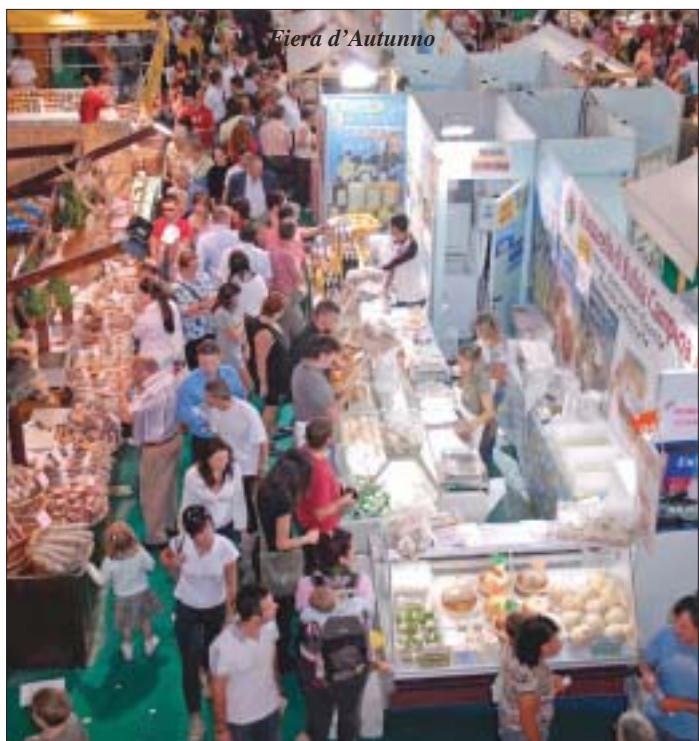

Dopo la pausa estiva, l'appuntamento si rinnova con la 61^a **Fiera d'Autunno** (12-14 e 19-21 settembre). Negli ultimi anni, l'organizzazione di nuove fiere specializzate nate dallo scorporo dei vari settori ha portato la Fiera d'Autunno a un significativo cambiamento che l'ha trasformata da manifestazione multisettoriale a fiera di consumo.

Un'importante novità del 2008 è **Klimaenergy**, 1^a fiera specializzata delle energie rinnovabili per usi commerciali (8-10 ottobre), evento nato dopo il grande successo ottenuto da Klimahouse, fiera leader in Italia per l'efficienza energetica e l'edilizia sostenibile giunta alla sua terza edizione. In quest'occasione Fiera Bolzano bandisce Klimaenergy Award, concorso rivolto a comuni e province che abbiano promosso o cofinanziato progetti nel campo delle energie rinnovabili e dell'efficienza energetica.

A fine ottobre **Hotel**, 32^a fiera internazionale specializzata per alberghi e gastronomia (20-23 ottobre) nell'ambito della quale si terrà **Autochtona**, 5^o Forum dei vini autoctoni per operatori ed esperti di vini, enologi, ristoratori, proprietari di enoteche, albergatori e sommeliers. Ad inizio novembre l'appuntamento sarà con la 6^a **Interpoma**, piattaforma internazionale per gli specialisti della frutticoltura, in particolare della melicoltura (6-8 novembre). In quest'occasione sarà organizzato il convegno internazionale "La mela nel mondo".

A novembre sarà la protagonista **Biolife**, 5^a fiera specializzata del prodotto biologico (14-16 novembre). Il "bio" ha dimostrato di avere successo e sono sempre di più gli interessati ad informarsi sulle novità, ad assaggiare prodotti biologici e ad effettuare acquisti.

La versatilità e varietà degli spazi permettono di realizzare le più disparate attività: dal convegno alla sfilata di moda, dalla convention aziendale alla mostra, dalla cena di gala al concerto.

Lo scorso anno il Centro Congressi di Veronafiere ha ospitato 402 incontri (95 dei quali non collegati alle manifestazioni fieristiche) e ha accolto 70.200 persone. Tra le iniziative ricordiamo il forum Il nuovo Club su fitness e centri sportivi (2200 persone), l'Automotive Dealer Day, dedicato ai concessionari d'auto (1200 persone), il Congresso della Società Italiana di Chirurgia (2200 persone), la Convention per i trent'anni della società SVAI (2700 persone).

Nel 2008, tra gli eventi più rilevanti sono da inserire la Conferenza degli Aeroporti Internazionali Europei, il Congresso mondiale dell'Oiv (Organizzazione Internazionale della Vite e del Vino) e il Congresso Aiom (Associazione italiana di Oncologia Medica).

L'utilizzo continuo delle sale implica un'attenzione particolare al mantenimento e alla qualificazione degli spazi.

L'Auditorium Verdi e altre sale da 150 posti sono state

completamente ristrutturate. Sono stati realizzati anche alcuni interventi tecnici con il com-

VERONA. UN CENTRO CONGRESSI ALL'AVANGUARDIA

Veronafiere invests also in the congress sector

The Congress Centre of Veronafiere comprises eight equipped halls for a total of 1400 places, an elegant multi-purpose hall (2300 m²) and a large area (10,500 m²) that can be set up in relation to specific initiatives and requirements. The equipped halls offer a minimum of 30 to 600 places. Ad hoc set-ups of multi-purpose spaces ensure a capacity, in a single setting, of more than 1500 people. These versatile and all-purpose facilities are ideal for all kinds of event: from congresses to fashion shows, from company conventions to exhibitions, from gala dinners to concerts.

Last year, the Veronafiere conference centre hosted 402 meetings (95 not linked with exhibition events) with overall audiences of 70,200 people. The Conference Centre hosted a number of impor-

tant initiatives - such as the the "New Club Forum" dedicated to fitness and sports centres (2200 people), the Automotive Dealer Day (1200 people), the Congress of the Italian Society of Surgery (2200 people) and the Convention celebrating thirty years of he Svai company (2700 people).

In 2008, the most significant events included the Conference of European International Airports, the World Congress of Oiv (International Vine and Wine Organisation) and the Aiom Congress (National Association of Medical Oncology).

Such continual utilisation of halls ensures particular attention to follow-up and qualification of related facilities.

The Verdi Auditorium and two other halls with 150 places have been completely renovated. Technical work has also been implemented, with the completion of meeting room wiring and the activation of a wi-fi system in the multi-purpose halls.

PARMA. CAPITALE DELLE FIERE ALIMENTARI E NON SOLO

Fiere di Parma: un connubio fra tradizione e innovazione

Un quartiere fieristico di 300.000 m² al centro dei poli della grande attività produttiva del Nord e del Centro Italia: questa è la carta d'identità di Fiere di Parma. Dal felice connubio tra competenze fieristiche ed idee imprenditoriali sono nate manifestazioni leader come Cibus, Cibus Tec, Mercanteinfiera, Gotha, Emporium e Bagarre. Negli anni, Fiere di Parma ha sviluppato differenti settori di attività, specializzando il proprio know-how. Oggi è strutturata in cinque differenti business unit dedicate a cinque ambiti di azione. Tre in particolare hanno fatto la storia di Fiere di Parma.

Riguardo al settore agroalimentare, col marchio Cibus, Fiere di Parma propone dal 1985 la principale manifestazione dedicata alla valorizzazione e alla promozione dell'Italian Food nel mondo. L'intero comparto dell'industria alimentare italiana trova nella rassegna la principale vetrina per propor-

re ai buyer delle principali catene distributive mondiali le specialità e le tipicità della produzione gastronomica italiana. Negli anni è stato sviluppato attorno a Cibus un arcipelago di manifestazioni complementari, che hanno portato il made in Italy alimentare in primo piano.

Completano la proposta agroalimentare: Dolce Italia, in contemporanea con Cibus e dedicata alla produzione dolciaria made in Italy, Cibus Roma, Cibus Med, più spiccatamente focalizzato sulle proposte alimentari legate alla tradizione della dieta mediterranea.

Quanto al settore meccanico-alimentare, le Fiere di Parma sono nate nel 1939 con una fiera di meccanica alimentare e rimangono fedeli a questa lontana vocazione. Per questo ogni due anni propongono Cibus Tec, la più importante rassegna mondiale di meccanica dedicata all'industria alimentare, che coi propri marchi Tecnoconserve, Milc e Multitecno è specializzata

nel food processing e in particolare nei settori delle conserve alimentari, del latte e suoi derivati.

Infine, Parma è considerata ormai univocamente la capitale europea dell'antiquariato. Quattro marchi riconosciuti da un vastissimo pubblico di appassionati; Mercanteinfiera (due edizioni annuali), Em-

porium, Bagarre, Gotha (biennale), disegnano un calendario lungo tutti i dodici mesi dell'anno, proponendo un ventaglio di proposte che vanno dal deballage al mercato d'arte in cui proprio quest'anno si va ad aggiungere una nuova data, Cul de Camion, un deballage professionale di un solo giorno.

PARMA. CAPITAL OF FOOD FAIRS, AND MUCH MORE

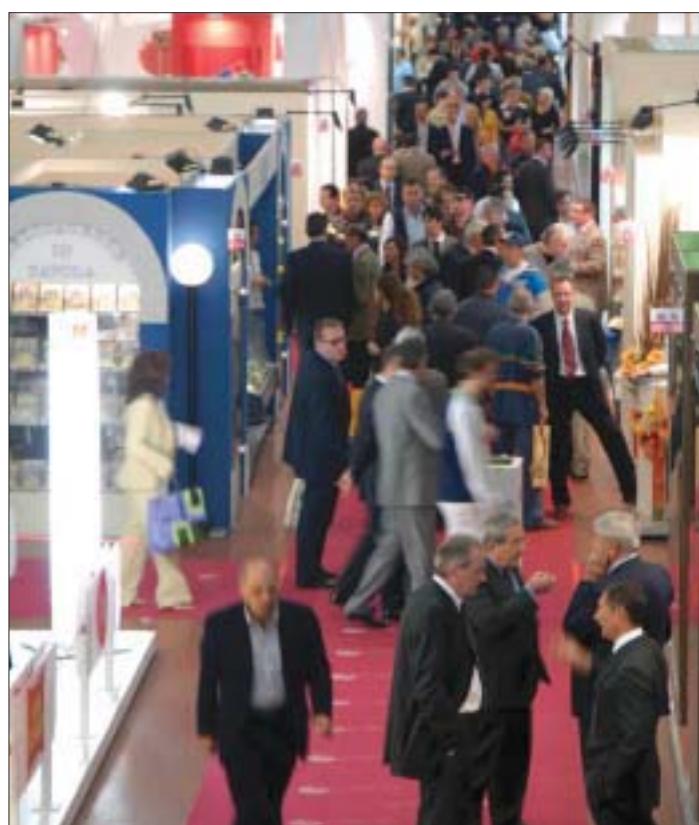

Fiere di Parma: a mix of tradition and innovation

The Parma Trade Fair occupies an area of 300,000 m² at the centre of the vitally important production area of North and Central Italy. Thanks to the combination of business acumen, experience and a professional approach trade fairs here are known world-wide and are unmissable dates in the business calendar. The Parma Trade Fair administration is structured in five different business units, each one dedicated to a different sphere of activity.

Since 1985, Cibus has been the leading trade fair for the Italian food industry acting as a showcase promoting the concept of Made in Italy food products. It has become a significant reference point for the whole industry; an exhibition of the excellence of Italian gastronomy where professional buyers from the main distribution chains can see and try the many and varied local, typical products of the Italian food panorama. Cibus is completed by the Dolce Italia, devoted to the Italian confectionery industry, and by the various offshoots, such as Cibus Roma and Cibus Med, which take place in different cities and are targeted to the food products associated with the mediterranean diet.

The Parma Trade Fair began in 1939 with an exhibition of the machinery and technology used in the food industry, and its modern counterpart has become a complementary satellite to Cibus itself taking the name Cibus Tec. It is the most important exhibition in the World for machinery and plant used in the agro-food industry and has become a showcase for technical advances in servicing the food industry. Taking place every 2 years it is completed with sectors dealing with food processing, conserves and milk and milk derivatives; Tecnoconserve, Milc and Multitecno.

The Parma Trade Fair is also now synonymous with the Antiques market and is becoming known as the European Antiques capital thanks to the four exhibitions devoted to this sector. All aspects of the art and antiques market are covered by 'Mercanteinfiera' with two editions a year, 'Emporium' and 'Bagarre'; the eclectic approach, stylish ideas and sections devoted to both vintage and modernariato ensure huge public success. 'Gotha' is entirely devoted to the top end of the market and attracts some of the most important exhibitors in Europe to the biennial rendezvous.

BOLOGNA. IL RISPARMIO ENERGETICO IN EDILIZIA È IL TEMA CONDUTTORE DEL SAIE

SAIE 2008, energia al massimo per fare futuro

La più grande fiera dell'edilizia italiana ospita un nuovo salone tematico, dedicato ai temi dell'efficienza energetica e dell'energia rinnovabile

Torna con importanti novità, fra le quali un'area interamente dedicata al costruire sostenibile, l'appuntamento con SAIE, punto di incontro per gli operatori della filiera per discutere e toccare con mano progetti, tecnologie e sistemi nati sotto l'egida dell'innovazione. L'evento, che si svolgerà dal 15 al 18 ottobre, è organizzata da BolognaFiere, leader fra gli organizzatori fieristici internazionali, che da oltre 40 anni offre al pubblico il meglio dell'innovazione tecnologica e della cultura delle costruzioni.

I saloni tematici

Fiore all'occhiello di BolognaFiere e del Saie Integrated System, l'edizione 2008 del SAIE, dal titolo "Fare futuro", si presenta con un'ampia proposta espositiva completa da alcuni saloni specializzati in compatti strategici. A LaterSaie, il salone dedicato all'innovazione e alle tecnologie costruttive legate al laterizio, Saie Precast Technologies, rivolto al settore dei macchinari e delle tecnologie per la prefabbricazione, SaieBit, che ospiterà come ogni anno le società di servizi e le aziende produttrici di sistemi informatici per l'edilizia e la progettazione, Saie

Lego, dedicato all'edilizia, alle strutture e ai componenti in legno, si aggiunge quest'anno *SAIEnergia*, il salone delle energie rinnovabili e tecnologie a basso consumo per il costruire sostenibile.

Quest'ultimo è la novità di questa edizione, e troverà spazio nei nuovi padiglioni 14 e 15. Focus del nuovo salone è creare un collegamento diretto fra il mondo dell'energia e quello delle costruzioni, attraverso la promozione di iniziative mirate per il dibattito e l'aggiornamento. Tra queste: *SAIEnergia Forum*, curato da Mario Cucinella, luogo di incontro per gli operatori della filiera, e il cuore della mostra, dal titolo *+Qualità -Energia per il costruire sostenibile*. Il "cuore mostra" presenterà le soluzioni più innovative in tema di: uso delle risorse rinnovabili

per il riscaldamento e il raffrescamento; risparmio e certificazione energetica; recupero e riqualificazione energetica.

A chiudere il cerchio della "Via dell'efficienza" sono inoltre alcuni convegni in agenda, a cominciare da quello di apertura *Osservatorio su regolamenti edilizi e risparmio energetico*, con la presentazione del rapporto Cresme-Legambiente, e quello su *Efficienza energetica negli edifici esistenti: dai centri storici alle periferie*. In calendario anche il convegno *SAIEnergia. Energia dell'architettura, l'osservatorio Il mercato del fotovoltaico*, a cura di Assosolare, e il progetto formativo *Efficienza energetica in edilizia. Normativa, incentivi, tecnologie* organizzato da Edilio con Il Sole 24 Ore.

Dopo il successo raccolto nell'edizione 2007 viene ripro-

posto l'appuntamento con *New Materials Space*, lo spazio allestito in collaborazione con Material ConneXion, destinato a materiali e tecnologie innovative legate al tema dell'energia e del costruire sostenibile. Nuova edizione anche per la *Selezione Novità SAIE*, che raccolge nella Guida alle novità SAIE 2008 le innovazioni più significative in mostra

I numeri del SAIE

I numeri della scorsa edizione sono un ottimo punto di partenza per il 2008:

- 260.000 m² di superficie espositiva, dei quali 180.000 coperti e 80.000 scoperti;
- 1750 espositori, dei quali 350 esteri;
- 178.250 visitatori, dei quali 7530 stranieri;
- 4 ingressi a disposizione dei visitatori (Costituzione, Nord, Michelino e Aldo Moro).

In più, l'edizione 2008 potrà contare sui già citati padiglioni 14 e 15, collocati in una nuova struttura su due livelli, nonché sul parcheggio multipiano da 2500 posti auto coperti. ■

BOLOGNA. ENERGY CONSERVATION IN THE CONSTRUCTION SECTOR IS SAIE'S LEADING THEME

SAIE 08, energy to the maximum to build the future

The largest trade fair for the Italian construction industry will host a new specialized exhibition on energy efficiency and renewable energy

SAIE returns to the spotlight with important innovations, including an area totally dedicated to sustainable

construction. Organized by BolognaFiere, a leader among international trade fair organizers, for over 40 years SAIE has

been presenting the public with the best in technological innovations and construction culture, the event (October, 15th to 18th) is a meeting point for all operators in the production cycle to discuss and examine projects, technologies, and systems created under the aegis of innovation.

Specialized exhibitions

The shining star of BolognaFiere and Saie Integrated System, SAIE 2008, entitled "Make the future", presents itself to the construction sector with an extensive exhibition array including halls specializing in strategic sectors. There is LaterSaie, the hall exclusively dedicated to brick-laying innovation and construction technology, Saie Precast Technologies, focusing on pre-fabrication machinery and technology, SaieBit which continues

to host service companies as well as those producing computer systems for construction and design, SaieLegno dedicated to wood construction, structures and components, and finally this year's new addition, SAIEnergia, the exhibition for renewable energy and low-consumption technology for sustainable construction.

SAIEnergia will be located in the new pavilions 14 and 15. The focus is to create a direct connection between the world of energy and that of construction, by promoting initiatives aimed at debating and updating. Among them: SAIEnergia Forum, a meeting point for operators from the entire production cycle, and the heart of the exhibition, entitled +Quality - Energy for sustainable construction, which will present the most innovative solutions in using renewable resources for heating and cooling; energy savings and certification; and energy recovery and re-qualification.

To close the circle of the "path to efficiency", there are several conferences on the agenda, starting from the opening conference Observatory of construction regulations and energy savings, with the presentation of Cresme-Legambiente's report, and Energy efficiency in existing buildings: from historic town centers to the suburbs. Also scheduled are the conferences SAIEnergia. Energy in Architecture, the observatory The photovoltaic market and the training project Energy efficiency in construction. Standards, incentives and technologies.

After its success at SAIE 2007 the exhibition New Materials Space will return, furnished by Material ConneXion and focusing on materials and innovative technologies linked to the topic of energy and sustainable construction. Also returning will be Selezione Novità SAIE, gathering the main innovations on display at Saie and compile them in the Guide to SAIE 2008 innovations.

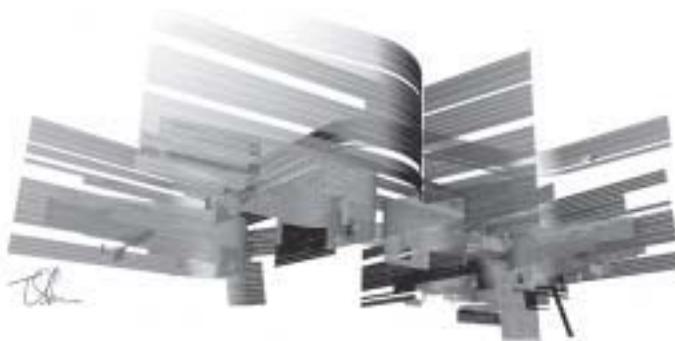

SAIE' figures

CARRARA. ARRIVANO A 16 LE FIERE IN CALENDARIO

Innovazione, edilizia e ambiente debuttano a CarraraFiere

CarraraFiere, anche per il 2008, ospita nella propria area un gran numero di nuove manifestazioni, generando un indotto sempre maggiore sull'economia della costa ligure-toscana.

“L’anno è iniziato sotto i migliori auspici – dice il presidente Giorgio Bianchini che guida CarraraFiere dallo scorso agosto – perché abbiamo in calendario quattro nuove manifestazioni: **Compotec**, Salone dei materiali compositi, che promuoverà prodotti e tecnologie per settori strategici come nautica e aeronautica, elettronica, difesa e aerospaziale, **Ediltirreno Expo**, **Ispirazione naturale-Vivere il verde**, dedicata a vivaisti, giardinieri e appassionati del verde domestico e ai professionisti del paesaggio urbano, e il **Massa Carrara City Rally Motor Show**. Sono eventi che coinvolgono settori nuovi e ci consentiranno di aumentare il fatturato giustificando i forti investimenti degli ultimi anni. Le fiere che organizziamo direttamente rappresentano ormai il 70% del fatturato che nel 2007 ha

avuto un incremento del 10%, con oltre 400.000 visitatori.”

Oggi, dopo una serie di potenziamenti, CarraraFiere dispone di aree coperte per 34.000 m², mentre l’area utile complessiva sfiora i 100.000, con spazi a parcheggio in grado di accogliere fino a 5000 auto. Presto saranno disponibili nuove sale convegni, per ulteriori 500 posti.

CARRARA. 16 NEW SHOWS ON THE AGENDA

Innovation, building, environment make their debut at CarraraFiere

Again in 2008 CarraraFiere holds a great number of new exhibitions in its area, and thereby increasingly improves the economy on the Liguria-Tuscan coast.

“The year began on the right footing – said the CarraraFiere Chairman Giorgio Bianchini, since last August – as we have four new exhibitions on the agenda: **Compotec**, the

Composite materials exhibition, that will promote products and technology for strategic industries such as the marine industry and aeronautics, electronics, defence and aerospace, **Editirreno Expo**, **Ispirazione naturale-Vivere il verde**, a niche exhibition for nurseries, gardeners, gardening fans and urban landscape architects, and the **Massa Carrara City Rally Motor Show**.

These are all events in new industries that will help us to increase our turnover and thereby justify the significant investments made over recent years. The exhibitions that we organise directly represent 70% of our turnover and in 2007 showed an increase of 10% with over 400.000 visitors.”

Today, after a series of improvements, CarraraFiere has 34,000 m² of indoor space (in 4 halls) and almost 100,000 m² of outdoor space with parking facilities for 5000 cars. Soon new conference halls, adding 500 seats, will be available.

FIRENZE. UN GRANDE CALENDARIO FIERISTICO 2008

Firenze Fiera: eventi in una città dal fascino unico

A Firenze è partita col vento in poppa l'attività fieristica 2008. Lasciati alle spalle momenti di difficoltà e incertezze, sono arrivati i primi consistenti segnali di ripresa di Firenze Fiera Spa, la società che gestisce il business fieristico del principale quartiere fieristico-congressuale della Toscana: col Palazzo dei Congressi, il Centro Affari e la Fortezza da Basso. Firenze, culla dell'arte e del Rinascimento, è la location ideale per importanti appuntamenti fieristici internazionali, eventi che privilegiano spazi di grande fascino e suggestione. A vantaggio delle strutture

gioca anche il fatto di essere situate nel centro storico della città.

Coi suoi 50.000 m² coperti, la Fortezza da Basso ospita le fiere più importanti in calendario. Basterà ricordare i sei appuntamenti annuali internazionali della moda: Pitti Uomo, Pitti Bimbo e Pitti Filati a gennaio e a giugno. Ma non solo: ricordiamo, ad esempio, la new entry Immagine Italia Co., anteprima di collezioni di biancheria per la casa, intimo, lingerie e tessile per l'arredamento, svolta dal 15 al 17 febbraio 2008. 200 sono state le imprese espositrici, oltre 300 i marchi rappresentati,

FLORENCE. A GREAT TRADE SHOW CALENDAR 2008

Firenze Fiera: events in a city with a unique charm

A great start for the trade shows activities of Firenze Fiera Spa, the company which manages the congress and exhibition venues of the city of Florence, which are considered as well the most important in Tuscany. Left behind problems and uncertainties, the business is picking up again in all three venues, the Congress Palace, Business Centre and Fortezza da Basso. Florence, cradle of Art and Renaissance, maintains its strong appeal as perfect location to host important trade shows on international scale, events which need prestigious location as well as prestigious cities, to enjoy historical palaces, squares and historical gardens for very special events. Florence offers organizers many advantages, being the venues right in the city centre.

Fortezza da Basso, with its 50.000 covered square meters, hosts the most important trade shows of the city, such as the six yearly international appointments with fashion: Pitti Uomo (Man fashion), Pitti Bimbo (Child fashion) and Pitti Filati (Spun yarn), which take place in January and June. We have to mention also the new entries, such as Immagine Italia Co, preview of lingerie, house linen and soft furnishing, which has taken

place in the Fortezza da Basso from the 15th to the 17th of February 2008, with more than 200 exhibitors, more than 300 brands and more than 9000 buyers from all part of the world. All the other events of these first months of the year did very well: Danza in fiera (21-24 February), Salone del Mobile di Firenze (1-9 March) and Antiquari alla Fortezza da Basso (15-24 March).

Attention is growing in the meantime for Art - Mostra internazionale dell'artigianato, at its 72nd edition. The show takes place in the Fortezza da Basso from the 25th of April to the 4th of May, turning the Medici venue in a

più di 9000 gli operatori da tutto il mondo. Anche le altre manifestazioni di questi primi mesi 2008 hanno chiuso col segno positivo: da Danza in fiera (21-24 febbraio) al Salone del Mobile di Firenze (1-9 marzo), ad Antiquari alla Fortezza da Basso (15-24 marzo).

Cresce anche l'attenzione per la 72^a Art - Mostra Internazionale dell'Artigianato. L'evento, alla Fortezza da Basso dal 25 aprile al 4 maggio, trasforma ogni anno il fortilizio mediceo in una colorata e multietnica fortezza delle idee e della creatività. Iniziative collaterali, workshop e convegni affiancano la fiera, in modo da rafforzare il ruolo di Art quale osservatorio annuale permanente sul mondo dell'artigianato e test di mercato unico per il prodotto esposto. Fra le varie iniziative, la "Galleria dell'Artigianato" (l'eccellenza del made in Tuscany), "Botteghe d'Art", dove maestri artigiani mostrano i segreti del loro lavoro, "Bocconi di Boccaccasca", vetrina dei piaceri del gusto.

Come altre importanti città italiane, anche Firenze si è attrezzata con i suoi festival. Ed ecco partire per il terzo anno consecutivo a Firenze il Festival del Fitness (14-18 maggio), mentre in autunno è la volta del Festival della Creatività (23-26 ottobre). Fra gli altri eventi di prestigio nella seconda parte dell'anno si segnala la terza ArteFirenze (26-29 settembre), e il primo Salone dell'Arte e del Restauro di Firenze, dal 6 al 9 novembre 2008.

colourful and multiethnic Fortress of ideas and creativity. Workshops and meetings go side by side with it, promoted and organized in cooperation with Artex and the most important associations, with the aim to establish Art as annual observatory for the handicraft world. Among other initiatives, the "Galleria dell'Artigianato" (the best of the Made in Tuscany), "Botteghe d'Art", with craftsmen showing "live" the secrets of their art, Bocconi di Boccaccasca, showcase of the pleasures of taste.

Also Florence has now its festivals, such as the Fitness festival (14-18 may) and Festival della Creatività (23-26 October)shops, to see Florence become the reference point for the creativity of the future. In the second part of 2008, the 3rd edition of ArteFirenze (26-29 September) and the first Salone dell'Arte e del Restauro di Firenze, scheduled from the 6 to the 9 of November, will take place.

ROMA. GRANDI EVENTI NEL NUOVO QUARTIERE FIERISTICO

Fiera Roma: un 2008 più internazionale

Prestigiose partnership internazionali e un'attenzione sempre più focalizzata sui settori strategici per lo sviluppo dell'attività espositiva

Si apre e si chiude all'insegna dei grandi eventi di respiro internazionale il 2008 di Fiera Roma. Dopo il felice debutto del nuovo quartiere nella scorsa stagione fieristica, Fiera Roma guarda all'anno in corso come a una fase di consolidamento delle posizioni raggiunte a livello nazionale e insieme di proiezione sui mercati esteri.

Con questo obiettivo sta intesendo rapporti e alleanze con altre istituzioni fieristiche ma anche con importanti organizzatori privati. Emblematici, in quest'ottica, sono i due eventi che simbolicamente aprono e chiudono il 2008: Automechanika Roma, Salone internazionale dell'aftermarket automobilistico ed Expo Comm Emea Regional Ict Expo.

ROME. BIG EVENTS IN THE NEW FAIRGROUND

Fiera Roma: a more international 2008

Prestigious international partnerships and a greater focus on strategic sectors for the development of trade fair activities

For Fiera Roma, 2008 opens and closes with a series of important international events. After the happy debut of the new exhibition centre in the past season, Fiera Roma is looking to the year ahead as a period in which to consolidate the positions reached at national level and to project itself onto foreign markets.

With this aim, the Rome installation is setting up a series of relationships and alliances with other trade fair organisations, but also with important private event organisers. An emblem of this are the two events that symbolically start and end 2008: Automechanika Roma, and Expocomm Emea Regional ict Expo.

Thanks to the former, Fiera Roma appeared on the interna-

tional stage working in synergism with a partner of the calibre of Messe Frankfurt. This co-operation is born from the mutual intent to extend the range of trade fair products available in Southern Italy and Europe, and to attract other economic forces in the Mediterranean, North Africa and the Near East. Last January, the first edition of the show registered 250 exhibitors and 15,000 accredited professional visitors. A success, which confirmed the choice made by a colossus like Frankfurt in selecting Roma when exporting its first international trade fair to Italy.

Expocomm, scheduled to take place on 2-4 December, is Fiera Roma's first extra-continental partnership, signed with one of

Grazie alla prima, Fiera Roma si è presentata sulla ribalta internazionale in sinergia con un partner dell'autorevolezza di Messe Frankfurt. Il sodalizio nasce dall'intento comune di ampliare l'offerta di prodotti fieristici nel Sud d'Italia e d'Europa e di attrarre gli operatori economici del Mediterraneo, del Nord Africa e del vicino Oriente. La prima edizione della mostra, lo scorso gennaio, ha registrato 250 espositori e 15.000 visitatori professionali. Un successo che ha provato la validità della scelta di un colosso come Francoforte di allearsi con Roma per la sua prima fiera internazionale in Italia.

Expo Comm, dal 2 al 4 dicembre, rappresenta invece la prima partnership extra-continentale di Fiera Roma, siglata con una delle più grandi società private internazionali attive nell'organizzazione di eventi: la E.J. Krause. In particolare, per

questa fiera dedicata all'information technology e anch'essa orientata verso l'area Emea (Europa, Medio Oriente, Africa), Fiera Roma collabora con Expocomm Events Llc, joint-venture tra i due maggiori organizzatori di fiere mondiali, E.J.Krause e Reed Exhibitions.

“L'interesse suscitato a livello internazionale da Fiera Roma – dichiara il direttore commerciali Antonio Bruzzone – dimostra la capacità di questa nuova struttura espositiva di offrire un valore aggiunto indiscutibile in termini di funzionalità e posizionamento, non solo nel centro e sud Italia ma in tutto il bacino mediterraneo.” ■

Antonio Bruzzone

joint-venture between the two main organisers of trade fairs worldwide, E.J.Krause and Reed Exhibitions.

“The interest created at international level by Fiera Roma – points out the sales manager Antonio Bruzzone – demonstrates the ability of this new exhibition centre to provide indisputable added value in terms of functionality and position, not only in central and southern Italy, but throughout the whole Mediterranean basin”. ■

L'allestitore, un partner strategico per esporre con successo alle fiere

di Franco Battaglia, segretario Asal Assoallestimenti

Partecipare come espositori a una qualsiasi fiera è un'operazione comune e complicata allo stesso tempo. È comune perché solo in Italia in un anno si sono registrati circa 200.000 espositori. Ed è complicata perché bisogna prendere preventivamente molte decisioni e organizzare l'attività minuziosamente, se si vogliono ottenere dei buoni risultati.

Tutti coloro che vogliono esporre prodotti o illustrare servizi in una fiera sono convinti di sapere qual è la fiera migliore a cui partecipare, a seconda del tipo di clientela che intendono contattare. In realtà, è necessario chiedere dettagliate informazioni agli organizzatori delle fiere di proprio interesse prima di prendere qualsiasi decisione. E non è detto che l'aver partecipato a più edizioni consecutive di una manifestazione fieristica comporti necessariamente la continuazione della partecipazione alla stessa manifestazione.

Come scegliere il giusto allestitore

Le fiere sono essenzialmente un modo di appellarsi alla sensibilità degli individui tramite la sollecitazione sensoriale. Perciò è di importanza precipua la scelta della presentazione, considerando una notevole quantità

di elementi, la puntualizzazione dei quali dovrebbe essere effettuata in collaborazione con un vero professionista quale è l'allestitore. La scelta del fornитore dell'allestimento non deve limitarsi, quindi, a una mera trattativa commerciale, ma deve rispondere a criteri più complessi, tenendo conto della qualità professionale del team che lavora con l'azienda di allestimenti.

L'allestitore deve essere considerato un vero e proprio partner/collaboratore esterno. Nel concetto della progettazione dello stand egli terrà conto, oltre che dei fattori interni all'azienda e dei prodotti/servizi da promuovere, anche dello spazio che è stato ottenuto in affitto dall'organizzatore in termini di grandezza, localizzazione all'interno del quartiere fieristico, tipo. Quindi bisognerà prevedere il programma delle attività, da concordare con il costruttore dello stand per quanto riguarda l'installazione tecnica dei prodotti, e i trasporti, sia in fase di assemblaggio che di smontaggio. Miglior suggeritore e consigliere è insomma sempre l'allestitore.

Avere chiari i propri obiettivi

Bisognerà che nel trasferimento di informazioni all'allestitore, prima della fase di progettazione, si tenga conto degli scopi di comunicazione che si intendono perseguire con il proprio stand, degli scopi relativi ai propri prodotti/servizi, degli

scopi correlati al proprio sistema distributivo, così come quelli relativi al posizionamento dei prezzi praticati.

Bisognerà quindi chiarire se si vogliono sviluppare contatti personali e/o incontrare i clienti a gruppi, incrementare l'immagine della propria azienda, incrementare il database con la lista dei clienti potenziali, consolidare i rapporti con la stampa o intraprenderne nuovi; discutere con i clienti le loro esigenze, coltivare contatti già esistenti, raccogliere informazioni su nuovi mercati.

Altrettanto bisognerà chiarire gli scopi che si vogliono ottenerre relativamente ai propri prodotti/servizi, se fare dei test per valutare la loro accettazione da parte della clientela, se presentare innovazione di prodotto o nuovi servizi, se puntare ad espandere la gamma dei prodotti e dei servizi. Così come sarà necessario chiarire gli scopi che si vogliono ottenere nella fase distributiva, cioè se espandere la rete distributiva aumentando il numero di clienti intermedi, se espandere la rete degli agenti e dei venditori, ovvero valutare l'effetto dell'eventuale eliminazione di intermediari.

Di tutto questo bisogna rendere perfettamente consapevole l'allestitore per ottenere la miglior riuscita nella partecipazione ad una fiera. ■

EUROPA. UNO STUDIO ACEA SULLA PRODUZIONE DI AUTO

Il mercato dell'auto fa crescere l'Europa

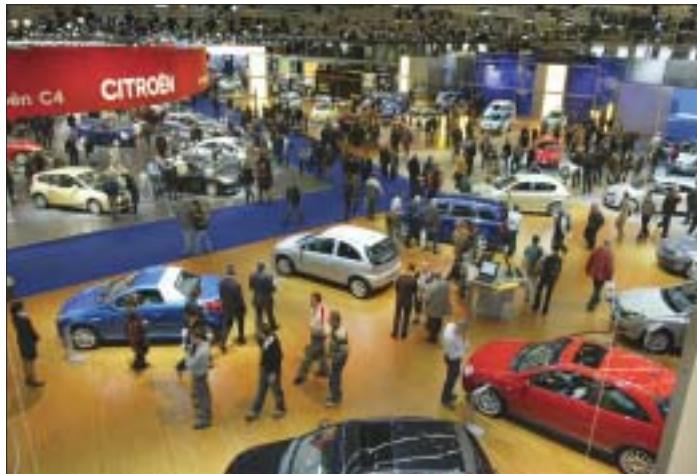

Secondo il rapporto economico invernale dell'Acea (l'Associazione europea dei costruttori di automobili), nel 2007, la produzione di automobili in Europa è aumentata del 5,3%. Le auto passeggeri hanno rappresentato l'87% della produzione, per una crescita del 5,5% rispetto al 2006. Uno sviluppo particolarmente solido è stato quello del settore degli autocarri (+15%) dovuto all'aumento notevole della richiesta sui mercati europei. La produzione di veicoli commerciali leggeri è anch'essa in aumento (+2%) mentre la produzione dei bus ha subito un calo del 24%. Uno sviluppo complessivo del 25,2% è stato quello della produzione automobilistica nei nuovi stati dell'Unione Europea, pari al 15% della produzione complessiva di veicoli commerciali e al 17% di quella delle auto passeggeri in tutta l'Ue.

Veicoli nuovi

La domanda di veicoli nuovi in Europa ha mantenuto nel 2007 il suo trend ascendente (+1,8%), principalmente grazie all'aumento delle immatricolazioni nei nuovi stati membri e al boom registrato dal mercato dei veicoli commerciali. Quasi 16 milioni sono state le nuove automobili immatricolate, di cui il 92% nell'Europa occidentale. Per il 53,3% si tratta di auto con motore diesel, il 6% più del 2006. Al contrario, le nuove immatricolazioni dei veicoli a benzina sono scese del 4%, arrivando a 6,9 milioni di unità. L'aumento nella domanda delle auto diesel si spiega in larga misura con i miglioramenti tecnologici dei motori diesel, con gli aumenti significativi dei prezzi del combustibile e con la sempre più forte domanda di una maggiore efficienza nei consumi.

La maggior parte degli acquirenti continua a preferire automobili di piccola e media cilin-

drata (37,1% e 32,4% di nuovi registri totali). Il segmento dei 4x4 ha visto un aumento nella richiesta (+22% sul 2006) e sono cresciute anche le auto con un'emissione inferiore ai 120g di CO₂ per chilometro (10% delle immatricolazioni totali).

EUROPE. AN ACEA STUDY ABOUT AUTOMOBILE PRODUCTION

The car market makes Europe growing

According to the winter Economic Report of Acea (the European Automobile Manufacturers Association), in

2007, the automobile production in Europe increased by 5.3% in 2007. Passenger cars accounted for 87% of the production, an

increase of 5.5% compared to 2006. A particularly solid growth was noted in the truck sector (+15%) thanks to a booming demand on the European markets. The production of light commercial vehicles also went up (+2%) whereas the production of buses declined by 24%. New EU member states posted a 25.2% growth in automotive production and accounted for 15% of total EU motor vehicle production and 17% of passenger car production by the end of 2007.

New vehicles

Demand for new vehicles in Europe remained on an upward trend (+1.8%) in 2007 mainly thanks to mounting new passenger car registrations in the new member states and a continuous boom on the European commercial vehicle market. Nearly 16 million new cars were registered, 92% of which in Western Europe. Of them, 53.3% were diesel powered, 6% more than in 2006. By contrast, new registrations of petrol-powered vehicles fell by 4% to 6.9 million units. The rise in demand for diesel cars is explained to a large extent by improved diesel engine technology, significant increases in fuel prices and greater consumer demand for fuel efficiency.

Most of the people still buy small and lower-medium cars (37.1% and 32.4% of total new registrations). The 4x4 segment saw a steady increase in demand (+22% compared to 2006) and also registrations of the cars emitting less than 120g of CO₂ per kilometer have risen (10% of the total registrations).

PARIGI. UN NUOVO EVENTO PER I TRASPORTI PUBBLICI

La mobilità del futuro a Transports Publics 2008

di Giovanni Paparo

Transports Publics 2008 è il Salone europeo della mobilità, che riunirà dal 10 al 12 giugno a Parigi tutto il settore dei trasporti pubblici intorno alle attrezzature e alle soluzioni più innovative, per garantire spostamenti sostenibili e ancora più interessanti per i viaggiatori. Transports Publics è l'unico salone europeo che presenta tutti i sistemi di mobilità sostenibile: su strada, ferrovia e modalità alternative.

Nell'ambito del salone, che accoglierà 200 espositori e 10.000 visitatori, un programma di eventi e conferenze orientati sulle innovazioni tecniche e di gestione e sulle politiche di trasporto più competitive, permetterà agli operatori di essere aggiornati sull'attualità del settore.

Affermano Serge Morin, presidente del GIE Objectif transport public, Michel Cornil, presidente dell'UTP e Michel Destot, presidente del GART: "Le preoccupazioni in materia di ambiente, fonti energetiche e cambiamento climatico rendono la mobilità di domani una questione cruciale. Di fronte alla priorità dello sviluppo sostenibile, promuovere una mobilità economica, pulita e adeguata alle necessità della nostra società è divenuto non soltanto necessario ma anche urgente; e questo implica anche nuove politiche, nuovi comportamenti e nuovi mezzi. Il trasporto pubblico rap-

presenta quindi la migliore alternativa sul piano ambientale, economico e sociale.

Vetrina europea dell'innovazione nel trasporto pubblico, attraendo un numero sempre maggiore di visitatori qualificati e con potere di decisione, il salone Transports Publics

mostra chiaramente la propria ambizione di trasformare i professionisti della filiera (costruttori, subappaltatori, componentisti, operatori, autorità organizzatrici, finanziatori, ecc.) in attori riconosciuti e indispensabili per il trasporto di domani: trasporti pubblici che garantiscono un ruolo vitale al buon funzionamento della società per l'insieme delle attività quotidiane e in tutti i territori."

Questi i principali temi che saranno dibattuti:

11 giugno

ore 10-11: Modificare i comportamenti: bisogna inventare una nuova comunicazione?

ore 14,30-15,30: La rivoluzione del telefono cellulare per i servizi di biglietteria elettronica e informazione viaggiatori

ore 16-17: Mobilità sostenibile: quali priorità per la presidenza francese dell'UE?

12 giugno

ore 10,30-11,30: Obiettivo 2020: potremo vincere la scommessa della riduzione di gas serra?

ore 14,00-15,00: Il bike sharing a servizio della mobilità sostenibile.

Il 78° Salone dell'auto di Ginevra: un grande successo

The 78th Geneva International Automobile Show: a great success

I risultati del 78° Salone internazionale dell'automobile di Ginevra sono stati estremamente positivi. I quasi 715.000 visitatori hanno potuto soddisfare la loro passione per le automobili e conoscere i nuovi sviluppi tecnologici del settore. Un record la partecipazione di circa 10.000 rappresentanti dalla carta stampata, delle televisioni e dei nuovi media giunti da ogni parte del mondo.

La prossima edizione è prevista dal 5 al 15 marzo 2009.

The results from the 78th Geneva International Motor Show were extremely positive. The nearly 715,000 visitors demonstrated their fascination with and passion for automobiles and the related new technological developments on display. Close to 10,000 representatives from the print, audio-visual, and electronic media came from all over the world, which is another new record.

The next edition is planned from 5th to 15th of March, 2009.

AutoRAI torna nel 2009

Tornerà nella primavera del 2009 AutoRAI, il più grande salone dell'auto dei Paesi Bassi e uno tra i più importanti in Europa. La 55^a edizione, svolta nel 2007, si è conclusa con notevole soddisfazione da parte degli organizzatori.

Circa 400.000 persone hanno visitato l'esposizione, 15% in meno rispetto al 2005, una caduta che è dipesa in parte, secondo gli organizzatori, dalle eccellenti condizioni atmosferiche durante i giorni della fiera. Ciò nonostante, gli espositori possono guardare con soddisfazione a un'edizione caratterizzata da un'atmosfera positiva e dai numerosi contatti con i potenziali compratori.

Secondo Fernand Molenschot, responsabile di prodotto di AutoRAI, il livello di apprezzamento da parte dei visitatori è stato alto, soprattutto grazie ai numerosi eventi organizzati all'interno e a margine della fiera.

AutoRAI is back in 2009

AutoRAI, the Netherlands' largest car event and one of the most important in Europe, will be back in spring 2009. The 55th edition, held in 2007, was concluded with a sense of satisfaction for the organisers.

Some 400,000 people visited the show, 15% down on the previous edition in February 2005. This fall in visitor numbers was due to the excellent weather. Nonetheless, the car industry has referred to the event as a success; exhibitors can look back with pleasure on an event hallmark by a positive attitude and where many contacts were established with potential buyers.

According to Fernand Molenschot, Senior Product Manager of the AutoRAI, levels of appreciation amongst the visitors were high, above all thanks to the numerous firsts and the many events organised at and around the AutoRAI.

Più visitatori internazionali a Equip Auto

Equip Auto, la fiera internazionale per ricambi, attrezzature, servizi e manutenzioni per automotive e veicoli industriali, tenutasi dal 15 al 20 ottobre scorsi a Paris-Nord Villepinte, ha registrato 104.137 visitatori e ha rafforzato notevolmente le partecipazioni internazionali, che, tra i visitatori, hanno raggiunto il 32%.

La fiera ha inoltre raccolto 2070 espositori, l'80% dei quali internazionali. Gli organizzatori hanno lamentato, tuttavia, un numero piuttosto basso di visitatori nazionali, penalizzati dalla paralisi dei trasporti pubblici durante i giorni della fiera.

La prossima edizione sarà nel 2009.

More international visitors at Equip Auto

Equip Auto, the international trade fair for spare parts, equipment, services & maintenance for automotive and industrial vehicles, which took place 15-20 October at the Paris-Nord Villepinte Exhibition Center, recorded 104,137 visitors and reinforced its international audience (32% of foreign visitors).

The show also mobilized 2070 exhibitors, including 80% international ones. The organizers lamented, however, a significantly lower number of national visitors, penalized by the paralysis of public transport.

The next edition in 2009.

FIERE LEADER. DA FRANCOFORTE VERSO NUOVI MERCATI

Automechanika: un marchio di qualità in tutto il mondo

Dieci anni fa Messe Frankfurt lanciava la prima Automechanika al di fuori della Germania. Oggi, la fiera Automechanika è diventata un potente marchio che racchiude dodici eventi in dieci paesi su tre continenti. Ed è ormai una garanzia di qualità quando si tratta di fiere per i ricambi automobilistici, le attrezzature per officine e stazioni di servizio,

gli accessori e la messa a punto.

Soltanto l'anno scorso sono nati due nuovi eventi: Automechanika Mosca (quest'anno dal 4 al 6 marzo) e Automechanika Canada a Toronto (quest'anno dal 19 al 21 giugno). Un debutto speciale ha inaugurato il 2008: Automechanika Roma, che si è svolta nel nuovo quartiere fieristico della capitale dal

31 gennaio al 3 febbraio, accogliendo 250 aziende espositrici e 15.000 visitatori.

Detlef Braun, membro del consiglio d'amministrazione di Messe Frankfurt ha commentato: "I nostri eventi fuori della Germania rappresentano delle rampe di lancio nei mercati emergenti, soprattutto per le piccole e medie aziende. E in futuro organizzeremo ancora altri eventi, laddove ci siano delle condizioni industriali favorevoli".

Il calendario 2008-2009 di Automechanika include anche: Auto + Automechanika St. Petersburg, lanciato nel 1997 e

che quest'anno aprirà le porte dal 29 al 31 ottobre, Automechanika Istanbul, ad aprile 2009, focalizzato sul mercato turco, Paace Automechanika Messico, 9-11 luglio 2008, Automechanika Middle East a Dubai (1-3 giugno 2008), Automechanika Shanghai, 10-12 dicembre 2008, Automechanika Thailandia, a Bangkok da 6 al 9 marzo 2008 e Automechanika Malesia dal 25 al 28 marzo 2009 a Kuala Lumpur. Senza dimenticare, naturalmente, Automechanika a Francoforte, che giunge quest'anno alla sua 20^a edizione (16 -21 settembre).

LEADING FAIRS. FROM FRANKFURT TOWARDS NEW MARKETS

Automechanika: a quality brand worldwide

Ten years ago Messe Frankfurt launched the first Automechanika fair outside Germany. Today, the Automechanika has developed into a potent trademark or brand with twelve events in ten countries on three continents. Today, the Automechanika name is a seal of quality when it comes to trade fairs for automobile parts, for workshop and filling-station equipment and for accessories and tuning parts.

Two new events were held last year alone: Automechanika Moscow (this year from 4 to 6 March) and Automechanika Canada (this year from 19 to 21 June) in Toronto. A very special debut followed this year: Automechanika Roma from 31 January to 3 February, with 250 companies and 15,000 visitors.

Veicoli commerciali in mostra ad Hannover

Organizzato dalla Vda, l'Associazione dell'industria automobilistica tedesca, arriva al quartiere fieristico di Hannover dal 25 settembre al 2 ottobre prossimi l'edizione 2008 dell'Iaa - Internationale Automobil-Ausstellung, quest'anno dedicata ai veicoli commerciali.

"Veicoli commerciali: in giro per tutti" è il motto di questa 62^a edizione, che si prepara a migliorare ancora la performance del 2006, quando 1556 espositori da 46 paesi incontrarono più di 265.500 visitatori.

Nei primi mesi del 2008, le registrazioni di nuovi veicoli commerciali leggeri sono

aumentate in Germania del 14%, mentre le vendite di automezzi pesanti sono aumentate del 12%.

"Questi risultati mostrano che il trend positivo del 2007 non ha perso lo slancio, e che abbiamo quindi tutte le ragioni per guardare con ottimismo all'Iaa 2008", ha detto Matthias Wissmann, presidente della Vda.

Per il 2009, l'appuntamento è invece a Francoforte (dal 17 al 27 settembre), per l'evento dedicato ai veicoli passeggeri, come d'abitudine per gli anni pari. La prossima edizione ad Hannover sarà fra due anni, dal 23 al 30 settembre 2010.

Detlef Braun, Member of the Board of Management of Messe Frankfurt said: "Our events outside Germany represent launching pads into emerging markets, especially for small to medium-sized companies. Naturally, we will organise additional events for the automotive sector should the conditions for the industry prove to be favourable".

The Automechanika portfolio outside Germany also includes: Auto + Automechanika St. Petersburg, launched in 1997 and this year from 29 to 31 October, Automechanika Istanbul, in April 2009 focu-

sing on the expanding Turkish market, Paace Automechanika Mexico, from 9 to 11 July 2008, Automechanika Middle East in Dubai (from 1 to 3 June 2008), Automechanika Shanghai, whose next edition will be from 10 to 12 December 2008, Automechanika Thailand, in Bangkok from 6 to 9 March 2008, and Automechanika Malaysia from 25 to 28 March 2009 in Kuala Lumpur. And, of course, Automechanika Frankfurt, which is now on its 20th edition and will be held from 16 to 21 September 2008.

Commercial vehicles on display in Hanover

Organised by Vda, the German Association of the Automotive Industry, the 2008 edition of Iaa - Int. Automobil-Ausstellung will be held at Hanover's showground from September 25 to October 2, focusing on commercial vehicle.

"Commercial vehicles: On the Move for Everyone" is the motto of the 62th edition, which is intended to overcame the 2006 performance, with 1556 exhibitors from 46 countries and more than 265,500 visitors.

In the first months of 2008, registrations of new light trucks were up in Germany

by 14%; while sales of heavy-duty trucks rose about 12%.

"These results show that the positive trend from 2007 has not lost any momentum, so we have every reason to look forward to a very promising Iaa in Hanover", reports Matthias Wissmann, President of Vda.

In 2009, the exhibition will be back in Frankfurt from 17 to 27 September and will be devoted to passenger vehicles, as usual in even years. The next Hannover edition devoted to commercial vehicles will be in 2010, from 23 to 30 September.

MOSCA. IN ARRIVO LA SECONDA EDIZIONE DEL MIAS

L'automotive va in scena al Crocus Expo

La seconda edizione del Moscow International Automobile Salon, o Mias, si svolgerà dal 27 agosto al 7 settembre 2008 al Crocus Expo di Mosca. I primi due giorni saranno, come d'abitudine, riservati ai giornalisti.

Il Mias 2008 è incluso nel calendario ufficiale degli eventi dell'Oica, l'associazione internazionale dei costruttori di automobili, prestigiosa organizzazione che rappresenta le principali associazioni di categoria del settore automobilistico in tutto il mondo. L'evento si svolge ogni due anni, e ha ottenuto il supporto ufficiale dell'Associazione dei produttori automobilistici russi e del Comitato dei produttori automobilistici dell'Association of European Businesses in Russia.

Come nel 2006 il Mias sarà articolato in due esposizioni:

1) l'*Autosalon international* che presenterà al pubblico le principali novità automobilistiche mondiali ed europee, tutti i più importanti marchi automo-

blistici, le novità del settore automotive, prove di guida, un ricco programma di incontri d'affari e anche spettacoli musicali. L'esposizione sarà ospitata nel padiglione 3 e occuperà un'area di 60.000 m².

2) la quarta mostra internazionale *InterAuto* che sarà un'importante vetrina per i componenti auto più all'avanguardia e relative tecnologie, accessori, prodotti per la cura dell'auto, prodotti chimici, attrezzature di riparazione e manutenzione e che ospiterà inoltre una grande esposizione dedicata ai trasporti commerciali. La mostra si svolgerà nel pad. 2 del Crocus Expo su un'area di oltre 50.000 m². Il che significa che il Mias occuperà in tutto un'area di oltre 110.000 m². InterAuto durerà 5 giorni, dal 31 al 27 agosto.

Nel 2006, in occasione della sua prima edizione, il Mias attrasse al Crocus Expo più di un milione di visitatori, e per il 2008 gli organizzatori prevedono di battere questo record. ■

MOSCOW. THE SECOND EDITION OF MIAS ON-COMING

Automotive on display at Crocus Expo

The second edition of Moscow Automobile Salon / Mias will take place this year August 27 through September 7, 2008 at the International Exhibition centre Crocus Expo. The first two days will be open only for media representatives.

CINA. L’EVENTO BIENNALE DELL’AUTOMOTIVE A PECHINO

La decima edizione di Auto China

La risposta alla domanda del settore automobilistico cinese, in continua e tumultuosa crescita, è rappresentata dalla decima edizione di Auto China 2008, l’appuntamento pechinese definitivamente affermatosi come il più importante e autorevole punto d’incontro in Cina per gli operatori del comparto.

La mostra biennale, che nel 2006 ha visto la presenza di 1500 espositori, su una superficie complessiva di circa 120.000 m², e di oltre 650.000 visitatori, si tiene quest’anno, per la prima volta, nel New China International Exhibition Center di Pechino, che, grazie alla sua capienza espositiva, è in grado di ospitare contemporaneamente entrambe le sezioni in cui è strutturata la mostra:

- sezione autoveicoli (20/28 aprile 2008);

- sezione ricambi, componenti, accessori (20/25 aprile 2008)

La Cina è diventata uno dei principali mercati mondiali nel settore automobilistico, salendo al terzo posto nella classifica mondiale dei produttori di veicoli e superando così la Germania. Questo grazie a oltre 7 milioni di mezzi di trasporto prodotti nel 2006, tra automobili, camion e bus, e un incremento vicino al 30% rispetto all’anno precedente. Ancora più in alto, cioè al secondo posto, la Cina si è portata nelle classifiche mondiali riguardanti il numero di autovetture vendute. ■

Il mercato indiano dell’autoveicolo all’Auto Expo di Nuova Delhi

La nona Auto Expo si è conclusa il 17 gennaio a New Delhi. “L’evento è stato il più grande mai realizzato” ha commentato Gurpal Singh, vice direttore generale del Cii - Confederation of Indian Industry, organizzatore della fiera.

Singh ha precisato che la kermesse ha raccolto 1,8 milioni di visitatori, contro il milione di visitatori nel 2006, e ha generato un volu-

me d'affari pari a circa 20.000 rupie. Una particolare attenzione è stata riservata al design e alle tecnologie “ecologiche”.

La prossima edizione sarà nel 2010.

Accordo tra Motor Show ed Autopromotec

Motor Show e Autopromotec, le maggiori fiere internazionali dell'automotive organizzate a Bologna, hanno siglato un accordo di collaborazione per rafforzarne la leadership in Italia e ricercare nuove opportunità di sviluppo all'estero.

L'accordo ha l'obiettivo di creare un tavolo istituzionale per studiare sinergie che valorizzino la vocazione motoristica del territorio, per incrementare i visitatori e creare nuove occasioni di business. Sul piano internazionale, l'accordo prevede anche una collaborazione con la fiera di Bologna.

I siti espositivi messi a disposizione da GL events (in Europa Orientale, Sudamerica e Estremo Oriente) e il know how fieristico degli organizzatori consentiranno di esprimere potenzialità sinora inesplorate.

BOLOGNA. NEL 2009 TORNA AUTOPROMOTEC

Autopromotec: la manifestazione specializzata dell'aftermarket automobilistico

ABologna, nel cuore della "Motor Valley" italiana, dal 20 al 24 maggio 2009 buyer da tutto il mondo e meccanici, carrozziere, elettrauto, gommistri, concessionari d'auto, gestori d'impianti di lavaggio, di reti di aftermarket e di ricambi, di car service e stazioni di servizio potranno visionare quanto di più innovativo la tecnologia mondiale offre per il settore dell'autoriparazione e della manutenzione degli autoveicoli.

Il capoluogo emiliano ospiterà infatti la 23^a edizione di Autopromotec, l'importante rassegna espositiva specializzata internazionale delle attrezzature, dei prodotti e dei servizi per l'assistenza ai mezzi di trasporto.

Molte e di notevole rilievo saranno le novità presentate: per la prima volta, ad esempio, la manifestazione ospiterà una rassegna delle più aggiornate tecnologie e soluzioni di mobilità sostenibile per i veicoli.

Realizzata in collaborazione con Consorzio Ecogas, l'organizzazione più rappresentativa del comparto del gas per autotrazione, questa rassegna fornirà una panoramica delle nuove motorizzazioni dei veicoli, dei carburanti ecologici e delle nuove tecnologie di assistenza.

"Il settore dell'autoriparazione", dice Renzo Servadei, amministratore delegato di Promotec, la società che organizza Autopromotec, "è in continua crescita tecnologica e rap-

presenta un'eccellenza dell'industria italiana. E Autopromotec è la vetrina mondiale del made in Italy nell'automotive."

Nel 2007, la dimensione internazionale di Autopromotec aveva raggiunto livelli record, con 1404 espositori (+26,8% rispetto al 2005) di cui 500 esteri (il 35,6% del totale) in rappresentanza di 49 paesi. I visitatori professionali, affluiti nel 2007 individualmente o come membri delle 23 delegazioni ufficiali, sono stati 99.182, il 20% dei quali provenienti da oltre 110 paesi esteri.

Con l'edizione 2009, Autopromotec accentuerà ulteriormente il proprio profilo di manifestazione tecnologica specializzata, promuovendo la partecipazione di espositori, visitatori e delegazioni internazionali, con un'attenzione particolare alle realtà emergenti dello scenario automobilistico mondiale. ■

BOLOGNA. IN 2009 AUTOPROMOTEC COMES BACK

Autopromotec: the specialized automotive aftermarket trade show

The city of Bologna, in the heart of the Italian Motor Valley, will welcome (May 20-24, 2009) professional buyers from all corners of the world, as well as auto repair specialists, auto body repairers, auto electricians, tire specialists, car dealers, and managers of car wash equipment, aftermarket spare parts and auto repair servicing networks, who will all be able to witness the latest innovations available on the international automotive marketplace.

In fact, the Emilian city will host the 23rd edition of the Autopromotec show, the most renowned international exhibition of equipment and products for the automotive industry.

Amongst the many remarkable innovations there will be a new section devoted to sustainable mobility technologies.

In cooperation with Consorzio Ecogas, the most representative Italian fuel gas distribution corporation, the 2009 edition will provide an outline of the latest vehicle solutions, alternative fuels and new servicing techniques. Some natural gas-powered vehicles will be displayed in an outside area and will be available for demonstrations and driving tests.

The auto repair sector – says Renzo Servadei, managing director of Promotec, the organizers of the Autopromotec show – is on the rise and represents the excellence of the Italian industry, whereas Autopromotec is the showcase of Italy's top automotive production in the world."

The international attendance of the 2007 edition reached new record peaks, hosting 1,404 exhibitors (a 26.8% increase over 2005), 500 of whom were from 49 countries (35.6% of total attendance figures). Professional visitors to the Bologna-based show (coming separately or as members of 23 official delegations) totaled up to 99,182, and 20 percent of them were from over 110 countries.

The 2009 edition will once again emphasize the show's state-of-the-art fame, fostering the participation of exhibitors, visitors and delegations from all over the world, and paying special attention to newcomers on the international automotive scene. ■

ITALIA. UN NUOVO EVENTO DI ARTENERGY

Hte-Hi.Tech.Expo: il futuro delle tecnologie emergenti

Afiera Milano dal 25 al 28 novembre prossimi, si svolgerà Hte-Hi.Tech.Expo, il nuovo evento organizzato da Artenergy Publishing, che offrirà un ampio panorama sulle soluzioni offerte dall'industria e dalla ricerca: dal fotovoltaico alle tecnologie del vuoto e del coating, dalla fotonica all'optoelettronica alle nanotecnologie, dall'idrogeno alle celle a combustibile fino all'immagazzinamento dell'elettricità e ai superconduttori.

"La storia di Artenergy Publishing - spiega il presidente Marco Pinetti - inizia nel 1988 con Artech Publishing, leader mondiale nella pubblicazione di periodici tecnico-scientifici in inglese dedicati al mondo del vetro e alle tecnologie del vuoto, e nell'organizzazione di fiere e conferenze di settore. Nel 1999 abbiamo iniziato ad ampliare la nostra offerta al settore delle energie rinnovabili e, nel 2003, è nata Artenergy Publishing che attualmente pubblica cinque testate, organizza 17 eventi ed è ormai il riferimento italiano per la comunicazione, l'informazione e la promozione delle energie rinnovabili, il risparmio energetico e la lotta ai cambiamenti climatici."

Forte del know-how di Artenergy Publishing, Hte-Hi.Tech.Expo ha già raccolto adesioni da oltre 150 espositori provenienti da 16 paesi

"Abbiamo scommesso su un evento che se da un lato ha fatto da collettore per alcuni saloni storici - continua Pinetti - dall'altro

presenta nuovi saloni all'avanguardia nell'ambito delle tecnologie emergenti per la produzione di energie rinnovabili. A fronte della forte crescita della domanda, abbiamo dato vita a un evento in grado di mettere in contatto il mondo della ricerca con quello dell'industria e di far incontrare aziende e ricercatori sul terreno dell'innovazione e del mercato".

Tra le iniziative e i progetti proposti ricordiamo: *Hte: la ricerca fa business*, volto a far incontrare aziende e ricercatori in modo da consentire lo sviluppo di innovative soluzioni applicative per il mercato; *Area Università*, che offrirà agli atenei l'opportunità di far conoscere progetti e ricerche e sviluppare lo scambio d'informazioni; *Incontro con gli autori*, dove il pubblico incontrerà gli autori di libri pubblicati o in via di pubblicazione sui temi proposti dall'evento.

L'offerta espositiva, coi suoi sette saloni tematici è veramente ampia: PV Tech Milano - 5° Salone internazionale dell'industria e delle tecnologie fotovoltaiche; Vte Vacuum Tech & Coating

Expo - 2° Salone internazionale sulle tecnologie del vuoto e del coating; Photonica Expo - 1° salone internazionale della fotonica, laser, optoelettronica e tecnologie della visione; Nano Future Expo - 1° salone internazionale delle nanotecnologie; Hydrogen Show - 7° salone internazionale dell'idrogeno e delle celle a combustibile; Best-Batteries & Electric Storage Technology - 1° convegno e salone internazionale per l'immagazzinamento dell'elettricità; Super Conductors Europe, 1° Salone internazionale della supercondutività e dei superconduttori.

Autorevole anche il programma congressuale che offrirà una panoramica circa lo stato dell'arte e gli scenari di sviluppo delle tecnologie di riferimento di ogni salone tematico.

urbano, dell'edilizia sostenibile, della ricerca medica, dell'energia e dell'ict. Tutti temi che costituiscono le nuove sfide dell'Europa.

Ospite d'onore di Seri 2008 sarà la Finlandia, paese noto per la notevole capacità di trasformare la ricerca in innovazione.

Nel novembre 2003 lo Stato scandinavo ha firmato con la Francia una dichiarazione sulle biotecnologie e ha partecipato a 862 progetti nel sesto Rdfp (Research & Development Framework Program) promosso dall'Unione Europea.

In quest'ultimo ambito i finanziamenti ottenuti dalle imprese finlandesi sono di circa 300 milioni di euro, di cui 15% per le pmi, 15% per le grandi aziende, 27% per gli istituti di ricerca e 34% per le università.

Il comitato scientifico, presieduto dall'astrofisico Jean Audouze e composto da 72 figure di altro profilo, ha già preparato un programma provvisorio con oltre 80 congressi. Sono previsti dodici temi principali, che trattano una vasta gamma di argomenti specifici.

GERMANIA. A OTTOBRE LA FIERA DELLE INVENZIONI

Sessant'anni d'invenzioni alla iENA di Norimberga

Con 800 invenzioni e prodotti innovativi da 34 paesi e visitatori professionali da 40 paesi, l'edizione 2007 di iENA - Ideen-Erfindungen-Neuheiten Ausstellung (la fiera delle idee, delle invenzioni e delle novità), ha raggiunto risultati da record. E per l'edizione di quest'anno, la 60^a, il livello delle domande di partecipazione da parte di inventori,

associazioni e istituzioni, lascia presagire un'ulteriore crescita.

Dal 30 ottobre al 2 novembre 2008, iENA trasformerà quindi il quartiere fieristico di Norimberga in una piattaforma internazionale delle invenzioni. I primi due giorni saranno riservati ai visitatori professionali, mentre gli ultimi due giorni saranno aperti al grande pubblico. I numerosi stand nazio-

nali consentiranno ai visitatori di avere un quadro interessante e variegato sulle invenzioni provenienti da varie parti del mondo. Hanno già confermato la loro partecipazione: Austria, Bosnia-Erzegovina, Cina, Croazia, Ungheria, Iran, Corea, Malesia, Russia e Taiwan, mentre altre adesioni stanno per arrivare.

Nata nel 1948 come una piccola mostra mostra regionale, dagli anni cinquanta iENA inizia a svolgersi insieme alla fiera multisettoriale di Norimberga, *Die Einkaufstasche*, poi diventata *Consumeta*, ed entrambe hanno continuato a svolgersi in parallelo fino ad oggi. iENA ha continuato con successo ad accrescere la sua portata internazionale nel corso degli anni, e anche il numero delle invenzioni presentate è aumentato costantemente di anno in anno: in occasione della quarantesima edizione, nel 1988, gli espositori hanno presentato un totale di 320 invenzioni, che sono man mano salite a 800 sino al 2007. ■

GERMANY. IN OCTOBER THE INVENTION FAIR

Sixty years of inventions at iENA Nuremberg

With around 800 inventions and product innovations from 34 countries, and trade visitors from 40 countries, last year's international Ideen-Erfindungen-Neuheiten exhibition, or iENA Nuremberg, set a new record. This year will be its 60th anniversary, and the level of demand from inventors, as well as inventors' associations and institutions, means that record numbers are again being expected.

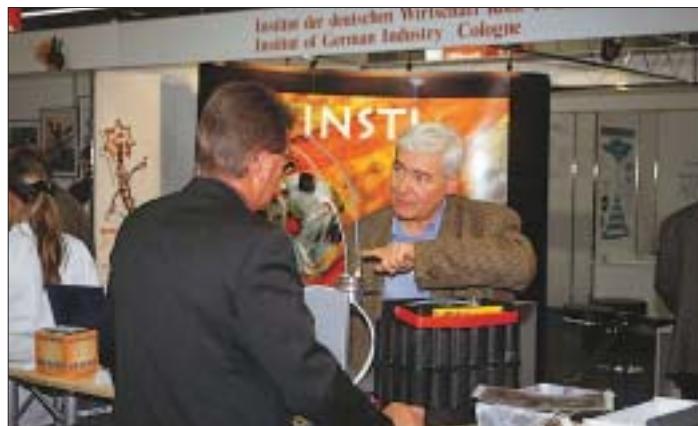

Between October 30 and November 2, 2008, the iENA will turn the Nuremberg exhibition centre (Hall 12) into an international platform of invention. The first two days will be reserved for trade visitors, while on the last two days, the exhibition will also be open to the general public.

Numerous joint national stands will be granting specialist visitors an interesting insight into the state of invention in

many parts of the world. Confirmations of participation have already been received from Austria, Bosnia-Herzegovina, China, Croatia, Hungary, Iran, Korea, Malaysia, Russia and Taiwan, and the organisers are expecting more official stands to join them.

First held in 1948 as a small, regional new products show in Nuremberg, by the

early 1950s, it was organised simultaneously with the Nuremberg consumer exhibition, Die Einkaufstasche, meanwhile known as Consumeta, and both events continue to run in parallel to this day. The iENA has successfully continued to expand its international standing over the years, and the number of inventions that it has exhibited has increased steadily from one year to the next. On the occasion of the event's 40th anniversary in 1988, a total of 320 inventions were on display, while by 2007, the number had risen to 800. ■

Conclusa a Ginevra la 36^a fiera delle invenzioni

Espositori e organizzatori hanno espresso la loro soddisfazione per la 36^a mostra internazionale delle invenzioni di Ginevra, conclusasi il 6 aprile. Il numero record di visitatori raggiunto nel 2006 è stato superato, arrivando a 72.435 visitatori in 5 giorni. Con più di 700 espositori da 45 paesi che hanno presentato quasi 1000 invenzioni, la fiera ha rafforzato la propria posizione come il principale punto d'incontro al mondo per le invenzioni.

Jean-Luc Vincent, presidente e fondatore dell'evento, ha dichiarato: "L'elevata qualità delle invenzioni presentate, fra cui un GranPrix per il risparmio energetico vinto da un espositore coreano, è stato uno dei motivi principali del successo di questa edizione".

L'appuntamento è per il 2009, dal 1 al 5 aprile.

Closed in Geneva the 36th invention fair

Both exhibitors and organisers were delighted with the 36th International Exhibition of Inventions of Geneva, which ended on April 6th. The record number of visitors reached in 2006 was broken, with 72,435 visitors in 5 days. The number of contracts signed has also increased. With more than 700 exhibitors from 45 countries presenting nearly 1000 inventions, the exhibition has reinforced its position as the world's most important meeting place specialised in inventions.

Jean-Luc Vincent, founding president of the Exhibition declares that: "the very high quality of new inventions presented, among which a Grand Prix very close to everyone's concerns about energy saving and won by a Korean exhibitor, were without doubt the main reasons for the success of this 36th edition".

The next edition is from 1 to 5 April 2009.

MODENA. MOTORSPORT EXPOTECH E COMPOSITI EXPO

Due eventi ad alta valenza tecnologica e innovativa a ModenaFiere

di Lorenzo Paparo

Il 16 e 17 ottobre 2008 a ModenaFiere andrà in scena Motorsport ExpoTech - Mostra convegno su prodotti, tecnologie e servizi per il motocross da competizione. Organizzata da Modena Esposizioni, con la collaborazione di Assomotoracing e Gruppo Peroni, la fiera è riservata esclusivamente agli operatori del settore.

Motorsport ExpoTech ospiterà tutte le categorie merceologiche, dall'automobilismo al karting passando per la moto e la motonautica, e la prima edizione dell'Usato da Corsa dove sarà possibile esporre e vendere auto, moto e kart da competizione. Un ricco programma di convegni dedicati alla tecnica e al marketing completerà il programma espositivo di una due giorni a tutto motore.

ModenaFiere presenta inoltre, in concomitanza con Motorsport Expo Tech, Compositi

Expo - Mostra Convegno dei materiali compositi, delle tecnologie, applicazioni per il settore automotive e dei differenti mezzi di trasporto. La sua prima edizione si presenterà come un evento espositivo e congressuale interamente dedicato all'utilizzo dei materiali compositi nel settore dei trasporti, per meglio apprendere le loro specificità meccaniche, chimiche e fisiche, spesso scarsamente conosciute.

Per entrambi gli eventi Modena è il luogo d'incontro ideale: epicentro del motorismo italiano e distretto industriale di eccellenza per le applicazioni dei materiali tecnologici, con particolare attenzione all'innovazione e alla ricerca.

Nell'ottica di una partecipazione internazionale, il quartiere fieristico di ModenaFiere vanta un'ottima collocazione: a soli 200 metri dall'uscita del casello autostradale di Modena Nord, a

20 minuti dall'aeroporto Marconi di Bologna, a 45 dall'aeroporto Catullo di Verona e a un'ora circa da Linate.

ModenaFiere è attualmente il più grande centro congressuale del territorio modenese. Gli spazi, per flessibilità e modularità, si prestano a soddisfare tutte

le diverse esigenze, sia di carattere espositivo che congressuale, secondo la formula sempre più consolidata di mostre convegno, con la possibilità di abbinare a workshop ampie aree espositive. L'area dispone di sale permanenti da 20 a 360 posti e spazi da 500 a 5000 posti. ■

MODENA. MOTORSPORT EXPOTECH AND COMPOSITI EXPO

Two events of an high technological and innovative profile at Modena Fiere

by Lorenzo Paparo

Motorsport ExpoTech - the show on motor sport products, technologies and services will be held at ModenaFiere on October 16-17 2008. The event, organised by Modena Esposizioni, together with Assomotoracing

and the Peroni Group, is reserved for trade operators only.

Motorsport ExpoTech will host all the product categories, from motor car racing to karting, motorbike racing and speedboat racing. It will also include the first edition of the

Second-hand racing car fair, Usato da Corsa, where it will be possible to display and sell racing cars, motorbikes and karts. A full programme of workshops dedicated to technical aspects and marketing will complete the exhibition calendar, making it a roaring two-day programme.

At the same time as Motorsport Expo Tech, ModenaFiere will also present Compositi Expo, trade show and conference on compound materials, technologies, applications for the car industry and different means of transport. The first edition will be an exhibition and conference, completely dedicated to the use of composite materials in the transport sector, in order to learn more about the specific mechanical, chemical and physical qualities that often remain unknown.

Modena is the ideal meeting place for both events: the epicentre of Italian motors sports and the industrial district of excellence for the use of technological

materials, with special attention paid to innovation and research.

With a view to international attendance, ModenaFiere can boast an enviable geographical position thanks to the location of its trade fair district: just 200 metres from the motorway exit "Modena Nord", 20 minutes from Marconi Airport in Bologna, 45 minutes from Catullo Airport in Verona and 1 and a quarter hours from Linate Airport in Milan.

ModenaFiere is currently the largest conference centre in the area around Modena, also due to a range of additional services. Space, flexibility and modularity all contribute to meeting the various exhibition and congress-conference needs, according to the consolidated trade show-conference formula, with the possibility of combining large exhibition areas with workshops. The conference area has permanent rooms ranging from 20 to 360 seats, and spaces for 500 to 5000 people. ■

UDINE. INNOVAZIONE IN MOSTRA

La terza InnovAction chiude alla grande

Con 45.000 visitatori, oltre 600 espositori, 150 incontri che hanno visto la partecipazione di autorevoli personalità della ricerca, dell'economia e della finanza, la 3^a edizione di InnovAction, il salone della conoscenza, delle idee e dell'innovazione al servizio dell'impresa (Udine, 14-17/2/2008), ha fatto centro. Dislocati su 9 padiglioni, in un'area di 21.000 m², gli stand hanno presentato a numerosi operatori del mondo dell'impresa e della finanza, ma anche a giovani, studenti e famiglie, prototipi e prodotti all'avanguardia nei settori: biotecnologie, microelettronica, trasporti e logistica, marketing e organizzazione aziendale, nuovi materiali, sicurezza, salvaguardia dell'ambiente...

L'area di 500 m² che ha ospitato la Quality Life House è stata la più gettonata dalle famiglie, che hanno anche molto apprezzato la mostra Design: Quality

For Life, mentre InnovAction Cultura, e InnovAction Young, sono stati gli spazi più frequentati da giovani e studenti.

Grande soddisfazione tra i promotori dell'evento. Riccardo Illy, già presidente della Regione Friuli Venezia Giulia ha commentato: "Diffondere la cultura dell'innovazione è un dovere della Pubblica amministrazione. La Regione impiega risorse e promuove iniziative per fare in modo che questa cultura cresca coi giovani e stimoli gli adulti. InnovAction va in questa direzione e i risultati dicono che dobbiamo proseguire in questo impegno".

"Il tema guida di quest'anno - ha dichiarato Sergio Zanirato, presidente di Udine e Gorizia Fiere, organizzatore della fiera - ha aumentato la visibilità e fruibilità di InnovAction rafforzando uno degli obiettivi centrali della fiera: rendere l'innovazione un percorso trasversale alla portata di tutti". ■

UDINE. INNOVATION ON DISPLAY

The third InnovAction closed with success

With 45,000 visitors, over 600 exhibitors, 150 meetings attended by influential figures in the world of research, economics and finance, the 3rd InnovAction, the Fair of Knowledge, Ideas and Innovation for Your Company (Udine, 14-17/2/2008) enjoyed a big success.

Positioned within 9 pavilions, on a 21,000 m² area, the stands displayed prototypes and products at the forefront in biotechnologies, microelectronics, transport and logistics, marketing and business structure, new materials, safety, environment, ... The many items on display caught the attention not only of operators, but also of young people, students and families.

The 500 m² area that hosted Quality Life House, was the favourite of families which also appreciated the Design: Quality For Life

exhibition, whereas InnovAction Culture and InnovAction Young were the favourites of young people and students.

Riccardo Illy, past President of the Region of Friuli Venezia Giulia said that "fostering the culture of innovation is a specific duty of the civil service. The Region employs resources and promotes initiatives to enable this culture to grow up with the youngs and stimulate the adults. InnovAction is going along this path and its success tells us that we must continue.

"The key theme this year - explained Sergio Zanirato, Chairman of Udine e Gorizia Fiere - has helped make the event more visible and available to the public, strengthening one of the main targets of the fair: making innovation an event dealing with a variety of subjects available to everybody." ■

R2B: a Bologna la piattaforma d'incontro tra ricerca e impresa

Dal 5 al 6 giugno 2008, il quartiere fieristico di Bologna ospiterà la 4^a edizione di R2B - Research to Business, il salone della ricerca industriale che ha raggiunto nel 2007 un totale di 2303 visitatori e oltre 350 espositori.

Nelle sue prime tre edizioni, la manifestazione ha registrato un trend crescente di presenze internazionali; un andamento evidenziato dalla partecipazione dei più importanti istituti di ricerca mondiali, tra cui il Fraunhofer Institute, le università del-

l'Assia e il Max Planck Institute for Solid State Research, il polo di ricerca francese Minatec, il Trinity College irlandese, la Hebrew University di Gerusalemme, l'Anna University di Chennai e il prestigioso centro di ricerca medica e biotecnologica Nih (Usa).

R2B è un momento di confronto essenziale per rendere possibile quel trasferimento di know-how che permette alle imprese di dotarsi degli strumenti necessari alla competizione globale.

MILANO. IN ARRIVO LA TECHNOLOGY EXHIBITIONS WEEK

La ricerca italiana a Fluidtrans Compomac

Dal 27 al 30 maggio 2008 a fieramilano si svolgerà la **Technology Exhibitions Week**, il grande appuntamento internazionale con la tecnologia e l'innovazione per l'industria. Come nella passata edizione, l'evento si articola in cinque fiere, in modo da offrire un panorama merceologico tra i più completi e avanzati al mondo. La Technology Exhibitions Week comprende **Bias**, biennale internazionale dell'automazione, strumentazione, microelettronica e ict per l'industria; **Bias Manuf@cturing Solutions**, biennale delle soluzioni globali di information technology per l'industria; **Fluidtrans Compomac**, biennale internazionale della fluidotecnica, trasmissioni di potenza e movimento, comandi, controlli, progettazione; **Mechanical Power Transmission & Motion Control**, biennale internazionale dei sistemi di controllo del movimento, tecniche di azionamento e trasmissioni meccaniche e **Bi.Man**, biennale della manutenzione industriale.

Assofluid, l'Associazione italiana dei costruttori e operatori del settore oleodraulico e pneumatico, è impegnata a organizzare, nell'ambito di Fluidtrans Compomac, diverse iniziative interessanti. In particolare sta lavorando a un'area comune dedicata alla ricerca italiana, a cui possono aderire gratuitamente università e centri di ricerca.

"Abbiamo ritenuto fondamentale dare un segnale forte nei confronti sia delle università, coinvolgendole direttamente e associanole, sia delle aziende, che potranno avere un contatto diretto con la ricerca, settore in cui il nostro Paese ha certamente potenzialità di miglioramento", spiega Vincenzo Caprari, presidente Assofluid.

Una novità importante è la presenza in fiera del Club Meccatronica, che organizzerà il convegno dal titolo *Meccatronica e oleodinamica: sodalizio vincente*. "Il Club nasce dalla consapevolezza che l'introdu-

zione di soluzioni elettroniche e informatiche nei prodotti meccanici tradizionali rappresenta la nuova frontiera tecnologica per il sistema italiano", spiega il presidente del Club Aimone Storchi. "Questo permette alle imprese di competere a livello internazionale e di rimanere qualitativamente un passo avanti rispetto ai Paesi emergenti."

Il convegno si propone la diffusione della conoscenza di alcune interessanti soluzioni tecniche innovative; la verifica delle prospettive di sviluppo nel campo dell'oleodraulica ottenibili grazie all'impiego dell'elettronica e dell'informatica applicate ai prodotti tradizionali; la creazione di un momento di scambio tra imprese e ricerca.

In particolare, sono stati individuati tre temi che vedono la collaborazione tra università e imprese: il nuovo standard ISO-BUS per i veicoli off-highway, i materiali meccatronici e il controllo attivo delle vibrazioni. ■

Com-Pa si trasferisce a fieramilano

Com-Pa, il salone europeo della comunicazione pubblica, si trasferisce a Milano, nei padiglioni di Rho, dal 21 al 23 ottobre 2008. "Comunicare nella pubblica amministrazione che cambia" sarà il tema guida dell'edizione 2008, declinato nei numerosi convegni e workshop a cui sta lavorando il comitato scientifico.

"La pubblica amministrazione si evolve - spiega Nino Lenza, presidente di Con-

ference Service, società che ha in gestione il marchio Com-Pa e organizza l'evento - e con essa mutano le modalità di rapportarsi con il cittadino. Com-Pa intende confermarsi sede privilegiata d'incontro e confronto tra amministrazioni, aziende, università, operatori impegnati nella modernizzazione della pubblica amministrazione e nell'efficientamento dei servizi. Abbiamo deciso di trasferire

la manifestazione da Bologna a Milano, poiché riteniamo che sia la condizione per garantire l'ulteriore sviluppo della rassegna e per collocarla in un contesto che possa esaltarne le potenzialità".

"Com-Pa - aggiunge il direttore generale di Fiera Milano, Enrico Pazzali - ha fatto negli ultimi anni molta strada, conquistandosi un'indiscussa autorevolezza. In questo cammino era giunto il momento di fare un salto di qualità in termini di visibilità anche internazionale, accessibilità, innovazione ed efficienza. Milano è in grado di rispondere ottimamente a queste esigenze grazie a un centro espositivo noto e apprezzato, grazie anche al fatto di essere la capitale italiana della comunicazione e l'area di punta del Paese quanto a innovazione tecnica ed efficienza della pubblica amministrazione."

EUROTEND: ESPERIENZA INTERNAZIONALE AL SERVIZIO DELLE VOSTRE IDEE.

Fondata nel 1985 da soci già operanti nel settore, Eurotend Srl in oltre vent'anni di attività è diventata una delle più grandi e quelli fi ete aziende nell'ambito delle coperture temporanee. Le tendostrutture Eurotend garantiscono la realizzazione di superfici coperte di elevata qualità e livello tecnico, in grado di soddisfare in tempi ristretti i requisiti dei clienti più esigenti. La struttura organizzativa, artificata in conformità alla norma ISO 9001:2000 e attestata SOA, si distingue per la potenzialità e la capacità di risolvere rapidamente qualsiasi problema di spazio, offrendo soluzioni personalizzate ed adattabili ad ogni tipo di utilizzo: dalla piccola cerimonia ai grandi padiglioni fieristici.

I tecnici Eurotend effettuano sopralluoghi per valutare e consigliare i clienti fin dalla prima fase progettuale, ricercando soluzioni adeguate e proponendo le tipologie di tendostrutture più idonee all'evento. La considerevole disponibilità di tende, con relativi accessori e squadre di montaggio altamente qualificate, garantiscono la puntuale fornitura del servizio. La combinazione delle diverse strutture utilizzabili, installate nell'area adibita all'evento, assicura funzionalità ed effetti di notevole rilevanza estetica.

La gamma offerta presenta differenti soluzioni espositive: dalla grande copertura "Revolution", elegante struttura con tetto in tubolari di alluminio dal design innovativo e richiusa con pannelli coibentati, a tende di forma ottagonale e dodecagonale, le cui misure dei lati possono variare a seconda degli spazi e delle necessità. Eurotend propone inoltre le classiche tendostrutture a doppia falda, con campate di ampiezza variabile dai 10 ai 60 metri, estensibili e modulabili in profondità in base a precise esigenze espositive.

I sistemi di pavimentazione adottati danno la garanzia di una perfetta disposizione e stabilità della pedana in legno avendo anche i presenza di notevoli dislivelli del piano di posa. Utilizzabili indipendentemente dalle condizioni meteo, i capannoni Eurotend possono essere riscaldati mediante generatori d'aria calda o climatizzati durante il periodo estivo. A richiesta, schermature esterne in materiali pregiati quali legno o alluminio, poste lungo il tratto perimetrale e sagomate ad altezze variabili oppure uniformi ad altezza unica, arricchiscono ulteriormente le coperture, raggiungendo risultati di grande impatto estetico. Queste soluzioni, anche grazie alla loro estrema rapidità di installazione e smontaggio, sono concepite sia per eventi temporanei sia per sistemazioni di lunga durata.

Ormai da diversi anni, Eurotend allestisce numerose e importanti manifestazioni e convention a livello nazionale ed internazionale, merito soprattutto dell'attenzione per la sicurezza e per la qualità dei materiali impiegati, nonché dell'interesse alla soddisfazione delle esigenze di clienti e fruitori degli spazi, divenendo così un interlocutore privilegiato per ogni tipologia di evento: dalle fiere campionarie ai congressi, dalle cerimonie alle mostre specializzate, dalle sfilate di moda ai magazzini di stoccaggio, dall'e-commerce alle sportive alle coperture di maneggi ed ogni altra necessità.
